**TRA THIRD DATA REQUEST TO KING'S CHAPEL CAPACITY**

---

**3<sup>RD</sup> DATA REQUESTS**

1. Based on the Company's responses to the first and second data requests of the TRA, the TRA Staff has recomputed the Pro Forma Monthly Bonding Surcharge Rate. The TRA Staff used the Company's methodology and bond pass-through costs, but extended the true-up period through March 2015 to reflect corrected and updated customer billing information. The TRA Staff also annualized the customer count at March 2015 to arrive at projected bills. The TRA Staff's calculations are attached hereto. Please refer to the attached calculations and respond to the following:
  - a. Does the Company agree that TRA Staff's calculation of the Pro Forma Monthly Bonding Surcharge Rate is based upon the Company's methodology, the Company's bond pass-through costs, the corrected and updated customer billing information through March 2015, and the annualized customer count at March 2015 to compute projected bills? If not, please fully explain all reasons the Company disagrees.
  - b. Does the Company agree that the TRA Staff's calculation is mathematically correct? If not, please fully explain all reasons the Company disagrees.
  - c. Does the Company agree with extending the true-up period through March 2015 to reflect updated customer billing information such that the adjusted true-up period would be from February 2009 through March 2015? If not, please fully explain all reasons the Company disagrees.
  - d. Does the Company agree with using the annualized customer count at March 2015 to compute projected bills? If not, please fully explain all reasons the Company disagrees.
