

**BEFORE THE TENNESSEE REGULATORY AUTHORITY
Nashville, Tennessee**

In Re: *Petition for Expedited Review of Growth Code Denial by the Number Pooling Administrator Relating to HCA Healthcare / Centennial Medical Center*

Docket No. 1500043

PETITION FOR EXPEDITED REVIEW OF CENTRAL OFFICE CODE DENIAL

BellSouth Telecommunications, LLC, dba AT&T Tennessee ("AT&T Tennessee"), pursuant to rules adopted by the Federal Communications Commission ("FCC") for challenging number determinations, petitions the Tennessee Regulatory Authority (the "Authority") for review of a recent denial of AT&T Tennessee's application for use of central office code numbering resources in the 615 and 629 area codes. Numbering determinations are made by the North American Numbering Plan Administrator ("NANPA") and/or the Pooling Administrator ("PA"), depending on the nature of the numbering request. The FCC's rules addressing these matters, however, generalize responsibilities of the NANPA and the PA under the heading "Central office code administration,"¹ and the FCC's Orders addressing these matters allow for challenges of determinations by both entities.² Accordingly, this Petition addresses the determination described herein and asks the Authority to direct NANPA and/or the PA to provide the requested relief to the extent it is within the respective authority and responsibility of NANPA and/or the PA to do so. The denial that is the subject of this Petition impacts AT&T Tennessee's customer, HCA Healthcare / Centennial Medical Center ("HCA").

¹ See, e.g., 47 C.F.R. § 52.15.

² See Third Report and Order and Second Order on Reconsideration in CC Docket No. 96-98 and CC Docket No. 99-200, *Numbering Resource Optimization; etc.*, 17 FCC Rcd 252, ¶161 (2001) ("Third NRO Order").

In support of this Petition, AT&T Tennessee states:

1. AT&T Tennessee is a telephone utility that provides, among other things, intraLATA, local exchange telecommunications services in various portions of Tennessee, including the Nashville Rate Center.

2. NANPA is an independent non-governmental entity that is responsible for administering and managing the North American Numbering Plan ("NANP").³

3. The PA is an independent non-governmental entity that is responsible for administering thousands-block number pooling.⁴

4. On March 31, 2000, the FCC issued an Order relating to numbering resource optimization.⁵ The goal of the *First NRO Order* was to implement uniform standards governing requests for telephone numbering resources in order to increase efficiency in the use of existing telephone numbers and to avoid further exhaustion of existing numbers.

5. Among other things, the FCC required that, to qualify for access to new numbering resources, applicants must establish that existing inventory within the applicant's rate center will be exhausted within six (6) months of the application. The FCC reaffirmed this requirement in two subsequent orders.⁶ Prior to this ruling, the Central Office Code Assignment Guidelines used to make code assignments required the applicant's existing number inventory within the applicant's serving switch to exhaust within six (6) months of the

³ See C.F.R. § 52.13(a), (b).

⁴ See C.F.R. § 52.7(g) ("Thousands-block number pooling is the process by which the 10,000 numbers in a central office (NXX) are separated into ten sequential blocks of 1,000 numbers each (thousands-blocks), and allocated separately within a rate center.").

⁵ See Report and Order and Further Notice of Proposed Rule Making, *Numbering Resources Optimization*, 15 FCC Rcd 7574 (2000) ("*First NRO Order*").

⁶ See Second Report and Order, Order on Reconsideration in CC Docket No. 96-98 and CC Docket No. 99-200, and Second Further Notice of Proposed Rulemaking in CC Docket No. 99-200, *Numbering Resource Optimization*, 16 FCC Rcd 306 at ¶29 (2000) ("*Second NRO Order*"); *Third NRO Order* at ¶¶48-49.

code application or the carrier had to prove that it was unable to meet a specific customer's request with its current inventory of numbers in order for a code to be assigned.

6. In addition to the months-to-exhaust ("MTE") requirement described above, the FCC's rules also required carriers to meet a rate center utilization threshold of sixty percent (60%) in order to receive additional numbering resources in a given rate center.⁷ The utilization threshold has increased by five percent (5%) per year, and it has now reached the maximum of seventy-five percent (75%). Based on the FCC's Orders, carriers must meet both the six (6) months MTE requirement and the utilization threshold on a rate center basis in order to obtain numbering resources.⁸

7. On or about March 20, 2015, AT&T Tennessee submitted a Central Office Code (NXX) Assignment Request - Part 1,⁹ and the CO Code Assignment - Months to Exhaust Certification Worksheet,¹⁰ for the assignment of 2,500 consecutive Direct Inward Dialing ("DID") numbers necessary to meet the demands of its customer.

8. The code assignment request was for 2,500 consecutive DID numbers in the 615 and 629 NPA area codes, in response to HCA's request for 2,500 consecutive DID numbers. HCA cited business growth as its basis for this request. As AT&T Tennessee did not have the existing numbers to meet its customer's request, AT&T Tennessee is requesting that the numbers be assigned to it.

9. AT&T Tennessee's application was completed in accordance with Industry Number Committee ("INC") guidelines, and AT&T Tennessee filled out the necessary Months to

⁷ See *Second NRO Order* at ¶122; *Third NRO Order* at ¶¶50-52.

⁸ *Third NRO Order* at ¶¶50-52.

⁹ See Exhibit A to this Petition.

¹⁰ See Exhibit B to this Petition.

Exhaust Certification Worksheet required. In reviewing previous petitions of this type, the Authority Staff has requested that AT&T Tennessee provide additional information concerning number utilization for the specific central office involved in the request. This information for the Nashville rate center, including the NSVLTNUNDS0 Central Office is attached hereto as Exhibit "C."

10. At the time of the code request, the Nashville rate center had an MTE of approximately 2,640 months.¹¹

11. Thereafter, on or about March 20, 2015, AT&T Tennessee's request was denied because AT&T Tennessee had not met the rate center-based months-to-exhaust criteria now set forth in the INC Guidelines.¹² AT&T Tennessee's numbering resource requests were denied despite the fact that AT&T Tennessee does not have adequate numbering resources needed to satisfy this customer's demands.¹³

12. AT&T Tennessee's inability to provide this large business customer with the requested numbers prevents AT&T Tennessee from providing the quality of service this customer desires and expects.¹⁴ If AT&T Tennessee is not assigned the numbering resources needed to meet the customer's request, AT&T Tennessee will be unable to provide telecommunications services requested by its customer. The refusal to grant numbering resources sufficient to meet the needs of this customer is inconsistent with the FCC's position that "(u)nder no circumstances should consumers be precluded from receiving

¹¹ See *Id.*

¹² See *Id.*

¹³ See Exhibit D to this Petition.

¹⁴ Correspondence from HCA is attached as Exhibit E.

telecommunications services of their choice from providers of their choice for want of numbering resources.”¹⁵

13. Relief for the 615 and 629 NPA was implemented with the start of mandatory dialing on September 15, 1997. The Authority also ordered thousands-block pooling for the 615 and 629 NPA with a Pool Start Date of March 15, 2002. Finally, in March 2015, NeuStar implemented an overly NPA (629) consistent with the TRA order in Docket No. 11-0018. According to NeuStar, based on the 2014-2 NRUF and NPA Exhaust Analysis dated October 2014, the projected exhaust date of the 615 and 629 NPA is beyond 30 years. Therefore, granting AT&T Tennessee's request for numbering resources would not materially impact exhaustion of available numbers in the 615 and 629 NPA.

14. Both the FCC's Rules and the INC Guidelines provide that state regulatory authorities have the power and authority to review a decision to deny a request for numbering resources.¹⁶

15. The Authority and other state regulatory agencies in Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, and South Carolina similarly have recognized their jurisdiction and authority to review numbering denials and to order the release of number resources to AT&T Tennessee to meet customer needs.¹⁷

16. Neither NANPA nor the PA object to Authority approval of the request herein. During the Authority Conference on September 12, 2011, Docket 11-00018, Mr. Brent Struthers

¹⁵ *Second NRO Order* at ¶ 61.

¹⁶ See *Third NRO Order*, Appendix A, Final Rules, § 52.15(g) (4) (“The carrier may challenge the NANPA’s decision to the appropriate state regulatory commission”); *Third NRO Order* at ¶¶ 61-66; *Central Office Code (NXX) Assignment Guidelines*, INC 95-407-009, § 13.0 (rev. April 26, 1999) (CO Code Guidelines) (“Appeals may include but are not limited to one or more of the following options: ... C. The CO Code Administrator(s) and code holders/applicants may pursue the disagreement with the appropriate governmental/regulatory body”).

¹⁷ See *Petition for Expedited Review of Growth Code Denial by the Number Pooling Administrator Relating to University of Tennessee - Chattanooga*, Docket No. 01-00957 (approved November 20, 2001).

with NeuStar, representing both the North American Numbering Plan Administrator and the Pooling Administrator, made the following statement:

For the record, I would like to state for this and all future safety valve requests that neither the North American Numbering Plan Administrator nor the Pooling Administrator objects or has any position on any safety valve requests ad infinitum, ad nauseam, etc., etc.

17. Included with this Petition is a proposed approval order for the Authority's consideration.

WHEREFORE, AT&T Tennessee requests that the Authority:

1. Reverse the decision to deny AT&T Tennessee's request for additional numbering resources;
2. Direct NANPA and/or the PA (to the extent it is within the respective authority and responsibility of NANPA and/or the PA to do so) to provide numbers to AT&T Tennessee to meet the specific requirements of HCA in the Nashville rate center within the 615 and 629 area codes; and
3. Grant the requested relief as soon as possible.

Respectfully submitted,

GULLETT, SANFORD, ROBINSON & MARTIN

Date

Instructions for filling out each Section of the Part 1A form:

Section 1.1 Contact information requires that Service Providers supply under "Block Applicant" the company name, company headquarters address, a contact within the company, an address where the contact person may be reached, in addition to the correct phone, fax, and e-mail address. The Pooling Administrator section also requires the Service Provider to fill in the Pooling Administrator's name, address, phone, fax and e-mail.

Section 1.2 Service Providers who need a thousands-block assignment or for an Location Routing Number (LRN) are required to fill in this section. If needed for an LRN, a CO Code Application needs to also be submitted to the PA. The Service Provider should supply the Numbering Plan Area (NPA); the Local Access Transport Area (LATA), which is a three-digit number that can be found in the iconectivTM LERGTM Routing Guide. The Operating Company Number (OCN) assigned to the service provider and the OCN its parent company. An OCN is a four-character alphanumeric assigned by iconectiv Telecom Routing Administration (TRA). In addition, the number of thousands-blocks requested should be supplied. The Switch Identification as well as the city or wire center name, rate center, rate center sub zone, homing tandem and CLLITM tandem of the facilities based provider^{vi}. Explanations of these terms may be found in the footnotes.

Section 1.3 The date the Service Provider completes the application should be entered in this section, as well as the Effective Date of the requested thousands-block.

Section 1.4 Service Providers should indicate their type, e.g., local exchange carrier, competitive local exchange carrier, interexchange carrier, CMRS. They also indicate the primary type of business in which the numbering resource is to be used. Service Providers also may indicate their preference for a particular thousands-block, e.g., 321-9XXX, or indicate any thousands-blocks that may be undesirable, e.g., 321-6XXX.

Section 1.5 Service Providers indicate the type of request. Initial requests are for first applications for thousands-blocks in a rate center, growth for additional thousands-blocks in a rate center in which the applicant already has numbering resources, and provide the required evidence as ordered by the FCC.

Section 1.6 Service Providers must indicate the updated/current information in regards to contaminated TNs on the block they are returning to the pool. Blocks with over 10% contamination (101 TNs or more) shall not be returned to the pool unless they meet criteria outlined in section 9.1.2 of these Guidelines. If the block being returned is over 10% contaminated the PA shall seek a new

block holder. If question c and/or d have a response of No, the request for return shall be denied.

The thousands-block applicant certifies veracity of this form by signing their name, and providing their title and date.

Footnotes:

ⁱ Identify the type of change(s) in Section 1.5.

ⁱⁱ The Pool Administrator is available to assist in completing these forms.

ⁱⁱⁱ A CO Code application will also need to be submitted to the PA.

^{iv} Operating Company Number (OCN) assignments must uniquely identify the applicant. Relative to CO Code assignments, NECA-assigned Company Codes may be used as OCNs. Companies with no prior CO Code or Company Code assignments should contact NECA (800 524-1020) to be assigned a Company Code(s). Since multiple OCNs and/or Company Codes may be associated with a given company, companies with prior assignments should direct questions regarding appropriate OCN usage to (TRA) (732-699-6700).

^v This is an eleven-character descriptor of the switch provided by the owning entity for the purpose of routing calls. This is the 11 character CLLITM code of the switch /POI.

^{vi} Rate Center name must be a tariffed Rate Center.

^{vii} Acknowledgment and indication of disposition of this application will be provided to applicant within seven calendar days from the date of receipt of this application. An incomplete form may result in delays in processing this request.

^{viii} Please ensure that the NPA-NXX of the LRN to be associated with this block(s) is/will be active in the PSTN prior to the effective date of the block(s).

^{ix} Select if you are the current Block Holder.

^x Select if you are not the current Block Holder

I. Utilization⁷ = Assigned Numbers(B) X 100 = **61.942**

= Total Numbering Resources(C)-Excluded Numbers(D)

Explanation: _____

¹ A copy of this worksheet is required to be submitted to the Pooling Administrator when requesting additional numbering resources in a rate center. For auditing purposes, the applicant must retain a copy of this document.

² Report on all resources for the requested geographic area, including newly acquired blocks/codes.

³ Quantity of numbers activated in the past 90 days is based on blocks and/or codes received from the administrator and shall be reported in increments of 1,000 or 10,000 TNs (e. g.: 2 blocks received=2,000 and 1 code received =10,000).

⁴ Net change in TNs no longer available for assignment in each previous month, starting with the most distant month as Month #1, and Month #6 as the current month.

⁵ Forecast of TNs needed in each following month, starting with the most recent month as Month #1.

⁶ To be assigned an additional thousands-block (NXX-X) for growth, "Months to Exhaust" must be less than or equal to 6 months. (FCC 00-104, section 52.15 (g) (3) (iii)).

⁷ Newly acquired numbers may be excluded from the Utilization calculation (FCC 00104, section 52.15 (g)(3)(ii))

- Intra SP Block Port Requests
- PSTN Activation
- Confirm Resources In Service
- Submit Forecast
- Search Forms

Months to Exhaust and Utilization Certification Worksheet - TN Level (Continued)¹

Your Utilization calculates to 61.942%. The FCC requires a utilization of 75%.
You have requested more blocks than you will exhaust in six months.

Select One Option and Submit

- ☐ Return to the Months To Exhaust Form
- ☒ Need to request a State Waiver
- ☐ Received a State Waiver
- ☐ Over-Contaminated Block Exception

☒ Form Complete, request denied.

Explanation:

You do not meet the MTE and/or Utilization requirements, therefore this request for a new block is denied. You may proceed with requesting a State Waiver from the appropriate state commission using this Part 3 denial. If you are in disagreement with the disposition of this request, please refer to the Thousands-Block Number (NXX-X) Pooling Administration Guidelines for the appeals process.

☐ Request withdrawn.

Explanation:

☐ Assignment activity suspended by the administrator.

Explanation:

Remarks:

¹ This is an eleven-character descriptor provided by the owning entity for the purpose of routing calls.This must be the CLLI TM Location Identification code of the switching entity/POI shown on the Part 1A form (LERG ROUTING Guide and CLLI are trademarks of Telcordia Technologies,Inc. dba iconectiv)

January 21, 2015

Hospital Corporation of America
Centennial Medical Center
2300 Patterson St.
Nashville, TN 37203

AT&T TNAC,

This Letter of Intent represents a request by HCA Healthcare / Centennial Medical Center, for 2,500 DID numbers. HCA intends to activate these numbers within 180 days from AT&T's receipt of the numbers.

Centennial Medical Center currently has an existing number range of 615-342-1000 through 8999. We currently receive 10 digits on incoming calls, and we need that same arrangement for future additional numbers.

HCA currently owns approximately 20 hospitals and surgery centers in Tennessee. We need additional DID numbers at this location to continue providing patient care in the most efficient manner.

Sincerely,

A handwritten signature in cursive script that reads 'Mark A. Cummings'.

DOCKET NO.

1500043

ORDER APPROVING REQUEST OF AT&T TENNESSEE FOR EXPEDITED REVIEW OF GROWTH
CODE DENIAL AND REVERSING CENTRAL OFFICE CODE DENIAL

This matter came before the Tennessee Regulatory Authority ("TRA" or the "Authority") for consideration of the *Petition for Expedited Review of Central Office Code Denial* filed by AT&T Tennessee ("AT&T"). After consideration of the facts contained in the record and the applicable law, TRA approves the request of AT&T and reverses the Pooling Administrator's denial of AT&T Tennessee's request for additional numbering resources.

IT IS THEREFORE ORDERED THAT:

1. The Pooling Administrator's decision to deny AT&T Tennessee's request for additional numbering resources is reversed as stated herein.
2. The Pooling Administrator is ordered to assigned request for the Nashville Rate Center served by Switch Identification No. NSVLTNUNDSO.
