**TENNESSEE REGULATORY AUTHORITY
PETITION OF KINGSPORT POWER COMPANY
DOCKET NO. 16-000001
Data Requests and Requests for the Production
of Documents by the
Consumer Protection And Advocate Division (First Set/Part 2)
To Kingsport Power Company**

Data Request CPAD 1-159:

With reference to the Castle testimony referred to in Discovery Request No. 158 and for the reasons stated in that request, for each of KgPCo's NMS customers, provide the following:

- (a) A copy of the bills rendered to each Net Metering customer of KgPCo from January 2013 through December 2015;
- (b) Pro Forma calculations showing the hypothetical monthly bill amounts under NMS-2 for the same months.

CATEGORY: Net Metering.

Response CPAD 1-159:

- a. The Company objects to this subsection to the extent this request seeks our customers' personal and confidential information that is not reasonably calculated to lead to the discovery of admissible evidence. Copies of individual monthly bills contain our customers' confidential information that is neither relevant nor reasonably calculated to lead to the discovery of admissible evidence.
- b. The Company is not proposing to migrate customers currently taking service under Tariff N.M.S. to Tariff N.M.S.-2, and has not performed those calculations.

Supplemental Response to CPAD 1-159:

- a. Subject to and without waiving its objections, the Company submits herewith as CPAD 1-159 Attachment 1 net metering customer bills with confidential identifying information redacted. These bills include customers who have special contracts with net metering provisions entered into prior to the existence of Tariff NMS.
- b. Subject to and without waiving its prior response, the Company further states that it is not able to perform the "pro forma calculations" requested because such calculations require demand metering data that does not exist for residential customers due to the absence of demand meters. Other classes of customers already have a demand charge.

AEP now furnishes Commercial & Industrial payment histories to credit reporting agencies.

SCAM ALERT: Telephone scammers are calling customers claiming to represent Kingsport Power or AEP. The caller tells customers that power will be shut off unless a money pac green dot or vanilla reload it card is purchased to cover the amount the caller says is due on the account. We will never ask you to buy a money card for payment. We will also never call and ask you to make a payment with your debit or credit card over the phone. If you have any questions about your account, please call us.

We now have outage alerts available. Log onto your account and register for alerts and we will notify you when your power goes out, an estimate of when it will be restored, and then when it is restored. Once enrolled looking for our number will be a thing of the past!

SCAM ALERT: Telephone scammers are calling customers claiming to represent Kingsport Power or AEP. The caller tells customers that power will be shut off unless a money pac green dot or vanilla reload it card is purchased to cover the amount the caller says is due on the account. We will never ask you to buy a money card for payment. We will also never call and ask you to make a payment with your debit or credit card over the phone. If you have any questions about your account, please call us.

We now have outage alerts available. Log onto your account and register for alerts and we will notify you when your power goes out, an estimate of when it will be restored, and then when it is restored. Once enrolled looking for our number will be a thing of the past!
