Subject: Say NO to Kingsport Power's Power Grab: Preserve Net Metering!

Dear Tennessee Regulatory Authority,

Net metering is a core policy that will allow me and other Tennesseans to install solar panels on our homes and businesses. Unfortunately, Kingsport Power is attacking this policy - despite the fact that it has helped bring jobs and rooftop solar markets to 43 states.

This is a blatant, anti-consumer attempt to eliminate competition and stifle energy choice. Kingsport Power is trying to stop solar before it really starts in Tennessee. I'm opposed to any solar-only charges that would undermine my ability to power my home with solar energy and take control of my power bill.

Please reject monopoly utility power grabs that come at the expense of choice and competition in our energy market.

Please reject Kingsport Power's anti-solar proposal.

Sincerely,

timothy duvall

First Name: Gary

Last Name: Eidson

Address: 3476 Cedar Avenue

City: Kingsport

State: TN

Zip Code: 37660

Contact Phone Number: (423) 349-7244

Email Address: gleidson1@yahoo.com

Company That Complaint Is Against: Kingsport Power Co.

Type of Service (Internet, Cable, Phone, etc): Power

Have you contacted the utility regarding your complaint?: No

Description of Complaint: The Kingsport Power Company (AEP) is requesting a 13% rate increase. This is an outrageous request to ask for. I would love to get a guaranteed return of 6-8% on my investments. I get less than 1%. Why should the power co. do any better. NO to a rate hike.

Company That Complaint Is Against: AEP

Type of Service (Internet, Cable, Phone, etc): Power

Have you contacted the utility regarding your complaint?: No

Description of Complaint: AEP is suggesting a 13% increase in power rates without giving just cause. Kingsport just signed a new contract with them. Kingsport gets a kickback while customers get stuck with the bill. Also without another option for power. This seems unfair and unjust.
