KINGSPORT POWER COMPANY NOTICE TO PUBLIC

Kingsport Power Company, d/b/a AEP Appalachian Power ("Kingsport"), hereby gives notice that on October 1, 2020 it made a tariff filing with the Tennessee Public Utility Commission ("TPUC") relative to changes in Kingsport's Fuel and Purchased Power Adjustment Rider ("FPPAR"). The FPPAR authorizes Kingsport, upon no less than 30-days notice, to apply a charge to all customer bills rendered by it to allow for changes in both fuel and the cost of purchased power from Kingsport's wholesale power supplier, under rate schedules implemented by the Federal Energy Regulatory Commission ("FERC"). Kingsport's current tariffs, and its filing regarding changes to its FPPAR charges, are on file with the TPUC at 502 Deaderick Street, Nashville, Tennessee, and are available for public inspection.

In its October 1, 2020 tariff filing with the TPUC, Kingsport provided new FPPAR charges, calculated in accordance with the provisions of its FPPAR, to reflect such change in costs. The charges, to be applied to customer bills beginning November 1, 2020, would result in an approximate increase of 2.4% to 4.3% for Kingsport's residential, large general service, and industrial customers.
