RE: Docket No. 16-00009, *Crystal Clear Technologies, LLC's Application for a State-Issued Certificate of Franchise Authority*

Dear Mr. Welch:

The Authority has received an inquiry from the City of Brentwood, Tennessee, concerning the Application of Crystal Clear Technologies, LLC ("Crystal Clear") for a State-Issued Certificate of Franchise Authority. In Section 8 of the Affidavit of Samuel Carbine, Crystal Clear indicates that the State-Issued Certificate of Franchise Authority sought in the Application is for the same geographic parameters under which Crystal Clear provides telecommunication services pursuant to local franchise agreements. However, the City of Brentwood has indicated to the Authority it does not have a local telecommunications franchise agreement with Crystal Clear.

Certificate applicants are required, by statute, to provide a written description of the municipalities and unincorporated areas within counties to be served, in whole or in part, by the applicant, which description shall be sufficiently detailed so as to allow a local government to respond to subscriber inquiries. To assist the Authority, you are requested to provide the following:

- 1) Please provide a complete description, including a Subdivision name, of the area in City of Brentwood which customers of Crystal Clear are presently being served and/or areas within the City of Brentwood to be served.

It is requested that this information be provided no later than 2:00 pm on March 1, , 2016 and that you reference Docket Number 16-00009 on the response. In accordance with TRA rules submit either (1) thirteen written copies of your response or (2) four written copies and an electronic version. Should you have any questions regarding this request, please contact me at 615-770-6889.

Sincerely,
