OF 2106 ANNUAL RECONCILIATION FILING**

)  
)  
)  
)

**DOCKET NO.  
16-00105**

---

**ORDER APPROVING SETTLEMENT AGREEMENT**

---

This matter came before Chairman David F. Jones, Vice Chairman Robin L. Morrison, and Director Kenneth C. Hill of the Tennessee Regulatory Authority (the “Authority” or “TRA”), the voting panel assigned to this docket, during a regularly scheduled Authority Conference held on January 17, 2017, to hear and consider the *Settlement Agreement*, which is attached as Exhibit 1, and was filed on December 16, 2016 by Atmos Energy Corporation (“Atmos” or the “Company”) and the Consumer Protection and Advocate Division of the Tennessee Attorney General and Reporter (“CPAD”) (collectively the “Parties”).

**BACKGROUND AND PETITION**

On May 11, 2015, the Authority approved, in TRA Docket No. 14-00146, a general rate increase and an Annual Rate Review Mechanism (“ARM,” “ARM Tariff” or the “mechanism”) for Atmos pursuant to the *Stipulation and Settlement Agreement* filed by the Parties on April 29, 2015. The *Stipulation and Settlement Agreement* provided that Atmos could opt into an annual review of its rates pursuant to Tenn. Code Ann. § 65-5-103(d)(6), with Atmos’ tariff outlining

the specific methodologies for the ARM.<sup>1</sup> The mechanism requires the Company to submit a rate adjustment in February of each year based upon its forward looking test year.<sup>2</sup> Subsequently, by September 1 of each year, the Company shall file with the Authority a reconciliation of actual results of its calculated authorized Return on Equity (“ROE”) to the forward looking test year just completed.<sup>3</sup> The actual cost of service shall be compared to actual booked revenues to determine the revenue requirement adjustment necessary in order to achieve the authorized ROE.<sup>4</sup>

On September 1, 2016, Atmos filed the *Petition of Atmos Energy for Approval of 2016 Annual Reconciliation Filing* in the present docket, its first annual reconciliation under the Company’s approved ARM. As a component of the Company’s ARM, this filing reconciles actual operating results to those previously forecasted for the forward looking test year ending May 31, 2016.<sup>5</sup> Pursuant to the ARM, any approved annual reconciliation revenue requirement will be included in the February 1, 2017 ARM Filing.<sup>6</sup>

On September 21, 2016, the CPAD filed a *Petition to Intervene*, which was granted by the Hearing Officer in an Order dated September 28, 2016. No other parties petitioned to intervene in this matter. The parties engaged in discovery, and the *Settlement Agreement* was filed on December 16, 2016.

## **THE HEARING**

The Hearing in this matter was held before the voting panel of Directors during the regularly scheduled Authority Conference on January 17, 2017, as noticed by the Authority on January 6, 2017. Participating in the Hearing were:

Atmos Energy Corporation – Scott Ross, Esq., Neal & Harwell, PLC, 1201 Demonbreun Street, Suite 1000, Nashville, Tennessee 37203.

Consumer Protection and Advocate Division – Wayne M. Irvin, Esq., Office of the Tennessee Attorney General and Reporter, Post Office Box 20207, Nashville, Tennessee 37202-0207.

During the Hearing, Gregory Waller, manager of rates and regulatory affairs for Atmos, presented the *Settlement Agreement* and was subject to questioning before the panel. Members of the public were given an opportunity to offer comments, but no one sought recognition to do so.

## **STANDARD FOR AUTHORITY APPROVAL**

Tenn. Code Ann. § 65-5-103(d) (2015) provides, in pertinent part:

(6)(A) A public utility may opt to file for an annual review of its rates based upon the methodology adopted in its most recent rate case pursuant to § 65-5-101 and subsection (a), if applicable.

(B) In order for a public utility to be eligible to make an election to opt into an annual rate review, the public utility must have engaged in a general rate case pursuant to § 65-5-101 and subsection (a) within the last five (5) years; provided, however, that the authority may waive such requirement or increase the eligibility period upon a finding that doing such would be in the public interest.

(C) Pursuant to the procedures set forth in subdivision (d)(1), the authority shall review the annual filing by the public utility within one hundred twenty (120) days of receipt and order the public utility to make the adjustments to its tariff rates to provide that the public utility earns the authorized return on equity established in the public utility's most recent general rate case pursuant to § 65-5-101 and subsection (a).

## **FINDINGS AND CONCLUSIONS**

In their proposed *Settlement Agreement*, the Parties asked the Authority to approve Atmos' annual reconciliation filing of its approved ARM tariff as revised by the *Settlement Agreement*. After review and consideration of the evidentiary record in this proceeding, including all testimony, data responses and the supporting schedules and workpapers submitted with the *Settlement Agreement*, the voting panel found that the methodologies used by the parties in calculating the Revenue Deficiency pursuant to the ARM are consistent with those established by the Authority in TRA Docket No. 14-00146.

Further, the voting panel found that the ARM continues to allow the Company to recover operating expenses in a timely manner while avoiding the expense and time necessary for preparing and filing a general rate case. The panel also found that the ARM helps to ensure that Atmos earns its fair and reasonable return on equity as established in TRA Docket No. 14-00146 which, in turn, allows the Company to invest and recover the capital necessary to provide safe and reliable service to its customers.

For the foregoing reasons, the panel found that Atmos' ARM remains in the public interest and voted unanimously to approve the *Settlement Agreement* between the CPAD and the Company as filed on December 16, 2016, with its supporting schedules and workpapers. Specifically, the panel voted unanimously to approve a Revenue Deficiency of \$3,985,975 and Carrying Costs of \$626,318, as calculated by the parties on Schedule 1 of Attachment A to the *Settlement Agreement*, resulting in a total revenue deficiency of \$4,612,293 to be added in Atmos' February 1, 2017 ARM.

**IT IS THEREFORE ORDERED THAT:**

1. The *Settlement Agreement*, filed by Atmos Energy Corporation and the Consumer Protection and Advocate Division of the Tennessee Attorney General and Reporter on December 16, 2016, a copy of which is attached to this Order as Exhibit 1, is approved, adopted and incorporated in this Order as if fully rewritten herein.

2. Any person who is aggrieved by the Authority's decision in this matter may file a Petition for Reconsideration with the Authority within fifteen days from the date of this Order.

3. Any person who is aggrieved by the Authority's decision in this matter has the right to judicial review by filing a Petition for Review in the Tennessee Court of Appeals, Middle Section, within sixty days from the date of this Order.

**Chairman David F. Jones, Vice Chairman Robin L. Morrison, and Director Kenneth C. Hill concur.**

**SETTLEMENT AGREEMENT**

---

For the purpose of settling this case, Tennessee Regulatory Authority (TRA) Docket No. 16-00105, Herbert H. Slatery III, the Tennessee Attorney General and Reporter, by and through the Consumer Protection and Advocate Division (CPAD) and Atmos Energy Corporation (Atmos Energy) respectfully submit this Settlement Agreement (Settlement Agreement). Subject to TRA approval, the CPAD and Atmos Energy (individually, a Party and, collectively, the Parties) agree to the following:

**BACKGROUND**

1. Atmos Energy is incorporated under the laws of the State of Texas and the Commonwealth of Virginia and is engaged in the business of transporting, distributing and selling natural gas in Bedford, Blount, Carter, Greene, Hamblen, Maury, Moore, Obion, Rutherford, Sullivan and Williamson Counties within the State of Tennessee, with its principal Tennessee office and place of business located at 810 Crescent Centre Drive, Suite 600, Franklin, Tennessee 37067-6226.

2. The Tennessee public utility operations of Atmos Energy are subject to the jurisdiction of the TRA, pursuant to Chapter 4 of Title 65 of the Tennessee Code Annotated.

3. On September 1, 2016, Atmos Energy filed the Petition in this Docket. The Annual Reconciliation, as prescribed in Section VII of Atmos Energy's annual review mechanism (ARM) tariff, reconciles actual results to the originally-filed Forward Looking Test Year. The resulting Annual Reconciliation Revenue Requirement (ARRR) is the amount of additional revenue or refund required for Atmos Energy to earn its authorized return on equity for the Test Year ending May 31, 2016, in accordance with the Approved Methodologies as defined in Atmos Energy's approved ARM tariff. Pursuant to these provisions, Atmos Energy's Petition requested approval of the ARRR. Atmos Energy submitted testimony from Gregory K. Waller in support of its Petition.

4. On September 21, 2016, the CPAD filed a Petition to Intervene, which was granted by the TRA in an order dated September 28, 2016.

5. On November 30, 2016, the CPAD submitted direct expert testimony from William H. Novak.

6. Atmos Energy has responded to both formal and informal discovery requests from the CPAD, and the Parties' accounting experts have engaged in multiple direct communications concerning the issues covered in this Docket.

7. The Parties have engaged in settlement discussions and have resolved all issues raised by the Parties in this Docket. For the purpose of avoiding further litigation and resolving this proceeding upon acceptable terms, the Parties have agreed to the settlement terms set forth below, subject to TRA Approval, which the Parties jointly request.

## SETTLEMENT

### Annual Reconciliation Revenue Requirement

8. The revised Revenue Requirement Model attached hereto as Exhibit A calculates the appropriate ARRR equaling \$4,612,293. This is the amount of additional revenue required for Atmos Energy to earn its authorized return on equity for the Test Year ending May 31, 2016, in accordance with the Approved Methodologies, except as noted in paragraphs 9 through 11, as defined in Atmos Energy's approved ARM tariff. The attached model includes the below-described adjustments from Atmos Energy's filed position.

| Description of Adjustment                                                                                                                                                                                                                                                                                                                                                            | Revenue Requirement Impact |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------|
| The adjustments discussed in the requests and response to CPAD 2-01 and 2-13 relating to the non-regulated asset imputation and disallowed O&M items.                                                                                                                                                                                                                                | \$(6,404)                  |
| The adjustment to depreciation and amortization expense (specifically related to the pension regulated asset amortization approved in Docket No. 14-00146) discussed in the requests and responses to Staff 1-05 and 1-08.                                                                                                                                                           | \$(757,100)                |
| An adjustment to replace the calculated amount of interest on customer deposits on Schedule 1 and WP1-1 with the actual amount in Atmos Energy's general ledger, as stated in the CPAD's testimony.                                                                                                                                                                                  | \$16,808                   |
| Two adjustments to correct the average storage gas balance: 1) to correct for one storage field incorrectly booked to Virginia rather than Tennessee in April and May 2016; and 2) to update the allocations of shared storage fields to reflect those in place following Atmos Energy's recent ACA audit, as stated in Atmos Energy's response to the CPAD's informal data request. | \$1,271                    |
| An adjustment to remove the amortization of gas plant acquisition from cost of service, as stated in the CPAD's testimony.                                                                                                                                                                                                                                                           | \$(48,387)                 |
| An adjustment to remove capitalized incentive compensation from rate base, as stated in the CPAD's testimony, and as discussed below.                                                                                                                                                                                                                                                | \$(107,618)                |
| <b>Total Reduction in Revenue Requirement</b>                                                                                                                                                                                                                                                                                                                                        | <b>\$(901,430)</b>         |

Pursuant to Atmos Energy's approved ARM tariff, Atmos Energy shall incorporate the ARRR into its February 1<sup>st</sup> ARM filing by adding it to the revenue requirement calculated for the

Forward Looking Test Year ending May 31, 2018 that will be the subject of that filing. Exhibit A is incorporated by reference as if fully set forth herein.

**Capitalized Incentive Compensation**

9. The methodologies applied to and treatment of incentive compensation in this Docket have been used by Atmos Energy since at least 2012 (Docket No. 12-00064) and are part of the Approved Methodologies in Docket No. 14-00146. Specifically, paragraph 13(h)(v) "Disallowances", which begins on page 14 of the Settlement Agreement from Docket No. 14-00146 states:

The Company shall remove from O&M amounts related to incentive compensation, spousal and dependent travel, and non-deductible dues. Specifically, the Company shall remove allocated net expense amounts for incentive compensation, spousal and dependent travel, and non-deductible dues budgeted in the following sub accounts: 07452, 07458, 07460, 07463, 07454, 07450, 05416, and 05412, as well as any subaccounts that in form or substance could constitute a successor or replacement for such subaccount.

In its Petition in this Docket, Atmos Energy complied reasonably with the Approved Methodologies as they relate to the removal of incentive compensation. Atmos Energy used MFR 38 (in this instance, the version from Docket No. 14-00146 updated with actuals) to calculate the appropriate amounts to remove. The requirement to include MFR 38 in each ARM filing originated in the need to make this calculation for each ARM.

10. In the direct expert testimony of William H. Novak, on behalf the CPAD and as filed in this Docket, Mr. Novak stated on pages 5 and 6 that:

The TRA has traditionally disallowed the recovery of incentive compensation on the basis that it would be inappropriate to provide prefunding for incentives through increased rates rather than from incrementally efficient operations. In fact, the Company's recovery of incentive compensation was specifically disallowed within the Settlement Agreement of Docket 14-00146 . . . [beginning on page 14, as quoted above.]

In this reconciliation filing, the Company has appropriately removed all the incentive compensation that was ultimately charged to O&M expense. However, in my review, I also discovered an additional \$10,623,003 . . . that was capitalized to plant in service and therefore included in Rate Base. Of this \$10,623,003 in capitalized incentive compensation, approximately \$467,283 is allocable to Tennessee operations.

Direct Testimony of William H. Novak, as filed on November 30, 2016 in TRA Docket No. 14-00146 on pages 5 and 6. Mr. Novak concluded that:

The correct accounting procedure is to capitalize any portion of O&M expense that is appropriately related to capital projects, which the Company has done. However, the Company has inappropriately converted certain O&M incentive expenses which are specifically disallowable for rate setting purposes into plant in service which it is now seeking to earn a return on and recover in future years.

Since the origin of these O&M expenses was for incentive compensation, which is specifically disallowed for rate setting purposes, I am recommending to the TRA that any capitalization of these incentives also be disallowed for rate setting purposes. I have therefore excluded capitalized incentive compensation allocated to Tennessee operations of \$467,283 from rate base as shown on CPAD Exhibit, Schedule 2, Line 10. In addition, because this is a permanent ongoing adjustment from the amounts recorded on the Company's books, I would recommend that the TRA direct the Company to include the future impact of capitalized incentive compensation in future reconciliation filings.

Mr. Novak further recommended in a footnote that the TRA require that future filings by Atmos under the Docket No. No. 14-00146 annual review mechanism should specifically show the impact of book depreciation as well as accumulated deferred income taxes.

11. In compromise and settlement of this issue concerning the treatment of incentive compensation, however, Atmos Energy has made an adjustment to remove capitalized incentive compensation (CIC) from rate base in this Docket for the test year ending May 31, 2016, by removing the appropriate amount of allocable cost from plant in service (and therefore rate base). This adjustment is reflected in the revised Revenue Requirement Model attached hereto as Exhibit A and in the ARRR of \$4,612,293. Going forward, Atmos Energy will propose a change

in methodology to remove CIC from rate base on a prospective basis, accounting for the cumulative impact and changes in balance to reflect amortization of prior years' removals, with the goal that this would be included in Atmos Energy's February 1, 2017 ARM filing. Atmos Energy agrees to provide a proposed change in methodology to CPAD no later than January 17, 2017.

**Implementation of the Annual Review Mechanism and Methodologies**

12. In the Stipulation and Settlement Agreement in Docket No. 14-00146 (14-00146 SA), which was incorporated in its entirety into the TRA's Order in that Docket, Section 19 provides:

19. The Parties acknowledge that Atmos Energy brought this matter, inter alia, to determine rates in a general rate case and to establish adopted ratemaking methodologies sufficient to enable implementation of the annual review mechanism established by Tenn. Code Ann. § 65-5-103(d)(6). The Parties jointly request that the Authority adopt the ratemaking methodologies set forth in this Settlement Agreement for the limited purpose of implementing an annual review mechanism under Tenn. Code Ann. § 65-5-103(d)(6) under this Docket, and approve the annual review mechanism and ARM Tariff consistent with the terms and requirements established by this Settlement Agreement. The methodologies adopted by the Authority as a result of the above request shall be utilized in preparing and evaluating each Annual ARM Filing and Annual Reconciliation filing contemplated under this Docket.

Further, Section 22 of that 14-00146 SA provides:

22. Except to the limited extent necessary to allow the Authority to implement an annual review mechanism under Tenn. Code Ann. § 65-5-103(d)(6) in this Docket (and, for the avoidance of doubt, only in this Docket 14-00146), the Parties acknowledge and agree as follows:

- a. This Settlement Agreement shall not have any precedential effect in any other proceeding or be binding upon any of the Parties in this or any other jurisdiction;
- b. None of the signatories hereto shall be deemed to have acquiesced in any ratemaking or procedural principle, including

without limitation, any cost of service determination or cost allocation or revenue related methodology,

c. No provision of this Settlement Agreement shall be deemed an admission of any Party.

13. In its Order Approving 2016 Annual Rate Review Filing, Docket No. 16-00013 (June 13, 2016), the TRA ruled as follows:

1. The methodologies adopted by the Authority in the Company's most recent general rate case, Docket No. 14-00146, are applicable to the Company's ARM filing made in this docket. The Stipulation and Settlement Agreement, approved by the Authority in Docket No. 14-00146, stated "The Parties jointly request that the Authority adopt the ratemaking methodologies set forth in this Settlement Agreement for the limited purpose of implementing an annual review mechanism under Tenn. Code Ann. § 65-5-103(d)(6) under this Docket, and approve the annual review mechanism and ARM tariff consistent with the terms and requirements established by this Settlement Agreement." The methodologies adopted in Docket No. 14-00146 are applicable for the purpose of implementing the Company's approved ARM. The Petition is an annual ARM filing made pursuant to the Stipulation and Settlement Agreement, as approved by the Authority, and the docket number assigned to it is not controlling or of consequence to the issue.

14. In light of Sections 19 and 22 of the 14-00146 SA and the TRA's ruling in Docket No. 16-00013, the Parties have agreed that the phrases "for the limited purpose of implementing an annual review mechanism under Tenn. Code Ann. § 65-5-103(d)(6) under this Docket," in Section 19, and "[e]xcept to the limited extent necessary to allow the Authority to implement an annual review mechanism under Tenn. Code Ann. § 65-5-103(d)(6) in this Docket (and, for the avoidance of doubt, only in this Docket 14-00146)" in such Section 22 will be interpreted to allow the implementation of an annual review mechanism and the use by Atmos of the methodologies approved in the 14-00146 SA in dockets other than Docket No. 14-00146 so long as (A) in each docket in which the 14-00146 SA methodologies are to be used by Atmos to implement the annual review mechanism, there is a clear reference to all prior filings by

Atmos in which the methodologies have been used and (B) each time the 14-00146 SA methodologies are used, a notice is filed in Docket No. 14-00146 that identifies for reference purposes all of the filings by Atmos Energy in which the methodologies have been or are being used by Atmos to implement the annual review mechanism. For the avoidance of doubt, the agreement set out in this Section 14 does not amend or modify any of the consequences set out in Section 22 of the SA 14-00146, other than as specifically set out in Section 14 of this Settlement Agreement in order to accommodate the use of additional dockets in the implementation of the SA 14-00146 annual review mechanism.

#### **Prudency Review**

15. Atmos Energy, through testimony, will affirmatively attest to the prudence of its cost of service items in future filings made in accordance with its ARM tariff. Notwithstanding any such attestation, the CPAD and TRA shall continue to have the right to review and contest the prudence of items in any filing under Atmos Energy's ARM tariff.

#### **Concluding Provisions**

16. All pre-filed testimony and exhibits of the Parties are introduced into evidence without objection, and the Parties waive their right to cross-examine all witnesses with respect to all such pre-filed testimony. If, however, questions should be asked by any person, including a Director, the Parties may present testimony and exhibits to respond to such questions and may cross-examine any witnesses with respect to such testimony and exhibits.

17. The Parties agree to support this Settlement Agreement before the TRA and in any hearing, proposed order, or brief conducted or filed in this proceeding. The provisions of this Settlement Agreement are agreements reached in compromise and solely for the purpose of settlement of this matter. The provisions in this Settlement Agreement do not necessarily reflect

the positions asserted by any Party. None of the Parties to this Settlement Agreement shall be deemed to have acquiesced in or agreed to any ratemaking or accounting methodology or procedural principle, including without limitation, any cost of service determination or cost allocation or revenue-related methodology; provided, however, for the avoidance of doubt, that this sentence will not supersede or modify any ratemaking or accounting methodology or procedural principle, including without limitation, any cost of service determination or cost allocation or revenue-related methodology adopted in TRA Docket No. 14-00146 or the implementation of the annual review mechanism approved by that Docket.

18. This Settlement Agreement shall not have any precedential effect in any future proceeding or be binding on any of the Parties in this or any other jurisdiction except to the limited extent necessary to implement the provisions hereof.

19. The Parties agree and request the TRA to order that the settlement of any issue pursuant to this Settlement Agreement shall not be cited by the Parties or any other entity as binding precedent in any other proceeding before the TRA or any court, state or federal except to the limited extent necessary to implement the provisions hereof.

20. The terms of this Settlement Agreement have resulted from extensive negotiations between the signatories and the terms hereof are interdependent. The Parties jointly recommend that the TRA issue an order adopting this Settlement Agreement in its entirety without modification.

21. If the TRA does not accept the settlement in whole, the Parties are not bound by any position or term set forth in this Settlement Agreement. In the event that the TRA does not approve this Settlement Agreement in its entirety, each of the signatories to this Settlement Agreement will retain the right to terminate this Settlement Agreement by giving notice of the

exercise of such right within ten business days of the date of such nonapproval; provided, however, that the signatories to this Settlement Agreement could, by unanimous consent, elect to modify this Settlement Agreement to address any modification required by, or issues raised by, the TRA within the same time frame. Should this Settlement Agreement terminate, it would be considered void and have no binding precedential effect, and the signatories to this Settlement Agreement would reserve their rights to fully participate in all relevant proceedings notwithstanding their agreement to the terms of this Settlement Agreement.

22. By agreeing to this Settlement Agreement, no Party waives any right to continue litigating this matter should this Settlement Agreement be rejected by the TRA in whole or in part.

23. No provision of this Settlement Agreement shall be deemed an admission of any Party. No provision of this Settlement Agreement shall be deemed a waiver of any position asserted by a Party in this Docket.

24. Except as specifically agreed in this Settlement Agreement, any request made by Atmos Energy in the Petition shall be deemed to have been withdrawn upon the approval of this Settlement Agreement by the TRA.

25. The Parties agree that this Settlement Agreement constitutes the complete understanding among the Parties concerning the resolution of issues and matters under this TRA Docket No. 16-00105, and any oral statements, representations or agreements concerning such issues and matters made prior to the execution of this Settlement Agreement have been merged into this Settlement Agreement.

26. All exhibits and schedules attached to or referenced in this Settlement Agreement are hereby incorporated by reference into this Settlement Agreement.

27. The CPAD's agreement to this Settlement Agreement is expressly premised upon the truthfulness, accuracy and completeness of the information provided by Atmos Energy to the CPAD throughout the course of this Docket, which information was relied upon by the CPAD in negotiating and agreeing to the terms and conditions of this Settlement Agreement.

28. The acceptance of this Settlement Agreement by the Attorney General shall not be deemed approval by the Attorney General of any of Atmos Energy's acts or practices.

29. Each signatory to this Settlement Agreement represents and warrants that it/he/she has informed, advised and otherwise consulted with the Party for whom it/he/she signs regarding the contents and significance of this Settlement Agreement and has obtained authority to sign on behalf of such Party, and based upon those communications, each signatory represents and warrants that it/he/she is authorized to execute this Settlement Agreement on behalf of its/his/her respecting Party.

30. This Settlement Agreement shall be governed by and construed under the law of the State of Tennessee, Tennessee choice of law rules notwithstanding.

31. Nothing herein limits or alters the Sovereign Immunity of the State of Tennessee or any of its entities or subdivisions.

The foregoing is agreed and stipulated to this \_\_\_\_\_ day of December, 2016.
