Rhea,

I need to cut Charles Myres and James Dowdey a check for \$1500 (each) From Tennessee Wastewater – they built the building at Settles Ridge by contract – Charles Hyatt knows about this -

Suzanne has the information for 1099 – and mail address –

I will be sending an invoice for Oct. & Nov. for DRT in the next day or two –

Thanks,

Bob

Follow Up Flag: Follow up
Flag Status: Flagged

Rhea, Wayne May was building both sheds at the same time, so the materials on these receipts represent purchases for both sheds equally. The Lowes receipts for the Grainger's Landing shed will be forthcoming (I emailed the invoice for that shed to the invoice email).

Sincerely,

Adenus

Rhea, you will not that the three receipts total only around \$1,500 while the other two identical sheds receipts averaged around \$2,700 I recall. That is because the left over materials from the Turner's Landing and German Creek sheds were used on the Grainger's Landing shed.

Sincerely,

Adenus
