RE: Docket # 16-00139 – Staff Data Request

Dear Chairman Jones,

Enclosed, please find an original and four (4) copies of TWSI's Response to Staff's Data Request regarding proof of public notice.

Commission rules require public utilities applying for a revision of rates provide public notice regarding the proposed rate changes at each of a utility's business office and through publication in a newspaper of general circulation located in the utility's service area. The rules further require the petitioner, by a duly authorized officer, or by its attorney, shall file a statement in writing on or before the date of hearing that the above notice has been published and posted, together with the date and location of said posting and publication, as required by this rule.

TWSI filed with the Commission on the date of the hearing, July 10, the required statement in compliance with this rule. Attached to the response are copies of the proofs of publication and/or copies of the actual publications.

Kind regards,

Jeff Ridsen
General Counsel

**TWSI'S RESPONSE TO TENNESSEE PUBLIC UTILITY COMMISSION'S
DATA REQUEST**

Tennessee Wastewater Systems, Inc. ("TWSI") files this response to the Tennessee Public Utility Commission's data request:

1. For each of the eight publications identified in the Statement of Publication filed on July 10, 2017, provide a copy of the actual public notice of the hearing published therein on the date indicated in the Statement of Publication.

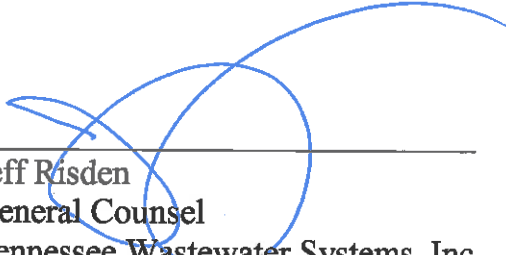

RESPONSE: Please see the attached proofs of publication and/or copies of publication.

2. Did TWSI provide public notice of the hearing to any customers by bill inserts or direct mail? If so, please identify all customers who received public notice by bill inserts or direct mail and provide a written copy of the actual public notice that was provided to such customers.

RESPONSE: No. TWSI originally intended, at the time of filing the petition, to provide public notice of the rate increase and hearing to customers directly through their billing statement.

However, the time and date of the hearing was not finalized until June 26, 2017, after the bills were produced for that month. As soon as the date and time for the hearing were confirmed by the Hearing Officer, the Company published notice of the rate increase and the time and date of the hearing as described above and as required by Commission rule 1220-04-01-.05.

PUBLIC NOTICE

A public hearing will be held on July 10, 2017 before the Tennessee Public Utility Commission regarding a proposed increase in Tennessee Wastewater Systems, Inc.'s wastewater rates. The purpose of this hearing is to determine the justness and reasonableness of the proposed increase. TWSI's service rates were last increased in July 2009. The Company has made efforts to control the costs of providing wastewater services, but the current increase is necessary to cover revenue shortfalls due to the increased expenses of operating wastewater systems over the last eight years. TWSI is requesting the following rate changes:

A. A 20% increase in non-cabin residential and commercial wastewater service

B. The replacement of the residential and commercial cabin categories with a new Cabin rate for all cabins billed at 3.5 cents per sketched square foot as recorded with the county register of deeds/tax accessor.

C. Escrow Recovery Rider - a \$2.46 per month surcharge for 36 months to recover the shortfall in the Company's escrow account.

D. Williamson County Capital Capacity Fee - \$6000 fee

The petition for this proposed rate increase is on file with and available to be viewed at the Tennessee

Public Utility Commission offices at 502 Deaderick St., 4th Floor, Nashville, TN 37243 or at Tennessee

Wastewater Systems Inc.'s offices at 851 Aviation Parkway, Smyrna, TN, 37167.

The public hearing on July 10, 2017 will take place at 9AM CST in the Hearing Room, Floor G at 502

Deaderick St., Nashville, TN 37243. Public comments on this matter may be filed with the Commission in

writing prior to the hearing or presented in person to the Commission at the hearing.

PUBLIC NOTICE

A public hearing will be held on July 10, 2017 before the Tennessee Public Utility Commission regarding a proposed increase in Tennessee Wastewater Systems, Inc.'s wastewater rates. The purpose of this hearing is to determine the justness and reasonableness of the proposed increase. TWSI's service rates were last increased in July 2009. The Company has made efforts to control the costs of providing wastewater services, but the current increase is necessary to cover revenue shortfalls due to the increased expenses of operating wastewater systems over the last eight years. TWSI is requesting the following rate changes:

A. A 20% increase in non-cabin residential and commercial wastewater service

B. The replacement of the residential and commercial cabin categories with a new Cabin rate for all cabins billed at 3.5 cents per sketched square foot as recorded with the county register of deeds/tax accessor.

C. Escrow Recovery Rider - a \$2.46 per month surcharge for 36 months to recover the shortfall in the Company's escrow account.

D. Williamson County Capital Capacity Fee - \$6000 fee

The petition for this proposed rate increase is on file with and available to be viewed at the Tennessee Public Utility Commission offices at 502 Deaderick St., 4th Floor, Nashville, TN 37243 or at Tennessee Wastewater Systems Inc.'s offices at 851 Aviation Parkway, Smyrna, TN, 37167.

The public hearing on July 10, 2017 will take place at 9AM CST in the Hearing Room, Floor G at 502 Deaderick St., Nashville, TN 37243. Public comments on this matter may be filed with the Commission in writing prior to the hearing or presented in person to the Commission at the hearing.
