**RE: Petition of Tennessee-American Water Company in Support of the
Calculation of the 2017 Capital Recovery Riders Reconciliation, TPUC
Docket No. 17-00020**

Dear Chairman Jones:

Please find enclosed for filing in the above-captioned matter *Tennessee-American Water Company's Final Revised Exhibits, Schedules and Workpapers in support of the Petition*. Some of the previously submitted exhibits, schedules and workpapers were revised during the cooperative discovery process. All of the changes and modifications reflected in the attachments have already been submitted as part of the official record by TAWC and served upon the parties of record. This pre-hearing filing is being made at the request of the Commission merely to compile all of the revisions in a single filing, with a single filing date for ease of reference.

For ease of reference, the following is a summary outline of this filing. During the cooperative and collaborative discussions between TAWC and the CPAD subsequent to the submission of the *Petition* in this docket, there were four (4) issues raised by the CPAD that TAWC agreed warranted revisions to the calculations and exhibits in this docket. More specifically, these four issues are as follows:

- 1) TAWC included capitalized performance compensation for 2013 – 2016 in rate base above what had been authorized in TPUC Docket No. 12-00049. A portion of the capitalized performance compensation for 2013 – 2016 was included in the Capital Recovery Riders surcharge. TAWC proposed an adjustment that would remove \$36,779 from the total reconciliation. This adjustment reflects not only the cumulative amount of capitalized incentive compensation for 2016, but an additional adjustment for each of the prior years as well. This adjustment was acknowledged in Ms. Bridwell's July 21, 2017 Pre-filed Rebuttal Testimony and is reflected on Line 26 of the revised Exhibit. Please refer to Petitioner's Exhibit – Capital Riders Reconciliation – LCB, page 1 of 1 attached to Ms. Bridwell's Pre-filed Rebuttal Testimony. The allocation methodology was presented in a new workpaper attached to Ms. Bridwell's Pre-filed Rebuttal Testimony at page 246 of 246 of the file "TAW_Revised Workpapers" and the excel version of the workpaper was labelled "TAW_Adjustment for Performance Compensation."

melvin.malone@butlersnow.com

T 615.651.6700
F 615.651.6701
www.butlersnow.com

- 2) TAWC originally allocated the Earnings Test Adjustment (Line 27 of the Exhibit) to each Capital Recovery Rider based on the Pre-Tax Return on Additions. The tariff indicates that the Earnings Test Adjustment shall be allocated to each Capital Recovery Rider based on the Actual Revenues Billed (Line 21 of the Exhibit). TAWC revised the allocation to match the tariff and acknowledged the change in Ms. Bridwell's July 21, 2017 Pre-filed Rebuttal Testimony. Refer to Petitioner's Exhibit – Capital Riders Reconciliation – LCB, page 1 of 1 attached to Ms. Bridwell's Pre-filed Rebuttal Testimony.
- 3) TAWC had not included all of the appropriate Accumulated Deferred Income Tax in the monthly rate base calculations that were used as the basis for the Earnings Test Adjustment. TAWC acknowledged this in response to Item 1 of the CPAD's Fourth Discovery Request filed on July 27, 2017. This change increased the amount of total Accumulated Deferred Income Tax, and thus increased the amount of the Earnings Test Adjustment to be included in the reconciliation calculation. The revised calculation was reflected in a supplemental response to Item 1 of the CPAD's Fourth Discovery Request, filed with the TPUC on August 4, 2017. Please refer to Line 27 of the Exhibit that was filed as an attachment to the supplemental response. The revised exhibits were provided as page 4 of 247 in pdf format as an attachment to the supplemental response, and the excel file was provided as TAW_TPUC_2016_CapRider_Recon_Adjusted_080417.xlsx. This revised Exhibit and workpapers also included the changes acknowledged as Item 1 and 2 above. A copy of the revised Earnings Test Adjustment support was included in pages 246 and 247 of 247 in pdf format of the same attachment, and the excel file supporting the revised Earnings Test Adjustment calculation was provided as TAW_TPUC_2016_Workpaper_Earnings Test Revised_080417.
- 4) TAWC had also not utilized the correct tax rate in calculation the deferred income tax on taxable Contributions in Aid of Construction. This was acknowledged in response to Item 2 of the CPAD's Fourth Discovery Request filed on August 27, 2017, and the calculation with the correct tax rate was included in the supplemental response to Item 1 of the CPAD's Fourth Discovery Request, filed with the TPUC on August 4, 2017.

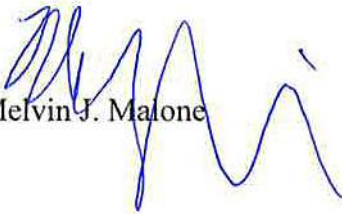

Other than those outlined above, no other changes to the calculations or methodology have occurred during the course of the proceeding. The attached final version of the exhibits and workpapers includes each of the revisions summarized above. Three (3) files included in the original *Petition*, TAW_TRA_2016_Workpaper Billing Determinants, TAW_TPUC_2016_CapRider_Cost_Detail and TAW Final Version of Exhibits 16-0022 10_4_16 have not been revised during the course of the proceeding. Because the TAW Final Version of Exhibits 16-0022 10_4_16 is a copy of the exhibits and workpapers file from Docket No. 16-00022 and has links in it for the current files, it is included in excel format but not in pdf form.

2016 Capital Rider Surcharge Reconciliation Filing

Workbook Name: TAW_TPUC_2016_Workpaper_Earnings Test Revised_080417.xlsx

Workbook Information: This workbook calculates the annual reconciliation factor percentage rate for 2016 related to the revenue requirement and the capital rider surcharges for the QIIP, SEC and EDI.

Worksheet Name	Description / Purpose of Worksheet
1. Exhibit Reconciliation	1. 2016 annual reconciliation factor percentage rate calculated from actual to budget comparison and billed revenues for each capital rider.
2. WKP 2016 In-Serviced Actual	2. 2016 actual capital rider calculations based on actual in-serviced costs, retirements, CIAC, cost of removal, depreciation, and tax depreciation for the company provided in #8. Populates the actual columns for #1.
3. WKP 2016 Retires Actual	3. 2016 actual average retirements calculation. Populates the average retirements column for #2.
4. WKP 2016 COR Actual	4. 2016 actual average cost of removal less salvage calculation. Populates the average COR column for #2.
5. WKP 2016 CIAC Actual	5. 2016 average CIAC calculation. Populates the CIAC column for #2.
6. WKP 2016 Tax Depreciation	6. 2016 average tax depreciation calculation. Populates the tax depreciation column for #2.
7. WKP 2016 In-Serviced SCEP	7. 2016 projected in-serviced costs, retirements, CIAC, cost of removal, depreciation, and tax depreciation from 2016 surcharge filing based on

Tennessee American Water

2016 Capital Rider Surcharge Reconciliation Filing

Workbook Name: TAW_TPUC_2016_Workpaper_Earnings Test Revised_080417.xlsx

Workbook Information: This workbook calculates the annual reconciliation factor percentage rate for 2016 related to the revenue requirement and the capital rider surcharges for the QIIP, SEC and EDI.

Worksheet Name	Description / Purpose of Worksheet
8. EXH 2016 SCEP	8. 2016 Strategic Capital Expenditure Plan provided in 2016 surcharge filing and docket #15-00111
9. WKP 2016 Actuals	9. 2016 actual in-serviced amounts, retirements, CIAC, and cost of removal less salvage incurred for the fiscal year. Sourced from the company's general ledger and fixed assets' system.
10. WKP Depr Rates	10. Current TRA approved depreciation rates used to calculate depreciation expense
11. WKP SAP Revenues	11. 2016 actual billed revenues for the capital riders. Sourced for the company's general ledger and customer information system.
12. SAP	12. Reconciliation of the WKP 2016 Actuals (#8) to screen shots of the SAP general ledger.
13. WKP 2016 In-Serviced Actual Proof	13. Same as #2 without array formulas
14. WKP 2016 Retires Actual Proof	14. Same as #3 without array formulas
15. WKP 2016 COR Actual Proof	15. Same as #4 without array formulas
16. WKP 2016 CIAC Actual Proof	16. Same as #5 without array formulas
17. WKP 2016 Pivot Actuals	17. Pivot table of WKP 2016 Actuals (#8)

There are four (4) other worksheets that are left blank intentionally and are used to identify and separate the Exhibits, Workpapers, Proof and Reconciliation worksheets.

Explanation:

Tennessee American Water has been authorized 3 capital riders based on a 13-month average of in-service capital projects in the forecasted period. The revenue requirement for each rider is calculated similar to how total ratebase is calculated by the Tennessee Regulatory Authority in a rate case. This table shows a comparison of the actual average over the reporting period to the proposed amount of each rider, and the total of the three.

*From Docket #15-00111 which was approved on 5/26/2016 as amended. It should be noted that the order appears to contain a \$40 typo for the SEC rider total amount.
