

BEFORE THE TENNESSEE REGULATORY AUTHORITY

NASHVILLE, TENNESSEE

March 15, 2017

RE:

TRA Docket No. 17-00023

*Petition for Expedited Review of Growth Code
Denial by the Number Pooling Administrator –
Blountville Rate Center*

**PETITION OF TELEPORT COMMUNICATIONS OF AMERICA, LLC - TN
FOR REVIEW OF CENTRAL OFFICE CODE DENIAL**

Teleport Communications of America, LLC – TN (“TCAL”), pursuant to rules adopted by the Federal Communications Commission (“FCC”) for challenging the decision of the Number Pooling Administrator, NeuStar, Inc. (“NeuStar”), hereby petitions the Tennessee Regulatory Authority (“TRA” or “Authority”) to review NeuStar’s denial of TCAL’s application for a number plan area (“NPA”), or more commonly known as area code, NPA-NXX-X in the Blountville Rate Center in order for TCAL to serve its customer.

1. TCAL is a competitive local exchange carrier (“CLEC”), certificated by the TRA, providing telecommunications services in Tennessee.
2. NeuStar is an independent, non-governmental, entity responsible for administering and managing numbering resources. See C.F.R. Section 52.13(a) and (b).
3. This petition is based upon FCC Rules which are codified at 47 C.F.R. § 52.15(g)(3)(iv) and pursuant to the Thousands-Block Number (NXX-X) Pooling Administration Guidelines (“TBPAG”) and the Central Office Code (NXX) Assignment Guidelines published by the Industry Numbering Committee (“INC”). On March 31, 2000, the FCC issued a Report and Order and

Further Notice of Proposed Rule Making related to numbering resource optimization (“FCC Order No. 00-104” or the “March Order”). On December 29, 2000, the FCC issued a Second Report and Order, on Reconsideration in CC Docket No. 96-98 and CC Docket No. 99-200, and Second Further Notice of Proposed Rulemaking in CC Docket No. 99-200 (“FCC 00-249” or the “December Order”). The Orders addressed issues and strategies relating to the efficient use of numbering.

4. In FCC Order No. 00-104 and FCC Order No. 00-429, the FCC announced rules and sought comments to implement uniform standards for numbering resources, to increase efficiency in the use of existing telephone numbers and to slow further exhaustion of telephone numbers under the North American Numbering Plan (“NANP”).

5. FCC Order No. 00-104 adopted a revised standard for assessing a carrier’s need for numbering resources by requiring carriers to report rate center based utilization to NeuStar. The FCC further required that in order to qualify for new numbering resources, applicants must prove that their existing inventory in the specified rate center will exhaust within six (6) months of the application.

6. In addition to the months-to-exhaust (“MTE”) threshold, the FCC also requires carriers to show rate center utilization of seventy-five percent (75%) to receive the additional numbering resources in the requested rate center. See FCC Order No. 00-249 at Paragraph 22; FCC Order No. 01-362 Paragraphs 50-52. Based upon the FCC’s Orders, carriers must meet both the 6 month MTE requirement and the 75% utilization threshold on a rate center basis to obtain additional number resources. *Id.* at Paragraph 29.

7. A TCAL customer, Agero, Inc., has requested 300 numbers in the Blountville Rate Center. The customer requested numbers in the 2, 7 or 8 block. A copy of the letter outlining the request is attached as Exhibit "A". TCAL has developed a plan that the customer will implement so that the 300 numbers will be assigned and activated within one hundred eighty (180) days.

8. The Blountville Rate Center, which is in the 423 Number Plan Area ("NPA") or Area Code, converted to Number Pooling on September 16, 2002. Consequently, numbering resource acquisition by a Number Pooling carrier is through an interface with NeuStar².

9. On March 6, 2017, TCAL submitted a "Thousand Block Application Form Part 1A", and a "Months-to-Exhaust and Utilization Certification Worksheet – TN Level" to NeuStar for a thousand-block of numbers in the Blountville Rate Center in order to satisfy the customer's needs for telephone services. A copy of this application is attached as Exhibit "B".

10. During the session via the Pooling Administration System ("PAS"), TCAL received an error message instructing it to "Return to the Months to Exhaust Form", the request would not process through the system without a state waiver. The error message is included in Exhibit "B". NeuStar applies both the FCC Rules and INC Guidelines. Consistent with Paragraphs 5 and 6 above, the rules require that a number block holder requesting growth resources demonstrate that existing resources within the rate center will both exhaust within six (6) months and meet the seventy-five percent (75%) utilization level. The error message indicated that the utilization threshold was NOT met.

² The federal rules in 47 C.F.R 52.15 generalize responsibilities of NANPA and the Pooling Administrator under the heading "Central office code administration".

11. Although TCAL has adequate telephone numbers to satisfy incremental requests for numbers without receiving a new block of numbers, TCAL's existing resources cannot satisfy this customer's specific need for three hundred (300) numbers in a 2, 7 or 8 block. TCAL owns only a 6 block.

12. As a result of the denial for additional numbering resources, TCAL is unable to provide the telecommunications services requested by its customer.

13. In setting its policy for the assignment of telephone numbers, the FCC designated NANPA and NeuStar, as the Pooling Administrator, to handle numbering resource administration.³ If a numbering resource administrator withholds numbering resources from a carrier, the FCC has specifically authorized state commissions to consider the denial and to overturn those decisions for reasonable cause. That authority is specifically set out in the relevant FCC Rule, 47 C.F.R. §52.15 (g) (3) (iv), which states:

The NANPA shall withhold numbering resources from any U.S. carrier that fails to comply with the reporting and numbering resource application requirements established in this part. The NANPA shall not issue numbering resources to a carrier without an OCN. The NANPA must notify the carrier in writing of its decision to withhold numbering resources within ten (10) days of receiving a request for numbering resources. **The carrier may challenge the NANPA's decision to the appropriate state regulatory Commission. The state Commission may affirm, or may overturn, the NANPA's decision to withhold numbering resources from the carrier based on its determination of compliance with the reporting and numbering resource application requirements herein.**

³ 47 C.F.R. § 52.15(a) states: "Central Office Code Administration shall be performed by the NANPA, or another entity or entities, as designated by the Commission." 47 C.F.R. § 52.20(d) states: "The Pooling Administrator shall be a non-governmental entity that is impartial and not aligned with any particular telecommunications industry segment, and shall comply with the same neutrality requirements that the NANPA is subject to under this part."

Id. (Emphasis supplied).

The FCC also clarified in the FCC Order No. 00-249 Order that carriers may appeal to states using a “safety valve” mechanism (paragraphs 57-66). The FCC contemplated the need for, and gave structure to states to respond when denials failed to consider a “specific customer request”.

14. An essential aspect of the “safety valve” provision for number denial relief is the accelerated response that is provided for in the FCC’s Order: States should act upon such a request in most instances in ten (10) business days, as noted by the FCC.

Finally, we recognize that in many instances, the failure to address a request for additional numbering resources can impair a carrier’s ability to stay in or expand business. We therefore direct states to act on carrier requests for a safety valve as expeditiously as possible. Although we do not establish a specific time limit for states to act on these requests, we believe that, in most instances, 10 business days from receipt of a request that the state determines to be sufficiently detailed and complete will be sufficient time to review and act upon safety valve requests. If a state does not reach a decision on a safety valve request within a reasonable timeframe, carriers may submit such requests to the Commission for resolution. In addition, carriers may appeal to the Commission safety valve decisions made by states, and we delegate authority to the Common Carrier Bureau to review such petitions as expeditiously as possible.

Id. at Paragraph 66.

15. TCAL seeks the Authority’s review of NeuStar’s decision to withhold numbering resources from it on the grounds that it: (1) violates the orders and rules of the FCC which grant carriers access to numbering resources to meet specific customer demands upon a sufficient showing of need and (2) interferes with TCAL’s ability to serve its customer. As the

FCC has stated, "*Under no circumstances* should consumers be precluded from receiving telecommunications services of their choice from providers of their choice for want of numbering resources." FCC Order No. 00-429 at Paragraph 61 (Emphasis added). By refusing to grant numbering resources to meet this customer's needs, NeuStar's decision prevents the customer from obtaining the service of its choice from its carrier of choice, TCAL.

Relief Sought

For these reasons, TCAL respectfully requests the TRA to expeditiously review NeuStar's decision denying TCAL's request for additional numbering resources and order NeuStar to provide the requested numbers to meet the specific requirements of TCAL's customer.

Respectfully submitted,

GULLETT, SANFORD, ROBINSON & MARTIN

)

**ORDER APPROVING REQUEST OF TELEPORT COMMUNICATIONS
OF AMERICA, LLC ("TCAL") FOR EXPEDITED REVIEW OF GROWTH CODE DENIAL AND
REVERSING CENTRAL OFFICE CODE DENIAL**

This matter came before the Tennessee Regulatory Authority ("TRA" or the "Authority") for consideration of the *Petition for Expedited Review of Central Office Code Denial* filed by Teleport Communications of America, LLC - TN ("TCAL"). After consideration of the facts contained in the record and the applicable law, the Authority approves the request of TCAL and reverses the Pooling Administrator's denial of TCAL's request for additional numbering resources in the Blountville Rate Center.

IT IS THEREFORE ORDERED THAT:

1. The Pooling Administrator's decision to deny TCAL's request for additional numbering resources should be and, therefore, is hereby reversed as stated herein.
2. The Pooling Administrator is ordered to assign the requested numbering resources for the Blountville Rate Center served by switch identification JHCYTNXCXRX.

3/2/2017

Agero, Inc.
115 Sprint Dr.
Blountville, TN 37617

AT&T TNAC:

This Letter of Intent represents a request by Agero, Inc. for 300 telephone numbers for AT&T B-VoIP Service. Agero intends to order service, in the BLOUNTVL, TN rate center. Pending AT&T's successful completion of the required testing, Agero will activate the numbers within 180 days of the effective date of the code/block.

Agero currently has an existing network configuration and therefore technical requirements exist in the following blocks.

Block 0 (0000-0999): ☐ Not Usable _____

Block 1 (1000-1999): ☐ Not Usable _____

Block 2 (2000-2999): ☐ Can use 2000-2899 _____

Block 3 (3000-3999): ☐ Not Usable _____

Block 4 (4000-4999): ☐ Not Usable _____

Block 5 (5000-5999): ☐ Not Usable _____

Block 6 (6000-6999): ☐ Not Usable _____

Block 7 (7000-7999): ☐ Can use 7100-7899 _____

Block 8 (8000-8999): ☐ Can use entire range _____

Block 9 (9000-9999): ☐ Not Usable _____

Signature of Block Applicant Title

Date

Instructions for filling out each Section of the Part 1A form:

Section 1.1 Contact information requires that Service Providers supply under "Block Applicant" the company name, company headquarters address, a contact within the company, an address where the contact person may be reached, in addition to the correct phone, fax, and e-mail address. The Pooling Administrator

section also requires the Service Provider to fill in the Pooling Administrator's name, address, phone, fax and e-mail.

Section 1.2 Service Providers who need a thousands-block assignment or for an Location Routing Number (LRN) are required to fill in this section. If needed for an LRN, a CO Code Application needs to also be submitted to the PA. The Service Provider should supply the Numbering Plan Area (NPA); the Local Access Transport Area (LATA), which is a three-digit number that can be found in the Telcordia Technologies, Inc. dba iconectiv (iconectiv™) LERG™ Routing Guide^{xi}. The Operating Company Number (OCN) assigned to the service provider and the OCN of its parent company. An OCN is a four-character alphanumeric NECA-assigned Company Code or a four-character alphanumeric identifier assigned by the iconectiv™ Telecom Routing Administration (TRA). In addition, the number of thousands-blocks requested should be supplied. The Switch Identification. Explanations of these terms may be found in the footnotes.

Section 1.3 The date the Service Provider completes the application should be entered in this section, as well as the Effective Date of the requested thousands-block.

Section 1.4 Service Providers should indicate their type, e.g., local exchange carrier, competitive local exchange carrier, interexchange carrier, CMRS or VoIP. Also indicate the primary type of business in which the numbering resource is to be used. Service Providers may indicate their preference for a particular thousands-block, e.g., 321-9XXX, or indicate any thousands-blocks that may be undesirable, e.g., 321-6XXX.

Section 1.5 Service Providers indicate the type of request. Initial requests are for first applications for thousands-blocks in a rate center, growth for additional thousands-blocks in a rate center in which the applicant already has numbering resources, and provide the required evidence as ordered by the FCC.

Section 1.6 Service Providers must indicate the updated/current information in regards to contaminated TNs on the block they are returning to the pool. Blocks with over 10% contamination (101 TNs or more) shall not be returned to the pool except when a service provider is exiting the market or is exchanging a block that was identified as being over 10% contaminated. If the block being returned is over 10% contaminated, the PA shall seek a new block holder. If question c and/or d have a response of No, the request for return shall be denied.

The thousands-block applicant certifies veracity of this form by signing their name, and providing their title and date.

Footnotes:

ⁱIdentify the type of change(s) in Section 1.5.

ⁱⁱThe Pool Administrator is available to assist in completing these forms.

ⁱⁱⁱA CO Code application will also need to be submitted to the PA.

^{iv}Operating Company Number (OCN) assignments must uniquely identify the applicant. Relative to CO Code assignments, NECA-assigned Company Codes

may be used as OCNs. Companies with no prior CO Code or Company Code assignments should contact NECA (800 524-1020) to be assigned a Company Code(s). Since multiple OCNs and/or Company Codes may be associated with a given company, companies with prior assignments should direct questions regarding appropriate OCN usage to TRA (732-699-6700).

^vThis is an eleven-character descriptor of the switch provided by the owning entity for the purpose of routing calls. This is the 11 character CLLITM Code of the switch /POL.

^{vi}Rate Center name must be a tariffed Rate Center.

^{vii}Acknowledgment and indication of disposition of this application will be provided to applicant within seven calendar days from the date of receipt of this application. An incomplete form may result in delays in processing this request.

^{viii} Please ensure that the NPA-NXX of the LRN to be associated with this block(s) is/will be active in the PSTN prior to the effective date of the block(s).

^{ix} Select if you are the current Block Holder.

^x Select if you are not the current Block Holder

^{xi} Common Language[®] and Telcordia[®] are registered trademarks and CLLITM, LERGTM Routing Guide and iconectivTM are trademarks and the Intellectual Property of Telcordia Technologies, Inc. dba iconectiv.
