Everyone I was personally affected by the fires of November should not have to go through this. They've been through enough

I was Borneo and raised in Gatlinburg so my bloodline runs deep and wide. The home I grew up in burned, many neighbors, the home and Motel that my Grandparents built burned. Our Family Church also burned. Waterlines ran out after this disaster, it was out of our control so why charge these victims with undeserved penalties. Where was any grant money or disaster relief money spent. The victims have not received it! We are not building back our home. Where is the relief for all my family and friends that suffered loss. This is ludicrous.

Are you serious?? Many fire victims are now chronically homeless because there are no affordable places to rent here!!!

These people have already suffered enough because of their corrupt leaders.
