Hon. Monica Smith-Ashford, Hearing Officer
Tennessee Public Utility Commission
502 Deaderick St., 4th Floor
Nashville, TN 37243

Re: PETITION OF SUPERIOR WATER SERVICE,
Docket No. 17-00120

Hearing Officer,

As you are aware, on December 15, 2017, the Commission opened a contested case and appointed you as hearing officer in the above Petition. Nolensville College Grove Utility District and my client, Milcrofton Utility District have a pending Motion to Intervene in this docket and related Motion to Dismiss. The CAD has also indicated that Mr. Powell's continued pursuit of relief in this docket without hiring an attorney is a violation of the civil and criminal laws of the State of Tennessee. (See CAD Letter of January 9, 2018).

Milcrofton respectfully requests that a Status Conference be had to determine the following:

1. Ruling on the pending Motion to Intervene;
2. The need for Mr. Powell to secure counsel in this matter;
3. Timing of Briefing of Motion to Dismiss;
4. Accessing the information filed under seal by all parties who are permitted to intervene.

Milcrofton will make itself available at your earliest convenience and would respectfully request that the aforementioned Status Conference be held sometime in April.

Sincerely,

A handwritten signature in blue ink, appearing to read 'BAG', with a stylized flourish extending from the end.

Benjamin A. Gastel
Counsel for Milcrofton Utility District
