

BEFORE THE TENNESSEE PUBLIC UTILITY COMMISSION

NASHVILLE, TENNESSEE

January 10, 2018

IN RE:

**PETITION FOR EXPEDITED REVIEW OF
GROWTH CODE DENIAL BY THE NUMBER
POOLING ADMINISTRATOR –
JASPER RATE CENTER**

**DOCKET NO.
18-00006**

**ORDER APPROVING PETITION FOR
REVIEW OF CENTRAL OFFICE CODE DENIAL**

This matter is before the Hearing Officer of the Tennessee Public Utility Commission (the “Commission” or “TPUC”), upon the *Petition of Teleport Communications of America, LLC – TN for Review of Central Office Code Denial* (“*Petition*”) filed by Teleport Communications of America, LLC - TN (“TCAL” or the “Company”) on January 5, 2018.

TCAL is a telecommunications public utility subject to the jurisdiction of the Commission that provides local exchange telecommunications services in the Jasper Rate Center. In its *Petition*, TCAL asserts that on or about December 19, 2017, it submitted an application to NeuStar, the Number Pooling Administrator,¹ for the assignment of two (2) 1000 blocks of numbers in the 423 area code for the Jasper Rate Center. TCAL requested these numbers in order to fulfill an order for a very large customer who requested a significant block of contiguous DID numbers to support a medical center.² TCAL indicates in its *Petition* that while it owns adequate numbers to satisfy incremental requests for number, the Company does not have adequate

¹ NeuStar is an independent non-governmental entity that is responsible for administering and managing the North American Numbering Plan (“NANP”). See 47 C.F.R. § 52.13(a), (b).

² *Petition*, p. 2 (January 5, 2018).

numbers to satisfy the request for 2000 numbers.³

NeuStar's Central Office Code (NXX) Assignment Guidelines ("NXX Guidelines") permit the assignment of additional codes only after an applicant demonstrates that its rate center has a 75% utilization rate and exhaustion of existing numbering inventory does not exceed six months.⁴ At the time of TCAL's code request, the Jasper Rate Center had a utilization rate of approximately 15% and a months-to-exhaust ratio of approximately 2.55 months.⁵ Therefore, because the rate center's current utilization rate does not meet the criteria in the NXX Guidelines, NeuStar denied TCAL's application.⁶

The Federal Communications Commission ("FCC") has authorized the Commission to review NeuStar's decision to deny a numbering application.⁷ The FCC has further stated that a state commission may overturn a decision of the Numbering Pooling Administrator when "a carrier demonstrates that it has received a customer request for numbering resources in a given rate center that it cannot meet with its current inventory."⁸ Upon consideration of the facts contained in the record, the public interest, and the Commission's charge to foster competition in the telecommunications industry,⁹ the Hearing Officer agrees that TCAL's request should be approved.

IT IS THEREFORE ORDERED THAT:

1. The Number Pooling Administrator's decision to deny Teleport Communications

⁹ See Tenn. Code Ann. § 65-4-123.

of America, LLC - TN's application for additional numbering resources, as set forth in its *Petition for Review of Central Office Code Denial* and discussed herein, is reversed.

2. The Number Pooling Administrator is directed to provide two (2) 1000 blocks of numbers to Teleport Communications of America, LLC - TN to meet the specific requirements of its customer within the 423 area code in the Jasper Rate Center for Switch Identification No. CHTGTNNSXEY.

Aaron J. Conklin, Hearing Officer
