Re: Petition of Chattanooga Gas Company for Approval of an Adjustment in Rates and Tariff; the Termination of the AUA Mechanism and the Related Tariff Changes and Revenue Deficiency Recover; and an Annual Rate Review Mechanism
TPUC Docket No. 18-00017

Dear Ms. Smith-Ashford:

On behalf of Chattanooga Gas Company ("CGC" or "Company"), pursuant to the directive in your March 23, 2018, Order Establishing Procedural Schedule, in Docket No. 18-00017 ("Order"), for parties to provide "all supporting worksheets in Excel format with working formulas intact" for any pre-filed testimony or other filings prior to the date of the Order, please be advised that CGC believes that it has already complied with this directive in our filings to date. However, in an abundance of caution, the Company is in the process confirming with its witnesses whether we have filed something that originated as an Excel workbook with formulas that was not filed in its native format. If we do identify any such documents, we shall make the appropriate filing and provide the parties with the appropriate copies.

Please let us know if you have any further questions regarding this matter.

Sincerely,

Berger Singerman LLP

Floyd R. Self
