RE: WNA Factors

Dear Mr. Foster,

This letter is being sent for informational purposes to confirm the Weather Normalization Adjustment (“WNA”) factors currently in effect for Piedmont. Pursuant to Docket No. 18-00040 (*Compliance Filing of Piedmont Natural Gas Company, Inc. Regarding the Impact of Federal Tax Reform on Public Utility Revenue Requirements*), Piedmont implemented new base rates effective beginning June 2019. Accordingly, the Company also updated the “R” factors (aka “base rates”) applicable for the WNA computation.

A schedule of the WNA factors effective beginning June 2019 is enclosed.

Please let me know if you have any questions.
