**APPLICATION OF MAGNA5 LLC FOR AUTHORITY
TO PROVIDE COMPETING LOCAL EXCHANGE & INTEREXCHANGE SERVICE**

Magna5 LLC ("Magna5" or "Applicant"), pursuant to T.C.A. § § 65-2-103, 65-2-102 and 65-4-201; Section 253 of the Federal Telecommunications Act of 1996; and Section 1220-4-8-.04 of the Rules of the Tennessee Public Utility Commission, Division of Public Utilities (the "Commission"), respectfully submits this Application for Authority to Provide Competing Local Exchange and Interexchange Telecommunications Services within the State of Tennessee.

Applicant intends to provide local exchange service to customers located in non-rural local exchange carriers' service areas of Tennessee. Applicant intends to provide interexchange service statewide. Should its Application be granted, Magna5 plans to commence offering service after the establishment of the appropriate and necessary resale and interconnection arrangements with the incumbent Local Exchange Carriers ("LECs"). Initially, Applicant will be negotiating an interconnection/resale agreement with BellSouth Telecommunications, Inc. d/b/a AT&T Tennessee ("AT&T") to provide local service.

In support of its Application, Magna5 submits the following:

II. Description of the Applicant

1. General Information

Applicant is a Delaware Limited Liability Company, which was formed on October 10, 2014. Applicant is headquartered at 5445 Legacy Drive, Suite 180, Plano, Texas 75024. Magna5 is authorized to transact business in the State of Tennessee.

2. Customer Service

Applicant's customer service department may be contacted via a toll-free number, (866) 240-1912. The Company will maintain a Customer Service Department exclusively for Customer’s questions, requests for service, complaints and trouble handling. The Company’s Customer Service address and toll free number(s) will be printed on the Customer’s bill. The Customer Service Department will be located at 5445 Legacy Drive, Suite 180, Plano, Texas 75024.

Office Hours- Excluding holidays, Customer Service Representatives will be available 8:00 AM to 5:00 PM standard time Monday through Friday. After hours, and on holidays, Customers will be automatically forwarded to an answering service for messaging and paging.

Complaint Procedures - The Customer shall pose any inquiries or disputes directly to the Company for resolution. Written communications should be directed to the Company's Customer Service department. All undisputed portions of any outstanding balance due are to be paid while resolution of the inquiry or dispute is pending. The Company will investigate a Customer inquiry or dispute and report the findings to the Customer. If the Company finds its actions to be consistent with its Tariff, the Company will inform the Customer of its no fault finding and require full payment of any outstanding balance due. If the Customer is not satisfied with the Company's resolution of an inquiry or dispute, the Customer may refer the matter to the Commission for determination.

III. Magna5 Possesses the Technical, Managerial and Financial Expertise Necessary to Provide Local Exchange Service

Magna5 possesses the requisite technical, financial and managerial capabilities to operate as a competitive telecommunications provider. These capabilities are explained in detail below.

1. Financial Qualifications

Magna5 is financially able to provide the services proposed in its tariff as evidenced by its Balance Sheet, Income Statement, and Statement of Cash Flows for 2015, 2016, and 2017. See **Exhibit C**.

2. Managerial Qualifications

Magna5's senior management team is highly skilled, and has had extensive experience in the telecommunications industry. Using this expertise, Magna5's management team has developed innovative marketing and customer care programs, and provides its customers with high quality advanced services at competitive rates. Magna5 has extensive experience in the technical, managerial, and financial aspects of the telecommunications industry. See **Exhibit D**.

3. Technical Qualifications and Proposed Service Area

Applicant's key management personnel have significant business and telecommunications experience. Magna5 is currently providing Voice-over Internet Protocol ("VoIP") services nationwide. In addition to VoIP, Magna5 is authorized to provide local exchange and/or interexchange services in Alabama, Arizona, California, District of Columbia, Florida, Georgia, Iowa, Idaho, Illinois, Indiana, Kansas, Kentucky, Maryland, Massachusetts, Michigan, Minnesota, Missouri, Montana, North Carolina, North Dakota, Nevada, New Hampshire, New Jersey, New York, Ohio, Oklahoma, Oregon, Pennsylvania, South Dakota, Texas, Utah, Vermont, Washington, Wisconsin, and West Virginia.

Magna5 will resell services and provide service using unbundled network elements ("UNE") obtained through commercial and/or interconnection agreements, utilizing the facilities of the existing LECs or other competitive carriers that presently serve Tennessee. The company has no plans to install facilities in the State of Tennessee.

The Applicant proposes to offer its services throughout the State of Tennessee in non-rural areas, specifically targeting Nashville, Knoxville, Memphis and Chattanooga. These areas are currently being served by AT&T and CenturyLink, which are designated open to competition.

As the foregoing illustrates, Magna5 possesses considerable telecommunications expertise. Applicant will also rely upon the technical expertise and telecommunications experience of its underlying carriers. Thus, Magna5 is technically qualified to provide local exchange and interexchange telecommunications services in Tennessee. Applicant also is willing to adhere to all applicable Commission policies, rules and orders.

IV. Approval of Magna5's Application is in the Public Interest

Granting Magna5's Application is consistent with the public interest, and, in that regard Applicant makes the following representations to the Commission:

- a. Applicant possesses the technical, financial, and managerial resources sufficient to provide the services requested;
- b. Applicant's services will meet the service standards required by the Commission;
- c. The provision of services by Applicant will not adversely impact the availability of affordable local exchange service;
- d. Applicant, to the extent it is required to do so by the Commission, will participate in the support of universally available telephone service at affordable rates; and,
- e. The provision of local exchange and interexchange services by Applicant will not adversely impact the public interest.

The demands of a competitive market are a better means to achieve affordability and quality of service than a monopoly environment. As competitors vie for market share, they will compete based upon price, innovation and customer service.

Those providers that offer consumers the most cost effective products will gain market share. In contrast, providers whose products do not meet the needs of consumers will lose market share and may ultimately, be eliminated from the industry.

Additionally, Magna5's entry into the local exchange and interexchange markets will not unreasonably prejudice or disadvantage any telephone service providers. Incumbent local exchange carriers presently serve a large majority of the local exchange customers in Tennessee. The major advantages of incumbency (i.e., ownership of the existing local network as well as access to, and long-standing relationships with, every local customer) constitute a substantial obstacle to new entrants. Moreover, exchange services competition will stimulate the demand for the services supplied by all local service carriers, including those of the incumbent LECs. Thus, in a competitive market, there will be increased potential for such LECs to generate higher revenues. Additionally, in a competitive market, incumbent providers will have market

incentives to improve the efficiency of their operations, thereby reducing their costs and ultimately their profit margins.

In this regard, approval of this Application is clearly in the public interest.

V. Description of Services Offered

Magna5 proposes to offer resold local exchange, interexchange, dedicated point-to-point private line service, VoIP, and dedicated Internet access to business customers only, effective immediately upon approval of this application. Magna5's voice product offerings include local dial tone, local calling features, bundled feature packages, 1+ outbound long and inbound toll free service. All services are offered over both switched and dedicated facilities including Integrated Services Digital Network (ISDN). Magna5's data product offerings provides bandwidth starting and T-1 (1.544 Mbps) and proceeds into the high speed optical carrier networks. All operator services and access to 911 services will remain with the underlying carrier. Magna5 will not provide alternate operator or switched access services.

The Applicant's IntraLATA Presubscription Implementation Plan is attached hereto as **Exhibit F**. Applicant's proposed tariffs are attached hereto as **Exhibit K**.

VI. Waivers and Regulatory Compliance

Magna5 requests that the Commission grant it a waiver of those regulatory requirements inapplicable to competitive local service resellers such as Financial Record-Keeping System pursuant to Tennessee Rules and Regulation 1220-4-1-.11(1). Such rules are not appropriate or necessary for competitive providers and constitute an economic barrier to entry into the local exchange market.

1. Financial Record-Keeping System

a. Magna5 requests that it be exempt from any record-keeping rules or regulations that might require a carrier to maintain its financial records in conformance with the Uniform System of Accounts ("USOA"). The USOA was developed by the FCC as a means of regulating telecommunications companies subject to rate base regulation, and as a competitive carrier, Magna5 does not maintain its financial records in this manner.

b. As a competitive carrier, Magna5 maintains its book of accounts in accordance with Generally Accepted Accounting Principles ("GAAP"). Neither the FCC, nor the Commission, has required Magna5 to maintain its records under the USOA for purposes of Magna5's interexchange operations. Thus, Magna5 does not possess the detailed cost data required by USOA, nor does it maintain detailed records on a state-specific basis. As a competitive provider, Magna5's network operations are integrated to achieve maximum efficiency. Having to maintain records pertaining specifically to its Tennessee local service operations would place an extreme burden on Magna5.

c. Moreover, Magna5 asserts that because it utilizes GAAP, the Commission will have a reliable means by which to evaluate Magna5's operations. Therefore, Magna5 hereby respectfully requests to be exempted from the any USOA requirements of the Commission.

d. The Applicant does agree that it will provide wire line activity reports as required by Commission rules and regulations.

2. Local Exchange Directories

Magna5 requests that it not be required to publish local exchange directories. Magna5 will make arrangements with the incumbent LECs whereby the names of Magna5's customers will be included in the directories published by the incumbent LECs. LEC directories will also be modified to include Magna5's customer service number. These directories will be

distributed to Magna5's customers. This approach is entirely reasonable and will have a direct benefit to the customers of both Magna5 and the incumbent LEC since they need only refer to one directory for a universal listing of customer information. It would be an unnecessary burden on Magna5 to require that it publish and distribute its own directory to all customers located within each exchange area, particularly since nearly all of these customers will be customers of the incumbent LECs. It is more efficient for Magna5 to simply include its limited customer list in the existing directories of the incumbent LECs.

VII. Regulatory Obligations

Applicant shall provide, either directly or indirectly or through arrangements with other carriers or companies, to the extent required by law or regulation:

1. Provide access to 911 and E 911 emergency service;
2. Provide white page directory listings and directory assistance;
3. Provide consumer access to and support for the Tennessee Relay Center in the same manner as incumbent local exchange telephone companies; and
4. Provide free blocking service for 900, 976 type services in accordance with Commission policy.

Applicant shall also:

1. Provide support for universal service in a manner determined by the Commission. This requirement shall not be construed as prohibiting the granting of a certificate before the universal service issues are determined by the Commission;
2. Provide interconnection with other certificated carriers or Commission authorized carriers on a nondiscriminatory basis under reasonable terms and conditions;
3. Comply with Commission basic service standards as defined in any applicable rules and decisions of the Commission; and
4. Provide equal access to authorized inter-and intraLATA long distance providers, unless otherwise exempted by the Commission.

VIII. Conclusion

This Application demonstrates that Magna5 LLC, possesses the technical, financial and managerial resources to provide resold local exchange and interexchange service in the State of Tennessee. Furthermore, granting this Application will promote the public interest by increasing the level of competition in the Tennessee telecommunications market. Ultimately, competition will compel all exchange telecommunications service providers to operate more efficiently and with resulting reduced prices for consumers. In addition, as a result of competition, the overall quality of local exchange service will improve. As stated above, Applicant does not intend to provide local service, by its own facilities or otherwise, to any customer located in a rural incumbent LEC's service area, until Applicant provides such LECs notice of intent at least 30 days prior to the date of the intended service, or as otherwise required by law.

Wherefore, Magna5 LLC, respectfully petitions this Tennessee Public Utility Commission for a Certificate of Public Convenience and Necessity to Provide Competing local exchange and interexchange telecommunications services in the State of Tennessee in accordance with this Application and for such other relief as it deems necessary and appropriate.

Respectfully submitted,
Magna5 LLC

BIOGRAPHY INFORMATION

Richard C. “Rick” Lottie

A merit graduate of the U.S. Naval Academy, Rick Lottie served on active duty as a Marine Corps infantry officer from 1969 to 1974. Subsequently joining EDS, he remained largely in the information technology services sector until his retirement from the corporate world in 2003. His time in business included 21 years at EDS, plus a number of years each at Perot Systems, MCI Systemhouse (acquired by EDS in 1999) and AMS. He also served as a customer partner with the software firm Trilogy, where he was responsible for Trilogy’s accounts at IBM and EMC.

Originally a systems engineer, he progressed through management, sales, and various executive positions, including a group executive role at MCI Systemhouse, in which he was responsible for all outsourcing accounts and centers, outsourcing sales, and technical delivery services, encompassing a \$1 billion P&L and 4,200 employees in Canada, the U.S. and Europe.

Additionally, at AMS, he served as an executive vice president and an officer of the then publicly held company. While at EDS, he was recognized as the credit union division’s salesman of the year for three consecutive years, selling a three-year contract to the largest credit union to date and exceeding quota by at least a factor of three every year. Additionally, at EDS, he established a commercial outsourcing sales organization, winning large integration and outsourcing contracts with such firms as Caterpillar, Snyder General, and Northwest Airlines.

At MCI Systemhouse, he was instrumental in establishing the U.S. systems integration and outsourcing business, selling, negotiating and managing multi-hundred million dollar contracts with large, multinational corporations, including FMC Corporation, Moore and Apple Computer. Internally, he led the rationalization and standardization of a multi-platform environment, consolidating hardware and software to form a more efficient, cost-effective delivery infrastructure.

Philanthropically, Rick served six years as a board member with the Marine Corps Scholarship Foundation, where he and his wife, Vickie, endowed a perpetual scholarship in honor of his Marine Corps Basic School class. He has also served on the Dallas-Fort Worth fundraising committee for the Fisher House Foundation, and was on the finance advisory committee of the Injured Marine Semper Fi Fund. Additionally, he is past chairman of the board of the Marine Corps War Memorial Foundation, a former board member of the Admiral Nimitz Foundation, a past local trustee for the Children’s Organ Transplant Association, a lifetime member of the First Marine Division Association, a benefactor member of the Marines’ Memorial Association, and a founding member of the U.S. Naval Academy Alumni Association President’s Circle.

Rick and his wife Vickie reside in the Dallas, Texas area, and are the parents of two adult children.

Joe O'Hara
Chief Financial Officer

Chief Financial Officer Joe O'Hara brings a wealth of financial acumen specific to the telecommunications industry to Magna5. In his role, he oversees corporate finance and accounting functions for the company, including financial reporting, planning and analysis.

Before joining Magna5 in January 2017, Joe was the CFO of ANPI, LLC where he led various initiatives of corporate development activity, including the launch of a start-up subsidiary and other business expansion initiatives. During his time at ANPI, Joe was in a variety of finance roles, including Director of Finance and Accounting.

While responsible over the finance function, he worked to secure equity capital for the organization through multiple private placement offerings and by establishing commercial debt facilities, providing capital for the organization to successfully pursue its growth initiatives.

Throughout his time at ANPI, Joe worked closely with the Chief Executive Officer and the Board of Directors regarding the strategic focus of mergers and acquisitions activity and led critical activities surrounding due diligence, structuring, negotiations and final documentation.

Joe is a licensed Certified Public Accountant in Texas and Illinois, and is accredited in business valuation. He also holds a Masters of Business Administration degree with a concentration in finance from the University of Illinois at Urbana-Champaign.

Walter "Skip" Maner
NewSpring
General Partner

Skip Maner is a General Partner of NewSpring and Director of the Firm's dedicated buy and build strategy, NewSpring Holdings. Skip is an executive with over 25 years of successful entrepreneurial, private equity investing and fund leadership experience.

Prior to joining NewSpring in 2013, Skip operated in a wide range of industry segments and many stages of company maturity; and had taken a lead role in the formation and growth of several industry-leading companies such as WebLogic (acquired by BEA Systems/Novell), Procurian (acquired by Accenture), SkyBitz (acquired by Telular Corp.) and ICCNexergy (now Inventus Power).

Most recently, he served as COO and Managing Principal of Inverness Graham Investments, a lower middle market buyout fund with \$250 million under management. Prior to Inverness, Skip was a Managing Director with Internet Capital Group, a Senior Associate at TL Ventures and Safeguard Scientifics where he was responsible for lead investing, active management of portfolio companies and transaction negotiations.

Additionally, Skip has deep operating experience, having founded, built and sold two companies.

He received a BA from the University of Richmond and an MBA from The Wharton School of Business at The University of Pennsylvania.

INTRALATA PRESUBSCRIPTION IMPLEMENTATION PLAN

**MAGNA5 LLC (“Magna5”)
IntraLATA Presubscription Implementation Plan**

I. Purpose

The intent of this Plan is to provide a proposal that, upon implementation, would provide customers the ability to select the telecommunications carrier of their choice for routing their intraLATA toll calls. Magna5 proposes to implement intraLATA toll dialing parity from the date it receives authority to provide local exchange services in Tennessee and has entered into interconnection arrangements with the ILECs. Magna5 proposes to provide toll dialing parity to the Chattanooga, Knoxville, Memphis and Nashville LATAs. Attached hereto are the exchange areas that Magna5 proposes to provide intraLATA toll dialing parity.

II. Carrier Selection Procedures

Magna5 will implement the full 2-PIC (Primary Interexchange Carrier) carrier selection methodology. With the full 2-PIC methodology, customers will be able to presubscribe to one telecommunications carrier for interLATA toll calls and presubscribe to the same or a different participating telecommunications carrier, including their existing local exchange company, for all intraLATA toll calls. Orders for changes will be accepted and processed beginning on the implementation date.

Magna5 employees who communicate with the public, accept customer orders, and serve in customer service capacities will be trained to explain the process to customers for making PIC changes for intraLATA toll calls. Business Office personnel will be prepared to make changes in customer records based upon requests from customers or carriers and direct customers to their chosen intraLATA carriers. Processes will be in place to provide new customers with an opportunity to choose their intraLATA toll carrier from a list of available carriers. Magna5 will implement a PIC change charge waiver period of 90 days.

New Customers

Customers who contact Magna5 requesting new telephone exchange service will be provided a list of telecommunications carriers available to provide interLATA toll service. Upon implementation of intraLATA toll presubscription, the customer will be provided a second list of carriers, including Magna5 that provides intraLATA toll service in their exchange. The list of intraLATA toll carriers will be presented in a competitively neutral manner. Customers who do not make a positive choice for an intraLATA toll carrier will be identified within Magna5's system as a "no-PIC" and will not be automatically defaulted to a carrier. Customers identified as "no-PIC" within Magna5's systems will be required to dial 101XXXX to place intraLATA toll calls until they make an affirmative choice for an intraLATA toll carrier.

III. Customer Education/Notification

Customers will receive information explaining their opportunity to select an intraLATA carrier a minimum of 30 days in advance of the offering of intraLATA toll dialing parity via a bill message. In addition, during the 30 days following implementation of intraLATA Dialing Party, customers will receive a bill insert also explaining their opportunity to select an intraLATA carrier. Magna5 anticipates that promotional strategies by carriers will contribute to customer awareness of intraLATA toll dialing parity. Customer telephone directories will be updated as new editions are published to reflect the opportunity for customers to choose an intraLATA toll carrier.

IV. Carrier Notification

Current interexchange carriers will be notified of Magna5's intraLATA toll dialing parity implementation via letter approximately 90 days in advance of the proposed implementation date. Carriers should provide a list of exchanges in which they plan to offer intraLATA toll service at least 60 days in advance of Magna5's implementation date. Magna5 needs notification in advance to include the carrier on the list of participating carriers in each Magna5 exchange. Certified carriers who enter the market after implementation will be added to the list of participating carriers within 30 days of notifying Magna5.

Magna5 will provide subscriber listing information to carriers in "readily accessible" tape or electronic formats in a timely manner as requested through the processes that currently exist for the interLATA market. The process includes subscriber listing updates to carriers for new customers who choose that carrier or of existing customers of a carrier who revise their subscriber listing information. In addition, carriers can obtain complete subscriber listings in several formats. The provision of this information is in compliance with FCC Order No. 96-333, Paragraph 389.

Magna5 will comply with Part 51, Sections, 305, 307, 325, 327, 329, 331, 333 and 335 of the FCC Order in providing the required information and notice to the public of network changes. Magna5 plans to file a public notice with the FCC, with possible migration of the notice to the Internet process as described in Section 329. The notice will include network information as outlined in Section 327. The notice will be provided within the timeframes described in Sections 331-333. Magna5 will comply with all rules of the FCC and the TRA.

V. Non-Discriminatory Access

Magna5 will provide:

- non-discriminatory access to emergency services and services for the hearing and speech impaired;
- non-discriminatory access to local and long distance directory assistance and provision of local telephone directories to end users;
- non-discriminatory access to operator services;
- non-discriminatory access using standard dialing patterns to all interLATA and intraLATA long distance carriers, including 1+ and 0+ access to the customer's carrier of choice for interLATA calls; and
- non-discriminatory access to telephone numbers and number portability where technically and economically feasible.

VI. Slamming Policy

Verification of orders

Magna5 will not submit a change order for local exchange or intrastate toll service until the change order is confirmed in accordance with one of the following procedures:

(a) Magna5 has obtained the customer's written authorization to submit the order which includes the following information from the customer:

- (1) The customer billing name, billing telephone number and billing address and each telephone number to be covered by the change order;
- (2) The decision to change; and
- (3) The customer's understanding of the change fee.

(b) Magna5 has obtained the customer's authorization, as described in (a) of this subsection, electronically.

Calls to the number(s) shall connect a customer to a voice response unit, or similar, that records the required information regarding the change, including automatically recording the originating automatic number identification (ANI).

(c) An appropriately qualified and independent third party operating in a location physically separate from the telemarketing representative has obtained the customer's oral authorization to submit the change order that confirms and includes appropriate verification data in (a) of this subsection.

Implementing order changes

(a) Telemarketing orders. Within three business days of any telemarketing order for a change, Magna5 will send each new customer an information package by first class mail containing at least the following information concerning the requested change:

- (1) The information is being sent to confirm a telemarketing order placed by the customer.
- (2) The name of the customer's current telecommunications company.
- (3) A description of any terms, conditions or charges that will be incurred.
- (4) The name of the newly requested telecommunications company.
- (5) The name of the person ordering the change.

- (6) The name, address and telephone number of both the customer and Magna5.
- (7) A postpaid postcard which the customer can use to deny, cancel or confirm a service order.
- (8) A clear statement that if the customer does not return the postcard, the customer's service will be switched fourteen days after the date the information package was mailed. If customers have cancelled their orders during the waiting period, Magna5 cannot submit the customer's order.
- (9) The name, address and telephone number of a contact point for consumer complaints.
- (b) The documentation of the order shall be retained by Magna5, at a minimum, for twelve months to serve as verification of the customer's authorization to change its telecommunications company. The documentation will be made available to the customer upon request.
- (c) Customer initiated orders. Magna5 when receiving the customer initiated request for a change of local exchange and/or intrastate toll shall keep an internal memorandum or record generated at the time of the request. Such internal record shall be maintained by Magna5 for a minimum of twelve months to serve as verification of the customer's authorization to change telecommunications companies. The internal record will be made available to the customer upon request. Within three business days of the order, Magna5 will send each new customer an information package by first class mail containing at least the following information concerning the request to change.

SMALL & MINORITY OWNED TELECOMMUNICATIONS BUSINESS
PARTICIPATION PLAN

MAGNA5 LLC

SMALL & MINORITY OWNED TELECOMMUNICATIONS BUSINESS PARTICIPATION PLAN

Pursuant to T.C.A. §65-5-212, as amended, Magna5 LLC (“Magna5”) submits this small and minority-owned Telecommunications business participation plan (the “Plan”) along with its Application for a Certificate of Public Convenience and Necessity to provide competing intrastate and local exchange services in Tennessee.

I. PURPOSE

The purpose of §65-5-212 is to provide opportunities for small and minority-owned businesses to provide goods and services to Telecommunications service providers. Magna5 is committed to the goals of §65-5-212 and to taking steps to support the participation of small and minority-owned Telecommunications businesses in the Telecommunications industry. Magna5 will endeavor to provide opportunities for small and minority-owned Telecommunications businesses to compete for contracts and subcontracts for goods and services. As part of its procurement process, Magna5 will make efforts to identify and inform minority-owned and small businesses that are qualified and capable of providing goods and services to Magna5 of such opportunities. Magna5’s representatives have already contacted the Department of Economic and Community Development, the administrator of the small and minority-owned Telecommunications assistance program, to obtain a list of qualified vendors. Moreover, Magna5 will seek to increase awareness of such opportunities so that companies not otherwise identified will have sufficient information to participate in the procurement process.

II. DEFINITIONS

As defined in §65-5-212.

Minority-Owned Business. Minority-owned business shall mean a business which is solely owned, or at least fifty-one percent (51%) of the assets or outstanding stock of which is owned, by an individual who personally manages and controls daily operations of such business, and who is impeded from normal entry into the economic mainstream because of race, religion, sex or national origin and such business has annual gross receipts of less than four million dollars (\$4,000,000).

Small Business. Small Business shall mean a business with annual gross receipts of less than four million dollars (\$4,000,000).

III. ADMINISTRATION

Magna5's Plan will be overseen and administered by the individual named below, hereinafter referred to as the Administrator, who will be responsible for carrying out and promoting Magna5's full efforts to provide equal opportunities for small and minority-owned businesses. The Administrator of the Plan will be:

Joseph O'Hara, Chief Financial Officer
Magna5 LLC
5445 Legacy Drive, Suite 180
Plano, Texas 75024
Phone: 214-932-9293
Toll-Free Customer Service: 866-240-1912
E-Mail: regulatory@magna5global.com

The Administrator's responsibilities will include:

(1) Maintaining an updated Plan in full compliance with §65-5-212 and the rules and orders of the Tennessee Public Utility Commission.

- (2) Establishing and developing policies and procedures necessary for the successful implementation of the Plan.
- (3) Preparing and submitting such forms as may be required by the Tennessee Public Utility Commission, including the filing of required annual updates.
- (4) Serving as the primary liaison to and cooperate with the Tennessee Public Utility Commission, other agencies of the State of Tennessee, and small and minority-owned businesses to locate and use qualified small and minority-owned businesses as defined in §65-5-212.
- (5) Searching for and developing opportunities to use small and minority-owned businesses and encouraging such businesses to participate in and bid on contracts and subcontracts.
- (6) Providing records and reports and cooperate in any authorized surveys as required by the Tennessee Public Utility Commission.
- (7) Establishing a record-keeping system to track qualified small and minority-owned businesses and efforts to use such businesses.
- (8) Providing information and educational activities to persons within Magna5 and training such persons to seek out, encourage, and promote the use of small and minority-owned businesses.

In performance of these duties, the Administrator will utilize a number of resources, including:

- Chambers of Commerce
- The Tennessee Department of Economic and Community Development
- The United States Department of Commerce
- Small Business Administration
- Office of Minority Business
- The National Minority Supplier Development Counsel
- The National Association of Women Business Owners
- The National Association of Minority Contractors
- Historically Black Colleges, Universities, and Minority Institutions

The efforts to promote and ensure equal opportunities for small and minority-owned businesses are primarily spelled out in the Administrator's duties above. Additional efforts to provide opportunities to small and minority-owned businesses will include offering, where appropriate and feasible, small and minority-owned businesses assistance with technical, insurance, bonding, licensing, production, and deadline requirements.

IV. RECORDS AND COMPLIANCE REPORTS

Magna5 will maintain records of qualified small and minority-owned business and efforts to use the goods and services of such businesses. In addition, Magna5 will maintain records of educational and training activities conducted or attended and of the internal procurement procedures adopted to support this plan.

Magna5 will submit records and reports required by the Tennessee Public Utility Commission concerning the Plan. Moreover, Magna5 will cooperate fully with any surveys and studies required by the Tennessee Public Utility Commission.

- A. Magna5 intends to market its services via direct sales by Magna5's employees.

III. Managerial, Technical and Financial Qualifications

16. Q. Does Magna5 have sufficient managerial, technical, and financial resources and ability to provide the telecommunications services proposed in its Application?
- A. Yes. Magna5 has sufficient technical, financial, and managerial resources and ability to provide the telecommunications services for which authority is sought herein. Magna5's personnel represent a broad spectrum of business and technical disciplines, possessing many years of individual and aggregate telecommunications experience. My qualifications and experience, as well as members of Magna5's current management team, are discussed on Exhibit D which is attached to our Application in support of Applicant's managerial and technical ability to provide the services for which authority is sought herein.
17. Q. How does Magna5 handle customer service requests?
- A. Applicant's customer service department may be contacted nationwide via a local or toll-free number. The Company will maintain a Customer Service Department exclusively for Customer's questions, requests for service, complaints and trouble handling. The Company's Customer Service address and applicable local or toll free number(s) will be printed on the Customer's bill. The Customer Service Department will be located at 5445 Legacy Dr., Suite 180, Plano, TX 75024. Office Hours- Excluding holidays, Customer Service Representatives will be available 8:00 AM to 5:00 PM central standard time Monday through Friday. After hours, Sundays and on holidays, Customers will automatically be forwarded to an answering service for messaging and paging. Complaint Procedures - The Customer shall pose any inquiries or disputes directly to the Company for resolution. Written communications should be directed to the Company's Customer Service department. All undisputed portions of any outstanding balance due are to be paid while resolution of the inquiry or dispute is pending. The Company will investigate a Customer inquiry or dispute and report the findings to the Customer. If the Company finds its actions to be consistent with its Tariff, the Company will inform the Customer of its no fault finding and

require full payment of any outstanding balance due. If the Customer is not satisfied with the Company's resolution of an inquiry or dispute, the Customer may refer the matter to the Tennessee Public Utility Commission for final determination.

18. Q. Please describe the financial condition of Magna5.

A. In support of Magna5's financial ability to provide the services sought herein, a copy of Magna5's Balance Sheet, Income Statement, and Statement of Cash Flows for 2015, 2016, and 2017, was submitted as Exhibit C to its Application.

IV. Public Interest

19. Q. How will residents of Tennessee benefit from Magna5's services and presence in Tennessee?

A. The Tennessee Public Utility Commission's grant of this certificate is in the public interest because residential and business consumers of telecommunications services within Magna5's service territory will receive increased choice, improved quality of service, and heightened opportunities to obtain improved technology in the homes and businesses. Market incentives for new and old telecommunications providers in Tennessee will be improved greatly through an increase in the diversity of suppliers and competition within the local exchange telecommunications market. Consistent with the Tennessee Public Utility Commission's intent to aid in the development of a competitive telecommunications environment in Tennessee, the granting of a certificate of authority to provide local exchange and interexchange service will offer increased efficiency to the State's telecommunications infrastructure through greater reliability of services and an increase in competitive choices.

20. Q. Does this conclude your testimony?

A. Yes. I would like to thank the Tennessee Public Utility Commission for this opportunity to provide information relevant to Magna5's Application and am ready to provide any additional information that the Tennessee Public Utility Commission may need in making its decision.

EXHIBIT “T”
NUMBERING ISSUES & TENNESSEE SPECIFIC OPERATION ISSUES

Numbering Issues

1. Applicant’s expected demand for NXXs within a year of approval of our application is 60 to 80 NXXs per NPA.
2. Applicant estimates it will request 60 NXXs from NANPA when we establish our service footprint.
3. We expect to establish our initial service footprint in the 615 and 931 NPAs within 6 months of certification.
4. The company will sequentially assign numbers within NXXs if it is required by Tennessee Public Utility Commission rules and regulations. In other jurisdictions customer requirements have dictated the non-sequential assignment of telephone numbers.
5. The company will follow NANPA guidelines and Tennessee Public Utility Commission regulations and assign numbers accordingly.
6. When ordering NXXs for growth, we follow the forecasting guidelines set by NANPA and the state regulatory body.

Tennessee Specific Operation Issues

1. Our current billing system will allow us to bill the calling plan in compliance with TCA Section 65-21-114.
2. At this time, the company is not aware of the Tennessee County Wide Calling database maintained by AT&T and the procedures to enter your telephone numbers on the database. The company intends to address all interconnection requirements and procedures with AT&T during the negotiation process and prior to the provision of local exchange service.
3. The company initially intends to provide service in Nashville, Memphis, Knoxville and Chattanooga. It is the Company’s usual practice to mirror the calling pattern on the incumbent LEC, therefore this is how the company will provide metro area toll-free calling around Memphis, Nashville, Knoxville & Chattanooga.

4. At this time, the company is not aware of the MAC database maintained by BellSouth and the procedures to enter your telephone number on the database. The company intends to address all interconnection requirements and procedures with Bell South during the negotiation process and prior to the provision of local exchange service.

TARIFF FORMAT

A. Sheet Numbering: Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between pages 11 and 12 would be page 11.1.

B. Sheet Revision Numbers: Revision numbers also appear in the upper right corner of each sheet where applicable. These numbers are used to indicate the most current page version on file with the Commission. For example, 4th Revised Sheet 13 cancels 3rd Revised Sheet 13. Consult the Check Sheet for the sheets currently in effect.

C. Paragraph Numbering Sequence: There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:

2.
2.1
2.1.1
2.1.1.A
2.1.1.A.1
2.1.1.A.1.(a)
2.1.1.A.1.(a).I
2.1.1.A.1.(a).I.(i)
2.1.1.A.1.(a).I.(i).(1)

D. Check Sheets: When a tariff filing is made with the Commission, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the sheets contained in the tariff, with a cross reference to the current Revision Number. When new sheets are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this sheet if these are the only changes made to it (i.e., the format, etc. remains the same, just revised revision levels on some sheets). The tariff user should refer to the latest Check Sheet to find out if a particular sheet is the most current on Commission file.

SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS

Access Line - An arrangement from a local exchange telephone company or other common carrier, using either dedicated or switched access, which connects a Customer's location to the Company's location or switching center.

Authorization Code - A numerical code, one or more of which may be assigned to a Customer, to enable the Company to identify the origin of the call so it may rate and bill the call. Automatic number identification (ANI) is used as the authorization code wherever possible.

Commission - Used throughout this tariff to mean the Tennessee Public Utility Commission.

Company - Used throughout this tariff to mean Magna5 LLC.

Customer - The person, firm, corporation or other legal entity which orders the services of the Company or purchases a Company Prepaid Calling Card and/or originates prepaid calls using such cards, and is responsible for the payment of charges and for compliance with the Company's tariff regulations.

Dedicated Access - The Customer gains entry to the Company's services by a direct path from the Customer's location to the Company's point of presence.

Holiday - New Year's Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day. Holidays shall be billed at the evening rate from 8 a.m. to 11 p.m. After 11 p.m., the lower night rate shall go into effect.

Prepaid Account - An inventory of Telecom Units purchased in advance by the Customer, and associated with one and only one Authorization Code as contained in a specific Prepaid Calling Card.

Issued:

By:

**Joseph O'Hara, Chief Financial Officer
5445 Legacy Dr., Suite 180
Plano, TX 75024**

Effective:

Prepaid Calling Card - A card issued by the Company, containing an Authorization Code which identifies a specific Prepaid Account of Telecom Units, which enables calls to be processed, account activity to be logged, and balances to be maintained, on a prepayment basis.

Resp. Org - Responsible Organization or entity identified by a Toll-Free service Customer that manages and administers records in the toll free number database and management system.

Switched Access - The Customer gains entry to the Company's services by a transmission line that is switched through the local exchange carrier to reach the Company's point of presence.

Telecom Unit - A measurement of telecommunications service equivalent to one minute of usage between any two points within the State of Tennessee.

Telecommunications - The transmission, between or among points specified by the user, of information of the user's choosing, without change in the form or content of the information as sent and received.

Underlying Carrier - The telecommunications carrier whose network facilities provide the technical capability and capacity necessary for the transmission and reception of Customer telecommunications traffic.

SECTION 2 - RULES AND REGULATIONS**2.1 Undertaking of the Company**

This tariff contains the regulations and rates applicable to intrastate interexchange telecommunications services provided by the Company for telecommunications between points within the State of Tennessee. Services are furnished subject to the availability of facilities and subject to the terms and conditions of this tariff in compliance with limitations set forth in the Commission's rules. The Company's services are provided on a statewide basis and are not intended to be limited geographically. The Company offers service to all those who desire to purchase service from the Company consistent with all of the provisions of this tariff. Customers interested in the Company's services shall file a service application with the Company, which fully identifies the Customer, the services requested and other information requested by the Company. The Company reserves the right to examine the credit record and check the references of all applicants and Customers prior to accepting the service order. The service application shall not in itself obligate the Company to provide services or to continue to provide service if a later check of applicant's credit record is, in the opinion of the Company, contrary to the best interest of the Company. The Company may act as the Customer's agent for ordering access connection facilities provided by other carriers or entities when authorized by the Customer, to allow connection of a Customer's location to a service provided by the Company. The Customer shall be responsible for all charges due for such service arrangement.

Issued:**By:**

**Joseph O'Hara, Chief Financial Officer
5445 Legacy Dr., Suite 180
Plano, TX 75024**

Effective:

- 2.1.1 The services provided by the Company are not part of a joint undertaking with any other entity providing telecommunications channels, facilities, or services, but may involve the resale of the Message Toll Services (MTS) and Wide Area Telecommunications Services (WATS) of underlying common carriers subject to the jurisdiction of this Commission.
- 2.1.2 The rates and regulations contained in this tariff apply only to the services furnished by the Company and do not apply, unless otherwise specified, to the lines, facilities, or services provided by a local exchange telephone company or other common carriers for use in accessing the services of the Company.
- 2.1.3 The Company reserves the right to limit the length of communications, to discontinue furnishing services, or limit the use of service necessitated by conditions beyond its control, including, without limitation: lack of satellite or other transmission medium capacity; the revision, alteration or repricing of the Underlying Carrier's tariffed offerings; or when the use of service becomes or is in violation of the law or the provisions of this tariff.

2.2 Use of Services

- 2.2.1 The Company's services may be used for any lawful purpose consistent with the transmission and switching parameters of the telecommunications facilities utilized in the provision of services, subject to any limitations set forth in this Section 2.2.
- 2.2.2 The use of the Company's services to make calls which might reasonably be expected to frighten, abuse, torment, or harass another or in such a way as to unreasonably interfere with use by others is prohibited.

Issued:

By:

**Joseph O'Hara, Chief Financial Officer
5445 Legacy Dr., Suite 180
Plano, TX 75024**

Effective:

- 2.2.3 The use of the Company's services without payment for service or attempting to avoid payment for service by fraudulent means or devices, schemes, false or invalid numbers, or false calling or credit cards is prohibited.
- 2.2.4 The Company's services are available for use twenty-four hours per day, seven days per week.
- 2.2.5 The Company does not transmit messages, but the services may be used for that purpose.
- 2.2.6 The Company's services may be denied for nonpayment of charges or for other violations of this tariff.
- 2.2.7 Customers shall not use the service provided under this tariff for any unlawful purpose.
- 2.2.8 The Customer is responsible for notifying the Company immediately of any unauthorized use of services.

2.3 Liability of the Company

- 2.3.1 The Company shall not be liable for any claim, loss, expense or damage for any interruption, delay, error, omission, or defect in any service, facility or transmission provided under this tariff, if caused by the Underlying Carrier, an act of God, fire, war, civil disturbance, act of government, or due to any other causes beyond the Company's control.
- 2.3.2 The Company shall not be liable for, and shall be fully indemnified and held harmless by the Customer against any claim, loss, expense, or damage for defamation, libel, slander, invasion, infringement of copyright or patent, unauthorized use of any trademark, trade name or service mark, proprietary or creative right, or any other injury to any person, property or entity arising out of the material, data or information transmitted.

**Issued:
By:**

**Joseph O'Hara, Chief Financial Officer
5445 Legacy Dr., Suite 180

Effective:

- 2.3.3 No agent or employee of any other carrier or entity shall be deemed to be an agent or employee of the Company.
- 2.3.4 The Company's liability for damages, resulting in whole or in part from or arising in connection with the furnishing of service under this tariff, including but not limited to mistakes, omissions, interruptions, delays, errors, or other defects or misrepresentations shall not exceed an amount equal to the charges provided for under this tariff for the long distance call for the period during which the call was affected. No other liability in any event shall attach to the Company.
- 2.3.5 The Company shall not be liable for and shall be indemnified and saved harmless by any Customer or by any other entity from any and all loss, claims, demands, suits, or other action or any liability whatsoever, whether suffered, made, instituted, or asserted by any Customer or any other entity for any personal injury to, or death of, any person or persons, and for any loss, damage, defacement or destruction of the premises of any Customer or any other entity or any other property whether owned or controlled by the Customer or others.
- 2.3.6 The Company shall not be liable for any indirect, special, incidental, or consequential damages under this tariff including, but not limited to, loss of revenue or profits, for any reason whatsoever, including the breakdown of facilities associated with the service, or for any mistakes, omissions, delays, errors, or defects in transmission occurring during the course of furnishing service.
- 2.3.7 The remedies set forth herein are exclusive and in lieu of all other warranties and remedies, whether express, implied, or statutory, INCLUDING WITHOUT LIMITATION IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

2.4 Responsibilities of the Customer

- 2.4.1 The Customer is responsible for placing any necessary orders and complying with tariff regulations. The Customer is also responsible for the payment of charges for services provided under this tariff.
- 2.4.2 The Customer is responsible for charges incurred for special construction and/or special facilities, which the Customer requests and which are ordered by the Company on the Customer's behalf.
- 2.4.3 If required for the provision of the Company's services, the Customer must provide any equipment space, supporting structure, conduit and electrical power without charge to the Company.
- 2.4.4 The Customer is responsible for arranging access to its premises at times mutually agreeable to the Company and the Customer when required for Company personnel to install, repair, maintain, program, inspect or remove equipment associated with the provision of the Company's services.
- 2.4.5 The Customer shall cause the temperature and relative humidity in the equipment space provided by Customer for the installation of the Company's equipment to be maintained within the range normally provided for the operation of microcomputers.

Issued:

By:

**Joseph O'Hara, Chief Financial Officer
5445 Legacy Dr., Suite 180
Plano, TX 75024**

Effective:

- 2.4.6 The Customer shall ensure that the equipment and/or system is properly interfaced with the Company's facilities or services, that the signals emitted into the Company's network are of the proper mode, bandwidth, power and signal level for the intended use of the subscriber and in compliance with criteria set forth in this tariff, and that the signals do not damage equipment, injure personnel, or degrade service to other Customers. If the Federal Communications Commission (FCC) or some other appropriate certifying body certifies terminal equipment as being technically acceptable for direct electrical connection with interstate communications service, the Company will permit such equipment to be connected with its channels without the use of protective interface devices. If the Customer fails to maintain the equipment and/or the system properly, with resulting imminent harm to Company equipment, personnel or the quality of service to other Customers, the Company may, upon written notice, require the use of protective equipment at the Customer's expense. If this fails to produce satisfactory quality and safety, the Company may, upon written notice, terminate the Customer's service.
- 2.4.7 The Customer must pay the Company for replacement or repair of damage to the equipment or facilities of the Company caused by negligence or willful act of the Customer or others, by improper use of the services, or by use of equipment provided by Customer or others.
- 2.4.8 The Customer must pay for the loss through theft of any Company equipment installed at Customer's premises.
- 2.4.9 If the Company installs equipment at Customer's premises, the Customer shall be responsible for payment of any applicable installation charge.

Issued:**By:**

Joseph O'Hara, Chief Financial Officer
5445 Legacy Dr., Suite 180
Plano, TX 75024

Effective:

2.4.10 The Customer must use the services offered in this tariff in a manner consistent with the terms of this tariff and the policies and regulations of all state, federal and local authorities having jurisdiction over the service.

2.5 Cancellation or Interruption of Services

2.5.1 Without incurring liability, upon five (5) working days' (defined as any day on which the company's business office is open and the U.S. Mail is delivered) written notice to the Customer, the Company may immediately discontinue services to a Customer or may withhold the provision of ordered or contracted services:

2.5.1.A For nonpayment of any sum due the Company for more than thirty (30) days after issuance of the bill for the amount due,

2.5.1.B For violation of any of the provisions of this tariff,

2.5.1.C For violation of any law, rule, regulation, policy of any governing authority having jurisdiction over the Company's services, or

2.5.1.D By reason of any order or decision of a court, public service commission or federal regulatory body or other governing authority prohibiting the Company from furnishing its services.

Issued:

By:

**Joseph O'Hara, Chief Financial Officer
5445 Legacy Dr., Suite 180
Plano, TX 75024**

Effective:

- 2.5.2 Without incurring liability, the Company may interrupt the provision of services at any time in order to perform tests and inspections to assure compliance with tariff regulations and the proper installation and operation of Customer and the Company's equipment and facilities and may continue such interruption until any items of noncompliance or improper equipment operation so identified are rectified.
- 2.5.3 Service may be discontinued by the Company without notice to the Customer, by blocking traffic to certain countries, cities or NXX exchanges, or by blocking calls using certain Customer authorization codes, when the Company deems it necessary to take such action to prevent unlawful use of its service. The Company will restore service as soon as it can be provided without undue risk, and will, upon request by the Customer affected, assign a new authorization code to replace the one that has been deactivated.
- 2.5.4 The Customer may terminate service upon thirty (30) days written notice for the Company's standard month to month contract. Customer will be liable for all usage on any of the Company's service offerings until the Customer actually leaves the service. Customers will continue to have Company usage until the Customer notifies its local exchange carrier and changes its long distance carrier. Until the Customer so notifies its local exchange carrier, it shall continue to generate and be responsible for long distance usage.

2.10 Payment and Billing

- 2.10.1 Service is provided and billed on a billing cycle basis, beginning on the date that service becomes effective. Billing is payable upon receipt. A late fee will be assessed on any unpaid amount 30 days after rendition of bills.
- 2.10.2 The customer is responsible for payment of all charges for services furnished to the Customer, as well as to all persons using the Customer's codes, exchange lines, facilities, or equipment, with or without the knowledge or consent of the Customer. The security of the Customer's Authorization Codes, subscribed exchange lines, and direct connect facilities is the responsibility of the Customer. All calls placed using direct connect facilities, subscribed exchange lines, or Authorization Codes will be billed to and must be paid by the Customer. Recurring charges and non-recurring charges are billed in advance. Charges based on actual usage during a month and any accrued interest will be billed monthly in arrears.
- 2.10.3 All bills are presumed accurate, and shall be binding on the customer unless objection is received by the Company in writing within 30 days after such bills are rendered. No credits, refunds, or adjustments shall be granted if demand therefore is not received by the Company in writing within such 30 day period.

2.11 Collection Costs

In the event Company is required to initiate legal proceedings to collect any amounts due to Company for regulated or non-regulated services, equipment or facilities, or to enforce any judgment obtained against a Customer, or for the enforcement of any other provision of this tariff or applicable law, Customer shall, in addition to all amounts due, be liable to Company for all reasonable costs incurred by Company in such proceedings and enforcement actions, including reasonable attorneys' fees, collection agency fees or payments, and court costs. In any such proceeding, the amount of collection costs, including attorneys' fees, due to the Company, will be determined by the court.

2.12 Taxes

All federal, state and local taxes, assessments, surcharges, or fees, including sales taxes, use taxes, gross receipts taxes, and municipal utilities taxes, are billed as separate line items and are not included in the rates quoted herein.

2.13 Late Charge

A late fee of 1.5% monthly or the amount otherwise authorized by law, whichever is lower, will be charged on any past due balances.

2.14 Returned Check Charge

A fee will be charged whenever a check or draft presented for payment for service is not accepted by the institution on which it is written. See Section 4.5.

2.15 Reconnection Charge

A reconnection fee \$25 per occurrence will be charged when service is reestablished for Customers which have been disconnected due to non-payment. Payment of the reconnection fee and any other outstanding amounts will be due in full prior to reconnection of service.

SECTION 3 - DESCRIPTION OF SERVICE**3.1 Computation of Charges**

- 3.1.1 The total charge for each completed call may be a variable measured charge dependent on the duration, distance and time of day of the call. The total charge for each completed call may also be dependent only on the duration of the call, i.e. a statewide flat rate per minute charge. The variable measured charge is specified as a rate per minute that is applied to each minute. All calls are measured in increments as set forth in the Rates Section of this tariff. Fractions of a billing increment are rounded up to a full billing increment on a per call basis. Fractions of a cent per minute are rounded up to a full cent on a per call basis.
- 3.1.2 Where mileage bands appear in a rate table, rates for all calls are based upon the airline distance between the originating and terminating points of the call, as determined by the vertical and horizontal coordinates associated with the exchange (the area code and three digit central office code) associated with the originating and terminating telephone numbers. If the Customer obtains access to the Company's network by a dedicated access circuit, that circuit will be assigned an exchange for rating purposes based upon the Customer's main telephone number at the location where the dedicated access circuit terminates. The vertical and horizontal (V & H) coordinates for each exchange and the airline distance between them will be determined according to industry standards.

Issued:**By:**

**Joseph O'Hara, Chief Financial Officer
5445 Legacy Dr., Suite 180
Plano, TX 75024**

Effective:

- 3.1.3 Timing begins when the called station is answered and two way communication is possible, as determined by standard industry methods generally in use for ascertaining answer, including hardware answer supervision in which the local telephone company sends a signal to the switch or the software utilizing audio tone detection. Recognition of answer supervision is the responsibility of the Underlying Carrier. Timing for each call ends when either party hangs up. The Company will not bill for uncompleted calls.

3.2 Customer Complaints and/or Billing Disputes

Customer inquiries or complaints regarding service or accounting may be made in writing or by telephone to the Company at:

5445 Legacy Dr., Suite 180
Plano, TX 75024
866-240-1912

Any objection to billed charges should be reported promptly to the Company. Adjustments to Customers' bills shall be made to the extent that records are available and/or circumstances exist which reasonably indicate that such charges are not in accordance with approved rates or that an adjustment may otherwise be appropriate. Where overbilling of a subscriber occurs, due either to Company or subscriber error, no liability exists which will require the Company to pay any interest, dividend or other compensation on the amount overbilled.

Effective:

If a Customer accumulates more than One Dollar of undisputed delinquent Company 800 Service charges, the Company Resp. Org. reserves the right not to honor that Customer's request for a Resp. Org. change until such undisputed charges are paid in full.

3.3 Level of Service

A Customer can expect end to end network availability of not less than 99% at all times for all services.

3.4 Billing Entity Conditions

When billing functions on behalf of the Company or its intermediary are performed by local exchange telephone companies or others, the payment of charges conditions and regulations of such companies and any regulations imposed upon these companies by regulatory bodies having jurisdiction apply. The Company's name and toll-free telephone number will appear on the Customer's bill.

3.5 Service Offerings

3.5.1 1+ Dialing

This service permits Customers to originate calls via switched or dedicated access lines, and to terminate intrastate calls. The Customer dials "1+" followed by "ten digits" or dials "101XXXX" followed by "1+ ten digits".

3.5.2 Travel Cards

The Customer utilizes an 11 digit "toll-free" access number established by the Company to access a terminal. Upon receiving a voice prompt, the Customer uses push button dialing to enter an identification code assigned by the Company, and the ten digit number of the called party.

3.5.3 Toll-Free Service

This service is inbound calling only where an 800, 888 or other toll-free prefix number rings into a Customer's premise routed to a specific telephone number or terminated over a dedicated facility.

3.5.4 Company Prepaid Calling Cards

This service permits use of Prepaid Calling Cards for placing long distance calls. Customers may purchase Company Prepaid Calling Cards at a variety of retail outlets or through other distribution channels. Company Prepaid Calling Cards are available at a variety of face values ranging from five dollars (\$5.00), in one dollar (\$1.00) increments. Company Prepaid Calling Card service is accessed using the Company toll-free number printed on the card. The caller is prompted by an automated voice response system to enter his/her Authorization Code, and then to enter the terminating telephone number. The Company's processor tracks the call duration on a real time basis to determine the number of Telecom Units consumed. The total consumed Telecom Units and applicable taxes for each call are deducted from the remaining Telecom Unit balance on the Customer's Company Prepaid Calling Card.

All calls must be charged against Prepaid Calling Card that has a sufficient Telecom Unit balance. A Customer's call will be interrupted with an announcement when the balance is about to be depleted.

When the balance is depleted, the Customer can either call the toll-free number on the back of the Company Prepaid Calling Card and "recharge" the balance on the card using a nationally recognized credit card, or the Customer can throw the card away and purchase a new one. Calls in progress will be terminated by the Company if the balance on the Company Prepaid Calling Card is insufficient to continue the call.

Issued:
By:

Joseph O'Hara, Chief Financial Officer
5445 Legacy Dr., Suite 180
Plano, TX 75024

Effective:

A card will expire on the date indicated on the card, or if no date is specified, 6 months from the date of purchase, or the date of last recharge, whichever is later. The Company will not refund unused balances.

A credit allowance for Company Prepaid Calling Card Service is applicable to calls that are interrupted due to poor transmission, one-way transmission, or involuntary disconnection of a call. To receive the proper credit, the Customer must notify the Company at the designated toll-free customer service number printed on the Company Prepaid Calling Card and furnish the called number, the trouble experienced (e.g. cut-off, noisy circuit, etc.), and the approximate time that the call was placed.

When a call charged to a Company Prepaid Calling Card is interrupted due to cut-off, one-way transmission, or poor transmission conditions, the Customer will receive a credit equivalent of one Telecom Unit.

Credit allowances for calls pursuant to the Company Prepaid Card Service do not apply for interruptions not reported promptly to the Company or interruptions that are due to the failure of power, equipment or systems not provided by the Company.

Credit for failure of service shall be allowed only when such failure is caused by or occurs due to causes within the control of the Company.

The Company will block all calls beginning with the NPA "900" and NXX "976" calls, therefore such calls can not be completed.

3.5.5 Directory Assistance.

Access to long distance directory assistance is obtained by dialing 1 + 555-1212 for listings within the originating area code and 1 + (area code) + 555-1212 for other listings.

3.5.6 Specialized Pricing Arrangements.

Customized service packages and competitive pricing packages at negotiated rates may be furnished on a case-by-case basis in response to requests by Customers to the Company for proposals or for competitive bids. Service offered under this tariff provision will be provided to Customers pursuant to contract. Unless otherwise specified, the regulations for such arrangements are in addition to the applicable regulations and prices in other sections of the tariff. Specialized rates or charges will be made available to similarly situated Customers on a non-discriminatory basis. Discounts may apply based upon volume, affinity group plans, or term plan commitments.

3.5.7 Emergency Call Handling Procedures

Emergency "911" calls are not routed to company, but are completed through the local network at no charge.

3.5.8 Promotional Offerings

The Company may, from time to time, make promotional offerings to enhance the marketing of its services. These offerings may be limited to certain dates, times and locations. The Company will notify the Commission of such offerings as required by Commission rules and regulations.

SECTION 2.0 - RULES AND REGULATIONS

2.1 Undertaking of the Company

2.1.1 Scope

The Company undertakes to furnish communications service pursuant to the terms of this tariff in connection with one-way and/or two-way information transmission originating from points within the State of Tennessee, and terminating within a local calling area as defined herein.

The Company is responsible under this tariff only for the services and facilities provided hereunder, and it assumes no responsibility for any service provided by any other entity that purchases access to the Company network in order to originate or terminate its own services, or to communicate with its own Customers.

2.1.2 Shortage of Equipment or Facilities

- (A) The Company reserves the right to limit or to allocate the use of existing facilities, or of additional facilities offered by the Company, when necessary because of lack of facilities, or due to some other cause beyond the Company's control.
- (B) The furnishing of service under this tariff is subject to the availability on a continuing basis of all the necessary facilities and is limited to the capacity of the Company's facilities as well as facilities the Company may obtain from other carriers to furnish service from time to time as required at the sole discretion of the Company.

SECTION 2.0 - RULES AND REGULATIONS (CONT'D)

2.1 Undertaking of the Company, (Cont'd.)

2.1.3 Terms and Conditions

- (A) Service is provided on the basis of a minimum period of at least one month, 24 hours per day. For the purpose of computing charges in this tariff, a month is considered to have thirty (30) days.
- (B) Customers may be required to enter into written service orders which shall contain or reference a specific description of the service ordered, the rates to be charged, the duration of the services, and the terms and conditions in this tariff. Customers will also be required to execute any other documents as may be reasonably requested by the Company.
- (C) Except as otherwise stated in the tariff, at the expiration of the initial term specified in each Service Order, or in any extension thereof, service shall continue on a month to month basis at the then current rates unless terminated by either party upon thirty (30) days written notice. Any termination shall not relieve the Customer of its obligation to pay any charges incurred under the service order and this tariff prior to termination. The rights and obligations which by their nature extend beyond the termination of the term of the service order shall survive such termination.
- (D) Service may be terminated upon written notice to the Customer if:
 - (1) the Customer is using the service in violation of this tariff; or
 - (2) the Customer is using the service in violation of the law.
- (E) This tariff shall be interpreted and governed by the laws of the State of Tennessee without regard for its choice of laws provision.

SECTION 2.0 - RULES AND REGULATIONS (CONT'D)

2.1 Undertaking of the Company, (Cont'd.)

2.1.4 Limitations on Liability (Cont'd.)

- (E) The Company does not guarantee nor make any warranty with respect to installations provided for use in an explosive atmosphere.
- (F) The Company makes no warranties or representations, EXPRESS OR IMPLIED, either in fact or by operation of law, statutory or otherwise, including warranties of merchantability or fitness for a particular use, except those expressly set forth herein.
- (G) Failure by the Company to assert its rights pursuant to one provision of this tariff does not preclude the Company from asserting its rights under other provisions.

2.1.5 Notification of Service-Affecting Activities

The Company will provide the Customer reasonable notification of service-affecting activities that may occur in normal operation of its business. Such activities may include, but are not limited to, equipment or facilities additions, removals or rearrangements and routine preventative maintenance. Generally, such activities are not specific to an individual Customer but affect many Customers' services. No specific advance notification period is applicable to all service activities. The Company will work cooperatively with the Customer to determine the reasonable notification requirements. With some emergency or unplanned service-affecting conditions, such as an outage resulting from cable damage, notification to the Customer may not be possible.

SECTION 2.0 - RULES AND REGULATIONS (CONT'D)

2.1 Undertaking of the Company, (Cont'd.)

2.1.6 Provision of Equipment and Facilities

- (A) The Company shall use reasonable efforts to maintain only the facilities and equipment that it furnishes to the Customer. The Customer may not nor may the Customer permit others to rearrange, disconnect, remove, attempt to repair, or otherwise interfere with any of the facilities or equipment installed by the Company, except upon the written consent of the Company.
- (B) The Company may substitute, change or rearrange any equipment or facility at any time and from time to time, but shall not thereby alter the technical parameters of the service provided by the Customer.
- (C) Equipment the Company provides or installs at the Customer Premises for use in connection with the services the Company offers shall not be used for any purpose other than that for which the equipment is provided.
- (D) Except as otherwise indicated, Customer provided station equipment at the Customer's premises for use in connection with the service shall be so constructed, maintained and operated as to work satisfactorily with the facilities of the Company.
- (E) The Company shall not be responsible for the installation, operation, or maintenance of any Customer provided communications equipment. Where such equipment is connected to the facilities furnished pursuant to this tariff, the responsibility of the Company shall be limited to the furnishing of facilities offered under this tariff and to the maintenance and operation of such facilities. Subject to this responsibility, the Company shall not be responsible for:
 - (1) the through transmission of signals by Customer provided equipment or for the quality of, or defects in, such transmission; or
 - (2) the reception of signals by Customer-provided equipment; or
 - (3) network control signaling where such signaling is performed by Customer-provided network control signaling equipment.

SECTION 2.0 - RULES AND REGULATIONS (CONT'D)

2.1 Undertaking of the Company, (Cont'd.)

2.1.7 Non-Routine Installation

At the Customer's request, installation and/or maintenance may be performed outside the Company's regular business hours or in hazardous locations. In such cases, charges based on cost of the actual labor, material, or other costs incurred by or charged to the Company will apply. If installation is started during regular business hours but, at the Customer's request, extends beyond regular business hours into time periods including, but not limited to, weekends, holidays, and/or night hours, additional charges may apply.

2.1.8 Special Construction

Subject to the agreement of the Company and to all of the regulations contained in this tariff, special construction or facilities may be undertaken on a reasonable efforts basis at the request of the Customer. Special construction is construction undertaken:

- (A) where facilities are not presently available, and there is no other requirement for the facilities so constructed;
- (B) of a type other than that which the Company would normally utilize in the furnishing of its services;
- (C) over a route other than that which the Company would normally utilize in the furnishing of its services;
- (D) in a quantity greater than that which the company would normally construct;
- (E) on an expedited basis;
- (F) on a temporary basis until permanent facilities are available;
- (G) involving abnormal costs; or
- (H) in advance of its normal construction.

SECTION 2.0 - RULES AND REGULATIONS (CONT'D)

2.1 Undertaking of the Company, (Cont'd.)

2.1.9 Ownership of Facilities

Title to all facilities provided in accordance with this tariff remains in the Company, its partners, agents, contractors or suppliers.

2.2 Prohibited Uses

2.2.1 The services the Company offers shall not be used for any unlawful purpose or for any use as to which the Customer has not obtained all required governmental approvals, authorizations, licenses, consents and permits.

2.2.2 The Company may require applicants for service who intend to use the Company's offerings for resale and/or for shared use to file a letter with the Company confirming that their use of the Company's offerings complies with relevant laws and the Tennessee Public Utility Commission's regulations, policies, orders, and decisions.

2.2.3 The Company may block any signals being transmitted over its Network by Customers which cause interference to the Company or other users. Customer shall be relieved of all obligations to make payments for charges relating to any blocked Service and shall indemnify the Company for any claim, judgment or liability resulting from such blockage.

2.2.4 A Customer, joint user, or authorized user may not assign, or transfer in any manner, the service or any rights associated with the service without the written consent of the Company. The Company will permit a Customer to transfer its existing service to another entity if the existing Customer has paid all charges owed to the Company for regulated communications services. Such a transfer will be treated as a disconnection of existing service and installation of new service, and non-recurring installation charges as stated in this tariff will apply.

2.4 Customer Equipment and Channels

2.4.1 General

A user may transmit or receive information or signals via the facilities of the Company. The Company's services are designated primarily for the transmission of voice-grade telephonic signals, except as otherwise stated in this tariff. A user may transmit any form of signal that is compatible with the Company's equipment, but the Company does not guarantee that its services will be suitable for purposes other than voice-grade telephonic communication except as specifically stated in this tariff.

2.4.2 Station Equipment

- (A) Terminal equipment of the user's premises and the electric power consumed by such equipment shall be provided by and maintained at the expense of the user. The user is responsible for the provision of wiring or cable to connect its terminal equipment to the Company MPOP.
- (B) The Customer is responsible for ensuring that Customer-provided equipment connected to Company equipment and facilities is compatible with such equipment and facilities. The magnitude and character of the voltages and currents impressed on Company-provided equipment and wiring by connection, operation, or maintenance of such equipment and wiring shall be such as not to cause damage to the Company-provided equipment and wiring or injury to the Company's employees or to other persons. Any additional protective equipment required to prevent such damage or injury shall be provided by the Company at the Customer's expense, subject to prior Customer approval of the equipment expense.

2.4.4 Inspections

- (A) Upon suitable notification to the Customer, and at a reasonable time, the Company may make such tests and inspections as may be necessary to determine that the Customer is complying with the requirements set forth in Section 2.4.2(B) for the installation, operation, and maintenance of Customer-provided facilities, equipment, and wiring in the connection of Customer-provided facilities and equipment to Company-owned facilities and equipment.
- (B) If the protective requirements for Customer-provided equipment are not being complied with, the Company may take such action as it deems necessary to protect its facilities, equipment, and personnel. The Company will notify the Customer promptly if there is any need for further corrective action. Within ten days of receiving this notice, the Customer must take this corrective action and notify the Company of the action taken. If the Customer fails to do this, the Company may take whatever additional action is deemed necessary, including the suspension of service, to protect its facilities, equipment and personnel from harm.
- (C) If harm to the Company's network, personnel or services is imminent, the Company reserves the right to shut down Customer's service immediately, with no prior notice required.

2.5 Customer Deposits and Advance Payments

2.5.1 Advance Payments

To safeguard its interests, the Company may require a Customer to make an advance payment before services and facilities are furnished, where special construction is involved.

The advance payment will not exceed an amount equal to the nonrecurring charge(s) and one (1) month's charges for the service or facilities. In addition, the advance payment may also include an amount equal to the estimated non-recurring charges for the special construction and recurring charges (if any) for a period to be set between the Company and the Customer. The advance payment will be credited to the Customer's initial bill. Advance payments do not accrue interest. An advance payment may be required in addition to a deposit.

2.5.2 Deposits

- (A) To safeguard its interests, the Company may require the Customer to make a deposit to be held as a guarantee for the payment of charges. A deposit may be required if the Customer's financial condition is not acceptable to the Company or is not a matter of general knowledge. A deposit does not relieve the Customer of the responsibility for the prompt payment of bills on presentation. The deposit will not exceed an amount equal to two and one-half twelfths of the estimated charge for the service for the ensuing twelve months. A deposit may be required in addition to an advance payment.
- (B) Upon discontinuance of service, the Company shall promptly and automatically refund the Customer's deposit plus accrued interest, or the balance, if any, in excess of the unpaid bills including any penalties assessed for service furnished by the Company.
- (C) If required by the Public Utility Commission, simple annual interest will be added to the cash deposit amount collected. Deposits will receive an annual simple interest rate of 4%. Interest will be paid until the cash deposit is credited to the Customer's account or is refunded by the Company.
- (D) The Company shall annually and automatically refund the deposits of Customers who have paid bills for twelve consecutive months without having had service discontinued for nonpayment or had more than one occasion on which a bill was not paid within the period prescribed and are not then delinquent in payment.

2.6 Payment Arrangements

2.6.1 Payment for Services

The Customer is responsible for the payment of all charges for facilities and services furnished by the Company to the Customer.

The Customer is responsible for the payment of federal excise taxes, state and local sales and use taxes and similar taxes imposed by governmental jurisdictions, all of which shall be separately designated on the Company's invoices. Any taxes imposed by a local jurisdiction (e.g., county and municipal) will only be recovered from those Customers residing in the affected jurisdictions.

Certain telecommunications services, as defined in the Tennessee Code Annotated, are subject to state and local sales taxes at the prevailing tax rates, if the services originate, or terminate in Tennessee, or both, and are charged to a subscriber's telephone number or account in Tennessee.

2.6.2 Billing and Collection of Charges

The Customer is responsible for payment of all charges incurred by the Customer or other users for services and facilities furnished to the Customer by the Company.

- (A) Non-recurring charges are due and payable within thirty (30) days after the date the invoice is mailed to the Customer by the Company.
- (B) The Company shall present invoices for recurring charges monthly to the Customer, in advance of the month in which service is provided, and recurring charges shall be due and payable within thirty (30) days after the date the invoice is mailed to the Customer by the Company. When billing is based upon Customer usage, usage charges will be billed monthly for the preceding billing period.
- (C) When service does not begin on the first day of the month, or end of the last day of the month, the charge for the fraction of the month in which service was furnished will be calculated on a pro rata basis. For this purpose, every month is considered to have thirty (30) days.

2.6 Payment Arrangements (Cont'd.)

2.6.2 Billing and Collection of Charges (Cont'd.)

- (D) Billing of the Customer by the Company will begin on the Service Commencement Date, which is the day on which the Company notifies the Customer that the service or facility is available for use, except that the Service Commencement Date may be postponed by mutual agreement of the parties, or if the service or facility does not conform to standards set forth in this tariff or the Service Order. Billing accrues through and includes the day that the service, circuit, arrangement or component is discontinued.
- (E) If any portion of the payment is not received by the Company within 30 days of receipt of this bill, or if any portion of the payment is received by the Company in funds which are not immediately available upon presentment, then a late payment charge of 1.5% per month shall be due to the Company. A late payment charge is not applicable to subsequent rebilling of any amount to which a late payment charge has already been applied. Late payment charges are to be applied without discrimination.
- (F) the Customer should notify the Company of any disputed items on an invoice within thirty (30) days of receipt of the invoice. If the Customer and the Company are unable to resolve the dispute to their mutual satisfaction, the Customer may file a complaint with the Tennessee Public Utility Commission in accordance with the Commission's rules and procedure. The address of the Commission is as follows:

Tennessee Public Utility Commission
460 Robertson Parkway
Nashville, Tennessee 37243-0505
- (G) If service is disconnected by the Company (in accordance with Section 2.6.3 following) and later re-installed, re-installation of service will be subject to all applicable installation charges in Section 4. 2.6.3 Discontinuance of Service for Cause

The Company may discontinue service for the following reasons provided in this Section 2.6.3. Customers will be provided five (5) days written notice prior to discontinuance unless otherwise indicated.

Upon the Company's discontinuance of service to the Customer under Section 2.6.3(A) or 2.6.3(B), the Company, in addition to all other remedies that may be available to the Company at law or in equity or under any other provision of this tariff, may declare all future monthly and other charges which would have been payable by the Customer during the remainder of the term for which such services would have otherwise been provided to the Customer to be immediately due and payable (discounted to present value at six percent).

- (A) Upon nonpayment of any amounts owing to the Company, the Company may discontinue or suspend service without incurring any liability. No basic residential service shall be disconnected for nonpayment until at least 29 days from the date of the bill and only following proper written notification.
- (B) Upon violation of any of the other material terms or conditions for furnishing service the Company may, discontinue or suspend service without incurring any liability if such violation continues during that period.
- (C) Upon condemnation of any material portion of the facilities used by the Company to provide service to a Customer or if a casualty renders all or any material portion of such facilities inoperable beyond feasible repair, the Company, by notice to the Customer, may discontinue or suspend service without incurring any liability.
- (D) Upon the Customer's insolvency, assignment for the benefit of creditors, filing for bankruptcy or reorganization, or failing to discharge an involuntary petition within the time permitted by law, the Company will comply with the Federal Bankruptcy Law.
- (E) Upon any governmental prohibition or governmental required alteration of the services to be provided or any violation of an applicable law or regulation, the Company may immediately discontinue service without incurring any liability.

2.6.4 Notice to Company for Cancellation of Service

Customers desiring to terminate service shall provide the Company thirty (30) days notice of desire to terminate service. If special construction is involved, the required notice shall be written.

2.6.5 Cancellation of Application for Service

- (A) Where the Company permits the Customer to cancel an application for service prior to the start of service or prior to any special construction, no charges will be imposed except for those specified below.
- (B) Where, prior to cancellation by the Customer, the Company incurs any expenses in installing the service or in preparing to install the service that it otherwise would not have incurred, a charge equal to the costs the Company incurred, less net salvage, shall apply, but in no case shall this charge exceed the sum of the charge for the minimum period of services ordered, including installation charges, and all charges others levy against the Company that would have been chargeable to the Customer had service begun.
- (C) Where the Company incurs any expense in connection with special construction, or where special arrangements of facilities or equipment have begun, before the Company receives a cancellation notice, a charge equal to the costs incurred, less net salvage, may apply. In such cases, the charge will be based on such elements as the cost of the equipment, facilities, and material, the cost of installation, engineering, labor, and supervision, general and administrative expense, other disbursements, depreciation, maintenance, taxes, provision for return on investment, and any other costs associated with the special construction or arrangements.
- (D) The special charges described in 2.6.5(A) through 2.6.5(C) will be calculated and applied on a case-by-case basis.

If the Customer makes or requests material changes in circuit engineering, equipment specifications, service parameters, premises locations, or otherwise materially modifies any provision of the application for service, the Customer's installation fee shall be adjusted accordingly. The Customers will be required to acknowledge the fees.

2.6.7 Bad Check Charge

A service charge equal to \$20.00 will be assessed for all checks returned by a bank or other financial institution for: Insufficient or uncollected funds, closed account, apparent tampering, missing signature or endorsement, or any other insufficiency or discrepancy necessitating return of the instrument at the discretion of the drawee bank or other financial institution.

2.7 Allowances for Interruptions in Service

2.7.1 General

- (A) A credit allowance will be given when service is interrupted, except as specified in Section 2.7.2 following. A service is interrupted when it becomes inoperative to the Customer, e.g., the Customer is unable to transmit or receive, because of a failure of a component furnished by the Company under this tariff.
- (B) An interruption period begins when the Customer reports a service, facility or circuit to be inoperative and, if necessary, releases it for testing and repair. An interruption period ends when the service, facility or circuit is operative.

2.7 Allowances for Interruption in Service, (Continued)

2.7.4 Application of Credits for Interruptions in Service

- (A) Credits for interruptions in service that is provided and billed on a flat rate basis for a minimum period of at least one month, beginning on the date that billing becomes effective, shall in no event exceed an amount equivalent to the proportionate charge to the Customer for the period of service during which the event that gave rise to the claim for a credit occurred. A credit allowance is applied on a pro rata basis against the rates specified hereunder and is dependent upon the length of the interruption. Only those facilities on the interrupted portion of the circuit will receive a credit.
- (B) For calculating credit allowances, every month is considered to have thirty (30) days.
- (C) A credit allowance will be given for interruption of thirty (30) minutes or more. Two or more interruptions of fifteen (15) minutes or more during any one 24-hour period shall be combined into one cumulative interruption.

2.7.5 Limitations on Allowances

No credit allowance will be made for:

- (A) interruptions due to the negligence of or noncompliance with the provisions of this tariff by the Customer, authorized user or joint user;
- (B) interruptions due to the negligence of any person other than the Company, including but not limited to the Customer;
- (C) interruptions of service during any period in which the Company is not given full access to its facilities and equipment for the purpose of investigating and correcting interruptions;
- (D) interruptions of service during a period in which the Customer continues to use the service on an impaired basis;
- (E) interruptions of service during any period when the Customer has released service to the Company for maintenance purposes or for implementation of a Customer order for a change in service arrangements;
- (F) interruption of service due to circumstances or causes beyond the reasonable control of Company; and
- (G) that occur or continue due to the Customer's failure to authorize replacement of any element of special construction.

2.7.6 Cancellation For Service Interruption

Cancellation or termination for service interruption is permitted only if any circuit experiences a single continuous outage of eight (8) hours or more or cumulative service credits equaling sixteen(16) hours in a continuous twelve (12) month period. The right to cancel service under this provision applies only to the single circuit which has been subject to the outage or cumulative service credits.

2.8 Cancellation of Service/Termination Liability

If a Customer cancels a service order or terminates services before the completion of the term for any reason other than a service interruption (as defined in Section 2.7.1) except where the Company breaches the terms in the service contract, Customer may be requested by the Company to pay to Company termination liability charges, which are defined below. These charges shall become due and owing as of the effective date of the cancellation or termination and be payable within the period set forth in Section 2.6.2.

2.8.1 Termination Liability

Customer's termination liability for cancellation of service shall be equal to:

- (A) all unpaid non-recurring charges reasonably expended by Company to establish service to Customer, plus;
- (B) any disconnection, early cancellation or termination charges reasonably incurred and paid to third parties by Company on behalf of Customer, plus;
- (C) all recurring charges specified in the applicable Service Order for the balance of the then current term discounted at the prime rate announced in the *Wall Street Journal* on the third business day following the date of cancellation;
- (D) minus a reasonable allowance for costs avoided by the Company as a direct result of Customer's cancellation.

SECTION 3.0 – SERVICE AREAS

3.1 Exchange Service Areas

Local exchange services are provided, subject to availability of facilities and equipment, in areas currently served by the following Incumbent LECs: 1) AT&T

3.2 Rate Classes

Charges for local services provided by the Company may be based, in part, on the Rate Class associated with the Customers End Office. The Rate Class is determined by the total access lines and PBX trunks in the local calling area which can be reached from each End Office.

In the event that an Incumbent LEC or the Tennessee Public Utility Commission reclassifies an exchange from one Rate Class to another, the reclassification will also apply to customers who purchase services under this tariff. Local calling areas and Rate Class assignments are equivalent to those areas and groups specified in AT&T's Tennessee General Local Exchange Service Tariff.

5.1.3 Emergency Services Calling Plan

Access (at no additional charge) to the local operator or emergency services bureau by dialing 0- or 9-1-1 is offered at no charge to the Customer.

Message toll telephone calls, to governmental emergency service agencies set forth below having primary or principal responsibility with respect to the provision of emergency services to persons and property in the area from which the call is made, meeting the definition and criteria of an emergency call as set forth below are offered at no charge to Customers:

Governmental fire fighting, Tennessee State Highway Patrol, police, and emergency squad service (as designated by the appropriate governmental agency) qualify as governmental emergency service agencies provided they answer emergency service calls on a personally attended (live) twenty-four (24) hour basis, three hundred sixty-five (365) days a year, including holidays.

An emergency is an occurrence or set of circumstances in which conditions pose immediate threat to human life, property, or both and necessitate that prompt action be taken. An emergency call is an originated call of short duration to a governmental emergency services agency in order to seek assistance for such an emergency.

5.2 Call Timing for Usage Sensitive Services

Where charges for a service are specified based on the duration of use, such as the duration of a telephone call, the following rules apply:

- 5.2.1** Calls are measured in durational increments identified for each service. All calls, which are fractions of a measurement increment, are rounded-up to the next whole unit.
- 5.2.2** Timing on completed calls begins when the call is answered by the called party. Answering is determined by hardware answer supervision in all cases where this signaling is provided by the terminating local carrier and any intermediate carrier(s).
- 5.2.3** Timing terminates on all calls when the calling party hangs up or the Company's network receives an on-hook signal from the terminating carrier.
- 5.2.4** Calls originating in one time period and terminating in another will be billed in proportion to the rates in effect during different segments of the call.
- 5.2.5** All times refer to local time.

5.3 Distance Calculations

Where charges for a service are specified based upon distance, the following rules apply:

5.3.1 Distance between two points is measured as airline distance between the rate centers of the originating and terminating telephone lines. The rate center is a set of geographic coordinates, as referenced in Local Exchange Routing Guide issued by Bellcore, associated with each NPA-NXX combination (where NPA is the area code and NXX is the first three digits of a seven-digit telephone number). Where there is no telephone number associated with an access line on the Company's network (such as a dedicated 800 or WATS access line), the Company will apply the rate center of the Customer's main billing telephone number.

5.3.2 The airline distance between any two rate centers is determined as follows:

Step 1: Obtain the "V" (vertical) and "H" (horizontal) coordinates for each Rate Center from the above-referenced Bellcore document.

Step 2: Compute the difference between the "V" coordinate of the two rate centers; and the difference between the two "H" coordinates.

Step 3: Square each difference obtained in step (b) above.

Step 4: Add the square of the "V" difference and the square of the "H" difference obtained in step C) above.

Step 5: Divide the sum of the squares by 10. Round to the next higher whole number if any fraction is obtained.

Step 6: Obtain the square root of the whole number result obtained above. Round to the next higher whole number if any fraction is obtained. This is the airline mileage.

5.3.3 The formula for distance calculations is:

$$\sqrt{\frac{(V_1 - V_2)^2 + (H_1 - H_2)^2}{10}}$$

5.4 Rate Periods for Time of Day Sensitive Services

- 5.4.1** For time of day, usage sensitive services, the following rate periods apply unless otherwise specified in this tariff.

	Monday - Friday	Saturday	Sunday
8:00 a.m. to 5:00 p.m.*	Daytime Rate Period		Evening Rate Period
5:00 p.m. to 11:00 p.m.*	Evening Rate Period		
11:00 p.m. to 8:00 a.m.*	Night/Weekend Rate Period		

*Up to but not including.

- 5.4.2** Calls are billed based on the rate in effect for the actual time period(s) during which the call occurs. Calls that cross rate period boundaries are billed the rates in effect in that boundary for each portion of the call, based on the time of day at the Customer location.
- 5.4.3** For services subject to holiday discounts, the following are Company recognized national holidays, determined at the location of the calling station. The evening rate is used on national holidays, unless a lower rate normally would apply.

5.5 Standard Residence Line

A Standard Residence Line provides the Customer with a single, analog, voice-grade telephonic communications channel, which can be used to place or receive one call at a time. Standard Residence Lines are provided for the connection of Customer-provided wiring and single station sets or facsimile machines. An optional per line Hunting feature is available for multi-line Customers which routes a call to an idle station line in a prearranged group when the called station line is busy.

5.6 Standard Business Line

The Standard Business Line provides a Customer with a single, analog, voice-grade telephonic communications channel, which can be used to place or receive one call at a time. Standard Business Lines are provided for the connection of Customer-provided wiring and single station sets or facsimile machines. An optional per line Hunting feature is available for multi-line Customers which routes a call to an idle station line in a prearranged group when the called station line is busy.

5.7 PBX Trunk Service

Basic PBX Trunk Service provides a Customer with a single, voice-grade telephonic communications channel, which can be used to place or receive one call at a time. Basic Trunks are provided for connection of Customer-provided private branch exchanges (PBX) to the public switched telecommunications network. Each Basic PBX Trunk is provided with touch-tone signaling and may be configured into a hunt group at no additional charge with other Company-provided Basic PBX Trunks. The signal is an analog signal at the DS0 level.

5.8 Direct Inward Dialing (DID) Service

Direct Inward Dialing (“DID”) permits calls incoming to a PBX system or other Customer Premises Equipment to be routed to a specific station without the assistance of an attendant. DID calls are routed directly to the station associated with the called number. DID service as offered by the Company provides the necessary trunks, telephone numbers, and out-pulsing of digits to enable DID service at a Customer’s location. DID service requires special PBX software and hardware not provided by the Company. Such hardware and software is the responsibility of the Customer.

5.11 Optional Calling Features

The features listed in Section 5.11.1 are offered by the Company to Residential and Business Customers. Refer to Price Lists in Sections 6 and 7 of this tariff for specific features offered with each type of local exchange service.

5.11.1 Features Descriptions

(A) Flexible Call Forwarding: Provides end-user control for call forwarding capabilities via dial-accessed voice prompt menus. Customers may forward calls to a primary local or long distance. The end-user may specify a secondary location for routing of go unanswered at the forward-to location or reach a busy signal. This secondary location may be another telephone number, pager or voice messaging service. Other capabilities included with this feature include:

Speed Forwarding;
Priority Screening;
Ring Control; and
Timed Forwarding.

It is the responsibility of the Customer to subscribe to the telephone number, pager or voice messaging service used as the secondary location.

(B) Flexible Call Forwarding with Audio Calling Name: Provides all of the functionality of Flexible Call Forwarding. Also permits the end-user to receive the Directory Name of the party's whose call was forwarded to primary number. In some situations, the end-user may hear the calling party's city and state or telephone number, depending on available call data.

(C) Flexible Call Forwarding Plus: Provides all of the functionality of Flexible Call Forwarding. Also includes an additional telephone number with directory listing and distinctive ringing for calls placed to the additional number. Flexible Call Forwarding Plus allows parties to reach the end-user's location when FCF is active and all calls to the end-users main telephone number would normally forward. Calls to the additional number do not forward even when Flexible Call Forwarding is active.

Also permits the end-user to receive the Directory Name of the party's whose call was forwarded to primary number. In some situations, the end-user may hear the calling party's city and state or telephone number, depending on available call data.
- (E) **Call Forwarding Variable:** Permits the end-user to automatically forward (transfer) all incoming calls to another telephone number, and to restore it to normal operation at their discretion. The end-user must dial an activation code from his/her exchange line along with the forward-to number in order to turn the feature on. A separate code is dialed by the end-user to deactivate the feature.
- (F) **Call Forwarding Variable, Remote Access:** Permits the end-user to automatically forward (transfer) all incoming calls to another telephone number, and to restore it to normal operation at their discretion. The end-user must dial an activation code along with the forward-to number in order to turn the feature on. A separate code is dialed by the end-user to deactivate the feature. Feature activation may be performed from the end-user's exchange line or remotely from some other line. Remote access requires the end-user to (1) dial a special access number 2) enter their seven-digit telephone number and 3) enter a personal identification number prior to forwarding their calls.
- (G) **Call Forwarding Don't Answer, Basic:** Permits the forwarding of incoming calls when the end-user's line remains unanswered after a pre-designated ringing interval. The ringing interval before forwarding and the forward-to number are fixed by the service order.
- (H) **Call Forwarding Don't Answer w/Ring Control:** Permits the forwarding of incoming calls when the end-user's line remains unanswered after a pre-designated ringing interval. The forward-to number is fixed by the service order. However, the end-user has the ability to change the time interval before forwarding occurs at his/her discretion.

5.11.1 Feature Descriptions, (continued)

(M) Call Waiting -- Deluxe: Allows the end-user to control the treatment applied to incoming calls while the Customer is off-hook on an existing call. This feature includes the capabilities of Call Waiting Basic plus additional call treatment options. Treatment options offered with Call Waiting Deluxe include:

Answer the waiting call and placing the first party on hold;
Answer the waiting call and disconnecting from the first party;
Direct the waiting caller to hold via a recording
Forward the waiting caller to another location (e.g., voice mailbox or telephone answering service)

Full utilization of Call Waiting Deluxe requires specialized CPE not provided by the Company. It is the responsibility of the Customer to provide the necessary CPE. The end-user must have Caller ID Basic or Deluxe for display of calling party identification information for waiting calls. The end-user must have a Call Forwarding don't Answer feature active in order to forward a waiting call to another location.

(N) Call Waiting - Deluxe with Conferencing: Provides all of the functionality of Call Waiting Deluxe. Also permits the end-user to conference a waiting call with an existing call (first party) and, if desired, subsequently drop either leg of the conferenced call.

(O) Caller ID - Basic: Permits the end-user to view a Directory Number of the calling party on incoming telephone calls. Information is displayed on a specialized CPE not provided by the Company. The feature also provides the date and time of each incoming call. It is the responsibility of the Customer to provide the necessary CPE.

5.11.1 Feature Descriptions, (continued)

- (P) **Caller ID – Deluxe:** Permits the end-user to view a Directory Name and Directory Number of the calling party on incoming telephone calls. Information is displayed on a specialized CPE not provided by the Company. The feature also provides the date and time of each incoming call. It is the responsibility of the Customer to provide the necessary CPE. In some situations, the calling party's city and state may be displayed rather than a Directory Name, depending on available call data.
- (Q) **Anonymous Call Rejection:** Permits the end-user to automatically reject incoming calls when the call originates from a telephone number which has blocked delivery of its calling number (see Calling Number Delivery Blocking). When active, calls from private numbers will be routed to a special announcement then terminated. The feature may be turned on or off by the end-user by dialing the appropriate feature control code. Anonymous Call Rejection is offered as a stand-alone feature or as an add-on to Caller ID Deluxe.
- (R) **Call Block:** Allows the end-user to automatically block incoming calls from up to six end-user pre-selected telephone numbers programmed into the feature's screening list. Callers whose numbers have been blocked will hear a recorded message stating that their call has been blocked. The end-user controls when the feature is active, and can add or remove calling numbers from the feature's screening list.
- (S) **Call Return:** Allows the Customer to return a call to the last incoming call whether answered or not. Upon activation, it will redial the number automatically and continue to check the number every 45 seconds for up to 30 minutes if the number is busy. The Customer is alerted with a distinctive ringing pattern when the busy number is free. When the Customer answers the ring, the call is then completed. The calling party's number will not be delivered or announced to the call recipient under any circumstances.

- (T) **Call Selector:** Allows a Customer to assign a maximum of 15 telephone numbers to a special list. The Customer will hear a distinctive ring when calls are received from telephone numbers on that list.
- (U) **Call Tracing:** Allows the tracing of nuisance calls to a specified telephone number suspected of originating from a given local office. The tracing is activated upon entering the specified dial code. The originating telephone number, outgoing trunk number or terminating number, and the time and date are generated for every call to the specified telephone number can then be identified.
- (V) **Calling Number Delivery Blocking:** Prevents the delivery, display and announcement of the end-user's Directory Number and Directory Name on all calls dialed from an exchange service equipped with this option. When active, the end-user's telephone name and number will not appear on the called party's Caller ID CPE or be disclosed in another way. The feature is available on a per call or per line basis. With per call Calling Number Delivery Blocking, it is necessary for the end-user to dial an activation code prior to placing the call. With the per line version of the feature, all calls are placed with the end-user's number blocked. Per line end-users must dial an activation code prior to utilization.
- (W) **Message Waiting Indication:** Provides the end-user with an audible (stutter dial tone) or visual (lamp or other CPE display) indication that messages are waiting to be retrieved. Message Waiting Indication can only be activated/deactivated by a voice mailbox or other voice messaging service provided by the Company or third party. It is the responsibility of the Customer to subscribe to a compatible voice messaging service. Visual Message Waiting Indication requires specialized CPE not provided by the Company. It is the responsibility of the Customer to provide the necessary CPE.

(X) Multiple Directory Number Distinctive Ringing: This feature allows an end user to determine the source of an incoming call from a distinctive ring. The end user may have up to two additional numbers assigned to a single line (i.e. Distinctive Ringing – First Number and Distinctive Ringing – Second Number). The designated primary number will receive a normal ringing pattern; other numbers will receive distinctive ringing patterns. The pattern is based on the telephone number that the calling party dials.

(Y) Preferred Call Forwarding: Permits the end-user to automatically forward to another number calls received from up to six end-user pre-selected telephone numbers programmed into the features screening list. The end-user controls when the feature is active, the forward-to-number and can add or remove calling numbers from the feature's screening list.

(Z) Repeat Dialing: Permits the end-user to have calls automatically redialed when the first attempt reaches a busy number. The line is checked every 45 seconds for up to 30 minutes and alerts the Customer with a distinctive ringing pattern when the busy number and the Customer's line are free. The Customer can continue to make and receive calls while the feature is activated. The following types of calls cannot be reached using Repeat Dialing:

Calls to 800 Service numbers
Calls to 900 Service numbers
Calls preceded by an interexchange carrier access code
International Direct Distance Dialed calls
Calls to Directory Assistance
Calls to 911

5.11 Optional Calling Features, (continued)

5.11.1 Feature Descriptions, (continued)

(AA) Speed Calling: Permits the Customer to place calls to other telephone numbers by dialing a one or two digit code rather than the complete telephone number. The feature is available as either an eight (8) code list or a thirty (30) code list. Code lists may include local and/or toll telephone numbers. The Customer has the ability to add or remove telephone numbers and codes to/from the speed calling list without assistance from the Company.

(AB) Three Way Calling: Permits the end-user to add a third party to an established connection. When the third party answers, a two-way conversation can be held before adding the original party for a three-way conference. The end-user initiating the conference controls the call and may disconnect the third party to reestablish the original connection or establish a connection to a different third party. The feature may be used on both outgoing and incoming.

5.12 Listing Services

For each Customer of Company-provided Exchange Service(s), the Company shall arrange for the listing of the Customer's main billing telephone number in the directory(ies) published by the dominant Local Exchange Carrier in the area at no additional charge. At a Customer's option, the Company will arrange for additional listings for an additional charge.

5.12.1 Non-Published Service

This optional service provides for suppression of printed and recorded directory listings. A Customer's name and number do not appear in printed directories or Directory Assistance Bureau records.

5.12.2 Non-Listed Service

This optional service provides for suppression of printed directory listings only. Parties may still obtain the Customer's number by calling the Directory Assistance Bureau.

5.13 Directory Assistance

Provides for identification of telephone directory numbers, via an operator or automated platform. Customers are provided with a maximum of 2 listings per each call to Directory Assistance.

5.14 Miscellaneous Services

5.14.1 Pay Per Call Blocking/Unblocking

This service provides the option of blocking, or subsequent unblocking, all 900 and 976 calls on a per line basis. The Company will provide for per-line blocking where the Company's switching facilities permit.

5.14.2 Presubscription Services

This service provides for the Presubscription of local exchange lines provided by the Company to the intraLATA and interLATA long distance carrier(s) selected by the Customer.

7.6 Direct Inward Dialing (DID) Service

Direct Inward Dialing (“DID”) permits calls incoming to a PBX system or other Customer Premises Equipment to be routed to a specific station without the assistance of an attendant. DID calls are route directly to the station associated with the called number. DID service as offered by the Company provides the necessary trunks, telephone numbers, and out-pulsing of digits to enable DID service at a Customer’s location. DID service requires special PBX software and hardware not provided by the Company. Such hardware and software is the responsibility of the Customer.

The following charges apply to Customers subscribing to DID service provided by the Company. These charges are in addition to recurring and non-recurring charges for PBX Trunks as shown in Section 7.5 of this tariff. The Customer will be charged for the number of DID numbers utilized out of the available 20 numbers.

8.1 Directory Listings

8.1.1 General

The following rules apply to standard listings in light face type in the white pages (alphabetical section) of the telephone directory and to the Directory Assistance records of the Company.

Only information necessary to identify the Customer is included in these listings. The Company use abbreviations in listings. The Company may reject a residence listing, which is judged to be advertising. It may also reject a listing it judges to be objectionable. A name made up by adding a term such as Company, Shop, Agency, Works, etc. to the name of a commodity or service willing to be accepted as a listing unless the subscriber is legally doing business under that name.

A name may be repeated in the white pages only when a different address or telephone number is used.

The following names may be included in business service listings:

- (1) The name of subscriber or joint user.
- (2) The name of each business enterprise which the subscriber or joint user conducts.
- (3) The name by which the business of a subscriber or joint user is known to the public. Only one such name representing the same general line of business will be accepted.
- (4) The name of any person associated with the subscriber or joint user in the same business.
- (5) The name of any person, firm or organization which subscriber or joint user is authorized to represent, or the name of an authorized representative of the subscriber or joint user.
- (6) Alternative spelling of an individual name or alternative arrangement of a business name, provided the listing in the judgment of the Company, is not for advertising purposes. The name of a publication issued periodically by the subscriber or joint user.
- (7) The name of an inactive business organization in a cross-reference listing when authorized by such business or organization.
- (8) The name of a member of subscriber's domestic establishment when business service is furnished in the subscriber's residence.
- (9) The name of a corporation which is the parent or a subsidiary of the subscriber.

(B) Designation

The purpose of a business designation is to identify the listed party and not to advertise the business. No designation of the nature of the business is included if this is sufficiently indicated by the name. Where a listed party is engaged in more than one general line of business, one additional business designation may be included in the listing when necessary to identify the listed party. When a listed party has two or more listed telephone number or two or more business addresses, designations indicating the branches of the organization may be included where necessary to assist the public in calling.

A designation may include a title to indicate a listed party's official position, but not the name of the firm or corporation with which the individual is connected. Individual names or titles are not shown following the name of a firm or corporation. A term such as "renting agent" may be included in a listing indented under the name of a building, provided the agent maintains a renting office in such a building.

A designation is not ordinarily provided in a residence type listing except for residential service as permitted under the terms of this tariff. A professional designation is permitted on residence service in the case of a physician, surgeon, dentist, osteopath, chiropodist, podiatrist, optometrist, chiropractor, physiotherapist, Christian Science practitioner, veterinary surgeon, registered nurse or licensed practical nurse, provided that the same name and designation is also listed on business service of that subscriber or another subscriber in the same or different directory.

The listing of service in the residence of a clergyman may include the designation "parsonage," "rectory," "parish house," or "manse," and any such listing may be indented under a listing in the name of the church. Where residence service is furnished in a church study, the listing may include the designation "study."

Each residence or non-profit listing may, but does not have to, include the house number and street name of the residence where the telephone service is provided. Other information, such as a building name or a locality designation, may be included to help identify the Customer.

(D) Telephone Number

Each listing may include only one telephone number, except in an alternate telephone number listing where each number listed is considered a line for rate purposes.

A listing may include only the telephone number of the first line of a PBX system or incoming service group, except that a trunk not included in the incoming service group of a PBX system, or the first trunk of a separate incoming service group of a PBX system may be listed to meet special conditions where a corporation and its subsidiaries use the same PBX system.

SECTION 8.0 - DIRECTORY ASSISTANCE AND LISTING SERVICES

8.2 Non-Published Service

8.2.1 General

Non-published service means that the Customer's telephone number is not listed in the directory, nor does it appear in the Company's Directory Assistance Records.

8.2.2 Regulations

This service is subject to the rules and regulations for E911 service, where applicable.

The Company will complete calls to a non-published number only when the caller dials direct or gives the operator number. No exceptions will be made, even if the caller says it is an emergency.

When the Company agrees to keep a number unlisted, it does so without any obligation. Except for cases of gross negligence or willful misconduct, the Company is not liable for any damages that might arise from publishing a non-published number in the directory or disclosing it to some. If, in error, the telephone number is published in the directory, the Company's only obligation is to credit or refund any monthly charges the Customer paid for non-published service.

The subscriber indemnifies (i.e., promises to reimburse the Company for any amount the Company must pay as a result of) and save the Company harmless against any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the publication of a non-published service or the disclosing of said number to any person.

8.2.3 Rates and Charges

There is a monthly charge for each non-published service. This charge does not apply if the Customer has other listed service at the same location; if the Customer lives in a hotel, boarding house or club with listed service; or if the service is installed for a temporary period.

Non-published service charge, per month	\$4.00

SECTION 9.0 - ADVANCED SERVICES

9.1 ISDN PRI Service with Unlimited Local Calling

ISDN PRI offers an array of value-added features, such as calling number identification and call-by-call selection that enhance productivity. ISDN PRI is configured with 23 64 Kbps bi-directional B (Bearer) channels and one 64 Kbps D (Data) channel. Unique to ISDN PRI is its ability to designate the D channel to handle all of the signaling and call control requirements and leave the remaining 23 B channels free for any mix of circuit-switched voice and data.

Each of these products is offered under a 12, 24 or 36 month term agreement. Rates include unlimited local calling for sent-paid, directly dialed calls. Rates do not include calling card calls, information type calls to Time and Weather, 555, 700, 900, 976 Services, Directory Assistance or any other type of Operator Handled call.

ISDN PRI includes the following non-optional Feature Package: Inbound Calling Line ID-Name & Number and Call by Call Selection.

Regional Toll and Long Distance Services must be PIC'd to the Company. These rates are in addition to ISDN PRI and DS1 rates below.

9.2 Digital DS-1 PBX Service with Unlimited Local Calling

This service provides a trunk side DS1 electrical interface from the customer's digital PBX system to a digital port on a local Company switch for the origination and termination of calls. Traffic to and from the digital PBX can be received or dialed directly from any PBX station without the need for an attendant.

These digital trunks deliver a high-speed DS1 (T1) connection between your PBX and the Company network. There are up to 24 channels on one facility, each of which can be used to place or receive calls. This multi-channel capability dramatically reduces the need for additional PBX circuit cards.

Each of these products is offered under a 12, 24 or 36 month term agreement. Rates include unlimited local calling for sent-paid, directly dialed calls. Rates do not include calling card calls, information type calls to Time and Weather, 555, 700, 900, 976 Services, Directory Assistance or any other type of Operator Handled call.

9.5 ISDN BRI Service

ISDN BRI (Basic Rate Interface) uses standard “twisted pair” cables and is nearly three times faster than a 56K dial up line. ISDN PRI (Primary Rate Interface) uses a 1.544 Mbps digital transport facility (T1). Both services provide the superior clarity of digital transmission, a high-speed data interface and sufficient bandwidth capacity to fulfill your current and future communication needs.

ISDN BRI consists of two 64 Kbps B (Bearer) channels and one 16 Kbps D (Data) channel. Each B channel has the ability to integrate voice, data, image and video. The B channels may be kept separate or bonded together to deliver 128 Kbps.

SECTION 11.0 - MISCELLANEOUS SERVICES

11.1 Carrier Presubscription

11.1.1 General

Carrier Presubscription is a procedure whereby a Customer designates to the Company the carrier which the Customer wishes to be the carrier of choice for intraLATA and interLATA toll calls, Such calls are automatically directed to the designated carrier, without the need to use carrier access codes or additional dialing to direct the call to the designated carrier. Presubscription does not prevent a Customer who has presubscribed to an IntraLATA or InterLATA toll carrier from using carrier access codes or additional dialing to direct calls to an alternative long distance carrier on a per call basis.

11.1.2 Presubscription Options - Customers may select the same carrier or separate carriers for intraLATA and interLATA long distance. The following options for long distance Presubscription are available:

- Option A:** Customer MAY select the Company as the presubscribed carrier for IntraLATA and InterLATA toll calls subject to presubscription.
- Option B:** Customer may select the Company as the presubscribed carrier for IntraLATA calls subject to presubscription and some other carrier as the presubscribed carrier for interLATA toll calls subject to presubscription.
- Option C:** Customer may select a carrier other than the Company for intraLATA toll calls subject to presubscription and the Company for interLATA toll calls subject to presubscription.
- Option D:** Customer may select the carrier other than the Company for both intraLATA and interLATA toll calls subject to presubscription.
- Option E:** Customer may select two different carriers, neither being the Company for intraLATA and interLATA toll calls. One carrier to be the Customers' primary intraLATA interexchange carrier. The other carrier to be the Customer's primary interLATA interexchange carrier.
- Option F:** Customer may select no presubscribed carrier for intraLATA and interLATA toll calls subject to presubscription which will require the Customer to dial a carrier access code to route all intraLATA and interLATA toll calls to the carrier of choice for each call.

SECTION 11.0 – MISCELLANEOUS SERVICES (CONTINUED)

11.1 Carrier Presubscription, (Continued)

11.1.3 Rules and Regulations

Customers of record will retain their primary interexchange carrier(s) until they request that their dialing arrangements be changed.

Customers of record or new Customers may select either Options A, B, C, D, E or F for intraLATA and interLATA Presubscription.

Customers may change their selected Option and/or presubscribed toll carrier at any time subject to charges specified in 11.1.5 below:

11.1.4 Presubscription Procedures

A new Customer will be asked to select intraLATA and interLATA toll carriers at the time the Customer places an order to establish local exchange service with the Company. The Company will process the Customer's order for service. All new Customers initial requests for intraLATA and interLATA toll service presubscription shall be provided free of charge.

If a new Customer is unable to make selection at the time the new Customer places an order to establish local exchange service, the Company will read a random listing of all available intraLATA and interLATA carriers to aid the Customer in selection. If selection is still not possible, the Company will inform the Customer that he/she will be given 90 calendar days in which to inform the Company of his/her choice for primary toll carrier(s) free of charge. Until the Customer informs the Company of his/her choice of primary toll carrier, the Customer will not have access to long distance services on a presubscribed basis, but rather will be required to dial a carrier access code to route all toll calls to the carrier(s) of choice. Customers who inform the Company of a choice for toll carrier presubscription within the 90-day period will not be assessed a service charge for the initial Customer request.

Customers of record may initiate an intraLATA or interLATA presubscription change at any time, subject to the charges specified in 11.1.5 below. If a Customer of record inquires of the Company of the carriers available for toll presubscription, the Company will read a random listing of all available intraLATA carriers to aid the Customer in selection.

MOTION TO APPEAR AND PARTICIPATE TELEPHONICALLY AT HEARING

Pursuant to Tenn. Code Ann. § 4-5-312(c), Petitioner submits this Motion to Appear and Participate Telephonically at Hearing and provides the following in support of this Motion: Tenn. Code Ann. § 4-5-312(c) addresses electronic participation at a hearing as follows:

In the discretion of the administrative judge or hearing officer and agency members and by agreement of the parties, all or part of the hearing may be conducted by telephone, television or other electronic means, if each participant in the hearing has an opportunity to participate in, to hear, and if technically feasible, to see the entire proceedings while taking place.

In accord with the above referenced statute, Petitioner hereby respectfully requests to participate in its hearing telephonically because personal attendance of company representatives, witness, and notary who reside in Texas would be burdensome.

If this Motion is granted, Petitioner agrees that its telephonic appearance and participation in the hearing will be subject to the following conditions:

1. Petitioner is solely responsible for, and shall be required to, secure a properly Licensed Notary Public in good standing in the State of the jurisdiction where the testimony is to be given, and who will physically appear with any company representative or witness who will be called at the Hearing to give live testimony or to ratify pre-filed testimony.

2. The Notary Public obtained by Petitioner shall be duly authorized to administer the Oath, and shall do so during the Hearing and remain physically present with the witness at all times during the witness' testimony until such witness is excused from examination by the Hearing Officer.

3. Following the conclusion of the Hearing, the Notary Public shall prepare and sign an Affidavit, affirming the proven identity of the witness, the fact that such person was sworn by the Notary Public, and that testimony given by the sworn witness was in accordance with the highest ethical and legal standards as observed by the Notary Public. The Affidavit shall bear the official seal of the signing Notary Public, and the testifying witness shall also be required to sign a Witness Certification.

4. The Affidavit above must be post-marked within five (5) days of the Hearing and received by the Hearing Officer via postage-paid U.S. Mail or overnight delivery. Should a proper Affidavit containing the affirmations noted above fail to be produced to the Hearing Officer as set forth herein, the testimony of the witness shall be struck from the record, which may constitute grounds sufficient for denial of the Petition.

Wherefore, based on the foregoing, Petitioner respectfully requests that the Commission grant its Motion for Petitioner and to Appear and Participate Telephonically at Hearing as described herein.

Respectfully submitted this 18th day of June, 2018,
