

AquaGreen  
Utility Inc.

December 26 2024

Docket 18-00122

Honorable David Jones Chairman  
Public Utility Commission  
502 Deaderick Street 4th floor  
Nashville, TN 37243

RE: Request for territory removal from CCN

Aqua Green Utility Inc. desires to remove the Forest Trails Subdivision from our Certificate of Convenience and Necessity. The property has been sold at auction and I have been informed of no current plans to develop the neighborhood. No work has been done on the development of this neighborhood. No land has been cleared and no homes or infrastructure has been built. We are also requesting that TDEC cancel the SOP for this project.

Thank you for your consideration.

Sincerely,

Dart Kendall, President  
Aqua Green Utility Inc.
