DOCKET NO.: 18-00125

Dear Chairman Morrison:

On behalf of Kingsport Power Company, we transmit herewith the following PUBLIC and CONFIDENTIAL Responses to Data Requests and Requests for Production of Documents of The Consumer Advocate Unit of the Attorney General's Office First Informal Discovery Request.

The Confidential Disc should be filed under seal per the Protective Order. The Public Disc can be utilized on the website. Copies of the Responses and Public and Confidential Discs are also being served on the Consumer Advocate.

The original and four copies of the Responses and two CDs are being sent via Federal Express.

Very sincerely yours,

HUNTER·SMITH & DAVIS, LLP

William C. Bovender

Enclosure: As stated

To Kingsport Power Company**

Data Request CPAD Informal 1-001:

Provide a copy of the Kingsport Power's monthly trial balance for all subaccounts from October 2017 through September 2018, highlighting the TRP&MS rider accounts.

Response CPAD Informal 1-001:

See CPAD Informal 1-1, Attachment 1, on the enclosed CD for Kingsport's monthly trial balances from October 2017 through September 2018. The three TRP&MS subaccounts (Accounts 1823426, 2543426 and 5933426) are highlighted on Attachment 1.

Data Request CPAD Informal 1-002:

Provide a matrix of costs paid to third-party vendors through the TRP&MS rider by month from October 2017 through September 2018.

Response CPAD Informal 1-002:

See CPAD Informal 1-2, Attachment 1, on the enclosed CD for a listing of TRP&MS invoiced costs paid through accounts payable and charged to O&M accounts from October 2017 through September 2018. Attachment 1 also includes a listing of all TRP&MS costs charged to O&M accounts for the 12 months ended September 2018 including unvouchered liability accruals and intercompany billings in addition to costs paid through accounts payable.

Response CPAD Informal 1-003:

See CPAD Informal 1-3, Confidential Attachments 1-7, for copies of third-party invoices for the TRP that were recorded on the Company's books through accounts payable in December 2017 for those invoices that were more than \$5,000 each. Also, see CPAD Informal 1-3, Attachment 8 on the enclosed CD, for a list of all third-party invoices for the TRP that were recorded on the Company's books through accounts payable in December 2017.

Data Request CPAD Informal 1-004:

Provide a copy of all Major Storm (MS) invoices that were recorded and paid in September 2018.

Response CPAD Informal 1-004:

See CPAD Informal 1-4, Confidential Attachments 1-3, for copies of third-party major storm invoices that were recorded on the Company's books through accounts payable in September 2018 for those invoices that were more than \$350 each. Also, see CPAD Informal 1-4, Attachment 4, on the enclosed CD for a list of all third-party major storm invoices that were recorded on the Company's books through accounts payable in September 2018.

Note that as explained in the footnote to KgPCo Exhibit No. 1 (AWA) sponsored by Company witness Allen, most of the storm restoration costs related to the July 20, 2018 major storm were incurred and recorded on the Company's books in July and August 2018 but not included in the TRP&MS over/under-recovery calculation until September 2018 business. CPAD Informal 1-4, Confidential Attachments 1-3, and CPAD Informal 1-4, Attachment 4, reflect only those invoices that support the \$34,218 of major storm costs recorded on the Company's books in September 2018 as requested.

Data Request CPAD Informal 1-005:

Refer to Page 4 of Company witness Keeton's direct testimony where she states the following:

I grossed up the resultant combined TRP and MS costs \$2,330,677, to include the Prompt Payment Discount. As a result, the revenue requirement the Company is seeking to recover in this case is \$2,366,170.

Given that any under or over-collection of TRP & MS costs are trued-up in a subsequent filing, provide the Company's rationale and support for adjusting the historical TRP & MS costs to include a prompt payment discount in this filing.

Response CPAD Informal 1-005:

The Company adjusted the historical TRP & MS costs to include a prompt payment discount consistent with the response to CPAD 1-15 in TPUC Case No. 2017-00032. More generally, the prompt payment discount applies to all components of a customer's bill. Not including a provision for the prompt payment of bills would result in under-recovery of costs and subsequent out-of-period recovery of those costs.

Refer to Page 9 of the testimony of Consumer Advocate witness Novak in Docket 17-00032, where he provides a table showing the System Average Interruptible Duration Index (SAIDI) Excluding Major Events for a select list of Tennessee Electric Utilities for 2013, 2014 and 2015. Update this table to include data for 2016 and 2017.

Response CPAD Informal 1-006:

Because this was Mr. Novak's exhibit from his testimony in Docket 17-00032, the Company is not aware of the source of the data. The Company is aware of annual data collected by the U.S. Energy Information Administration (EIA), and the Company utilized that data to update Mr. Novak's exhibit as requested, as shown on CPAD_Informal_1-6_Attachment_1, which is included on the enclosed CD. Most companies report data to EIA using a common filter set, including all causes and excluding only major event days calculated using the methodology detailed in IEEE Standard 1366. The Company cautions that reliability comparisons are difficult across utility companies because of such things as variations in geography, terrain, customer density and weather challenges. The EIA data can be found at: <https://www.eia.gov/electricity/data/eia861/>. Please note that the EIA data is reported on a calendar year basis, and that for this proceeding, Docket 18-00125, the Company reported data for the review period of October 1, 2017 through September 30, 2018.

Data Request CPAD Informal 1-008:

Refer to Page 14 of the testimony of Consumer Advocate witness Novak in Docket 17-00032, where he states the following:

My recommendation is that the Commission require KgPCo to provide the information contained in Attachment WHN-2 when it submits its annual TRP & MS Rider filing for (a) the year for which KgPCo files, **(b) at least five years prior to the first annual filing for those items with available data**, and (c) for all years in which the TRP & MS Rider is effective. [Emphasis added.]

Next refer to KgPCo Exhibit No. 1 (PAW) in the current filing that provides a reliability profile for October 1, 2017 through September 30, 2018. Supplement this Exhibit with data for the previous five years.

Response CPAD Informal 1-008:

KgPCo would point out that the Order Granting Petition in Docket No. 17-00032, at pages 10-11, stated: “Additionally, in order to measure the on-going benefits of the TRP, Kingsport has agreed to provide an annual reporting of measurements and metrics proposed by the Consumer Advocate, which are set forth in attachments to William H. Novak’s testimony.”

KgPCo does not believe that the Order requires that it submit “five years of data.” Rather the Order speaks only in terms of an “annual reporting of measurements and metrics.”

Notwithstanding, the reliability data submitted with this response, on CPAD_Informal_1-8_Attachment_1 on the enclosed CD, contains information for the period 2013-2017 as is readily available.

Data Request CPAD Informal 1-011:

Refer to KgPCo Exhibit No. 1 (AWA) included with the Company's filing. Specifically refer to Column L of this Exhibit which identifies the costs for a major storm for \$498,569 that was aggregated in September 2018. Provide a narrative discussion of the Company's rationale and support for classifying these costs as a Major Storm.

Response CPAD Informal 1-011:

The Company uses IEEE Standard 1366-2012 to categorize major events. This industry standard uses a statistical methodology to define major event days (MEDs) and differentiate between normal operations and those during major events. The daily System Average Interruption Duration Index (SAIDI) values for the prior five years are statistically evaluated to determine a daily SAIDI threshold for the upcoming year. If the daily SAIDI for a calendar day exceeds the pre-determined threshold, it is considered a statistical outlier and that day is categorized as an MED. Days below the daily threshold are categorized as days of normal operation.

The SAIDI minute threshold is converted to Customer Minutes of Interruption or CMI using the formula $SAIDI = CMI / \text{Customers Served}$. The number of Customers Served in the KGPCo service territory is approximately 48,000. The MED Threshold for Kingsport of 818,815 CMI / 48,077 customers served equals a 17 SAIDI minute Threshold. This is the equivalent of everyone's power being off for 17 minutes in the territory.

The storm on July 20, 2018 provided approximately 11 Million CMI which significantly exceeded the 2018 TN threshold of 818,815 CMI. The next day, July 21, 2018, provided approximately 1 Million CMI, which also exceeded the 818,815 CMI threshold. Therefore, this storm was classified as a major storm.

Response CPAD Informal 1-015:

Support for the \$600,190 of TRP&MS O&M costs incurred and recorded on the Company's books in September 2018, inclusive of \$34,218 of costs related to the July 20, 2018 major storm, was provided with the Company's filing in the "09_2018" Journal Entry Excel file.

The "Journal Entry" worksheet contained in the "09_2018 Adjustment for July August Charges for DMS18KT02" Excel file that was provided with the Company's filing supports an additional journal entry that was recorded in September 2018 business to include \$464,351 of costs for the July 20, 2018 major storm incurred in July and August 2018 but not included in the TRP&MS over/under recovery calculations until September 2018.
