TO BE DESIGNATED AN ELIGIBLE)	
TELECOMMUNICATIONS CARRIER)	

**PETITION OF
BEN LOMAND COMMUNICATIONS, LLC
TO BE DESIGNATED AN ELIGIBLE TELECOMMUNICATIONS CARRIER**

Ben Lomand Communications, LLC (“BLC”), a competitive local exchange carrier (“CLEC”), hereby respectfully moves the Tennessee Public Utility Commission (the “Commission”), pursuant to 47 U.S.C. § 214(e), for designation as an Eligible Telecommunications Carrier (“ETC”) for Coffee County, Franklin County, and Marion County, Tennessee under section 254(c) of the Telecommunications Act of 1996¹ (the “Act”) and Rules 54.101 through 54.207 of the Rules of the Federal Communications Commission (“FCC”) for the purposes of receiving federal universal support services.

As demonstrated below, BLC satisfies all of the statutory and regulatory requirements for designation as an ETC in Coffee County, Franklin County, and Marion County Tennessee (collectively, the “Designated Area”). Furthermore, designation of BLC as an ETC in the Designated Area will serve the public interest. Accordingly, based on the information set forth below, BLC respectfully requests that the Commission grant this petition to designate BLC as an ETC in the Designated Area.

¹ 47 U.S.C. § 254(c)

I. BACKGROUND

1. Ben Lomand Communications, Inc., by order of the Commission² dated April 28, 1999, Docket No. 98-00600, styled *Application of Ben Lomand Communications, Inc. for a Certificate of Convenience and Necessity to Provide Intrastate Telecommunications Service as a Competing Telecommunications Service Provider* was granted a Certificate of Convenience and Necessity to provide telecommunications services in Warren and White Counties, Tennessee. By Order of the Commission dated January 13, 2009, Docket No. 08-00210, styled *Petition of Ben Lomand Communications, LLC*³ to Modify its CCN, BLC's Certificate of Convenience and Necessity was modified to include the entire State of Tennessee, including the Designated Area and all geographic locations therein pursuant to Tennessee Code Annotated 65-4-201(d).

2. Further, BLC has already been granted ETC status for Warren and White counties, in Tennessee. By Order of the Commission dated January 8, 2001, Docket No. 97-00888, styled *Order Designating Ben Lomand Communications, Inc. as an Eligible Telecommunications Carrier*, the Commission granted Ben Lomand Communications, Inc., BLC's predecessor-in-interest, ETC status for Warren and White Counties. Accordingly, BLC is familiar with the requirements that maintaining ETC status necessitates and is fully committed to continue upholding those standards with regard to this request for ETC status in the Designated Area.

3. BLC has its principal offices at 311 N. Chancery Street, McMinnville, Tennessee 37110. Copies of BLC's Articles of Organization evidencing its authority to transact business in the State of Tennessee as a diversified telecommunications company is attached hereto as Exhibit

² At the time known as the Tennessee Regulatory Authority

³ As set forth in the January 13, 2009 Order of the Commission, BLC is the successor-in-interest through corporate reorganization of Ben Lomand Communications, Inc. BLC is a wholly owned subsidiary of Ben Lomand Rural Telephone Cooperative, Inc.

A. BLC currently provides voice services (including both traditional phone service as well as business and residential hosted IP); broadband internet services (deploying active, synchronous GIG capable fiber throughout its service territory to residential and business customers); video services (“traditional” cable with BLTV and OTT through Roku with MyBLTV); and security services (traditional home/business security through Ben Lomand Security, Secure Care emergency medical monitoring and home automation through Ben Lomand Home).

4. Specific to the Designated Area, BLC owns its own copper and fiber optic facilities and provides services in and around the City of Manchester in Coffee County and to the University of the South at Sewanee in Franklin County. BLC is also constructing fiber optic facilities in the Pocahontas community, which, when complete, will significantly expand BLC’s service territory in Coffee County. Construction of the facilities in the Pocahontas community is being partially funded by federal and state grants. BLC has also recently been awarded a federal grant to build fiber optic facilities in the Jumpoff area, which will significantly expand BLC’s service territory in Franklin County and into a small portion of Marion County. Construction for this project is scheduled to begin in 2019.

II. BLC MEETS THE REQUIREMENTS FOR DESIGNATION AS AN ETC

5. As set forth in Section 214(e)(2) of the Act, the Commission “shall upon its own motion or upon request designate a common carrier that meets the requirements of [Section 214 (e)(1)] as an eligible telecommunications carrier for a service area designated by the State commission.” 47 U.S.C. § 214(e)(2). Upon designation as an ETC, the carrier shall be eligible to receive universal support in accordance with Section 254 of the Act.

6. The requirements for designation as an ETC set forth in Section 214 (e)(1) are that the carrier must

(A) offer the services that are supported by Federal universal support mechanisms under section 245(c) of [the Act], either using its own facilities or a combination of its own facilities and resale of another carrier's services (including the services offered by another eligible telecommunications earner); and

(B) advertise the availability of such services and the charges therefore using the media of general distribution.

See 47 U.S.C. § 214(e)(1).

7. Under the authority of the Certificate of Public Convenience and Necessity granted by the Commission to BLC, as amended, BLC is a CLEC. BLC's facilities-based system in the Designated Area provides to its customers a minimum of the following services:

- a. voice grade access to a public switched network or its functional equivalent;
- b. minutes of use for local service provided at no additional charge to end users;
- c. access to emergency services provided by local governments, such as 911 and enhanced 911;
- d. toll limitation services to a minor degree for qualifying low-income consumers;
- e. free blocking service for 900, 976 type services in accordance with Commission policy;
- f. consumer access to and support for the Tennessee Relay Center in the same manner as incumbent local exchange telephone companies;
- g. white page directory listings and directory assistance;
- h. broadband internet access capable of transmitting data to and receiving data by wire or radio from all or substantially all internet endpoints, including capabilities that are incidental to and enable the operation of the communications service, excluding dial-up service; and
- i. LifeLine services to qualifying low-income consumers.

BLC offers, and will continue to offer, these services using its own facilities or through services of another facilities-based carrier or vendor with whom it has contracts.

8. Upon designation as an ETC, BLC will continue to participate in, and offer, LifeLine programs to qualifying low-income consumers and publicize the availability of LifeLine services in a manner reasonably designed to reach those likely to qualify for those services, as required by FCC Rules. *See* 47 C.F.R. §§ 54.401-54.423; 54.405(b); 54.410(a). BLC already actively promotes these services by, among other forms of promotion, providing informational pamphlets at all BLC locations and through its website at: <http://benlomandconnect.com/voice-services-resources/>. Attached hereto as Exhibit B and incorporated by reference is a copy of the current Tariff under which BLC provides, and will continue to provide, these services.

9. BLC does, and will continue to, advertise the availability of the above-referenced services and the charges for those services in the Designated Area using media of general distribution, as required by FCC Rules. *See* 47 C.F.R. §54.201(d)(2).

10. Attached as Exhibit C and incorporated herein by reference are BLC's updated financial statements demonstrating that the Company has the financial qualifications to provide the services specified herein. BLC has previously provided the Commission with evidence of its financial capabilities to provide the supported services in the context of its application to modify its Certificate of Convenience and Necessity, Docket No. 08-00210. The financial statements of BLC contain proprietary and confidential information and are being submitted under seal to be maintained by the Commission and Commission staff on a confidential basis pursuant to the Commission's current rules.

11. Attached as Exhibit D and incorporated herein by reference is a current list of BLC officers.⁴ BLC has previously provided the Authority with evidence of its managerial and

⁴ This list includes the Officers of Ben Lomand Holdings, Inc., which is the sole member of BLC.

technical capabilities to provide the supported in the context of its application to modify its Certificate of Convenience and Necessity, Docket No. 08-00210.

12. Attached as Exhibit E to this Petition and incorporated herein by reference is the testimony of Lisa Cope, President of BLC, certifying that BLC satisfies all of the requirements for designation as an ETC to serve the Designated Area.

III. Area for Which Designation is Requested

13. BLC has served and is working to expand its services in the Designated Area through its current and, if applicable, future facilities. A map of the Designated Area that BLC currently serves and for which it is seeking ETC Designation is attached as Exhibit F. These maps contain proprietary and confidential information and are being submitted under seal to be maintained by the Commission and Commission staff on a confidential basis pursuant to the Commission's current rules.

IV. Designation of BLC as an ETC Is In the Public Interest

14. BLC respectfully submits that its request to be designated as an ETC at this time serves the public interest and ensures that resources are committed to the provision of and preservation of universal service. A central purpose of the Act was to "promote competition and reduce regulation, [thereby securing] lower prices and higher quality services . . . and encourage the rapid deployment of new telecommunications technologies." *See* The Telecommunications Act of 1996, Pub. L. No. 104-104, 110 Stat. 56, 56 (1996). Designation of BLC as an ETC would further these goals.

REQUEST

For the foregoing reasons, BLC respectfully moves and requests that the Commission designate BLC as an ETC within the Designated Area. An expedited grant of this motion will facilitate the ability of BLC in its planning needs and ensure that federal grant funds are available for its expansion plans.

Respectfully submitted,

2. Regulations

2.1 Undertaking of the Company

2.1.1 Scope

The Company undertakes to furnish communications service in connection with one-way and /or two-way information **and voice** transmission between points within the State of Tennessee under the terms of this tariff. T

Customers may use services and facilities provided under this tariff to obtain access to services offered by other service providers. The Company is responsible under this tariff only for the services and facilities provided herein, and it assumes no responsibility for any service provided by any other entity that purchases access to the Company network in order to originate or terminate its own services, or to communicate with its own Customers.

2.1.2 Shortage of Equipment or Facilities

2.1.2.1 The Company reserves the right to limit or allocate the use of existing facilities, or of additional facilities offered by the Company when necessary because of lack of facilities or due to some other cause beyond the Company's control.

2.1.2.2 The furnishing of service under this tariff is subject to the availability on continuing basis of all the necessary facilities and is limited to the capacity of the Company's facilities as well as facilities the Company may obtain from other carriers, from time to time, to furnish service as required at the sole discretion of the Company.

2.1.3 Terms and Conditions

2.1.3.1 Except as otherwise provided herein, service is provided and billed on the basis of a minimum period of at least one month. Unless otherwise specified herein, for the purpose of computing charges in this tariff, a month is considered to have 30 days. All calculations of dates set forth in this tariff shall be based on calendar days, unless otherwise specified herein.

2.1.3.2 Customers may be required to enter into written Service Orders which shall contain or reference the name of the Customer, a specific description of the service ordered, the rate to be charged, the duration of the services, and the terms and conditions in this tariff.

2. Regulations (Cont'd) (M)

2.1 Undertaking of the Company (Cont'd)

2.1.3 Terms and Conditions (Cont'd)

2.1.3.3 At the expiration of the initial term specified in each Service Order, or in any extension thereof, service shall continue on a month to month basis at the then current rates unless terminated by either party upon reasonable notice. Any termination shall not relieve Customer of its obligation to pay any charges incurred under the Service Order and this tariff prior to termination. The rights and obligations which by their nature extend beyond the termination of the term of the Service Order shall survive such termination.

2.1.3.4 This tariff shall be interpreted and governed by the laws of the State of Tennessee without regard of the State's choice of laws provision.

2.1.3.5 Another telephone company must not interfere with the right of any person or entity to obtain service directly from the Company.

2.1.3.6 The Customer has no property right to the telephone number or any other call number designation associated with services furnished by the Company. The Company reserves the right to change such numbers, or the central office designation associated with such numbers, or both, assigned to the Customer, whenever the Company deems it necessary to do so in the conduct of its business.

2.1.3.7 The Customer agrees to operate Company provided equipment in Accordance with instructions of the Company or the Company's agent. Failure to do so will void Company liability for interruption of service and may make the Customer responsible for damage to equipment pursuant to section 2.1.3.8 below.

2.1.3.8 The Customer agrees to return to the Company all Company- provided equipment delivered to Customer within five (5) days of termination of the service in connection with which the equipment was used. Said equipment shall be in the same condition as when delivered to Customer, normal wear and tear only excepted. Customer shall reimburse the Company, upon demand, for any costs incurred by the Company due to Customer's failure to comply with this provision.

2. Regulations (Cont'd)

2.1 Undertaking of the Company (Cont'd)

2.1.4 Liability of the Company

Because the Customer has exclusive control of its communications over the services furnished by the Company, and because interruptions and errors incident to these services are unavoidable, the services the Company furnishes are subject to the terms, conditions, and limitations as set forth in the special regulations applicable to the particular services and facilities furnished under this tariff.

2.1.4.1 The liability of the Company for damages arising out of the furnishing of these services, including but not limited to mistakes, omissions, interruptions, delays, or errors, or other defects, representations, or use of these services or arising out of the failure to furnish the service, whether caused by acts of commission or omission, shall be limited to the extension of allowances for interruption. The extension of such allowances for interruption shall be the sole remedy of the Customer, authorized user, or joint user and the sole liability of the Company.

2.1.4.2 The Company shall not be liable or responsible for any special, consequential, exemplary, lost profits, or punitive damages, whether or not caused by the intentional acts or omissions or negligence of the Company's employees, agents or contractors.

2.1.4.3 The Company shall not be liable for any failure of performance or equipment due to causes beyond its control, including but not limited to: acts of God, fire, flood, or other catastrophes; any law, order, regulation, direction, action, or request of the United States Government, or of any other government, including state and local governments having or claiming jurisdiction over the Company, or of any department, agency, commission, bureau, corporation, or other instrumentality of any one or more of these federal, state, or local governments, or any civil or military authority; national emergencies; insurrections; riots; wars; unavailability of rights-of-way or materials; or strikes, work shortages, or other labor difficulties. D

2.1.4.4 The Company shall not be liable for any act or omission of any entity furnishing to the Company or to the Company's Customers facilities or equipment used for or with the services the Company offers.

2.1.4.5 The Company shall not be liable for any damages or losses due to the fault or negligence of the Customer or due to the failure or malfunction of Customer provided equipment or facilities.

2.1 Undertaking of the Company (Cont'd)

2.1.5 Notification of Service-Affecting Activities

The Company will provide the Customer reasonable notification of service-affecting activities that may occur in normal operation of its business. Such activities may include, but are not limited to, equipment or facilities additions, removals or rearrangements and routine preventative maintenance. Generally, such activities are not specific to an individual Customer but affect many Customers' services. No specific advance notification period is applicable to all service activities. The Company will work cooperatively with the Customer to determine the reasonable notification requirements. With some emergency or unplanned service-affecting conditions, such as outage resulting from cable damage, notification to the Customer may not be possible.

2.1.6 Provision of Equipment and Facilities

2.1.6.1 The Company shall use reasonable efforts to make available services to a Customer on or before a particular date, subject to the provisions of and compliance by the Customer with , the regulations contained in this tariff. The Company does not guarantee availability by any such date and shall not be liable for any delays in commencing service to any Customer.

2.1.6.2 The Company shall use reasonable efforts to maintain facilities that it furnishes to the Customer. The Customer may not, nor may the Customer permit others to, rearrange, disconnect, remove, and attempt to repair or otherwise interfere with any of the facilities installed by the Company, except upon the written consent of the Company.

2.1.6.3 Equipment installed at the customer premises for use in connection with the services the Company offers shall not be used for any purpose other than that for which the Company provided it.

2.1.6 Provision of Equipment and Facilities (Cont'd)

2.1.6.4 The Company shall not be responsible for the installation, operation, or maintenance of any Customer provided communications equipment. Where such equipment is connected to the facilities furnished pursuant to this tariff, the responsibility of the company shall be limited to the furnishing of facilities offered under this tariff and to the maintenance and operation of such facilities. Beyond this responsibility, the Company shall not be responsible for:

- (a) the transmission of signals by Customer provided equipment or for the quality of, or defects in, such transmission; or
- (b) the reception of signals by Customer provided equipment; or
- (c) network control signaling where such signaling is performed by Customer-provided network control signaling equipment.

2.1.7 Non-routine Installation

At the Customer's request, installation and/or maintenance may be performed outside the Company's regular business hours or in hazardous locations in accordance with the provisions of 2.3.1 (e). In such cases, charges based on cost of the actual labor, material, or other costs incurred by or charged to the Company will apply. If installation is started during regular business hours but, at the Customer's request, extends beyond regular business hours into time periods including, but not limited to, weekends, holidays, and/or night hours, additional charges may apply.

2.3 Obligations of the Customer

2.3.1 General

The Customer shall be responsible for:

- (a) the payment of all applicable charges, either non-recurring, recurring, ICB, or other charges, pursuant to this tariff;
- (b) reimbursing the Company for damage to, or loss of, the Company's facilities or equipment caused by the acts or omissions of the Customer; or the noncompliance by the Customer, with these regulations; or by fire or theft or other casualty on the Customer's premises, unless caused by the negligence or willful misconduct of the employees or agents of the Company. The Company will, upon reimbursement for damages, cooperate with the Customer in prosecuting a claim against the person causing such damage and the Customer shall be subrogated to the Company's right of recovery of damages to the extent of such payment;
- (c) providing at no charge, as specified from time to time by the Company, any needed personnel, equipment, space and power to operate Company facilities and equipment installed on the premises of the Customer, and the level of heating and air conditioning necessary to maintain the proper operating environment on such premises;
- (d) obtaining, maintaining, and otherwise having full responsibility for all rights-of-way and conduit necessary for installation of fiber optic cable and associated equipment used to provide local exchange service to the Customer from the cable building entrance or property line to the location of the equipment space described in 2.3.1(c). Any costs associated with the obtaining and maintaining the rights-of-way described herein, including the costs of altering the structure to permit installation of the Company-provided facilities, shall be borne entirely by, or may be charged by the Company to, the Customer. The Company may require the Customer to demonstrate its compliance with this section prior to accepting an order for service;

2. Regulations (Cont'd)

2.3 Obligations of the Customer (Cont'd)

2.3.2 Claims

With respect to any service or facility provided by the Company, Customer shall indemnify, defend, and hold harmless the Company from all claims, actions, damages, liabilities, costs and expenses, including reasonable attorneys' fees for:

- (a) any loss, destruction or damage to property of the Company or any third party, or the death of or injury to persons, including, but not limited to, employees or invites of either the Company or the Customer, to the extent caused by or resulting from the negligent or intentional act or omission of the Customer, its employees, agents, representatives or invites; or
- (b) any claim, loss damage, expense or liability for infringement of any copyright, patent, trade secret, or any proprietary or intellectual property right of any third party, arising from any act or omission by the Customer, including, without limitation, use of the Company's services and facilities in a name not contemplated by the agreement between the Customer and the Company.

2.4 Customer Equipment and Channels

2.4.1 General

2.4 Customer Equipment and Channels (Cont'd)

2.4.2 Station Equipment (Cont'd)

2.4.2.1 The Customer is responsible for providing and maintaining any terminal equipment on the Customer premises. The electric power consumed by such equipment shall be provided by, and maintained at the expense of, the Customer. All such terminal equipment must be registered with the FCC under 47 C.F.R., Part 68 and all wiring must be installed and maintained in compliance with those regulations. The Company will, where practicable, notify the Customer that temporary discontinuance of the use of a service may be required **due to customer equipment interfering with the network**; however, where prior notice is not practicable, nothing contained herein shall be deemed to impair the Company's right to discontinue forthwith the use of a service temporarily if such action is reasonable under the circumstances. In case of such temporary discontinuance, the Customer will be promptly notified and afforded the opportunity to correct the condition which gave rise to the temporary discontinuance. During such period of temporary discontinuance, credit allowance for service interruptions as set forth in Section 2.6 following is not applicable.

T

2.4.2.2 The Customer is responsible for ensuring that Customer-provided equipment connected to Company equipment and facilities is compatible with such equipment and facilities. The magnitude and character of the voltages and currents impressed on Company-provided equipment and wiring by the connection, operation, or maintenance of such equipment and wiring shall be such as not to cause damage to the Company-provided equipment and wiring or injury to the Company's employees or other persons. Any additional protective equipment required to prevent such damage or injury shall be provided by the Company at the Customer's expense.

2.4.3 Interconnection of Facilities

Any special interface equipment necessary to achieve compatibility between the facilities and equipment of the Company used for furnishing local exchange service and the channels, facilities, or equipment of others may be provided at the Customer's expense.

2.4.3 Interconnection of Facilities (Cont'd)

2.4.3.1 Local Service may be connected to the services or facilities of other communications carriers only when authorized by, and in accordance with, the terms and conditions of the tariffs of the other communications carriers which are applicable to such connections.

2.4.3.2 Facilities furnished under this tariff may be connected to Customer provided terminal equipment in accordance with the provisions of this tariff.

2.4.4 Inspections

2.4.4.1 Upon reasonable notification to the Customer, and at a reasonable time, the Company may make such tests and inspections as may be necessary to determine that the Customer is complying with the requirements set forth in Section 2.4.2.2 for the installation, operation, and maintenance of Customer-provided facilities and equipment to Company-owned facilities and equipment. No credit will be allowed for any interruptions occurring during such inspections.

2.4.4.2 If the protective requirements for Customer-provided equipment are not being complied with, the Company may take such action as it deems necessary to protect its facilities, equipment, and personnel. The Company will notify the Customer promptly if there is any need for further corrective action. Within ten days of receiving this notice the customer must take this corrective action and notify the Company of the action taken. If the Customer fails to do this, the Company may take whatever additional action is deemed necessary, including the suspension of service, to protect its facilities, equipment and personnel from harm. The Company will, upon request 24 hours in advance, provide the Customer with a statement of technical parameters that the Customer's equipment must meet.

2.5 Payment Arrangements

2.5.1 Payment for Service

The Customer is responsible for payment of all charges for service and facilities furnished by the Company to the Customer or its Joint or Authorized Users. Objections must be received by the Company within 30 days after statement of account is rendered, or the charges shall be deemed correct and binding upon the Customer. If an entity other than the Company imposes charges on the Company, in addition to its own internal costs, in connection with a service for which any Company charge is applicable, those charges may be passed on to the Customer.

2.5.1.1 Taxes: The Customer is responsible for the payment of any sales, use, gross receipts, excise, access or other local, state, and federal taxes, charges, user fees, or surcharges (however designated) excluding taxes on the Company's net income imposed on or based upon the provision of Local Exchange Services, all of which shall be separately designated on the Company's invoices. Any taxes imposed by a local jurisdiction (e.g., County and municipal taxes) will only be recovered from those Customers residing in the affected jurisdictions. It shall be the responsibility of the Customer to pay any such taxes that subsequently become applicable retroactively.

2.5.2 Billing and Collection of Charges

Bills will be rendered monthly to Customer.

2.5.2.1 All service, installation, monthly Recurring Charges and Non-Recurring Charges are due and payable upon receipt.

2.5.2.2 The Company shall present bills for all charges monthly to the Customer. Recurring charges for local services will be billed one month in advance, with all usage charges being billed in arrears.

2.5.2.3 Amounts not paid within 15 days after the date of invoice are considered past due. A late payment fee of 1.5% per month may be applied.

2.5.2.4 A \$30.00 charge will be assessed for checks with insufficient funds or non-existing accounts. (I)

2.5.2.5 Copies of customer bills will be available for a period of eighteen (18) months. The cost of providing copies of bills older than three (3) months will be \$4.50 per copy for residential customers and \$6.00 per copy for business customers. A copy is defined as each single bill provided. (N)

2.5.3 Disputed Bills

The Customer shall notify the Company of any disputed items on a bill within 15 days of receipt of the bill. If the Customer and the Company are unable to resolve the dispute to their mutual satisfaction, the Customer may file a complaint with the Tennessee Regulatory Authority or its successor in accordance with the TRA's rules of procedure.

of any disputed items on that customer's bill.

2.5.3.2 The date of the resolution is the date the Company completes its
investigation and notifies the Customer of the disposition of the dispute.

2.5.4 Advance Payments

To safeguard its interests, the Company may require a Customer to make an Advance Payment before services and facilities are furnished. The Advance Payment will not exceed an amount equal to the Non-Recurring Charge(s) and three months' charges for the service or facility. In addition, where special construction is involved, the Advance Payment may also include an amount equal to the estimated Non-Recurring Charges for the special construction and Recurring Charges (if any) for a period to be set between the Company and the Customer. The Advance Payment will be credited to the Customer's initial bill. An Advance payment may be required in addition to a deposit.

2.5.5 Deposits

2.5.5.1 Applicants for service or existing Customer's whose financial condition is not acceptable to the Company, or is not a matter of general knowledge, may be required at any time to provide the Company a security deposit. The deposit requested will be in cash or the equivalent of cash, and will be held as a guarantee for the payment of charges. A deposit does not relieve the Customer of the responsibility for the prompt payment of bills on presentation. The deposit will not exceed an amount equal to:

- (a) three month's charges for a service or facility which has a minimum payment period of one month; or
- (b) the charges that would apply for the minimum payment period for a service or facility which has a minimum payment period of more than one month; except that the deposit may include an additional amount in event that a termination charge is applicable. In addition, the Company shall be entitled to require such an applicant or Customer to pay all its bills within a specified period of time, and to make such payments in cash or the equivalent of cash. At the Company's option, such deposit may be refunded to the Customer's account at any time. Also, the Company reserves the right to cease accepting and processing Service Orders after it has requested a security deposit and prior to the Customer's compliance with this request.

2.5.5.2 A deposit may be required in addition to an advance payment.

Before the service or facility is discontinued, the Company may, at its option, return the deposit or credit to the Customer's account.

2.5.5.4 Deposits held will accrue interest at the standard passbook rate in effect during the time the deposit is held.

2.5.6 Discontinuance of Service

2.5.6.1 Upon nonpayment of any amounts owing to the Company, the Company may, by giving requisite prior written notice to the Customer in accordance with Tennessee Administrative Code, discontinue or suspend service without incurring any liability.

2.5.6.2 Upon violation of any of the other material terms or conditions for furnishing service the Company may, by giving reasonable notice in writing to the Customer, discontinue or suspend service without incurring any liability if such violation continues during that period.

2.5.6.3 Upon condemnation of any material portion of the facilities used by the Company to provide service to a Customer or if a casualty renders all or any material portion of such facilities inoperable beyond feasible repair, the Company, by notice to the Customer, may discontinue or suspend service without incurring any liability.

3. Service Descriptions (Cont'd)

3.1 Local Exchange Service (Cont'd)

- 3.1.5 **Integrated Services Digital Network (ISDN¹):** ISDN supports the simultaneous use of voice and data over the same access line. ISDN provides a completely digital transmission. The Company ISDN is available as either Basic Rate Interface (BRI) or Primary Rate Interface (PRI). (D)

BRI consist of two bearer (B) channels and one data (D) channel. The B channels can carry voice conversations at up to 64 KBPS and the D channel can carry data at up to 16 Kbps. The customer's terminal equipment or the interconnection through non-digital central offices may cause transmission speeds to be slower than the maximum achievable with ISDN.

PRI consist of twenty-three bearer (B) channels and one data (D) channel. With PRI, the B channels can carry voice conversations at 1.544 megabits per second. The customer's terminal equipment and interconnection through non-digital central offices may cause transmission speeds to be slower than the maximum achievable.

Customer Premise Equipment that is compatible with the ISDN interface is the responsibility of the customer. The Company is not responsible if any changes in the provisioning of ISDN BRI or ISDN PRI result in the obsolescence of customer's equipment or the need for the customer to modify or change their customer premise equipment. Additionally, ISDN BRI and ISDN PRI are subject of the availability or company facilities.

- 3.1.5.1 Basic ISDN-BRI includes the following features;
- a. Calling Number and Name Delivery
 - b. Touch Tone
 - c. Two Telephone Numbers per BRI
 - d. Hunting between ISDN lines

3.4 Operator Assistance

A Customer may obtain the assistance of a local operator to complete local exchange telephone calls in the following manner. In addition to the rates specified in Section 3.1, surcharges as specified in Section 3.4.1 will apply:

Third Number Billing: Provides the Customer with the capability to charge a local call to a third number which is different from the called or calling party. The party answering at the third number has the option to refuse acceptance of the charges in advance if queried by the operator.

Collect Calls: Provides the Customer with the capability to charge a call to the called party. On the operator announcement of a collect call, the called party has the option to refuse acceptance of charges in advance or when queried by the operator.

Calling Cards: Provides the Customer with the capability to place a call using a calling card of an Interexchange Carrier with or without the assistance of an operator.

Person to Person: Calls completed with the assistance of an operator to a particular Station and person specified by the caller. The call may be billed to the called party.

Station to Station: Calls completed with the assistance of an operator to a particular Station. The call may be billed to the called party.

General Assistance: The Customer has the option to request general information from the operator, such as dialing instructions, country or city codes, area code information and Customer Service 800 telephone numbers, but does not request the operator to complete the call.

3.6 Directory Listings

The Company shall provide a single directory listing, termed the primary listing, in the telephone directory published by the local exchange provider in the Customer's exchange area of the Station number which is designated as the Customer's main billing number. Directory listing of additional Company Station numbers, other than the Customer's main billing number, associated with a Customer's service will be provided for an additional monthly recurring charge per listing.

- 3.6.1 The Company reserves the right to limit the length of any listing in the directory by the use of abbreviations when, in its judgement, the clearness of the listing or the identification of the Customer is not impaired. When more than one line is required to properly list the Customer, no additional charge is made.
- 3.6.2 The Company may refuse a listing which is known not to constitute a legally authorized or adopted name, contains obscenities in the name, or any listing which, in the opinion of the Company, is likely to mislead or deceive calling persons as to the identity of the listed party, or is a contrived name used for advertising purposes or to secure a preferential position in the directory or is more elaborate than is reasonably necessary to identify the listed party. The Company, upon notification to the Customer, will withdraw any listing which is found to be in violation of its rules with respect thereto.
- 3.6.3 In order for listing to appear in an upcoming directory, the Customer must furnish the listing to the Company in time to meet the directory-publishing schedule.
- 3.6.4 Directory listings are provided in connection with each Customer service as specified herein.
- 3.6.4.1 Primary Listing: A primary listing contains the name of the Customer, or the name under which a business is regularly conducted, as well as the address and telephone number of the Customer. This listing is provided at no additional charge.
- 3.6.4.2 Additional Listing: In connection with local exchange service, additional listings are available only in the name of Authorized Users of the Customer's service, as defined herein.

3.9 Local Channel Services: (N)

3.9.1 General:

Local Channel Service provides for a communication path between a designated customer premises and the serving wire center. The minimum service period for Local Channel Service is one month.

3.9.2 Description of Services:

3.9.2.1 Digital Local Channel: A path for Digital service furnished from the demarcation point on the customer's premises to their Serving Wire Center.

3.9.2.2 Local Channel 2-wire: A two-wire path for service furnished from the demarcation point on the customer's premises to their Serving Wire Center.

3.9.2.3 Local Channel 4-wire: A four-wire path for service furnished from the demarcation point on the customer's premises to their Serving Wire Center.

3.9.2.4 Local Private Line Channel: Local private line channels connect two or more points within the same exchange service area for communications, but are not connected to general telephone facilities for either exchange or toll service. Both two-point and multi-point service ordinarily contemplate communication between two stations only at the same time. This channel may be used for either voice grade or sub-voice grade service. This service may not be used if signaling is required.¹

¹ It is expressly declared that metallic facilities are in continually decreasing supply and that the Company does not hold itself in a position to make such facilities available. In addition, if modernization programs dictate the replacement of existing metallic facilities with non-metallic facilities such as fiber optics, the Company will not be required to continue this service over metallic facilities and notification will be made to customers 90 days prior to elimination of this service.

4. Assistance Programs

4.1 Telecommunications Relay Service (TRS): The Tennessee Telecommunications Relay Service (TRS) is a relay telecommunications service for the deaf, hearing and/or speech disabled population of the state of Tennessee. The service permits telephone communications between individuals with hearing and/or speech disabilities who must use a text telephone and individuals with normal hearing and speech.

4.2 Link-Up America: Link –Up Tennessee is offered in all exchanges to provide subsidized (D) assistance to qualifying applicants. It is intended to preserve and promote subscribership among low-income households by providing a credit to the installation and service charges applicable to the provisioning of residence service.

Regulations:

- a. Persons wishing to qualify for the credit must meet state certification criteria for eligibility. This credit is available only to residence customers, and will be applied to the non-recurring charges for the establishment of service for a single-telephone line per household at the principal place of residence.
- b. The subscriber must not be a dependent for federal income tax purposes, unless the customer is more than 60 years of age.
- c. The customer must meet the requirements of a state established income test.

Rates & Charges: A non-recurring credit in the amount of one-half (maximum of \$30.00) of the installation and connection charges will be applied to the **qualifying** customers total non-recurring installation and connection charge.

4. Assistance Programs (Cont'd)

4.3 Lifeline Assistance Program: The Lifeline Assistance Program adopted by the Tennessee (T) Regulatory Authority provides for a federal credit equal to 100 percent of the Interstate Subscriber Line Charge or its equivalent value plus an equivalent state provided subsidy. The program is available only in conjunction with residence individual line service. The federal and state credits are applied to the local service bills for qualified residential recipients of Temporary Assistance for Needy Families (TANF), Supplemental Security Income (SSI), Food Stamps (SNAP), Medicaid, National Free School Lunch Program, or Low Income Home Energy Assistance Program (LIHEAP)

4.3.1 Application & Regulations: Guidelines for implementation of this program are as follows:

- a. Certification Procedures: All applications for this service will be verified with the state agency responsible for administration of the programs mentioned preceding.
- b. Processing Procedures: The Company will process all applications and apply the appropriate credit on the customer's monthly bill. A secondary service charge is not applicable for existing customers subscribing to Lifeline.
- c. Verification Procedures: The Company will reconcile and confirm eligibility semi-annually by providing the agency involved with a computer tape (directly or through a third party) of all credit recipients. A verification of eligible recipients will be made. The credit will be discontinued on the bill following written notification to the customer of ineligibility. The ineligible customer's service will be converted to flat rate, unless otherwise requested by the customer.

4.3.2 Rates & Charges: To participate in the Lifeline Assistance Program, qualified residential customers will be required to subscribe to Basic Access Service as defined in this Tariff.

5. Promotional Offerings

- 5.1 Promotional Offerings: The company, from time to time may make promotional offerings of its services which may include waiving or reducing the applicable charges for the promoted service. The promotional offerings may be limited as to the duration, the date and times of the offerings and the locations where the offerings are made. Promotions will be filed with the Tennessee Regulatory Authority for approval on one day's notice.
- 5.2 Trial Service Offering: In the normal course of business, the Company, at its discretion may elect to offer certain services to Customer on a "trial basis". These trial offerings do not obligate the Company to continue the trail beyond a stated period or to offer said services as general tariffed offering in the future.

6. Individual Case Basis (ICB) Arrangements

Arrangements will be developed on an individual case basis in response to a bona fide request from a Customer or prospective Customer to develop a competitive bid for a service offered under this tariff. Rates quoted in response to such competitive requests may be different than those specified for such service in this tariff. ICB rates will be offered to the Customer in writing and on a non-discriminatory basis.

7. Miscellaneous Services

7.1 Direct Inward Dialing (DID) Service

- 7.1.1 Direct Inward Dialing (DID) Service provides the central office switching equipment necessary to allow direct inward dialing from the local exchange and long distance networks to stations and attendant positions associated with the customer premises switching systems.
- 7.1.2 The provision of DID Service is subject to availability of facilities and telephone numbers; and, requires the use of appropriate customer premises equipment.
- 7.1.3 DID Service must be provided on all lines in a trunk or access line group arranged for inward service. The service does not contemplate the routing of calls to selected numbers within the direct inward dialing number group over a separate trunk or access line group.

9. Centrex Service

Centrex Service is a central office based service which provides PBX-type features to business, particularly multi-line, and residential customers.

Centrex Service will be offered in specifically equipped central offices and is subject to availability of other required facilities.

Centrex Service may not be used to resell local or long distance service.

One primary directory listing is provided without charge for each Centrex system. Additional directory listings can be obtained as specified in the Directory Listing provisions of this tariff.

Temporary suspension of service does not apply to Centrex Service.

9.1 Provision of Service

9.1.1 The Company will determine what type of central office configuration is required to conform to standards of the company, including transmission requirements. Additional charges for special service arrangements to meet transmission may apply.

9.1.2 All Centrex lines will be equipped with the Standard Features found in Section 9.3.1 following. Optional features may also be selected for an additional monthly charge.

9.1.3 Lines to provide connections between Centrex system locations are provided primarily for station-to-station communications. Centrex lines may be terminated at different premises of the same customer, provided they meet transmission requirements; however, appropriate intraexchange or interexchange private line charges may apply to off-premises Centrex lines.

9.2 Centrex Packages

9.2.1 Multi-Line Variety Package (MVP): The MVP package is suitable for businesses that do not anticipate growth of over six lines.

The MVP features are designated as line options and are assignable on a per-line basis, allowing businesses to customize their communication system line-by-line. An MVP group must be configured with single-party lines only. All lines terminating in a customer group must be served by the same central office switch and /or its associated remotes.

9.2 Centrex Packages (Cont'd)

- 9.2.2 Integrated Business Services (IBS): The IBS package allows a business to integrate up to 3,000 lines into a single Centrex customer group. The IBS package does not limit a business to a set number of lines per customer group. It can range from 2 to 3,000 lines. The customer group grows (lines are added) as the business grows. Each customer group can have its own unique dialing plans and restrictions.

The IBS features are designated as line options and are assignable on a per-line basis, allowing the business to build its communications system around its own particular requirements and needs. All lines terminating in a customer group must be served by the same central office switch and/or its associated remotes.

9.3 Centrex Features

9.3.1 Standard Centrex Features

1. Customer Groups: A group of customer Centrex lines integrated in a single Centrex customer group.
2. Direct Inward Dialing (DID): Each individual station in a customer group is assigned its own seven-digit directory number to provide DID service. (D)
2. Call Forward: Allows a customer to have calls to his/her line automatically forwarded to a predetermined directory number. (M)
3. Call Forward, All Calls: Forwards all calls while the feature is activated. The feature is activated/deactivated from the customer's telephone. (M)
4. Call Forward, Busy: Forwards incoming calls only while the customer's line is busy on another call. (M)
5. Call Forward, Busy – All: Forwards all calls (both incoming and intragroup) while the customer's line is busy on another call. (M)
6. Call Forward, No Answer: Forwards all calls that are not answered within a predetermined number of ringing cycles. (M)
7. Call Hold: Allows a customer to place one call on hold for any length of time, provided neither party goes on-hook. Activation of Call Hold requires the use of an activation code that is dialed after a switch hook flash. (M)
