PASS-THROUGHS RIDER)**

DOCKET NO. 19-00010

**TENNESSEE-AMERICAN WATER COMPANY'S RESPONSES
TO FIRST DISCOVERY REQUESTS OF
THE CONSUMER PROTECTION AND ADVOCATE DIVISION**

Tennessee-American Water Company ("TAWC"), by and through counsel, hereby submits its Responses to the First Discovery Requests propounded by the Consumer Protection and Advocate Division ("CPAD").

GENERAL OBJECTIONS

1. TAWC objects to all requests that seek information protected by the attorney-client privilege, the work-product doctrine and/or any other applicable privilege or restriction on disclosure.
2. TAWC objects to the definitions and instructions accompanying the requests to the extent the definitions and instructions contradict, are inconsistent with, or impose any obligations beyond those required by applicable provisions of the Tennessee Rules of Civil Procedure or the rules, regulations, or orders of the Tennessee Public Utility Commission ("TPCU" or "Authority").
3. The specific responses set forth below are based on information now available to TAWC, and TAWC reserves the right at any time to revise, correct, add to or clarify the objections or responses and supplement the information produced.

4. TAWC objects to each request to the extent that it is unreasonably cumulative or duplicative, or seeks information obtainable from some other source that is more convenient, less burdensome or less expensive.

5. TAWC objects to each request to the extent it seeks information outside TAWC's custody or control.

6. TAWC's decision, now or in the future, to provide information or documents notwithstanding the objectionable nature of any of the definitions or instructions, or the requests themselves, should not be construed as: (a) a stipulation that the material is relevant or admissible, (b) a waiver of TAWC's General Objections or the objections asserted in response to specific discovery requests, or (c) an agreement that requests for similar information will be treated in a similar manner.

7. TAWC objects to those requests that seek the identification of "any" or "all" documents or witnesses (or similar language) related to a particular subject matter on the grounds that they are overbroad and unduly burdensome, and exceed the scope of permissible discovery.

8. TAWC objects to those requests that constitute a "fishing expedition," seeking information that is not relevant or reasonably calculated to lead to the discovery of admissible evidence and is not limited to this matter.

9. TAWC does not waive any previously submitted objections to the CPAD's supplemental discovery requests.

- 1-4 Refer to "Workpaper_Chemicals 2018.xlsx" and "19-00010 - Confidential Attachments to Petition - Chemical Workpapers and Invoices 2018" filed as support for the Company's Petition. A review of these invoices results in a total of \$842,156. Provide a narrative description explaining the difference of the \$80,125 from the Company's Requested \$922,281 in purchased chemical expense to the \$842,156 presented in the "19-00010 - Confidential Attachments to Petition - Chemical Workpapers and Invoices 2018".

Response:

The invoices of \$842,156 support chemical purchases added to inventory. The requested \$922,281, represent chemicals issued from inventory for the treatment process. The difference between the issued amount and the invoice amount can be attributed to the beginning chemical inventory.
