Company That Complaint Is Against: Tennessee Water Service

Type of Service (Internet, Cable, Phone, etc): Water Service

Have you contacted the utility regarding your complaint?: Yes

Description of Complaint: Docket No. 19-00028. is a rate increase request that should not be allowed. If the water service was not properly insured why penalize me a resident of their service area. I also had loses from the wild fire and had to absorb them. If it is allowed to pass then it should be structured so rental property pays a higher rate then the few year round residents. Why should I be forced to pay the same rate increase as the income producing properties. Im retired and cannot afford the increase.
