Electronically Filed in TPUC Docket Room on March 1, 2019 at 4:09 p.m.

PETITIONER'S EXHIBIT EKC-1

TENNESSEE-AMERICAN WATER COMPANY, INC.

DOCKET NO. 19-00031

DIRECT TESTIMONY

OF

ELAINE K. CHAMBERS

ON

CHANGES TO THE QUALIFIED INFRASTRUCTURE INVESTMENT PROGRAM RIDER, THE ECONOMIC DEVELOPMENT INVESTMENT RIDER, AND THE SAFETY AND ENVIRONMENTAL COMPLIANCE RIDER AND IN SUPPORT OF THE CALCULATION OF THE 2019 CAPITAL RECOVERY RIDERS RECONCILIATION (RECONCILIATION FOR CALENDAR YEAR 2018)

SPONSORING PETITIONER'S EXHIBITS:

Q. PLEASE STATE YOUR NAME AND BUSINESS ADDRESS.

A. My name is Elaine K. Chambers and my business address is 2300 Richmond Road, Lexington, Kentucky 40502.

Q. BY WHOM ARE YOU EMPLOYED AND IN WHAT CAPACITY?

A. I am employed by American Water Works Service Company ("AWW") as Director, Rates and Regulatory for Tennessee-American Water and Kentucky-American Water.

Q. HAVE YOU PREVIOUSLY FILED TESTIMONY BEFORE THIS OR ANY OTHER COMMISSION?

A. Yes. I submitted an affidavit in support of Federal Energy Regulatory Commission proceeding EL05-55-001, while employed by MISO. I have submitted testimony for Indianapolis Power and Light Company's case in chief in the following Cause Nos.: 44576, 44893, and 45029 while employed there. I have also submitted testimony for TPUC Docket Nos. 19-00010 and 18-00120.

Q. PLEASE STATE YOUR EDUCATIONAL AND PROFESSIONAL BACKGROUND.

A. I have a Bachelor of Science degree from the University of Indianapolis in Accounting. I also have a Master's of Business Administration from the University of Indianapolis, and I am a Certified Public Accountant in the State of Indiana.

I have twenty-one years of experience at Indianapolis Power and Light Company, twelve of which have been in the Rates area. I also have experience in energy consulting with Andersen and Black & Veatch. I also managed the transmission and market settlement functions for the Midwest Independent System Operator, now known as Midcontinent Independent System Operator ("MISO").

Q. WHAT ARE YOUR DUTIES AS DIRECTOR, RATES AND REGULATORY?

A. My primary responsibilities encompass the coordination of regulatory issues in Tennessee and Kentucky. This includes coordinating all reports and filings, working with regulatory staff to make sure that all information produced addresses the requirements or requests, and overseeing the preparation and filing of rate cases and tariff changes. I work with the senior management in both states on planning. I am also responsible for keeping abreast of changes in regulation, or trends in regulatory oversight across the United States that may impact our local operations. I report to the Presidents of Tennessee-American Water ("Tennessee-American," "TAWC" or "Company") and Kentucky-American Water, "KAWC" dually. I am located in Kentucky, but work closely with the TAWC staff in Tennessee as well.

Q. WHAT IS THE PURPOSE OF YOUR TESTIMONY?

A. The purpose of my testimony is to support the calculation of the 2019 Capital Recovery Riders Reconciliation described in TAWC's Petition, for the period of January 1, 2018 through December 31, 2018. On April 14, 2014, the TPUC approved four new alternative rate mechanisms for TAWC, effective April 15, 2014, in TPUC Docket No. 13-00130. Three of these alternative rate mechanisms were capital program recovery riders, commonly referred to as the "Capital Recovery Riders," and one was for a rider for Production Costs and Other Pass-throughs ("PCOP"). The three Capital Recovery Riders are the only items included in this current Petition.

On June 29, 2015, the TPUC approved an adjustment to the three Capital Recovery Riders for 2015 in Docket No. 14-00121, with some modifications to one of the Capital Recovery Riders. Those modifications, set forth in the TPUC's February 1, 2016,

Order Granting, In Part, Denying, In Part, Petition, have been incorporated into the current Petition for an adjustment for 2019. Additionally, TAWC has included the corrections made to the Capital Recovery Riders calculations in Docket Nos. 15-00111, 16-00022[1] 17-00020 and 18-00022.

Additionally, given the revisions directed by the Commission on December 17, 2018 in Docket No. 18-00022, TAWC has also included two other new calculations. The first is to include Bonus and Repairs deductions in the "Budget to Actual" adjustment of this reconciliation. The second is to adjust the earnings test calculation to exclude performance pay for the Service Company charges to TAWC.

The purpose of TAWC's Petition, which this testimony accompanies (the "Petition"), is to provide the required information for the reconciliation of the 2018 review period to comply with the previously approved Capital Recover Riders tariffs, which as noted above were approved in TPUC Docket No. 13-000130. The information provided in my testimony is consistent with Tenn. Code Ann. § 65-5-103 *et seq*. and the TPUC's April 14, 2014, approval of the Capital Recovery Riders.

Q. ARE YOU SPONSORING ANY EXHIBITS?

A. Yes I am. I am sponsoring the following exhibits:

Petitioner's Exhibit – Capital Riders Reconciliation – EKC
Petitioner's Exhibit – Capital Rider Charges Summary – EKC
Petitioner's Exhibit – Work Order Detail Summary – EKC
Petitioner's Exhibit – Earnings Test – EKC
Petitioner's Exhibit – Current Tariff Sheet No. 12 – Capital Riders – EKC
Petitioner's Exhibit – Current Tariff Sheet No. 12 – Riders – EKC
Petitioner's Exhibit – Proposed Tariff Sheet No. 12 – Riders – EKC
Petitioner's Exhibit – Annual Approved Tariffs – EKC

[1] *See Order Approving Petition As Amended*, TRA Docket No. 15-00111 (May 16, 2016); *Pre-filed Testimony of TAWC Witness Linda C. Bridwell*, TRA Docket No. 16-00022; and Order Granting Petition, TRA Docket No. 16-00022 (Dec. 29, 2016).

I will discuss these exhibits in further detail in my testimony below.

Q. WERE THE PETITIONER'S EXHIBITS LISTED ABOVE PREPARED BY YOU OR UNDER YOUR DIRECTION AND SUPERVISION?

A. Yes.

Q. WHAT WERE THE SOURCES OF THE DATA USED TO PREPARE THE PETITIONER'S EXHIBITS LISTED ABOVE?

A. The data used to prepare the exhibits was acquired from the books of account and business records of Tennessee-American, and other internal sources which I examined in the course of my investigation of the matters addressed in this testimony. The Company's filings in this TPUC Docket are complete and accurate to the best of my knowledge and belief; the filing is compliant with TAWC's Capital Recovery Riders tariffs and all TPUC orders and directives related to TAWC's Capital Recovery Riders tariffs; any changes in the Petition from previously approved Capital Recovery Riders' methodologies or calculations are identified in the Petition and supporting documentation; the accounting data set forth in this filing is reflected in the Company's General Ledger, or have been reconciled from the Company's General Ledger to the filing in the workpapers provided with the filing. There are three files that were used to provide support information to the 2018 reconciliation. These files are the final versions of the calculations in Docket Nos. 16-00022 and 17-00020 as well as the most recently submitted version of the calculations in Docket No. 18-00022. The files have been provided only in excel format and not in paper copy because the information links directly to the current filing.

Q. DO YOU CONSIDER THIS DATA TO BE RELIABLE AND OF A TYPE THAT IS NORMALLY USED AND RELIED ON IN YOUR BUSINESS FOR SUCH PURPOSES?

A. Yes.

Q. DO THE PETITIONER'S EXHIBITS LISTED ABOVE ACCURATELY SUMMARIZE SUCH DATA AND THE RESULTS OF ANALYSIS USING SUCH DATA?

A. Yes, they do.

Q. WHAT ARE THE THREE CAPITAL RECOVERY RIDERS APPROVED BY THE TPUC?

A. Pursuant to Tennessee Code Annotated Section 65-5-103 et seq., the three Capital Recovery Riders authorized in Docket No. 13-00130 are based on certain categories of capital expenditures to cover the investment period of calendar year 2014. The first Capital Recovery Rider is the Qualified Infrastructure Investment Program ("QIIP") Rider. This rider is designed to recover the costs associated with the capital investment made in between rate cases to replace aging infrastructure that is non-revenue producing. This means infrastructure that does not produce additional revenues. Examples of infrastructure that produces additional revenues are main extensions specifically for a new development, or new services or meters for new customers. As outlined in Docket No. 13-00130, aging water and wastewater infrastructure is a growing problem across the United States, including Tennessee, that will require significant investments over the next few decades to continue to provide clean and reliable water service. This rider helps TAWC address the replacement of this critical, aging infrastructure. The QIIP Rider

includes replacement of existing infrastructure in the areas of mains, meters, services, hydrants, water treatment equipment, pumping equipment, and tank painting.

The second Capital Recovery Rider is the Economic Development Investment ("EDI") Rider. This rider is primarily for the recovery of investment made in infrastructure to assist in economic development in the communities and areas served by TAWC. Communities across the country are competing for economic development opportunities to provide growth in jobs, taxes, and overall quality of life for residents. This rider provides an opportunity for TAWC to partner with the communities it serves to assist in economic development. Additionally, unlike the QIIP Rider, the EDI Rider may include operating expenses related specifically to economic development.

The third Capital Recovery Rider is the Safety and Environmental Compliance ("SEC") Rider. This rider is for the recovery of investment made to comply with safety and environmental regulations since the previous rate case. TAWC, like other utilities, is faced with increasing capital investment needs to comply with safety and environmental regulations. This rider assists TAWC in addressing those needs. Like the EDI Rider, the SEC Rider may include operating expenses that can be identified as specifically for the new infrastructure under this rider.

The table below summarizes the history of the three Capital Recovery riders to date:

TPUC Docket No.	Description	Status
13-00130	Initial Authorization of Capital Recovery Riders for 2014	Authorized
14-00121	Adjustment for investment period of calendar year 2015	Authorized
15-00029	2015 Reconciliation for calendar year 2014	Authorized
15-00111	Adjustment for investment period of calendar year 2016	Authorized
16-00022	2016 Reconciliation for calendar year 2015	Authorized
16-00126	Adjustment for investment period of calendar year 2017	Authorized
17-00020	2017 Reconciliation for calendar year 2016	Authorized

17-00124	Adjustment for investment period of calendar year 2018	Authorized
18-00022	2018 Reconciliation for calendar year 2017	Pending
18-00120	Adjustment for investment period of calendar year 2019	Pending

Supplemental testimony for Docket No. 18-00120 was just recently filed on 2/19/2019 based on deliberations in 18-00022. The purpose of the current Petition is to comply with the tariffs approved in TPUC Docket No. 13-00130 and provide the required information and supporting documentation in each of the Capital Recovery Riders for the reconciliation of the investment period of calendar year 2018, authorized in the fourth adjustment shown in the table above.

Attached to my testimony is **Petitioner's Exhibit Current Tariff Sheet No. 12—Capital Riders – EKC**, which is a copy of all three Capital Recovery Riders tariff sheets as approved in TPUC Docket No. 13-00130, and as modified in TPUC Docket No. 14-00121 and as further clarified in TPUC Docket Nos. 15-00029, 15-00111, 16-00022, 16-00126, 17-00020, 17-00124, 18-00022 and 18-00120.

Q. HOW IS THE PROCESS UNDER THE APPROVED CAPITAL RECOVERY RIDERS DIFFERENT FROM THE PREVIOUS AND HISTORICAL REGULATORY APPROACH WITH RESPECT TO INVESTMENT METHODS?

A. As far as the projects and the investment into those projects are concerned, there isn't any difference. The difference between the new riders and the future test year regulatory approach that has been used by TAWC in rate cases is largely in the method and procedure of filing, the deference of fully litigated rate cases and the lessening of rate shock, and the multiple benefits of the streamlined alternative mechanisms. If it were not for the new alternative regulatory methods available to the Commission and the regulated community, TAWC would likely have had to file a rate case in 2017 or earlier. These new methods

have deferred the need to file a full rate case, at least in the short term. In theory, these petitions should make the regulatory process much more streamlined and less burdensome, without reducing effective and meaningful regulatory oversight. As intended under the statute and approved by the Commission, the whole process is more efficient, timely and much less expensive. There is no doubt but that the alternative rate adjustment methods are working.

Q. IN DOCKET NO. 14-00121, THE TPUC ORDERED CHANGES TO THE ELIGIBLE ITEMS WITHIN THE EDI RIDER. ARE THE ITEMS EXCLUDED BY THE COMMISSION EXCLUDED IN THIS PETITION?

A. Yes. In Docket No. 14-00121, the TPUC made modifications to the eligible items within the EDI Capital Recovery Rider, removing new services, new meters, and the alternative fuel vehicles. These changes were recognized in Docket No. 15-00111 and are reflected fully in this Petition. TAWC removed those items from the EDI for 2014, 2015, 2016, 2017 and now 2018.

Q. IN DOCKET 15-00029, THE TPUC ORDERED THAT GOING FORWARD, TAWC SHOULD FILE WORKPAPERS IN A FORMAT THAT DOESN'T USE ARRAY FORMULAS IN CALCULATIONS, AND FOLLOWS A CLEAR AUDIT TRAIL FOR CALCULATIONS. HAS TAWC DONE THAT IN THIS FILING?

A. Yes. TAWC prepared the files in an excel workbook similar to what was prepared in Docket Nos. 13-00130 and 14-00121. TAWC then prepared a "Proof" worksheet in the excel file of the tabs that utilized array formulas for calculation, but went through the calculations without array formulas. In the electronic version, the "Proof" worksheets are found at the end of the excel workbook. There are also worksheets that demonstrate the

total additions, removals and retirements, and Contributions in the Aid of Construction ("CIAC") for 2018. This is consistent with previous dockets including 15-00029, 15-00111, 16-00022, 16-00126, 17-00020, 17-00124, 18-00022 and 18-00120.

Q. ARE THERE OTHER CHANGES TO THE EXCEL WORKBOOK OR CALCULATIONS FROM THE FILES FROM DOCKET NO. 18-00022 AND 18-00120?

A. Yes. In addition to any corrections that were carried forward from previous dockets, Tennessee-American made additional changes to the excel workbooks. They are as follows:

1) Earnings Test Adjustment file: Tennessee-American again calculated an Earning Test Adjustment. A workpaper in excel has been included that calculates the Earnings Test Adjustment amount.

The Earnings Test file mirrors the format of the monthly reports submitted by Tennessee American, however the content varies in a few respects, due to three things: a reconciliation to the general ledger per the order in Docket No. 17-00020, the revision of two formulas, and the addition of an operating income adjustment for performance pay per the deliberations in Docket No. 18-00022. These first two changes in net reduce the Company's recovery in this proceeding, but the Company believes they are accurate. Further descriptions of all three changes are below:

- General ledger reconciliation: Changes to the March amount for line numbers two, three, five and thirty reflect changes to tie to the general ledger. In addition, lines 15, 16, 21 and 22 reflect changes to tie to the general ledger for various months. Specifically line 22 included

numbers that were static and used as a surrogate for the monthly balances. Our current accounting system allows the Company to have visibility to the current balances, which are now included in the analysis.

- Revision of two formulas: First, on Line 34, Income tax rate (debt assigned to parent), the cost rate was updated to the value from the most recent rate case and a math error was corrected. Line 32 AFUDC was previously shown pre-tax, and is now showing just the after-tax operating income impact.
- Performance Pay Adjustment per Docket No. 18-00022:The Company has included line 36, Service Company Performance Pay after tax in the report. The annual number was used and is reflected pro forma on a monthly basis by spread evenly across the months of the year. The monthly amounts do not tie to the general ledger since the monthly amount is simply a divide by 12 calculation of the annual amount, but the annual amount does tie to the general ledger.

2) Modifications to the Capital Rider Recon Excel file,

- "WKP 2018 Accum Depr" tab, Reconciliation file – An additional workpaper tab has been added to roll-forward the accumulated depreciation by year in the reconciliation file. This tab is titled "WKP 2018 Accum Depr". This tab takes the place of the accumulated depreciation column that had a lengthy formula on the in-serviced actual tab. This is part of columns BJ through BO that have been

eliminated from the "WKP 2018 In-Serviced Actual" tab from last year's filing, Docket No. 18-00022.

- "WKP 2018 ADIT Summary" tab, Reconciliation file: This workpaper tab summarizes state and federal income tax deferrals by mechanism, with Bonus and Repairs deductions being applied beginning in 2017 and as applicable in 2018. This tab takes the place of the tax depreciation tab in last year's filing, Docket No. 18-00022, as well as the columns BJ through BO that have been eliminated on the "WKP 2018 In-Serviced Actual" tab.
- "WKP NOLC Calculation" tab, Reconciliation file: This workpaper tab calculates the taxable income for the rider mechanisms and compares the rider net operating loss to the total company net operating loss carryforward. Based on each year of the riders' build or usage of net operating loss, the lesser of the capital riders' NOLC or the total company NOLC, is utilized for that year. This tab supports the NOLC amount on the "WKP 2018 ADIT Summary" from above.
- "WKP 2019 Tax Depr Balances" tab, Reconciliation file: This workpaper tab calculates the net investment balances by project type, utility account, and capital rider in order to calculate the tax depreciation impacts with repairs and bonus being applied in 2017 and as applicable in 2018. The net investment balances are classified by tax life and repair type for refinement of the tax deduction calculations. Repairs and Bonus percentages are shown at the top of the column of the year of which they are applied. This tab takes the place of the tax depreciation tab in last year's filing, Docket No. 18-00022, as well as the columns

BJ through BO that have been eliminated on the "WKP 2018 In-Serviced Actual" tab.

- "Exhibit Reconciliation" Tab, Reconciliation file: Private Fire Rate Adjustment Refund line has been eliminated, as this amount was included in the 2017 Reconciliation in Docket No. 18-00022.
- "Exhibit Reconciliation" Tab, Reconciliation File: Additional reconciliation line was added to include the revenue requirement reduction for the capitalized annual performance compensation. See below for more detail.
- "Exhibit Reconciliation" Tab, Reconciliation File: Additional reconciliation line was added to include the TCJA savings offset, reducing the impact of the reconciliation factor percentage to zero.

Q. IN DOCKET NO. 17-00020, TENNESSEE-AMERICAN MADE AN ADJUSTMENT TO THE RECONCILIATION OF THE CAPITAL RECOVERY RIDERS TO REMOVE A PORTION OF REVENUE REQUIREMENT FOR ANNUAL PERFORMANCE COMPENSATION IN 2014, 2015 AND 2016. HAS AN ADJUSTMENT FOR ANNUAL PERFORMANCE COMPENSATION BEEN MADE IN THIS CASE?

A. Yes. Tennessee-American adjusted the proposed 2018 Capital Recovery Riders in Docket No. 17-00124 to remove the carrying costs for that capitalized Annual Performance Compensation for both 2017 and 2018. These amounts are included on line 20 of the **Petitioner's Exhibit -- Capital Riders Reconciliation – EKC** reducing the actual revenue requirement the Company should have collected. This is reflected as change #7 from above.

Q. HOW HAS THE APPLICATION OF THE EDI RIDER BEEN DIFFERENT FROM THE PREVIOUS INVESTMENT REGULATORY METHODS UTILIZED BY TAWC PRIOR TO THE APPROVAL OF THE RIDERS IN TPUC DOCKET NO. 13-00130?

A. Without the EDI Rider, the projects included in that Capital Recovery Rider may not have been as successful or potentially would not have developed at all. Under its previous investment methods for development, TAWC would have required the developers to pay for the relocation and replacement of assets, thus increasing the upfront costs to them. Given the amount of the investment, coupled with the growth, jobs, and other positive attributes attached to these projects, losing one or more of the projects would have been a disappointment to the communities. These projects demonstrate that the EDI Rider is an extremely valuable tool that can enhance a community's ability to attract future economic development opportunities. Successes such as these will help the area gain an upper hand in the rigid competition among competing communities, which ultimately benefits all of TAWC's customers. For instance, additional water sales have the potential to offset the ongoing declining use that TAWC has experienced, maintaining a water sales level close to authorized and thus contribute to cover a portion of the Company's fixed expenses. This helps maintain lower rates to all of our customers.

Q. HOW IS THE SEC RIDER ALSO DIFFERENT FROM PREVIOUS INVESTMENT METHODS OF INVESTMENT THAT WERE AVAILABLE TO TAWC PRIOR TO THE APPROVAL OF THE RIDERS IN TPUC DOCKET NO. 13-00130?

A. The overall strategy is similar, but an important difference is that the investment is made through a program that expressly delineates and highlights the reason needed for the investment. To the extent that additional investments are made for safety and environmental compliance measures under the SEC Rider, the purpose of the investment will be more transparent to the customer and to the Commission.

Q. DO THE CAPITAL RECOVERY RIDERS BENEFIT THE CUSTOMERS?

A. Yes. The QIIP, the EDI and the SEC Riders are mutually beneficial to the ratepayers, the public, and TAWC. The Qualified Infrastructure Program Rider, the Economic Development Investment Rider, and the Safety and Environmental Compliance Rider, in part, reduce the need for general rate cases, lessen the occurrence of consumer "rate shock," support the maintenance and improvement of essential infrastructure, support opportunities for successful economic development, growth and job creation, ensure safety and reliability, and allow for more efficient, streamlined regulation. The ratepayers and the public benefit from the safety and reliability components and from the more seamless and timely capital investment in infrastructure, coupled with the related support to economic development, growth and job creation. The Company benefits from a more efficient, streamlined regulatory process that presents TAWC with the opportunity to timely recover its expenses and earn a fair rate of return on its investments.

Q. YOU MENTIONED THAT THE COMPANY BENEFITS FROM THE RIDERS BECAUSE THE RIDERS PROVIDE THE COMPANY WITH THE OPPORTUNITY TO TIMELY RECOVER ITS EXPENSES AND EARN A FAIR RATE OF RETURN ON ITS INVESTMENTS. CAN YOU ELABORATE ON THIS?

A. Certainly. The Capital Recovery Riders permit TAWC to recover the cost of capital investment between rate cases in an efficient, streamlined regulatory process. As outlined in my testimony here, each year Tennessee-American estimates or forecasts the amount of qualified capital investment (QIIP), infrastructure investment and eligible expenses (EDI) and safety and environmental compliance investment and eligible expense (SEC) that it expects to spend for the upcoming calendar year. The Company will then calculate what it costs to recover the expenditures associated with such forecasted capital investment and expenses. For example, if the Company were to invest $1 million dollars on a QIIP project in the forecast year, the Company would not recover that entire $1 million that year. Rather, it will only recover a return on that investment (which includes a weighted return on equity and interest on debt as authorized in the most recent rate case), as well as depreciation expense and taxes. After it calculates what it costs to recover the expenditures associated with the forecasted capital investment and expenses, Tennessee-American then determines – through a second calculation – the percentage of the costs to recover those expenditures as an amount of the overall revenue authorized in the last rate case. This is the surcharge amount. The surcharge then represents recovery for the costs to support the capital investments. So, under the Capital Recovery Rider tariffs as approved, the monthly surcharge over 12 months in the

forecasted year would represent the annual recovery of the cost to support the capital investment.

The Reconciliation of the Capital Recovery Riders protects both the customers and Tennessee-American in that it reviews the construction efforts to ensure projects are being completed as forecasted and determines if revenues are being collected as forecasted. It essentially allows for a true-up at the end of the 12-month period.

Q. BEFORE THE TPUC APPROVED THE CAPITAL RECOVERY RIDERS, WHAT PROCESS DID TAWC USE TO RECOVER THE EXPENSES ASSOCIATED WITH CAPITAL INVESTMENT AND HAVE THE OPPORTUNITY TO EARN A FAIR RETURN?

A. Regulated utilities cannot increase their rates in Tennessee without approval of the TPUC, which prior to the passage of the alternative regulation statute required a full rate case filing. So, TAWC employed rate cases for appropriate recovery.

Q. IS THERE A DRAWBACK TO RATE CASES?

A. In part, this goes back to my earlier testimony concerning the benefits of the Capital Recovery Riders to the public. Further, regulated utilities continue to invest money in infrastructure (utility plant) and expenses may continue to increase in between rate cases. This "regulatory lag" lessens the opportunity for the Company to earn its authorized return on equity.

Q. CAN YOU EXPLAIN THE CALCULATION OF THE CAPITAL RECOVERY RIDERS?

A. Yes. As set forth in the approved tariffs, all three Capital Recovery Riders are established on an annual prospective basis utilizing average end-of-month balances and

should reflect only those qualified plant additions installed after the conclusion of the initial rate year in Docket No. 12-00049. Consistent with the tariffs, the qualified plant additions are reduced by the projected retirements associated with the Capital Recovery Riders additions in the calculation of applicable depreciation and property tax expense. As discussed earlier in my testimony, the EDI and SEC Riders can be increased by the appropriate operating expenses. However, TAWC has not included any operating expenses for the EDI or SEC riders in this Petition. In this case, Tennessee-American is proposing to reconcile the review period for each of the Capital Recovery Riders beginning on January 1, 2018 and ending on December 31, 2018.

This annual review period was established originally in the tariffs submitted on March 25, 2014 and approved in Docket No. 13-00130 on April 14, 2014. The tariffs establish a reconciliation period for each of the Capital Recovery Riders, which will occur 60 days after the close of the attrition period. The attrition period in Docket No. 13-00130 was for January 1, 2014 through December 31, 2014, and the first reconciliation occurred in Docket No. 15-00029. The attrition periods were to occur in subsequent 12-month periods after Docket No. 13-00130. As this is the fifth reconciliation filing, this Petition addresses only the fifth review period of January 1, 2018 through December 31, 2018. The 2019 Capital Recovery Riders rates are the subject of Docket. 18-00120 and not included in this Petition.

As approved, the Capital Recovery Riders are cumulative and remain in place until reset back to zero at the conclusion of the Company's next rate case filing, at which point the capital costs, depreciation and taxes, and other operating expenses approved and

previously recovered through the Capital Recovery Riders are then subsumed within Base Rates.

Q. ARE THE RECONCILIATION PORTIONS OF THE SURCHARGE AMOUNT ALSO CUMULATIVE?

A. No. In the filing in Docket No. 17-00124, Tennessee-American utilized the actual 2014, 2015, 2016 and 2017 amounts of plant additions. The reconciliation period is only for 2018, and includes six components: 1) the comparison of actual 2018 plant additions to the amount forecasted; 2) the comparison of revenues authorized in 2018 with the revenues actually collected from customers; 3) an earnings adjustment based on a comparison of 2018 earnings with the authorized earnings from Docket No. 12-00049; 4) the capitalized APP reduction for years 2017 and 2018, 5) the reconciliation amount from the prior year and 6) interest on the difference.

Q. CAN YOU DISCUSS DETAILED SPECIFICS TO THE OPERATION OF THE CAPITAL RECOVERY RIDERS NOT ADDRESSED ABOVE?

A. Yes. TAWC utilizes an annual prospective approach to the utility plant additions that qualify for recovery through the Capital Recovery Riders. The Capital Recovery Riders provide for the recovery of revenue sufficient to cover the capital cost, depreciation and tax expense related to the projected investment in qualified utility plant. These costs consider the effects of associated retirements ("Net Plant"), CIAC, and Cost of Removal Spending net of Salvage value for the attrition period. To determine the rate of return recovery, an average of the month-end balances of new utility plant in service is averaged calculated, less ½ of the anticipated annual associated CIAC, plus ½ of the anticipated annual associated cost of removal net of salvage spending, to derive the "Net Plant"

amount. As discussed in Docket No. 16-00022, in the first year TAWC used a 12-month average to calculate the Capital Recovery Riders, representing all of the activity within the 12 months of the attrition period. Beginning in the second year, TAWC used a 13-month average from the end of the previous year through the end of the attrition period. The current approved pre-tax rate of return ("PTR") is applied to this net amount to determine the revenue requirement of the rate base portion. The PTR is calculated from the weighted common equity and preferred equity, grossed up to include state and federal taxes, plus the weighted cost of long-term debt and the weighted cost of short-term debt. Next, the annual depreciation expense of the additional Net Plant is calculated ("NetDep"), utilizing the current TPUC approved depreciation rates by account and then added. From there, incremental new property and Franchise taxes ("PFT") is added. For the EDI Rider and SEC Rider, additional operating expenses would be added as appropriate. The sum of these components are grossed up to include the recovery of the associated additional Gross Receipts taxes, Uncollectible expense, and forfeited discounts ("RT") to derive the final revenue requirement. Then, any over or under Capital Recovery Riders collection of prior periods would be added or subtracted as applicable ("R"). The purpose of this Petition specifically is to address the over or under Capital Recovery Riders collection for the review period of 2018. This total is then divided by the authorized annual level of general metered service and private fire service customer revenues ("PAR") from the prior docket (Docket No. 12-00049), i.e. not including any other revenues, to render each of the new Capital Recovery Rider percentages.

Q. HAVE YOU INCLUDED THE CALCULATION OF THE THREE CAPITAL RECOVERY RIDERS IN THE PETITION?

A. Yes. I have attached an exhibit that reflects the calculation of each of the three Capital Recovery Riders reconciliation percentage individually and in total. The calculation of the reconciliation percentage for each rider is attached to my testimony as **Petitioner's Exhibit – Capital Riders Reconciliation – EKC**. The detailed calculations are attached in to the Petition in the workpapers. The calculations are consistent with the calculations that were made in the approved tariffs in Docket Nos. 13-00130, 14-00121, 15-00111, 16-00126, 17-00124 and 18-00120, as well as the reconciliations of Docket Nos. 15-00029, 16-00022, 17-00020 and 18-00022. Further, to assist in the streamlined regulatory process, TAWC is including with the Petition its detailed work-papers supporting the calculation of the three Capital Recovery Riders. Again, these work-papers are consistent with the calculations made to support the approved tariffs in Docket Nos. 13-00130, 14-00121, 15-00111, 16-00126, 17-00124 and again in 18-00120. The workpapers are also consistent with the calculations made to support the reconciliations in TPUC Docket No. 15-00029, 16-00022, 17-00020 and 18-00022.

Q. HAS TAWC INCLUDED DETAILED INFORMATION REGARDING THE PROJECTS THAT MAKE UP EACH OF THE PROPOSED CAPITAL RECOVERY RIDERS?

A. Yes. Company Witness Brent O'Neill will discuss the details regarding capital expenditures included in the QIIP, EDI and SEC Riders for 2018.

Q. HOW ARE THE QIIP, EDI, AND SEC RIDER REVENUES RECOVERED?

A. The QIIP, EDI and SEC Riders are expressed as a percentage. The current tariff Eleventh Revised Sheet No. 12 – Riders – 1 is attached to my testimony as **Petitioner's Exhibit – Current Tariff Sheet No. 12 – Riders – EKC,** and the proposed tariff sheet Fifteenth Revised Sheet No. 12 – Riders – 1 is attached to my testimony as **Petitioner's Exhibit – Proposed Sheet No. 12 – Riders – EKC.** They are each applied to the total amount billed to each customer under the otherwise applicable rates and charges for basic service, metered usage charges, and private fire charges, and are applied prior to the inclusion of any other taxes, charges, or surcharges. All three Capital Recovery Riders are combined into one line item on the bill of each customer along with the reconciliation amounts.

Q. HAS TAWC INCLUDED A CHART SHOWING THE PROGRESSION OF THE APPROVED RIDERS IN EACH DOCKET SINCE THE LAST RATE CASE?

A. Yes. I have included a chart reflecting each of the annual approvals with its filing. This is shown as **Petitioner's Exhibit – Annual Approved Tariffs – EKC**.

Q. WHAT WILL HAPPEN TO THE CAPITAL RECOVERY RIDERS UPON APPROVAL OF NEW RATES IN A RATE CASE PROCEEDING?

A. The QIIP, EDI, and SEC Riders will all be reset to zero as of the effective date of the new Base Rates, which Base Rates then provide for the recovery of the annual costs that had theretofore been recovered through the Capital Recovery Riders. Thereafter, and consistent with the tariffs, only the new QIIP, EDI, and SEC Rider qualified plant additions and expenses not previously included in rate base and Base Rates will be reflected in the future filings subject to TPUC Approval.

Q. WHAT COST OF CAPITAL IS UTILIZED IN THE FORMULA OF THE CAPITAL RECOVERY RIDERS?

A. The cost of capital is the established rate of return (on a pre-tax basis) in the Company's immediately preceding Base Rate case Order, currently TPUC Docket No. 12-00049.

Q. WHAT DEPRECIATION RATES ARE USED TO DETERMINE THE DEPRECIATION EXPENSE RECOVERED BY THE QIIP, EDI AND SEC RIDERS?

A. The depreciation rates last approved by the TPUC in Docket 12-00049 for the respective plant accounts in which the specific items of qualified infrastructure under each rider are recorded are the depreciation rates used to determine the depreciation expense. New depreciation rates would be used only after depreciation rates are changed during a general rate proceeding. These are the rates that were used in Docket Nos. 13-00130, 14-00121, 15-00029, 15-00111, 16-00022, 16-00126, 17-00020, 17-00124, 18-00022 and 18-00120.

Q. WHAT PROPERTY TAX RATE IS USED TO DETERMINE THE PROPERTY TAX EXPENSE RELATED TO THE ADDITIONAL INVESTMENT TO BE RECOVERED BY THE QIIP, EDI AND SEC RIDERS?

A. The property tax rate is based on the proportion of property taxes authorized in Docket No. 12-00049 to the utility plant in service, multiplied by the additional utility plant less retirements. This is the same rate used in Docket Nos. 13-00130, 14-00121, 15-00029, 15-00111, 16-00022, 16-00126, 17-00020, 17-00124, 18-00022 and 18-00120.

Q. HOW ARE ANNUAL REVENUES DETERMINED FOR THE QIIP, EDI AND SEC RIDERS?

A. The projected annual revenues will be the authorized water services revenues from the last case, Docket No. 12-00049, including all service charges and volumetric charges for all classes that are subject to the Capital Recovery Riders. These are the same annual revenues used in Docket Nos. 13-00130, 14-00121, 15-00029, 15-00111, 16-00022, 16-00126, 17-00020 17-00124, 18-00022 and 18-00120.

Q. HAS TENNESSEE-AMERICAN INCLUDED ANY OPERATING EXPENSES IN THE CURRENTLY PROPOSED EDI RIDER OTHER THAN THE DEPRECIATION AND TAX EXPENSES?

A. No. In the tariffs approved in Docket No. 13-00130, TAWC included expenses related to specific economic development within the community as a component of the EDI Rider and operating expenses related to specific investment in the SEC Rider. However, in Docket No. 14-00121, the operating expenses related specifically to TAWC contributions to economic development agencies were not approved by the TPUC. In that same Docket, TAWC removed proposed SEC Rider operating expenses, as those expenses would be captured in the PCOP. Other types of operating expenses related to economic development or the SEC Rider are not included in this current Petition, but TAWC will continue to review and evaluate potential and appropriate operating expenses for the EDI and SEC Riders and submit them for consideration as appropriate.

Q. HAS TENNESSEE-AMERICAN INCLUDED ANY OPERATING EXPENSES IN THE CURRENTLY PROPOSED SEC RIDER OTHER THAN THE DEPRECIATION AND TAX EXPENSES?

A. No.

Q. DID THE AMOUNT OF INVESTMENT RIDER REVENUES COLLECTED FROM TENNESSEE-AMERICAN'S CUSTOMERS VARY FROM THE ACTUAL AMOUNT OF REVENUE NEEDED TO COVER A RETURN OF AND A RETURN ON THE COMPANY'S QIIP, EDI AND SEC INFRASTRUCTURE INVESTMENT AND TAXES?

A. Yes. There were three things that varied during 2018. First, there was a difference between the actual and the allowed water operating revenues upon which the Capital Recovery Riders are based. Second, the Plant Additions for 2018 were actually greater than projected. Third, the 2018 Capital Recovery Riders' surcharge percentage and the 2018 Reconciliation of the Capital Recovery Riders' surcharge percentage, as authorized, were applied over a shorter duration than originally proposed in the tariffs.

Q. CAN YOU EXPLAIN THE DIFFERENCE BETWEEN THE ACTUAL AND ALLOWED WATER OPERATING REVENUES UPON WHICH THE CAPITAL RECOVERY RIDERS ARE BASED?

A. Yes. The projected annual revenues were calculated based on the authorized amount of sales in Docket No. 12-00049. The overall sales in 2018 were less than the amount authorized in Docket No. 12-00049. Therefore, the Capital Recovery Riders, which are a percentage of water charges, were less than authorized. What this means in practical

terms is that there were less water sales to apply the percentage to, resulting in less actual revenues billed for the Capital Recovery Riders than were authorized.

Q. WHY WERE THE CAPITAL EXPENDITURES FOR 2018 GREATER THAN PROJECTED?

A. Mr. O'Neill discusses the management of the 2018 Capital Expenditures Plan in detail. There was no single project that created the variance, but a series of projects that were all appropriately approved and modified throughout 2018.

Q. CAN YOU EXPLAIN HOW THE 2018 CAPITAL RECOVERY RIDERS AND THE 2018 RECONCILIATION OF THE CAPITAL RECOVERY RIDERS OVER A SHORTER DURATION IMPACTED THE REVENUES COLLECTED?

A. Yes. The authorized surcharge amount was proposed based on revenues collected over 2018. For the 2018 Capital Recovery Riders, this was proposed assuming the entire calendar year, but the 2018 Capital Recovery Riders had an effective date of April 10, 2018. The surcharge amount did not change, but was simply applied for a shorter duration than originally proposed. This reduced the overall amount of revenues collected. What this means in practical terms is that there were less actual water revenues to apply the Capital Recovery Riders to than originally proposed.

Additionally, the 2018 Capital Recovery Riders Reconciliation in Docket No. 18-00022 assumed a recovery from April 1, 2018 through December 31, 2018. The effective date of the 2018 Capital Recovery Riders Reconciliation, for calendar year 2017, was December 18, 2018 through December 31, 2018 and is still pending final approval. This further reduced the overall amount of the revenues collected in 2018.

Q. AS A REGULATORY SAFEGUARD TO CONSUMERS AND TO SERVE THE PUBLIC INTEREST, DOES EACH OF THE CAPITAL RECOVERY RIDERS INCLUDE A RECONCILIATION MECHANISM IN THE EVENT THAT THE LEVEL OF INVESTMENT, EXPENSE, OR REVENUE APPROVED VARIES FROM THE ACTUAL COSTS?

A. Yes. As discussed earlier, the QIIP, EDI and SEC Riders are all subject to an annual reconciliation or true-up in which the revenue received under each of the Capital Recovery Riders for the reconciliation period will be compared to the revenue necessary for the Company to recover its return of and return on investment plus taxes, for that QIIP, EDI and SEC Rider year. As I stated earlier, this Petition is only for the reconciliation to the 2018 QIIP, EDI and SEC. The 2019 proposed QIIP, EDI and SEC riders are included as Docket No. 18-00120 and are not included in this Petition.

Q. HOW DOES THE RECONCILIATION WORK?

A. Consistent with the approved tariffs, Tennessee-American has filed a reconciliation for all three Capital Recovery Riders no later by March 1, 2019. There are actually two steps to the reconciliation. The first is an adjustment for budget to actual investment. This is a regulatory oversight and public interest component of the mechanism that results in a true-up if the investment does not occur (up or down) as forecasted. The second is an adjustment for the over or under recovery of revenues as projected, including interest. This is another regulatory oversight and public interest component of the mechanism. In this way, the consumers are protected from paying too much if sales exceed the amount authorized in the previous rate case proceeding. This could occur if there is a significant amount of customer growth, or if dry and hot conditions occur in any given year. This

second adjustment also allows TAWC to adjust if sales are less than the amount authorized in the last case, as could occur with declining usage that TAWC has experienced in recent years. The reconciliation percentage, pending approval by April 1, 2019, as contemplated in the tariffs, will be applied to customer bills for 9 months in 2019.

Finally, there is also a consumer safeguard in the reconciliation process that reviews the earnings for Tennessee-American during the attrition period. If it is determined that Tennessee-American earned a rate of return above the authorized amount from the previous rate case during the attrition period, the amount above the authorized is applied as an adjustment to the customers, with interest. This could occur if sales exceed the amount authorized in the previous rate case due to significantly hot and dry conditions, as were experienced in 2016.

Q. WHAT ARE THE RESULTS FOR THE FOURTH ADJUSTMENT OF THE ACTUAL COMPARED TO THE BUDGET?

A. The amount of actual in-service capital investment was higher than the projected levels in Docket No. 17-00124. This is shown on the **Petitioner's Exhibit -- Capital Riders Reconciliation – EKC** attached to my testimony at Line 1. This is due primarily to TAWC spending more in its overall capital expenditures in 2018 as discussed in Mr. O'Neill's testimony. As demonstrated in the exhibit, TAWC had an average balance of plant additions of $64,105,148 in service under the capital recovery riders, compared to $59,112,183 budgeted. The higher levels of capital expenditures placed in-service is generally offset by increases in contributions in aid of construction and accumulated deferred income taxes ("ADIT") versus budget. This is shown on the **Petitioner's**

Exhibit -- Capital Riders Reconciliation – EKC attached to my testimony at Line 3 & 4. The increase in ADIT is largely due to the ruling in Docket No. 18-00022 ordered in December 17, 2018. Overall, the amount of the revenue requirement for the calendar year 2018 was more than originally projected in the riders. As shown on Line 22 of the same exhibit, the Actual Revenues Required was $7,813,338 while the projected amount was $7,734,569.

Q. DID TENNESSEE-AMERICAN COLLECT ALL OF THE REVENUES AUTHORIZED FOR THE CAPITAL RECOVERY RIDERS SURCHARGES IN 2018 FROM DOCKET NO. 17-00124?

A. No, it did not. That revenue difference is also included in this Petition filing and is shown on the **Petitioner's Exhibit -- Capital Riders Reconciliation – EKC** attached to my testimony at Line 27.

Q. DID TENNESSEE-AMERICAN COLLECT ALL OF THE REVENUES AUTHORIZED FOR THE CAPITAL RECOVERY RIDERS RECONCILIATION COMPONENT IN 2018 FROM DOCKET NO. 18-00022?

A. No, it did not. That revenue difference is also included in this Petition filing and is shown on the **Petitioner's Exhibit -- Capital Riders Reconciliation – EKC** attached to my testimony at Line 29.

Q. BASED ON THE SHORTER PERIOD FOR COLLECTIONS, AND THE LOWER THAN EXPECTED WATER SALES, WHAT ARE THE RESULTS FOR THE FOURTH ADJUSTMENT FOR OVER/UNDER REVENUE BILLINGS?

A. The revenues billed were $7,214,701, or $519,868 less than the authorized amount. This is primarily for three reasons. First, the Capital Recovery Riders were only in place nine

months and not a full year as proposed in the calculation of the amount of the Capital Recovery Riders in Docket No. 17-00124. This was compounded in that the water sales and revenues were less than the base amount authorized in Docket No. 12-00049. Additionally, Tennessee-American has lost two Sales for Resale customers since Docket No. 12-00049. Third, the Capital Recovery Riders reconciliation tariff filing is still pending in Docket No. 18-00022 and did not get billed in the calendar year 2018.

Q. WHAT PURPOSE DOES THE EARNINGS TEST ADJUSTMENT SERVE AS PART OF THE TARIFF?

A. As developed by the parties in TPUC Docket No. 13-00130, and as approved by the Commission, the tariffs include a number of inherent safeguards and protections. For instance, the oversight and safeguards set forth within the tariffs guard against the occurrence of a rise of net operating income for TAWC as revenue requirements would increase annually without a general rate case to review all revenues, expenses and investment. This might occur, for instance, if there were an operational improvement that reduced expenses or created additional income, drought conditions that result in significantly higher water sales, or significant growth that leads to much higher water sales and revenues. In order to provide for sufficient oversight, the Capital Recovery Riders tariffs include an earnings test adjustment. The Earnings Test determines if the Company's attained earnings for the review period exceed the earnings allowed for the Annual Review Period by applying the overall rate of return authorized in the last rate case. If the earnings attained exceed that amount, then the revenues will be reduced by that same amount, with interest, referred to as the Earnings Test Adjustment.

Q. DID TENNESSEE-AMERICAN EARNINGS EXCEED THE AUTHORIZED AMOUNT FROM DOCKET NO. 12-00049?

A. Yes. Tennessee-American earned a higher rate of return than the authorized 7.23% from Docket No. 12-00049. Therefore, Tennessee-American, consistent with the tariffs, appropriately has included an earnings test adjustment in the filing.

Q. CAN YOU EXPLAIN HOW TENNESSEE-AMERICAN CALCULATED THE EARNINGS TEST ADJUSTMENT?

A. Yes, I can. Tennessee-American used a straightforward approach. Each month, Tennessee-American files with the TPUC a monthly report regarding its monthly earnings, and 12-month earnings. As of the end of December 2018, the 12-month earnings were 7.66%, which is slightly above the authorized 7.23% from Docket No. 12-00049. Tennessee-American utilized the information provided in each monthly report as discussed above, and calculated a rate of return using a 13-month average of the rate base calculation as was utilized in Docket No. 17-00020. Because the adjustment for the 2018 actual plant additions and actual 2018 revenues collected resulted in an increase to the revenue requirement, the Earnings Test Adjustment offsets that increase. This is reflected on Line 30 of **Petitioner's Exhibit – Capital Riders Reconciliation – EKC**. The Earnings Test Adjustment is therefore not a separate refund to customers but a reduction to the proposed reconciliation of revenues in this Petition. The Earnings Test Adjustment results in an adjustment of $745,142 reduction to the reconciliation revenues.

Q. IS THE RECONCILIATION OF 2014 CAPITAL RECOVERY RIDERS, WHICH WAS AUTHORIZED IN DOCKET NO. 15-00029, INCLUDED IN THIS FILING?

A. Only in part. As I stated earlier, 2014 actual plant additions were used in the calculation of the Capital Recovery Riders in Docket Nos. 15-00111, 16-00126, 17-00124 and in the currently pending 2019 Capital Recovery Riders in Docket No. 18-00120. This means that the first adjustment in the 2014 reconciliation of the Capital Recovery Riders, of budgeted plant additions to actual plant additions, does not roll forward. To the extent that the 2014 revenues varied from the authorized 2014 revenues, any remaining revenues amount that were not fully collected in 2015, rolled forward into the 2016 reconciliation. Likewise, in future reconciliations, any refunds that may need to be made that are not completed will carry forward into the following reconciliation.

Q. IS THE RECONCILIATION OF 2015 CAPITAL RECOVERY RIDERS, WHICH WAS AUTHORIZED IN DOCKET NO. 16-00022, INCLUDED IN THIS FILING?

A. As with the 2014 actual plant additions, the 2015 actual plant additions were used in the calculation in Docket Nos. 16-00126, 17-00124 and in the currently pending 2019 Capital Recovery Riders in Docket No. 18-00120. By doing this, the only amount of plant additions to reconcile in this Petition are the 2018 actual plant additions. Again, to the extent that the 2016 revenues varied from the authorized 2016 revenues, any remaining revenues that were not fully collected in 2017 rolled into 2018 and are a part of this reconciliation.

Q. IS THE RECONCILIATION OF 2016 CAPITAL RECOVERY RIDERS, WHICH WAS AUTHORIZED IN DOCKET NO. 17-00020, INCLUDED IN THIS FILING?

A. As with the 2014 and 2015 actual plant additions, the 2016 actual plant additions were used in the calculation in Docket Nos. 16-00126, 17-00124 and in the currently pending 2019 Capital Recovery Riders in Docket No. 18-00120. By doing this, the only amount of plant additions to reconcile in this Petition is the 2018 actual plant additions. Again, to the extent that the 2017 revenues varied from the authorized 2017 revenues, any remaining revenues that were not fully collected in 2018 are a part of this reconciliation.

Q. IS THE RECONCILIATION OF 2017 CAPITAL RECOVERY RIDERS, WHICH IS PENDING IN DOCKET NO. 18-00022, INCLUDED IN THIS FILING?

A. As with the 2014, 2015 and 2016 actual plant additions, the 2017 actual plant additions were used in the calculation in Docket Nos. 16-00126, 17-00124 and in the currently pending 2019 Capital Recovery Riders in Docket No. 18-00120. By doing this, the only amount of plant additions to reconcile in this Petition is the 2018 actual plant additions. Again, to the extent that the 2018 revenues varied from the authorized2018 revenues or revenues pending authorization, any remaining revenues that were not fully collected in 2018 are a part of this reconciliation.

Q. YOU ALSO INDICATED THAT TAWC HAS NOT FILED ANYTHING IN THIS PETITION TO INCLUDE THE RECONCILIATION OF THE PRODUCTION COSTS AND OTHER PASS-THROUGHS RIDER. WHY IS TAWC NOT INCLUDING THE PCOP RECONCILIATION IN THIS PETITION?

A. The PCOP differs from the Capital Recovery Riders, in that at the end of a year, it looks at the historical period and compares the actual production expenses to the amount of

production expenses authorized in the previous rate case. It then applies an adjustment over the next year to account for any differences between the two amounts, either over or under the authorized amount. The first review period for the approved PCOP analyzed the amount of production expenses in the attrition year from the previous rate case, which was December 1, 2012 to November 30, 2013 compared to the actual amount of production expenses that occurred between December 1, 2012 and November 30, 2013. The expenses in the attrition period were actually less than authorized in the case, so under the approved PCOP TAWC applied a credit adjustment to customers.

The subsequent period approved for review in the tariff is defined as the twelve months subsequent to the attrition period, and every twelve-month period after that. Docket No. 15-00001 looked at the review period for the PCOP from December 1, 2013 through November 30, 2014. Docket No. 15-00131 looked at the review period for the PCOP from December 1, 2014 through November 30, 2015. Docket No. 16-00148 looked at the review period for the PCOP from be December 1, 2015 through November 30, 2016. Docket No. 18-00009 looked at the review period for the PCOP from December 1, 2016 through November 30, 2017. Docket No. 19-00010 is reviewing the period for the PCOP from December 1, 2017 through November 30, 2018.

Q. DOES THE PCOP HAVE A TWO-STEP RECONCILIATION PROCESS?

A. Yes. Similar to the Capital Recovery Riders, the PCOP reconciliation has 1) a reconciliation of the actual expenses in the historical review period to the authorized levels in the previous rate case; and 2) a reconciliation of the implementation of the PCOP during that same historical review period. In Docket No. 15-00001, the TPUC approved a single reconciliation of the PCOP.

Q. WHAT IS THE STATUS OF THE PCOP RECONCILIATION?

A. TAWC filed the reconciliation on the PCOP Rider on January 15, 2019. New PCOP rates are pending in Docket No. 19-00010.

Q. HAS TAWC INCLUDED REPAIRS AND BONUS DEPRECIATION CALCULATION IN THIS RECONCILIATION?

A. Yes. As discussed in deliberations in Docket No. 18-00022 on December 17, 2018, TAWC has revised filings in the aforementioned Docket No. 18-00022 as well as the 2019 Capital Riders filing in Docket No. 18-00120. The Company has applied repairs and bonus deductions in this filing, in a similar manner as the revised docket filings, prospectively for 2017 and 2018 if applicable. The bonus and repairs deductions are partially offset by net operating loss ("NOL") carryforward, with the lesser of the total company NOL or mechanism NOL used as an offset.

Q. WHAT IS THE PROPOSED ADJUSTED QIIP RIDER?

A. TAWC is proposing a QIIP Rider that results in a total revenue recovery of $578,263 for nine months of 2019 year or a surcharge of 1.638%.

Q. HAS TENNESSEE-AMERICAN FILED A TARIFF ADDRESSING THE PROPOSED QIIP RIDER?

A. Yes. A new tariff Fifteenth Revised Sheet No. 12 – Riders – 1 reflects all three Capital Recovery Riders and is attached to my testimony as **Petitioner's Exhibit -- Proposed Sheet No. 12- Riders - EKC**.

Q. WHAT IS THE PROPOSED EDI RIDER?

A. TAWC is proposing an EDI Rider that results in a total revenue recovery of ($79,330) for nine months of 2019 year or a surcharge of -0.225%. Again, this is shown on the new

tariff Fifteenth Revised Sheet No. 12 – Riders – 1 which reflects all three Capital Recovery Riders and is attached to my testimony as **Petitioner's Exhibit -- Proposed Sheet No. 12- Riders - EKC**.

Q. WHAT IS PROPOSED SEC RIDER?

A. TAWC is proposing an SEC Rider that results in a total revenue recovery of $296,690 for nine months of 2019 year or a surcharge of 0.840%. Again, this is shown on the new tariff Fifteenth Revised Sheet No. 12 – Riders – 1 which reflects all three Capital Recovery Riders and is attached to my testimony as **Petitioner's Exhibit -- Proposed Sheet No. 12- Riders - EKC**. The sum of the three riders is an increase of 2.253% on the current base bill.

Q. WHAT IS THE IMPACT TO THE AVERAGE CUSTOMER BILL?

A. The typical residential customer living in the City of Chattanooga, and using an average of 4,154 gallons per month will see an increase in their bill of $0.49 per month, or $5.88 in 2019.

I am also providing a table reflecting the detailed changes for each Capital Recovery Rider, including the reconciliations. This is attached to my testimony as **Petitioner's Exhibit – Annual Approved Tariffs – EKC**.

Q. DOES THE COMPANY STILL PROPOSE THAT DEFERRED SAVINGS ASSOCIATED WITH THE TAX CUTS AND JOBS ACT ("TCJA") BE USED TO OFFSET ANY INCREASES IN CUSTOMERS' BILLS RESULTING FROM THE 2019 CAPITAL RIDERS?

A. Yes, the Company still proposes that the savings from the TCJA be used to prevent any increases in customers' bills. In order to offset the 2.253% combined impact of the 2019

Rider Reconciliation, the Company is proposing an increase to the proposed TCJA credit, from Docket 18-00120, of -2.253%. The total proposed TCJA credit for the nine months of 2019 would be -6.203%. Consequently, the Company is still proposing a 0% rate increase as a result of the 2019 Capital Rider Recovery and the 2019 Rider Reconciliation of calendar year 2018.

Q. WHAT INFORMATION IS REQUIRED IN THE TARIFF TO BE INCLUDED IN THE ANNUAL RECONCILIATION FILING?

A. Each tariff states that the Company will include in its Annual Reconciliation Filing the following information at a minimum: (a) a schedule of all journal entries made related to this Rider for the Annual Review Period, including any related general ledger support, (b) actual billing determinants by month as used in the computation of the Total Collected from Customers for the Annual Review Period, (c) capitalization policy effective for the Annual Review Period, (d) computation of the Annual Reconciliation Factor Percentage Rate, including the detailed calculation of each component, (e) schedules of the Actual Investment Amount and Actual Operational Expense, including related general ledger support, (f) a schedule of any proposed prior period adjustments, (g) an affirmative statement of whether the Company is aware of any changes in market conditions or other factors that may affect whether the Rider is still in the public interest, including the identification of such factors if they exist, and (h) the cumulative amount collected from customers.

Q. HAS TAWC PROVIDED THE INFORMATION IN THIS PETITION FILING THAT IS REQUIRED FOR THE QIIP, EDI AND SEC TARIFFS?

A. Yes. In order to provide this information, (a) TAWC has provided in the workpapers all of the general ledger transactions for all of the capital expenditures in the capital recovery riders; (b) TAWC has provided the billing determinants by month from January 2018 to December 2018 in the workpapers; (c) a copy of the capitalization policy effective for the Annual Review Period was filed in Docket No. 15-00029 and has not been revised since that filing and is referenced; (d) TAWC has provided a computation of the Annual Reconciliation Factor Percentage Rate attached as **Petitioner's Exhibit – Capital Riders Reconciliation – EKC** and has provided the detailed calculation of each component in the workpapers along with an explanation of the workpaper calculation; (e) TAWC has provided schedules of the Actual Investment Amount including the detailed general ledger support for each of the riders in the workpapers however there were no Actual Operational Expenses in 2018; (f) TAWC has not included any proposed prior period adjustments other than removing items in 2018 for the EDI rider consistent with the Orders in Docket Nos. 14-00121 and 15-00029 as well as the Annual Performance Compensation adjustment approved as part of Docket No. 17-00124; (g) I discuss whether the Company is aware of any changes in market conditions or other factors that may affect whether the Rider is still in the public interest, including the identification of such factors if they exist; and (h) TAWC has provided the cumulative amount collected from customers on the **Petitioner's Exhibit -- Capital Riders Reconciliation – EKC** along with the detailed information of the amount of revenues collected from customers for each of the capital recovery riders in the workpapers.

Q. HAS TENNESSEE-AMERICAN PROVIDED INVOICES FOR ALL OF THE CAPITAL EXPENDITURES INCLUDED IN THE CAPITAL RECOVERY RIDERS?

A. No. TAWC has provided the detailed general ledger information for all transactions on all projects in the workpapers, and summarized the type of expenses for each rider in **Petitioner's Exhibit -- Capital Rider Charges Summary -- EKC**. Although individual invoices are available for some contract services under some projects, TAWC uses a purchase order system under blanket contracts that provides for billing for multiple projects on one invoice. Further, TAWC uses purchase orders for materials, bringing materials in and out of stock inventory on an average cost basis. Some material held in inventory may have been purchased in previous years and tracing those items to specific invoices or purchase order receipts will be extremely challenging. Finally, invoices for all projects would result in an extremely large filing that may contain more information than is feasible to review. TAWC has provided a summary of the work order detail of expenses in **Petitioner's Exhibit -- Work Order Detail Summary – EKC**. TAWC has filed this similar to Docket Nos. 16-00022, 17-00020 and 18-00022, and fully anticipates filing sample documentation during the discovery process. It is important to develop a technique or process that provides adequate levels of assurance that TAWC continues to implement its construction program in the most cost effective manner for its customers while not developing a technique or process that becomes overwhelming or inefficient for all parties involved in the reconciliation process.

Q. IS THE COMPANY AWARE OF ANY CHANGES IN MARKET CONDITIONS OR OTHER FACTORS THAT MAY AFFECT WHETHER THE QIIP RIDER,

THE EDI RIDER AND THE SEC RIDER ARE STILL IN THE PUBLIC INTEREST?

A. No, the Company is not aware of any changes in market conditions or other factors that affect whether the QIIP Rider, the EDI Rider and the SEC Rider are still in the public interest. Tennessee-American believes that the QIIP Rider, the EDI Rider and the SEC Rider are all still in the public interest. Tennessee-American understands that the purpose of the legislation was, in part, to encourage an increase in certain types of infrastructure investment and recovery by utilities, while reducing the costs to consumers and utilities for regulatory review and implementation, and promoting rate gradualism for consumers. The market conditions are consistent with the conditions at the time that the Capital Recovery Riders were approved, with a continued need to increase infrastructure replacement and meet environmental compliance needs on a timely basis.

Q. ARE THE QIIP RIDER, THE EDI RIDER AND THE SEC RIDER STILL IN THE PUBLIC INTEREST?

A. Yes. As I noted at the outset herein, and as outlined by TAWC in much detail and with supporting documentation TPUC Docket No. 13-00130, the QIIP, the EDI and the SEC Riders are mutually beneficial to the ratepayers, the public, and TAWC. Among other things, the Capital Recovery Riders reduce the need for general rate cases, lessen the occurrence of consumer "rate shock," support the maintenance and improvement of essential infrastructure, support opportunities for successful economic development, growth and job creation, ensure safety and reliability, and allow for more efficient, streamlined regulation. The ratepayers and the public benefit from the safety and reliability components and from the more seamless and timely capital investment in

infrastructure, coupled with the related support to economic development, growth and job creation. The Company benefits from a more efficient, streamlined regulatory process that presents TAWC with the opportunity to timely recover its expenses and earn a fair rate of return on its investments. Without the approved alternative rate mechanisms pursuant to Tenn. Code Ann. Section 65-5-103 *et. seq.*, and specifically without the Capital Recovery Riders, TAWC would be preparing another general rate case. Tennessee-American understands that the purpose of the new legislation — Tenn. Code Ann. § 65-5-103 *et. seq.*, — was, in part, to encourage an increase in certain types of infrastructure investment and recovery by utilities, while reducing the costs to consumers and utilities for regulatory review and implementation, and promoting rate gradualism for consumers. TAWC believes the approved Capital Recovery Riders are achieving that goals.

As reflected in the evidentiary record in TPUC Docket No. 13-00130, the US Environmental Protection Agency and the American Society of Civil Engineers have published reports regarding the significant capital needs for water and wastewater infrastructure in the United States, including here in Tennessee. A substantial portion of TAWC's distribution infrastructure is between 50 and 100 years old, and TAWC needs to continue to invest in replacing its infrastructure in order to meet its obligation to provide safe, reliable drinking water to its customers. The QIIP Rider is assisting TAWC in responsibly and strategically addressing the systems' infrastructure replacement needs, while helping to increase the time between rate cases and reducing the cost of rate cases to its Customers. As testified to by Company Witness Brent O'Neill, TAWC has strategically focused its efforts on mains with the highest maintenance concerns.

As reflected in the evidentiary record in TPUC Docket No. 14-00121, the presence of the new Coca Cola facility in Chattanooga, along with the accompanying jobs and other associated community and public benefits, shows that the EDI Rider is working as intended by the Tennessee General Assembly. Moreover, the Company's cooperative and coordinated efforts with the City of Chattanooga to timely address crucial safety, health and reliability issues, including those identified in the US Environmental Protection Agency's April 2013 Consent Decree issued to the City of Chattanooga requiring improvements to the City's sanitary sewer system, demonstrates that the SEC Rider is serving our Customers and the public interest as anticipated.

As it pledged to do when it first submitted the Capital Recovery Riders for review and consideration by the agency in TPUC Docket No. 13-00130, TAWC has been able to partner with the community to promote economic development, which we believe to be consistent with Tenn. Code Ann. § 65-5-103 *et. seq.*, consistent with the approved QIIP Rider, EDI Rider, and SEC Rider, and in the public interest. Under the Commission's oversight and within the safeguards set forth in the approved tariffs, TAWC has been able to increase infrastructure replacement and meet environmental compliance needs on a timely basis, which we believe to be in the public interest.

Q. WHAT DO YOU RECOMMEND WITH REGARD TO THIS PETITION?

A. I recommend that the Petition be approved for the increase in the QIIP, EDI and SEC Riders, effective April 1, 2019 through December 31, 2019.

Q. DOES THIS CONCLUDE YOUR DIRECT TESTIMONY?

A. Yes. I reserve the ability to submit further testimony as is appropriate.

46397497.v1

Explanation:
Tennessee American Water has been authorized 3 capital riders based on a 13-month average of in-service capital projects in the forecasted period. The revenue requirement for each rider is calculated similar to how total rate base is calculated by the Tennessee Public Utility Commission in a rate case. This table shows a comparison of the actual average over the reporting period to the proposed amount of each rider, and the total of the three.

TENNESSEE-AMERICAN WATER COMPANY **TPUC NO. 19**

Third Revised Sheet No. 12-EDI-1

CLASSIFICATION OF SERVICE

ECONOMIC DEVELOPMENT INVESTMENT PROGRAM – RIDER

1. Applicability

In addition to the other charges provided for in this Tariff under Service Classifications Residential, Commercial, Industrial, Other Public Authority, Sales for Resale, and Private Fire, a Economic Development Investment Program ("EDI") Rider will apply to customers in all service areas.

The above rider will be recomputed annually and be adjusted periodically to incorporate the Annual Reconciliation Factor.

2. Definitions

For the purposes of this Rider:

"Actual EDI Investment Amount" means the amount of actual capital investment and associated operating expenses of the Company for the Economic Development Investment Program and not otherwise included in current base rates. At the time of the Company's next general rate case proceeding, all prudently incurred Actual EDI Investment Amounts associated with this Rider shall be included in base rates.

"Annual Reconciliation Factor" means an adjustment factor to true-up rates from forecasted costs to the actual costs incurred through application of 1) the Budget-to-Actual Adjustment and 2) the Over-Under Collection Adjustment, and the 3) Earnings Test Adjustment, as adjusted for Interest.

"Annual Review Period" means the twelve-month period between the annual adjustments of the EDI Percentage Rate. For the first year beyond the attrition year of the base rate case, this review period may be shorter or longer than a twelve-month period to cover expenditures between the attrition year and the start of the subsequent calendar year.

"Commission" means the Tennessee Public Utility Commission.

"Budget-to-Actual Adjustment" means the adjustment to EDI for the applicable coming annual period due to the difference between the Forecasted EDI Investment and Expense Amount and the Actual EDI Investment and Expense Amount.

"Consumer Advocate" means the Consumer Advocate and Protection Division of the Office of the Tennessee Attorney General.

"Forecasted EDI Investment Amount" means the amount of forecasted capital investment of the Company for the Economic Development Investment Program and not otherwise included in current base rates.

"Over-Under Collection Adjustment" means the adjustment to EDI for the applicable coming annual period due to the net amount of over or under collections. This will include
(T) over-under collections from the annual review period EDI and any remaining balance of the over-under collection from the prior reconciliation of the EDI.

"Relevant Rate Order" means the final order of the Commission in the most recent rate case of the Company fixing the rates of the Company or the most recent final order of the Commission specifically prescribing or fixing the factors and procedures to be used in the application of this Rider.

3. General Description

EDI allows the Company to recover outside of a rate case its qualifying incremental non-revenue producing plant infrastructure investment and expenses. For purposes of this Rider, qualifying EDI investment includes the following:

Distribution, Production, and Other Infrastructure – Distribution, production, and other infrastructure that may be identified as being for the purpose of economic development.

Economic Development Expenses – Operational expenses that are specifically to support economic development and economic development investment utility plant.

EDI Investment is to be identifiable on the Company's books and segregated into the following general accounts:

Account 331 – Transmission & Distribution Mains;
Account 333 – Services;
Account 334 – Meters & Meter Installations;
Account 335 – Hydrants;
Account 320 – Water Treatment Equipment, Non-Media;
Account 311 – Pumping Equipment;
Account 303 – Land and Land Rights;
Account 304 – Structures and Improvements;

(T) Denotes Change in text

TENNESSEE-AMERICAN WATER COMPANY **TPUC NO. 19**

Third Revised Sheet No. 12-EDI-3

Account 306 – Lake, River and Other Intakes;
Account 307 – Wells and Springs;
Account 309 – Supply Mains;
Account 310 – Power Generation Equipment;
Account 330 – Distribution Reservoirs and Standpipes; and
Account 330003 – Capitalized Tank Painting.

4. Determination of the Economic Development Investment Program Percentage Rate

(A) The EDI percentage shall be expressed as a percentage carried to two (2) decimal places. The EDI percentage shall be applied to the total amount billed to each Customer based on the Company's otherwise applicable rates and charges.

(B) The EDI percentage shall be calculated on an annual prospective basis as follows:

FORECASTED EDI Investment Amount
Less EDI Plant Retirements (Net of Cost of Removal & Salvage)
Less Contributions in Aid of Construction
Less Accumulated Depreciation
Less Accumulated Deferred Income Taxes
Net Forecasted EDI Qualifying Investment

Multiplied by the Pre-Tax ROR set forth in the Relevant Rate Order

Allowed Forecasted EDI Pre-Tax Return
Plus Depreciation Expense
Plus Property Taxes
Plus Franchise Taxes
Plus Economic Development Operational Expenses
Subtotal Forecasted EDI Revenue Requirement Before Revenue Tax

Divided by 1 minus the following:
Forfeited Discounts Rate
Plus Uncollectible Expense Rate
Plus Gross Receipts Tax Rate
Total Forecasted EDI Revenue Requirement

Divided by Relevant Rate Order Volumetric & Metered Revenue

EDI Percentage Rate

Where:

Accumulated Depreciation = Accumulated depreciation calculated by debiting for Forecasted EDI plant removed from service, and crediting for new accumulations using rates approved in the Relevant Rate Order on new investments, less retirements and CIAC.

Accumulated Deferred Income Taxes = An average of the forecasted accumulated deferred income taxes related to qualified forecasted EDI investment at the beginning and end of the year.

Contributions in Aid of Construction = Non-investor supplied funds used in the construction of forecasted EDI infrastructure.

Depreciation Expense = Forecasted cumulative qualified EDI investment net of retirements and CIAC, multiplied by depreciation rates approved in the Relevant Rate Order.

Forfeited Discount Rate = Forecasted EDI Revenue Requirement before gross receipts taxes, uncollectible expense and forfeited discounts multiplied by composite forfeited discount factor approved in the Relevant Rate Order.

Franchise Taxes = Forecasted cumulative qualified EDI investment multiplied by composite franchise tax rate approved in the Relevant Rate Order.

Gross Receipts Tax Rate = Forecasted EDI Revenue Requirement before gross receipts taxes, uncollectible expense and forfeited discounts multiplied by composite gross receipts tax rate approved in the Relevant Rate Order.

Property Taxes = Forecasted cumulative qualified EDI investment multiplied by composite property tax rate approved in the Relevant Rate Order.

EDI Plant Retirements = Forecasted EDI plant removed from service net of any associated cost of removal and salvage.

Third Revised Sheet No. 12-EDI-5

Forecasted EDI Investment Amount = Average forecasted EDI additions to plant infrastructure as described in Section 3, computed by use of average of 12 end-of-month balances.

Economic Development Expenses = the incremental operational expenses that are specifically to support economic development or economic development utility plant.

Uncollectible Expense = Forecasted EDI Revenue Requirement before gross receipts taxes, uncollectible expense and forfeited discounts multiplied by composite uncollectible factor approved in the Relevant Rate Order.

Volumetric & Metered Revenue = the revenues authorized in the Relevant Rate Order for volumetric water sales, meter charges, and private fire service charges.

(C) The total amount to be recovered through the EDI is the EDI Percentage Rate as adjusted for the Annual Reconciliation Factor Percentage Rate.

5. Determination of the Annual Reconciliation Factor Percentage Rate

(A) The Annual Reconciliation Factor Percentage shall be expressed as a percentage carried to two (2) decimal places. The Annual Reconciliation Factor Percentage shall be applied to the total amount billed to each Customer based on the Company's otherwise applicable rates and charges.

(B) The Annual Reconciliation Factor Percentage Rate will be computed as follows:

Budget-to-Actual Adjustment
Plus Over-Under Collection Adjustment
Plus Earnings Test Adjustment
Plus Interest
Annual Reconciliation Amount

Divided by 9/12 of the Relevant Rate Order Volumetric & Metered Revenue

Annual Reconciliation Factor Percentage Rate

(C) Computation of the Budget-to-Actual Adjustment.

TENNESSEE-AMERICAN WATER COMPANY **TPUC NO. 19**

Third Revised Sheet No. 12-EDI-8

(D) Computation of the Over-Under Collection Adjustment.

The Company will identify and record the total amount of the EDI Collected from Customers for the Annual Review Period. The difference between the Total EDI Collected from Customers and the Total Budgeted EDI Revenue Requirement shall constitute the Over-Under Collection Adjustment. This adjustment shall include any remaining Over-Under amount from the prior period reconciliation during the Annual Review Period in addition to the Over-Under collection amount for the EDI during the Annual Review Period. (T) (T) (T)

(E) Computation of the Earnings Test Adjustment.

If the earnings attained by the Company for the Annual Review Period exceed the earnings allowed for the Annual Review Period by applying the overall rate of return authorized in the Relevant Rate Order, then any such earnings difference shall constitute the Earnings Test Adjustment. If the earnings attained by the Company for the Annual Review Period are less than the earnings allowed for the Annual Review Period by applying the overall rate of return authorized in the Relevant Rate Order, then no Earnings Test Adjustment shall be recognized.

Any Earnings Test Adjustment shall be allocated among the Qualified Infrastructure Improvement Program Rider, the Economic Development Investment Rider, and the Safety and Environmental Compliance Rider based on the pro-rata revenues collected under these riders for the Annual Review Period for purposes of computing new rate adjustments.

(F) Computation of Interest.

Interest will be computed as follows:

Budget-to-Actual Adjustment
Plus Over-Under Collection Adjustment
Plus Earnings Test Adjustment

Total Amount Subject to Interest
Interest Rate Multiplied by 50%

Total Interest

Where "Interest Rate" equals the prime rate value published in the "Federal Reserve Bulletin" or in the Federal Reserve's "Selected Interest Rates" for the most recent preceding month.

TENNESSEE-AMERICAN WATER COMPANY **TPUC NO. 19**

Third Revised Sheet No. 12-EDI-9

6. New Base Rates

The EDI rider will be reset at zero upon the establishment of new base rates to customer billings that provide for the prospective recovery of the annual costs that had theretofore been recovered under the EDI. Thereafter, only the costs of new EDI eligible plant additions that have not previously been reflected in the Company's rate base, would be reflected in new annual prospective EDI filings.

7. Annual EDI Percentage Rate Filing

On or before December 1 of each year, the Company shall submit to the Commission a calculation of the EDI Percentage Rate for the following calendar year. The Annual EDI Percentage Rate Filing shall be verified by an officer of the Company. The Annual EDI Percentage Rate Filing shall include a calculation to adjust revenue to recover costs related to the Forecasted EDI Investment Amount, with such revenue adjustment applied through the EDI Percentage Rate. The EDI Percentage Rate shall become effective on January 1 of each year and be applied as an adjustment to Customers' bills for the remainder of the calendar year.

The Company will include in its Annual EDI Percentage Rate Filing the following information at a minimum: (a) computation of the EDI Percentage Rate, including the detailed calculation of each component, (b) a budget of the Forecasted EDI Investment Amount and Forecasted Economic Development Operational Expenses adopted by the Company's Board of Directors, (c) any related Strategic Capital Expenditures Plans, (d) statements demonstrating how each projected capital investment comprising the Forecasted EDI Investment Amount and each projected operational expense comprising the Forecasted Economic Development Operational Expenses meet the requirements for recovery under this Rider set forth in Section 3, and (e) such other information as the Commission may direct.

The Company will simultaneously copy the Consumer Advocate on its Annual EDI Percentage Rate Filing.

8. Annual Reconciliation Filing with the Commission

On or before March 1 of each year, the Company shall submit to the Commission a reconciliation of the results of the operation of the EDI for the previous Annual Review Period. The Annual Reconciliation Filing shall be verified by an officer of the Company. The annual reconciliation shall include a calculation to adjust revenue collected under this EDI Rider in effect for the prior Annual Review Period to an amount equivalent to the actual level of prudently-incurred EDI cost for the prior Annual Review Period, with such revenue adjustment applied through the Annual Reconciliation Factor Percentage Rate. The Annual Reconciliation Factor Percentage Rate shall become effective on

(T) Denotes Change in text

April 1 of each year and be applied as an adjustment to Customers' bills for the remainder of the calendar year.

The Company will include in its Annual Reconciliation Filing the following information at a minimum: (a) a schedule of all journal entries made related to this Rider for the Annual Review Period, including any related general ledger support, (b) actual billing determinants by month as used in the computation of the Total EDI Collected from Customers for the Annual Review Period, (c) capitalization policy effective for the Annual Review Period, (d) computation of the Annual Reconciliation Factor Percentage Rate, including the detailed calculation of each component, (e) schedules of the Actual EDI Investment Amount and Actual Economic Development Operational Expenses, including related general ledger support, (f) a schedule of any proposed prior period adjustments, (g) an affirmative statement of whether the Company is aware of any changes in market conditions or other factors that may affect whether the Rider is still in the public interest, including the identification of such factors if they exist, (h) the cumulative amount of EDI collected from customers under this Rider, and (i) such other information as the Commission may direct.

The Company will simultaneously copy the Consumer Advocate on its Annual Reconciliation Filing.

9. Notice Requirements

The Company will file revised tariffs for Commission approval upon 30 days' notice to implement a decrement or an increment each January 1 and April 1. Along with the tariff filing, the Company will include a copy of the computation of the new rate adjustment. The Company will simultaneously copy the Consumer Advocate on this filing.

10. Public Interest Review

Nothing herein shall be construed to eliminate or otherwise restrict the opportunity of the Consumer Advocate or any other interested party from seeking a review of this Rider, as permitted by law and the rules and regulations of the Commission, for a reconsideration of whether it remains in the public interest.

CLASSIFICATION OF SERVICE

QUALIFIED INFRASTRUCTURE IMPROVEMENT PROGRAM – RIDER

1. Applicability

In addition to the other charges provided for in this Tariff under Service Classifications Residential, Commercial, Industrial, Other Public Authority, Sales for Resale, and Private Fire, a Qualified Infrastructure Improvement Program ("QIIP") Rider will apply to customers in all service areas.

The above rider will be recomputed annually and be adjusted periodically to incorporate the Annual Reconciliation Factor.

2. Definitions

For the purposes of this Rider:

"Actual QIIP Investment Amount" means the amount of actual capital investment of the Company for the Qualified Infrastructure Improvement Program and not otherwise included in current base rates. At the time of the Company's next general rate case proceeding, all prudently incurred Actual QIIP Investment Amounts associated with this Rider shall be included in base rates.

"Annual Reconciliation Factor" means an adjustment factor to true-up rates from forecasted costs to the actual costs incurred through application of 1) the Budget-to-Actual Adjustment and 2) the Over-Under Collection Adjustment, and the 3) Earnings Test Adjustment, as adjusted for Interest.

"Annual Review Period" means the twelve-month period between the annual adjustments of the QIIP Percentage Rate.

"Commission" means the Tennessee Public Utility Commission.

"Budget-to-Actual Adjustment" means the adjustment to QIIP for the applicable coming annual period due to the difference between the Forecasted QIIP Investment Amount and the Actual QIIP Investment Amount.

TENNESSEE-AMERICAN WATER COMPANY **TPUC NO. 19**

Third Revised Sheet No. 12-QIIP-2

"Consumer Advocate" means the Consumer Advocate and Protection Division of the Office of the Tennessee Attorney General.

"Forecasted QIIP Investment Amount" means the amount of forecasted capital investment of the Company for the Qualified Infrastructure and Investment Program and not otherwise included in current base rates.

(T) **"Over-Under Collection Adjustment"** means the adjustment to QIIP for the applicable
(T) coming annual period due to the net amount of over or under collections. This will include
(T) over-under collections from the annual review period EDI and any remaining balance of the over-under collection from the prior reconciliation of the EDI.

"Relevant Rate Order" means the final order of the Commission in the most recent rate case of the Company fixing the rates of the Company or the most recent final order of the Commission specifically prescribing or fixing the factors and procedures to be used in the application of this Rider.

3. General Description

QIIP allows the Company to recover outside of a rate case its qualifying incremental non-revenue producing plant infrastructure investment. For purposes of this Rider, qualifying QIIP investment includes the following:

Distribution Infrastructure – Replacement distribution and transmission mains and valves installed as replacements for existing facilities, reinforcement of existing facilities or otherwise insuring reliability of existing facilities; Hydrants, Services, Meters and Meter Installations – installed as in-kind replacements, reinforcements or insuring reliability of existing facilities; Unreimbursed funds related to capital projects to relocate facilities required by governmental highway projects; Capitalized tank repairs and maintenance that serve to replace, reinforce, or otherwise insure reliability of existing facilities.

Production and Pumping Infrastructure – Replacement of water treatment facilities and equipment installed as replacements for existing facilities, reinforcement of existing facilities or otherwise insuring reliability of existing facilities; Raw Water and Finished Water pumping equipment and structures installed as replacements, reinforcements or otherwise insuring reliability of existing facilities.

Other Infrastructure – Infrastructure designed to utilize alternative fuels.

Account 310 – Power Generation Equipment
Account 330 – Distribution Reservoirs and Standpipes;
Account 341 – Transportation Equipment; and
Account 330003 – Capitalized Tank Painting.

4. Determination of the Qualified Infrastructure Improvement Program Percentage Rate

(A) The QIIP percentage shall be expressed as a percentage carried to two (2) decimal places. The QIIP percentage shall be applied to the total amount billed to each Customer based on the Company's otherwise applicable rates and charges.

(B) The QIIP percentage shall be calculated on an annual prospective basis as follows:

FORECASTED QIIP Investment Amount
Less QIIP Plant Retirements (Net of Cost of Removal & Salvage)
Less Contributions in Aid of Construction
Less Accumulated Depreciation
Less Accumulated Deferred Income Taxes
Net Forecasted QIIP Qualifying Investment

Multiplied by the Pre-Tax ROR set forth in the Relevant Rate Order

Allowed Forecasted QIIP Pre-Tax Return
Plus Depreciation Expense

Where "Interest Rate" equals the prime rate value published in the "Federal Reserve Bulletin" or in the Federal Reserve's "Selected Interest Rates" for the most recent preceding month.

6. New Base Rates

The QIIP rider will be reset at zero upon the establishment of new base rates to customer billings that provide for the prospective recovery of the annual costs that had theretofore been recovered under the QIIP. Thereafter, only the costs of new QIIP eligible plant additions that have not previously been reflected in the Company's rate base, would be reflected in new annual prospective QIIP filings.

7. Annual QIIP Percentage Rate Filing

On or before December 1 of each year, the Company shall submit to the Commission a calculation of the QIIP Percentage Rate for the following calendar year. The Annual QIIP Percentage Rate Filing shall be verified by an officer of the Company. The Annual QIIP Percentage Rate Filing shall include a calculation to adjust revenue to recover costs related to the Forecasted QIIP Investment Amount, with such revenue adjustment applied through the QIIP Percentage Rate. The QIIP Percentage Rate shall become effective on January 1 of each year and be applied as an adjustment to Customers' bills for the remainder of the calendar year.

The Company will include in its Annual QIIP Percentage Rate Filing the following information at a minimum: (a) computation of the QIIP Percentage Rate, including the detailed calculation of each component, (b) a budget of the Forecasted QIIP Investment Amount adopted by the Company's Board of Directors, (c) any related Strategic Capital Expenditures Plans, (d) a statement demonstrating how each projected capital investment comprising the Forecasted QIIP Investment Amount meets the requirements for recovery under this Rider set forth in Section 3, and (e) such other information as the Commission may direct.

The Company will simultaneously copy the Consumer Advocate on its Annual QIIP Percentage Rate Filing.

8. Annual Reconciliation Filing with the Commission

On or before March 1 of each year, the Company shall submit to the Commission a reconciliation of the results of the operation of the QIIP for the previous Annual Review Period. The Annual Reconciliation Filing shall be verified by an officer of the Company. The annual reconciliation shall include a calculation to adjust revenue collected under this QIIP Rider in effect for the prior Annual Review Period to an amount equivalent to the actual level of prudently-incurred QIIP cost for the prior Annual Review Period, with such revenue adjustment applied through the Annual Reconciliation Factor Percentage Rate. The Annual Reconciliation Factor Percentage Rate shall become effective on

CLASSIFICATION OF SERVICE

SAFETY AND ENVIRONMENTAL COMPLIANCE – RIDER

1. Applicability

In addition to the other charges provided for in this Tariff under Service Classifications Residential, Commercial, Industrial, Other Public Authority, Sales for Resale, and Private Fire, a Safety and Environmental Compliance Program ("SEC") Rider will apply to customers in all service areas.

The above rider will be recomputed annually and be adjusted periodically to incorporate the Annual Reconciliation Factor.

2. Definitions

For the purposes of this Rider:

"Actual SEC Investment Amount" means the amount of actual capital investment and associated operating expenses of the Company for the Safety and Environmental Compliance Program and not otherwise included in current base rates. At the time of the Company's next general rate case proceeding, all prudently incurred Actual SEC Investment Amounts associated with this Rider shall be included in base rates.

"Annual Reconciliation Factor" means an adjustment factor to true-up rates from forecasted costs to the actual costs incurred through application of 1) the Budget-to-Actual Adjustment and 2) the Over-Under Collection Adjustment, and the 3) Earnings Test Adjustment, as adjusted for Interest.

"Annual Review Period" means the twelve-month period between the annual adjustments of the SEC Percentage Rate. For the first year beyond the attrition year of the base rate case, this review period may be shorter or longer than a twelve-month period to cover expenditures between the attrition year and the start of the subsequent calendar year.

"Commission" means the Tennessee Public Utility Commission.

TENNESSEE-AMERICAN WATER COMPANY **TPUC NO. 19**

Second Revised Sheet No. 12-SEC-2

"Budget-to-Actual Adjustment" means the adjustment to SEC for the applicable coming annual period due to the difference between the Forecasted SEC Investment and Expense Amount and the Actual SEC Investment and Expense Amount.

"Consumer Advocate" means the Consumer Advocate and Protection Division of the Office of the Tennessee Attorney General.

"Forecasted SEC Investment Amount" means the amount of forecasted capital investment of the Company for the Safety and Environmental Compliance Program and not otherwise included in current base rates.

(T) (T) (T) **"Over-Under Collection Adjustment"** means the adjustment to SEC for the applicable coming annual period due to the net amount of over or under collections. . This will include over-under collections from the annual review period EDI and any remaining balance of the over-under collection from the prior reconciliation of the EDI.

"Relevant Rate Order" means the final order of the Commission in the most recent rate case of the Company fixing the rates of the Company or the most recent final order of the Commission specifically prescribing or fixing the factors and procedures to be used in the application of this Rider.

3. General Description

SEC allows the Company to recover outside of a rate case its qualifying incremental non-revenue producing plant infrastructure investment and expenses. For purposes of this Rider, qualifying SEC investment includes the following:

Distribution and Production Infrastructure – Distribution, production, and other infrastructure that may be identified as being for the purpose of safety and environmental compliance.

Safety and Environmental Expenses – Operational expenses similar to other expenses authorized in previous rate cases that are specifically new expenses for safety and environmental compliance or to support safety and environmental compliance utility plant.

SEC Investment is to be identifiable on the Company's books and segregated into the following general accounts:

Account 331 – Transmission & Distribution Mains;
Account 333 – Services;
Account 334 – Meters & Meter Installations;

Account 335 – Hydrants;
Account 320 – Water Treatment Equipment, Non-Media;
Account 311 – Pumping Equipment;
Account 303 – Land and Land Rights;
Account 304 – Structures and Improvements;
Account 306 – Lake, River and Other Intakes;
Account 307 – Wells and Springs;
Account 309 – Supply Mains;
Account 310 – Power Generation Equipment
Account 330 – Distribution Reservoirs and Standpipes; and
Account 330003 – Capitalized Tank Painting.

4. Determination of the Safety and Environmental Compliance Program Percentage Rate

(A) The SEC percentage shall be expressed as a percentage carried to two (2) decimal places. The SEC percentage shall be applied to the total amount billed to each Customer based on the Company's otherwise applicable rates and charges.

(B) The SEC percentage shall be calculated on an annual prospective basis as follows:

FORECASTED SEC Investment Amount
Less SEC Plant Retirements (Net of Cost of Removal & Salvage)
Less Contributions in Aid of Construction
Less Accumulated Depreciation
Less Accumulated Deferred Income Taxes
Net Forecasted SEC Qualifying Investment

Multiplied by the Pre-Tax ROR set forth in the Relevant Rate Order

Allowed Forecasted SEC Pre-Tax Return
Plus Depreciation Expense
Plus Property Taxes
Plus Franchise Taxes
Plus Safety and Environmental Compliance Operational Expenses
Subtotal Forecasted SEC Revenue Requirement Before Revenue Tax

Divided by 1 minus the following:

TENNESSEE-AMERICAN WATER COMPANY **TPUC NO. 19**
Eleventh Revised Sheet No. 12-Riders-1

CLASSIFICATION OF SERVICE

SUMMARY OF RIDERS

1. **Applicability**

In addition to the other charges provided for in this Tariff under Service Classifications Residential, Commercial, Industrial, Other Public Authority, Sales for Resale, and Private Fire, a Qualified Infrastructure Improvement Program ("QIIP") Rider, an Economic Development Investment Program Rider ("EDI"), a Safety and Environmental Compliance Program Rider (SEC"), and Production Costs and Other Pass-Throughs Rider ("PCOP") will apply to customers in all service areas.

2. **The Percentage of Riders and Reconciliations**

For the Riders defined in the tariffs:

QIIP	10.05 %	
EDI	0.41 %	
SEC	5.97 %	
Subtotal of all Capital Recovery Riders	16.43 %	
QIIP Annual Reconciliation Percentage	0.000 %	
EDI Annual Reconciliation Percentage	0.000 %	
SEC Annual Reconciliation Percentage	0.000 %	
Subtotal of all Reconciliation Percentages	0.000 %	
Total of Capital Recovery Riders and Reconciliation Percentages	16.430%	
PCOP	-1.25 %	(I)

(D) Indicates Decrease
(I) Indicates Increase

ISSUED: **May 17, 2018** **EFFECTIVE: May 15, 2018**

Tennessee American Water

2018 Capital Rider Surcharge Reconciliation Filing

Workbook Name: TAW_2018_Capital_Rider_Recon.xlsx

Workbook Information: This workbook calculates the annual reconciliation factor percentage rate for 2018 related to the revenue requirement and the capital rider surcharges for the QIIP, SEC and EDI.

Worksheet Name	Description / Purpose of Worksheet
1. Exhibit Reconciliation	1. 2018 annual reconciliation factor percentage rate calculated from actual to budget comparison and billed revenues for each capital rider.
2. WKP 2018 In-Serviced Actual	2. 2018 actual capital rider calculations based on actual in-serviced costs, retirements, CIAC, cost of removal, and depreciation. Populates the actual columns for #1.
3. WKP 2018 Actuals	3. 2018 actual in-serviced amounts, retirements, CIAC, and cost of removal less salvage incurred for the fiscal year. Sourced from the company's general ledger and fixed assets' system.
4. WKP 2018 Retires Actual	4. 2018 actual average retirements calculation. Populates the average retirements column for #2.
5. WKP 2018 COR Actual	5. 2018 actual average cost of removal less salvage calculation. Populates the average COR column for #2.
6. WKP 2018 CIAC Actual	6. 2018 average CIAC calculation. Populates the CIAC column for #2.
7. WKP 2018 Accum Depr	7. 2018 Accumulated Depreciation rollforward. Populates the average accumulated depreciation for #1.
8. WKP 2018 ADIT Summary	8. 2018 Accumulated Deferred Income Taxes by Capital Rider includes repairs, bonus and NOLC. Populates the average ADIT for #1.
9. WKP NOLC Calculation	9. 2018 Net Operating Loss Carryforward calculation with operating loss impacts on deferred tax liability. Populates the NOLC on #8.
10. WKP 2018 Tax Depr Balances	10. Tax depreciation balances by year for calculation of accumulated deferred income taxes. Populates the capital rider ADIT balances for #8.
11. WKP 2018 In-Serviced SCEP	11. 2018 projected in-serviced costs, retirements, CIAC, cost of removal, depreciation, and tax depreciation from 2018 surcharge filing based on #12. Docket #17-00124 was approved on 4/9/18.

12. WKP 2018 SCEP	12. 2018 Strategic Capital Expenditure Plan provided in 2018 surcharge filing and docket #17-00124
13. WKP Depr Rates	13. Current TRA approved depreciation rates used to calculate depreciation expense
14. WKP SAP Revenues	14. 2018 actual billed revenues for the capital riders. Sourced for the company's general ledger and customer information system.
15. SAP	15. Reconciliation of the WKP 2018 Actuals (#3) to screen shots of the SAP general ledger.
16. WKP 2018 In-Serviced Actual Proof	16. Same as #2 without array formulas
17. WKP 2018 Retires Actual Proof	17. Same as #4 without array formulas
18. WKP 2018 COR Actual Proof	18. Same as #5 without array formulas
19. WKP 2018 CIAC Actual Proof	19. Same as #6 without array formulas
20. WKP 2018 Pivot Actuals	20. Pivot table of WKP 2018 Actuals (#3)

There are four (4) other worksheets that are left blank intentionally and are used to identify and separate the Exhibits, Workpapers, Proof and Reconciliation worksheets.

Explanation:
Tennessee American Water has been authorized 3 capital riders based on a 13-month average of in-service capital projects in the forecasted period. The revenue requirement for each rider is calculated similar to how total rate base is calculated by the Tennessee Public Utility Commission in a rate case. This table shows a comparison of the actual average over the reporting period to the proposed amount of each rider, and the total of the three.

*Taxes - From Docket #17-00124 which was approved on 4/9/2018.
Earnings Test - Calculation methodology from Docket #18-00022 and amount from Earnings Test workpaper
