**TENNESSEE-AMERICAN WATER COMPANY'S RESPONSES TO SECOND DISCOVERY REQUESTS OF THE CONSUMER ADVOCATE**

---

Tennessee-American Water Company ("TAWC"), by and through counsel, hereby submits its Responses to the Second Discovery Requests propounded by the Consumer Advocate Unit in the Financial Division of the Attorney General's Office ("Consumer Advocate").

## GENERAL OBJECTIONS

1. TAWC objects to all requests that seek information protected by the attorney-client privilege, the work-product doctrine and/or any other applicable privilege or restriction on disclosure.

2. TAWC objects to the definitions and instructions accompanying the requests to the extent the definitions and instructions contradict, are inconsistent with, or impose any obligations beyond those required by applicable provisions of the Tennessee Rules of Civil Procedure or the rules, regulations, or orders of the Tennessee Public Utility Commission ("TPUC" or "Authority").

3. The specific responses set forth below are based on information now available to TAWC, and TAWC reserves the right at any time to revise, correct, add to or clarify the objections or responses and supplement the information produced.

4. TAWC objects to each request to the extent that it is unreasonably cumulative or duplicative, speculative, unduly burdensome, irrelevant or seeks information obtainable from some other source that is more convenient, less burdensome or less expensive.

5. TAWC objects to each request to the extent it seeks information outside TAWC's custody or control.

6. TAWC's decision, now or in the future, to provide information or documents notwithstanding the objectionable nature of any of the definitions or instructions, or the requests themselves, should not be construed as: (a) a stipulation that the material is relevant or admissible, (b) a waiver of TAWC's General Objections or the objections asserted in response to specific discovery requests, or (c) an agreement that requests for similar information will be treated in a similar manner.

7. TAWC objects to those requests that seek the identification of "any" or "all" documents or witnesses (or similar language) related to a particular subject matter on the grounds that they are overbroad and unduly burdensome, and exceed the scope of permissible discovery.

8. TAWC objects to those requests that constitute a "fishing expedition," seeking information that is not relevant or reasonably calculated to lead to the discovery of admissible evidence and is not limited to this matter.

9. TAWC does not waive any previously submitted objections to the Consumer Advocate's discovery requests.

1. Have the rates authorized by the Commission as identified in its June 27, 2019 Motion in Docket No. 18-00022 been implemented? If so, please identify the implementation date.

**Question:**

4. Referring to the Earnings Test Workpaper, confirm that the Over-Earning amount of $745,142 has not been grossed-up for the effects of state/federal Income Taxes.

   a. If this is confirmed, provide a comprehensive explanation supporting the rationale for not grossing-up this amount for the effects of Income Taxes, including an explanation of why such gross-up is appropriate to use within the Exhibit Reconciliation tab through the use of the Pre-Tax Rate of Return calculation but not within the Earnings Test Calculation.

   b. If this is not confirmed, provide the underlying calculation and corresponding support demonstrating the Over-earning amount of $745,142 has been grossed-up for the effects of state/federal Income Taxes.

**Response:**

4. The earnings above authorized amount of $745,142 has not been grossed-up for the effects of state/federal income taxes. The earnings test adjustment amount is being included in the capital rider reconciliation per the tariff language referenced below:

   (E) Computation of the Earnings Test Adjustment.

   If the earnings attained by the Company for the Annual Review Period exceed the earnings allowed for the Annual Review Period by applying the overall rate of return authorized in the Relevant Rate Order, then any such earnings difference shall constitute the Earnings Test Adjustment. If the earnings attained by the Company for the Annual Review Period are less than the earnings allowed for the Annual Review Period by applying the overall rate of return authorized in the Relevant Rate Order, then no Earnings Test Adjustment shall be recognized.

   Per the tariff language, the Earnings Test Adjustment is the amount of the calculated difference above the authorized rate of return and includes no provision for a gross-up. If the difference is less than the authorized rate of return, there is no Earnings Test Adjustment.
