)

DOCKET NO. 19-00043

WITHDRAWAL OF PETITION TO INTERVENE

Following discussions between the parties, Tennessee Wastewater Systems, Inc. ("TWSI") has informed King's Chapel Capacity ("KCC") --- and by this filing informs the Hearing Officer -- that if the Commission finds that KCC has the financial, managerial and technical capabilities to provide wastewater service on the adjacent Hill and Roberts properties, TWSI will transfer those properties from TWSI's Milcrofton service territory to the service territory of KCC. As there no further issues between the parties, TWSI respectfully withdraws its petition to intervene¹.

Respectfully submitted,

Jeff Risdan (BPR No. 32769)
General Counsel
Tennessee Wastewater Systems, Inc.
851 Aviation Parkway
Smyrna, TN 37167
(615) 220-7171
jeff.risdan@adenus.com

¹ At this time, TWSI does not have treatment facilities in place to serve all parts of TWSI's Milcrofton service territory including the Hill and Roberts properties. TWSI is, however, currently constructing a regional treatment plant on Cox Road, expanding its Stagg's Leap treatment facility, and has completed the Eudaily regional treatment facility. These three facilities will allow TWSI to provide service throughout the Milcrofton area.

CERTIFICATE OF SERVICE

I hereby certify that a true and correct copy of the foregoing was served via U.S. Mail or electronic mail upon:

Charles B. Welch, Jr.
Farris Bobango, PLC
