MOTION FOR A CONTINUANCE

Tennessee Wastewater Systems, Inc. ("TWSI") respectfully moves for a continuance in this matter. The case is scheduled for a hearing at the Commission's conference set for Monday, May 20, 2019 at 1pm and TWSI requests it be continued to the Commission's scheduled conference on July 15, 2019. This continuance is requested due to the unavailability of TWSI's sole witness, Matthew Nicks, on the current hearing date. There are no other parties involved with this docket so the continuance will not cause anyone any undue delay or hardship.

WHEREFORE, TWSI requests that this motion be granted, and the matter continued to a later date.

Respectfully submitted,
