Hello Terri,

The Tennessee Public Utility Commission received your filing on behalf of Point Broadband Fiber Holding, LLC ("Point"), however, it should be in the form of an Amendment to the original certificate, rather than a notice. Additionally, a fee must be submitted with the application for amendment. Please review TN Code Annotated 7-59-305(b)(2) for the amount to send.

You may want to look at 7-59-311 concerning the low-income requirements, as well as the other time restrictions. (In light of these constraints, it is sometimes appropriate, when serving counties to say, "portions of XYZ County".)

Look at Docket No. 11-00208 (filing dated 8/28/19) for a good example to use for your application. It is like your original certificate filing, using an affidavit, etc.

Please contact me for further assistance, if needed.

Thanks,  
John
