Patsy Fulton with TN Public Utility Commission wants to speak with Scott Potter with regards to the following:

Normally in process of processing a Certificate of Public Convenience and Necessity for Sunterra the company taking over the Dupont Water System in Old Hickory.

It requires that someone from the Municipal Water Department or a designee send a letter stating they have no part in the aforementioned. Because Sunterra have written a letter to Mr. Potter and he signed in agreement, she needs to confirm its authenticity and confirm these are his wishes.

Patsy was told her request would be sent up for review and she was pleased that someone will contact her by either phone or email.

Thanks,

Violet Trimble
