RE: Docket No. 19-00091, *Application of Altaworx, LLC for Certificate to Resell Telecommunications Services in Tennessee*

Ms. Garfinkel,

The Tennessee Public Utility Commission is in receipt of the above application for authority to provide resold telecommunications services in Tennessee. To assist the Commission in processing the application, please provide the following information:

- 1) Clarify whether this is an application for resale authority or facilities-based authority. It appears both the resale application form was completed, as well as the standard petition for facilities-based authority.
- 2) If the application is for resale authority, the filing fee is \$50.00. An additional \$25 filing fee is due.
- 3) If the application is for facilities-based authority, provide a notice of filing and certificate of service notifying all seventeen (17) incumbent carriers in Tennessee of the filing.
- 4) The bond included with the application does not appear to be the original. Also, the person who signed for the principal on page 1 did not print their name and title below their signature. Please submit the original bond with the name and title of the principal printed under their signature on page 1.
- 5) Provide a certificate of good standing from the state of Alabama.
- 6) Provide a certificate of existence from the state of Tennessee. The application contained a filing acknowledgment only.

It is requested that this information be provided no later than 2:00 pm on October 31, 2019 and that you reference Docket Number 19-00091 on the response. In accordance with TRA rules submit either (1) thirteen written copies of your response or (2) four written copies and an electronic version. Should you have questions regarding this request, please contact Lisa Foust at 615-770-6886.

Sincerely,

A handwritten signature in blue ink that reads "David Foster".

David Foster
Director, Utilities Division
