Ms. Garfinkel,

I've made note of your request for an extension of time to respond to our data request. The March 20, 2020 date is acceptable. I will ask the Docket Manager to put a copy of this email in Docket No. 19-00091. Thanks and let me know if I can assist you further.

Hi Lisa,

I hope all is well. I did want to reach out to you following our conversation of earlier this morning. Thanks so much for your time; it was greatly appreciated.

As I mentioned on the phone earlier I did want to formally request that we extend the docket on this until March 20<sup>th</sup>, 2020. I hope to have the information I need much sooner than that but as I explained to you I do not want to have issue and/or set a date with expectation and then have to move it. In any case I feel confident that this should be addressed "sooner rather than later" but I do want to have wiggle room just in case.

Please know that your kind consideration; and that of the Commission has been so greatly appreciated in this matter.

Again thank you so much for your time earlier today and I will keep you posted as I continue to work through this process of wrapping up this remaining portion related to the data request.

If any questions please let me know.

Kindest Regards,

Laura
