GENERAL TERMS AND CONDITIONS

PREFACE

This Agreement (“Agreement”) is by and between North Central Telephone Coop., Inc. (“NCTC”), a Tennessee corporation with offices at 872 Highway 52 By-Pass East, Lafayette, TN 37083 and Teleport Communications America, LLC, a Delaware company with offices at 1 AT&T Way, Bedminster, NJ 07921, (“TCA”). (TCA and NCTC may be referred to hereinafter, each individually, as a “Party,” and, collectively, as the “Parties”).

WHEREAS, NCTC is authorized to provide local exchange services in Tennessee; and,

WHEREAS, TCA is a certificated provider of competitive local exchange services in Tennessee; and

WHEREAS, the parties are entering into this Agreement to set forth the respective obligations of the parties and the terms and conditions under which they will interconnect their networks and provide other services as set forth herein.

NOW, THEREFORE, in consideration of the mutual promises contained in this Agreement, and intending to be legally bound, NCTC and TCA hereby agree as follows:

1. The Agreement

- 1.1 This Agreement includes the Principal Document (“General Terms and Conditions”), including the Glossary, Additional Services Attachment, Interconnection Attachment, and Pricing Attachment. This Agreement specifies the rights and obligations of each Party with respect to the establishment of Local Interconnection within the incumbent service area of NCTC in the state of the Tennessee. Certain terms used in this Agreement shall have the meanings defined in the Glossary of Terms, or as otherwise elsewhere defined throughout this Agreement. Other terms used but not defined herein will have the meanings ascribed to them in the Act, in the FCC’s, and in the Commission’s Rules and Regulations.
- 1.2 Each Party hereby incorporates by reference, to the extent applicable, those provisions of its Tariffs that govern the provision of any of the Services or facilities provided hereunder. The fact that a condition, right, obligation, or other term appears in this Agreement but not in any such Tariff shall not be interpreted as, or be deemed grounds for finding, a conflict for purposes of this Section. If any provision of this Agreement and an applicable Tariff cannot be reasonably construed or interpreted to avoid conflict, the provision contained in this Agreement shall prevail. If any provision contained in these General Terms and Conditions of the Agreement and any attachment or appendix hereto cannot be reasonably construed or interpreted to avoid conflict, the provision contained in the attachment or appendix shall prevail.

- 1.3 Except as otherwise expressly provided in this Agreement, a Party may purchase services from the other Party pursuant to that other Party's Tariff(s). In such instances, the rates, terms, and conditions of the other Party's applicable Tariff(s) shall apply.

2. Regulatory Approvals

This Agreement, and any amendment(s) or modifications(s) hereof, will be submitted to the Commission for approval within ten (10) days after obtaining the last required Agreement signature. In the event any government authority or agency rejects any provision hereof, the Parties shall negotiate promptly and in good faith such revisions as may reasonable be required to achieve such approval consistent with the requirements for each Party under Applicable Law.

3. Term and Termination

- 3.1 This Agreement will become effective upon the first Business Day following the date this Agreement has been approved by the Commission (the "Effective Date") and will continue for a period of two (2) years unless terminated earlier under the conditions set forth herein. This Agreement will be automatically renewed for successive periods of one (1) year after the initial term unless either Party provides the other Party with no less than ninety (90) day's prior, written notification by either Party of its intent to terminate this Agreement, or, in the case of either Party, its desire to renegotiate at the end of the initial or any successive period. If TCA does not respond to NCTC's written notification of the intent to terminate the Agreement prior to the expiration of the Agreement term, the Agreement will terminate and not renew at the end of the Agreement term.
- 3.2 Either Party may send a request to renegotiate this Agreement upon its termination and the Parties intend that the negotiation and arbitration processes of the Act will be applicable to such a request. The date of the notice to negotiate a successor agreement will be the starting point for the negotiation window under Section 252 of the Act. Should negotiations and/or an arbitration of issues surrounding a successor agreement still be ongoing, the parties agree that they will continue to operate under the terms of this agreement until the conclusion of the arbitration proceeding. The Parties intend that a renegotiated or arbitrated Agreement will be effective as of the date of termination of this Agreement and any new negotiated or arbitrated rates will be subject to true-up as of the termination date of this Agreement.
- 3.3 Upon termination or expiration of this Agreement each Party shall promptly pay all amounts (including any late payment charges) owed under this Agreement.

- 3.4 Termination of this Agreement does not release either Party from prior or future liability upon termination including withheld charges including late fees and collections charges that are due or may become due.
- 3.5 Notwithstanding anything to the contrary contained herein, NCTC may terminate this Agreement in the event TCA has not (a) placed any initial orders for any of the Services to be provided pursuant to this Agreement within one (1) year and (b) implemented any said Services to TCA End Users, within one (1) year from the Effective Date of this Agreement.

4. Glossary and Attachments

The Glossary and the following Attachments are a part of this Agreement:

Additional Services Attachment

Interconnection Attachment

Pricing Attachment

5. Applicable Law

- 5.1 The construction, interpretation and performance of this Agreement shall be governed by (a) the laws of the United States of America, including but not limited to the Act, the rules, regulations and orders of the FCC and Commission and any orders or decisions of a court of competent jurisdiction, and (b) the laws of the State of Tennessee, without regard to its conflicts of laws rules. All disputes relating to this Agreement shall be resolved through the application of such laws pursuant to the process(es) described in the Dispute Resolution Section of this Agreement.
- 5.2 Each Party shall remain in compliance with Applicable Law in the course of performing this Agreement.
- 5.3 Each Party shall promptly notify the other Party in writing of any governmental action that limits, suspends, cancels, withdraws, or otherwise materially affects, the notifying Party's ability to perform its obligations under this Agreement.
- 5.4 If any provision of this Agreement shall be invalid or unenforceable under Applicable Law, such invalidity or unenforceability shall not invalidate or render unenforceable any other provision of this Agreement, and this Agreement shall be construed as if it did not contain such invalid or unenforceable provision; provided, that if the invalid or unenforceable provision is a material provision of this Agreement, or the invalidity or unenforceability materially affects the rights or obligations of a Party hereunder or the ability of a Party to perform any material provision of this Agreement, the Parties shall promptly renegotiate in good faith and amend in writing this Agreement in order to make such mutually

acceptable revisions to this Agreement as may be required in order to conform the Agreement to Applicable Law and to achieve the same economic benefits as contemplated under this Agreement.

- 5.5 If any final and unstayed legislative, regulatory, judicial or other governmental decision, order, determination or action, or any change in Applicable Law, materially affects any material provision of this Agreement, the rights or obligations of a Party hereunder, or the ability of a Party to perform any material provision of this Agreement, the Parties shall promptly renegotiate in good faith and amend in writing this Agreement in order to make such mutually acceptable revisions to this Agreement as may be required in order to conform the Agreement to Applicable Law. If the Parties can't reach a voluntary agreement any dispute shall be resolved pursuant to Section 15, Dispute Resolution.
- 5.6 Notwithstanding anything in this Agreement to the contrary, if, as a result of any legislative, judicial, regulatory or other governmental decision, order, determination or action, or any change in Applicable Law, a Party is not required by Applicable Law to provide any Service, payment or benefit, otherwise required to be provided hereunder, then the providing Party may discontinue the provision of any such Service, payment or benefit. The providing Party will provide sixty (60) days prior written notice to the other Party of any such discontinuance of a Service, payment or benefit, unless a different notice period or different conditions are specified in this Agreement (including, but not limited to, in an applicable Tariff) or Applicable Law for termination of such Service in which event such specified period and/or conditions shall apply. If the other Party disputes the providing Party's interpretation of what may be required under Applicable Law under the relevant facts, the Parties will resolve the disagreement pursuant to the processes set forth in Section 15 ("Dispute Resolution"), or either Party may, without delay and without participating in the dispute resolution process pursuant to Section 15, immediately pursue any available legal or regulatory remedy to resolve any question regarding what the providing Party is required to provide under Applicable Law.

6. Assignment

Neither Party may assign this Agreement or any right or interest under this Agreement, nor delegate any obligation under this Agreement, without the prior written consent of the other Party, which consent shall not be unreasonably withheld, conditioned or delayed. Any attempted assignment or delegation in violation of this Section shall be void and ineffective and constitute default of this Agreement.

7. Assurance of Payment

Upon request by either Party, the requesting Party shall provide to the other Party adequate assurance of payment of amounts due (or to become due) to the requesting Party hereunder. Assurance of payment of charges may be required by either Party if a Party (a) fails to timely pay undisputed amounts of a bill rendered to one Party by the other within ninety (90) days of the Due Date, as defined herein, or (b) admits its inability to pay its debts as such debts become due, has commenced a voluntary case (or has had a case commenced against it which is not withdrawn within thirty (30) days) under the U.S. Bankruptcy Code or any other law relating to bankruptcy, insolvency, reorganization, winding-up, composition or adjustment of debts or the like, has made an assignment for the benefit of creditors or is subject to a receivership or similar proceeding.

8. Audits

- 8.1 Except as may be otherwise specifically provided in this Agreement, either Party (“Auditing Party”) may audit the other Party’s (“Audited Party”) books, records, documents, facilities and systems for the purpose of evaluating the accuracy of billing between the Parties. Such audits may be performed once in each calendar year; provided, however, that audits may be conducted more frequently (but no more frequently than once in each calendar quarter) if the immediately preceding audit found previously uncorrected net inaccuracies in billing in favor of the Audited Party having an aggregate value of at least \$5,000.
- 8.2 The audit shall be performed by an independent third party selected and paid by the Auditing Party. The third party auditor shall be reasonably acceptable to the Audited Party. Prior to commencing the audit, the auditors shall execute a non-disclosure agreement with the Audited Party in a form reasonably acceptable to the Audited Party that protects the confidentiality of the information disclosed by the Audited Party to the auditors. The audit shall take place at a time and place agreed upon by the Parties; provided, that the Auditing Party may require that the audit commence no later than sixty (60) days after the Auditing Party has given notice of the audit to the Audited Party.
- 8.3 Each Party shall cooperate fully in any such audit, providing reasonable access to any and all documents and records, reasonably necessary to assess the accuracy of the Audited Party’s bills.
- 8.4 Audits shall be performed at the Auditing Party’s expense, provided that there shall be no charge for reasonable access to the Audited Party’s records necessary to assess the accuracy of the Audited Party’s bills in the format in which such records are stored by the Audited Party. In the event the auditors discover previously uncorrected net inaccuracies in billing in favor of the Auditing Party and those previously uncorrected net

inaccuracies have an aggregate value of at least \$5,000 for any consecutive 12 month period, the Audited Party shall reimburse the Auditing Party for the cost of the audit and any out-of-pocket expenses associated with the audit.

- 8.5 In the absence of documentation reasonably required to complete an Audit under this Section, the Audited Party shall provide reasonable assistance to the Auditing Party to address those items undocumented but identified by the Auditing Party as being necessary for Audit completion.

9. Authorization

- 9.1 NCTC represents and warrants that it is a corporation duly organized, validly existing and in good standing under the laws of the State of Tennessee and has full power and authority to execute and deliver this Agreement and to perform its obligations under this Agreement.
- 9.2 TCA represents and warrants that it is a Limited Liability Corporation organized in the State of Delaware and validly existing and in good standing under the laws of the State of Tennessee and has full power and authority to execute and deliver this Agreement and to perform its obligations under this Agreement.
- 9.3 TCA Certification. Notwithstanding any other provision of this Agreement, NCTC shall have no obligation to perform under this Agreement until such time as TCA has obtained such FCC and Commission authorization as may be required by Applicable Law for conducting business in Tennessee. TCA shall not place any orders under this Agreement until it has obtained such authorization. NCTC reserves the right to validate authorization prior to providing service to TCA.

10. Billing and Payment; Disputed Amounts

- 10.1 Except as otherwise provided in this Agreement, each Party shall submit to the other Party on a monthly basis in an itemized form and on approximately the same day of the month, statement(s) of charges incurred by the other Party under this Agreement. The Parties shall also exchange billing information to process claims and adjustments as between themselves and on behalf of their Customers.
- 10.2 Except as otherwise provided in this Agreement, payment of amounts billed for Services provided under this Agreement, whether billed on a monthly basis or as otherwise provided in this Agreement, shall be due, in immediately available U.S. funds, on the due date specified on the billing Party's statement such date to be no sooner than 20 days from the bill process date ("Due Date"). Payments shall be transmitted by electronic funds transfer or check.

- 10.3 All charges under this Agreement shall be billed within two (2) years from the time the charge was incurred; previously unbilled charges more than two (2) years from the time the charge was incurred shall not be billed by either Party, and shall not be payable by either Party. Nothing in this subsection shall affect the right of a Party to contest inaccurate invoices to the extent provided under law.
- 10.4 If any portion of an amount billed by a Party under this Agreement is subject to good faith dispute between the Parties, the billed Party shall give notice to the billing Party of the amounts it disputes (“Disputed Amounts”) and include in such notice the specific details and reasons for disputing each item. A Party may also dispute prospectively with a single notice a class of charges that it disputes. Notice of a dispute may be given by a Party at any time, either before or after an amount is paid, and a Party’s payment of an amount shall not constitute a waiver of such Party’s right to subsequently dispute its obligation to pay such amount or to seek a refund of any amount paid. The billed Party shall pay all amounts subject to the terms in Section 10.2. Billing disputes shall be subject to the terms of Section 15, Dispute Resolution.
- 10.5 Charges due to the billing Party that are not paid pursuant to the terms in Section 10.2 shall be subject to a late payment charge. The late payment charge shall be in an amount specified by the billing Party that shall not exceed a rate of one-and-one-half percent (1.5%) of the overdue amount (including any unpaid previously billed late payment charges) per month.
- 10.6 Disputed charges withheld from payment that are found to be valid will be subject to a late payment fee in an amount specified by the billing Party that shall not exceed a rate of one-and-one-half percent (1.5%) of the overdue amount (including any unpaid previously billed late payment charges) per month plus any collection costs, including legal fees and interest on such legal fees, incurred by the billing party.
- 10.7 Although it is the intent of both Parties to submit timely statements of charges, failure by either Party to present statements to the other Party in a timely manner shall not constitute a breach or default, or a waiver of the right to payment of the incurred charges, by the billing Party under this Agreement, and, except for assertion of a provision of Applicable Law that limits the period in which a suit or other proceeding can be brought before a court or other governmental entity of appropriate jurisdiction to collect amounts due, the billed Party shall not be entitled to dispute the billing Party’s statement(s) based on the billing Party’s failure to submit them in a timely fashion.
- 10.8 All actions at law by carriers for recovery of their lawful charges, or any part thereof, shall be begun within two (2) years from the time the cause of action accrues, and not after.

- 10.9 All usage data and invoices to be provided pursuant to this Agreement shall be sent to the following addresses:

11. Confidentiality

- 11.1 Both Parties agree that it may be necessary to provide each other during the term of this Agreement with certain confidential information, including, but not limited to, trade secrets, technical and business plans, technical information, proposals, specifications, drawings, procedures, customer account data, call detail records and like information (hereinafter collectively referred to as "Proprietary Information"). Proprietary Information shall remain the property of the disclosing Party. Both Parties agree that all Proprietary Information shall be in writing or other tangible form and clearly marked with a confidential, private or proprietary legend and that the Proprietary Information will be returned to the owner within a reasonable time upon request of the disclosing Party. Both Parties agree that the Proprietary Information shall be utilized by the non-disclosing Party only to the extent necessary to fulfill the terms of this Agreement or upon such terms and conditions as may be agreed upon between the Parties in writing, and for no other purpose. Both Parties agree to receive such Proprietary Information and not to disclose such Proprietary Information. Both Parties agree to protect the Proprietary Information received from distribution, disclosure or dissemination to anyone except employees and duly authorized agents of the Parties with a need to know such Proprietary Information and which employees and agents agree to be bound by the terms of this Section. Both Parties will use the same standard of care, which in no event shall be less than a reasonable standard of care, to protect Proprietary Information received as they would use to protect their own confidential and proprietary information.

- 11.2 Notwithstanding the foregoing, both Parties agree that there will be no obligation to protect any portion of the Proprietary Information that is either: 1) made publicly available by the owner of the Proprietary Information or lawfully disclosed by a non-party to this Agreement; 2) lawfully obtained from any source other than the owner of the Proprietary Information; 3) publicly known through no wrongful act of the receiving Party; 4) previously known to the receiving Party without an obligation to keep it confidential; 5) required to be disclosed by any governmental authority or applicable law (provided that (A) the receiving Party immediately after notice of such action notifies disclosing Party of such action to give disclosing Party the opportunity to seek any other legal remedies to maintain the confidentiality of such Proprietary Information, if permitted by law, and (B) receiving Party discloses such Proprietary Information with the highest level of confidentiality designation available under any protective or like order associated with the administrative or judicial action); or 6) approved for release by written authorization of the disclosing Party.
- 11.3 Upon termination of this Agreement, the Parties shall destroy all Proprietary Information of the other party that remains in its possession within thirty (30) calendar days.
- 11.4 Each Party's obligations under this Section shall survive the expiration or termination of this Agreement for a period of three (3) years.

12. Counterparts

This Agreement may be executed in two or more counterparts, each of which shall be deemed an original and all of which together shall constitute one and the same instrument.

13. Default

Subject to Section 10.3, if either Party ("Defaulting Party") fails to make a payment required by this Agreement (including, but not limited to, any payment required by Section 10.3 of undisputed amounts to the billing Party) or materially breaches any other material provision of this Agreement, and such failure or breach continues for thirty (30) days after written notice thereof from the other Party, the other Party may, by five (5) Business Days advance written notice to the Defaulting Party, (a) suspend the provision of any or all Services hereunder, or (b) cancel this Agreement and terminate the provision of all Services hereunder.

14. Discontinuance of Service by TCA

If TCA proposes to discontinue, or actually discontinues, its provision of service to all or substantially all of its Customers, whether voluntarily, as a result of bankruptcy, or for any other reason, TCA shall send written notice of such discontinuance to NCTC. TCA shall send such notice at least thirty (30) days prior to its discontinuance of Service or as required by law, whichever is greater. To the extent any Customers are to be transitioned to NCTC as a result of TCA's discontinuance of Service, the Parties will work cooperatively in an effort to minimize customer disruption.

15. Dispute Resolution

- 15.1 Except as otherwise provided in this Agreement, any dispute between the Parties regarding the interpretation or enforcement of this Agreement or any of its terms shall be addressed by good faith negotiation between the Parties. To initiate such negotiation, a Party must provide to the other Party written notice of the dispute that includes both a detailed description of the dispute or alleged nonperformance and the name of an individual who will serve as the initiating Party's representative in the negotiation. The other Party shall have ten (10) Business Days to designate its own representative in the negotiation. The Parties' representatives shall confer at least once within 45 days after the date of the initiating Party's written notice in an attempt to reach a good faith resolution of the dispute. Nothing herein shall prevent either Party from seeking relief through a temporary restraining order or an injunction related to the purposes of this Agreement, or suit to compel compliance with a dispute resolution process.
- 15.2 Any time after the initial forty-five (45)-day period Parties are unable to reach resolution of the dispute, either Party may request that both Parties escalate the resolution to their designated next level contact and such contact must be an employee of the Party. Upon such request, each Party will notify the other within 10 days of their designated contact for such discussions. Parties will continue good faith negotiation at the next level of escalation for no less than 15 days before seeking alternative resolution.
- 15.3 After such time either Party, upon written notice, may pursue any remedies available to it under this Agreement, at law, in equity, or otherwise, including, but not limited to, instituting an appropriate proceeding before the Commission, the FCC, or a court of competent jurisdiction.
- 15.4 Nothing in this Section shall prohibit Parties from seeking third Party resolution or assistance in resolution of disputes upon mutual agreement.

16. Force Majeure

- 16.1 Neither Party shall be responsible for any delay or failure in performance that results from causes beyond its reasonable control (“Force Majeure Events”), whether or not foreseeable by such Party. Such Force Majeure Events include, but are not limited to, adverse weather conditions, fiber cuts, civil or military authority, flood, fire, explosion, earthquake, volcanic action, power or equipment failures, embargo, boycott, war, revolution, civil commotion, act of public enemies, labor unrest (including, but not limited to, strikes, work stoppages, slowdowns, lockouts, picketing boycotts, or other work interruptions by employees or agents not in the reasonable control of the non-performing Party), government codes, ordinances, laws, rules regulations or restrictions, inability to obtain equipment, parts, software or repairs thereof, acts or omissions of the other Party, and acts of God.
- 16.2 If a Force Majeure Event occurs, the non-performing Party shall give prompt notification of its inability to perform to the other Party. During the period that the non-performing Party is unable to perform, the other Party shall also be excused from performance of its obligations to the extent such obligations are reciprocal to, or depend upon, the performance of the non-performing Party that has been prevented by the Force Majeure Event. The non-performing Party shall use commercially reasonable efforts to avoid or remove the cause(s) of its non-performance and both Parties shall proceed to perform once the cause(s) are removed or cease.
- 16.3 Notwithstanding the provisions of Sections 16.1 and 16.2, in no case shall a Force Majeure Event excuse either Party from an obligation to pay money as required by this Agreement.
- 16.4 Nothing in this Agreement shall require the non-performing Party to settle any labor dispute except as the non-performing Party, in its sole discretion, determines appropriate.
- 16.5 Neither Party shall be liable for any delay or failure in performance caused or required by Applicable Law, or acts or failures to act of any governmental entity or official (to the extent such acts or failures to act were not caused or solicited by either Party).

17. Forecasts

In addition to any other forecasts required by this Agreement, upon request by NCTC, TCA shall provide to NCTC forecasts regarding the Services that TCA expects to order from NCTC, including, but not limited to, forecasts regarding the types and volumes of Services that TCA expects to purchase and the locations where such Services will be purchased. Such forecasts shall be considered proprietary and confidential under the terms of this Agreement, and distribution of

the forecasts or information based on such forecasts shall be treated as such, with access limited to those persons who need to know such information in order to adequately provision the types and volumes of Services that TCA expects to order at the locations where such Services will be purchased. NCTC shall exercise commercially reasonable best efforts to adequately provision the types and volumes of Services forecast by the TCA.

18. Fraud

Each Party assumes responsibility for all fraud associated with its Customers and accounts. A Party shall bear no responsibility for, nor is it required to investigate or make adjustments to the other Party's account(s) in cases of, fraud by the other Party's Customers or other third parties. Provided, however, both Parties shall cooperate to discover and prevent fraud by each Party's Customers or other third parties.

19. Good Faith Performance

The Parties shall act in good faith in their performance of this Agreement. Except as otherwise expressly stated in this Agreement (including, but not limited to, where consent, approval, agreement or a similar action is stated to be within a Party's sole discretion), where consent, approval, mutual agreement or a similar action is required by any provision of this Agreement, such action shall not be unreasonably withheld, conditioned or delayed.

20. Headings

The headings used in the Principal Document are inserted for convenience of reference only and are not intended to be a part of or to affect the meaning of the Principal Document.

21. Indemnification

21.1 For the Services provided under this Agreement, each Party ("Indemnifying Party") shall indemnify, defend and hold harmless the other Party ("Indemnified Party"), the Indemnified Party's Affiliates, and the directors, officers and employees of the Indemnified Party and the Indemnified Party's Affiliates, from and against any and all claims that arise out of bodily injury to or death of any person, or damage to, or destruction or loss of, tangible real and/or personal property ("Third Party Claim") of any person, to the extent such injury, death, damage, destruction or loss, was proximately caused by the grossly negligent or intentionally wrongful acts or omissions of the Indemnifying Party, the Indemnifying Party's Affiliates, or the directors, officers, employees, agents or contractors of the Indemnifying Party or the Indemnifying Party's Affiliates, in connection with this Agreement.

21.2 Indemnification Process:

21.2.1 As used in this Section 21, “Indemnified Person” means a person whom an Indemnifying Party is obligated to indemnify, defend and/or hold harmless under Section 21.1.

21.2.2 An Indemnifying Party’s obligations under Section 21.1 shall be conditioned upon the following:

21.2.3 The Indemnified Person: (a) shall give the Indemnifying Party written notice of the Claim promptly after becoming aware thereof (including a statement of facts known to the Indemnified Person related to the Claim and an estimate of the amount thereof); (b) prior to taking any material action with respect to a Third Party Claim, shall consult with the Indemnifying Party as to the procedure to be followed in defending, settling, or compromising the Claim; (c) shall not consent to any settlement or compromise of a Third Party Claim without the written consent of the Indemnifying Party, which cannot be reasonably withheld, conditioned, or delayed; (d) shall permit the Indemnifying Party to assume the defense of a Third Party Claim (including, except as provided below, the compromise or settlement thereof) at the Indemnifying Party’s own cost and expense, provided, however, that the Indemnified Person shall have the right to approve the Indemnifying Party’s choice of legal counsel; (e) Either Party may participate with counsel at Party’s expense.

21.2.4 If the Indemnified Person fails to comply with Section 21.2.3 with respect to a Claim, to the extent such failure shall have a material adverse effect upon the Indemnifying Party, the Indemnifying Party shall be relieved of its obligation to indemnify, defend and hold harmless the Indemnified Person with respect to such Claim under this Agreement.

21.2.5 Subject to 21.2.6 and 21.2.7, below, the Indemnifying Party shall have the authority to defend and settle any Third Party Claim.

21.2.6 With respect to any Third Party Claim, the Indemnified Person shall be entitled to participate with the Indemnifying Party in the defense of the Claim if the Claim requests equitable relief or other relief that could affect the rights of the Indemnified Person. In so participating, the Indemnified Person shall be entitled to employ separate counsel for the defense at the Indemnified Person’s expense. The Indemnified Person shall also be entitled to participate, at its own expense, in the defense of any Claim, as to any portion of the Claim as to which it is not entitled to be indemnified, defended and held harmless by the Indemnifying

Party.

21.2.7 In no event shall the Indemnifying Party settle a Third Party Claim or consent to any judgment with regard to a Third Party Claim without the prior written consent of the Indemnified Party, which shall not be unreasonably withheld, conditioned or delayed. In the event the settlement or judgment requires a contribution from or affects the rights of an Indemnified Person, the Indemnified Person shall have the right to refuse such settlement or judgment with respect to itself and, at its own cost and expense, take over the defense against the Third Party Claim, provided that in such event the Indemnifying Party shall not be responsible for, nor shall it be obligated to indemnify or hold harmless the Indemnified Person against, the Third Party Claim for any amount in excess of such refused settlement or judgment.

21.2.8 The Indemnified Person shall, in all cases, assert any and all provisions in applicable Tariffs and Customer contracts that limit liability to third persons as a bar to, or limitation on, any recovery by a third-person claimant.

21.2.9 The Indemnifying Party and the Indemnified Person shall offer each other all reasonable cooperation and assistance in the defense of any Third Party Claim.

21.3 Except as otherwise provided above, each Party agrees that it will not implead or bring any action against the other Party, the other Party's Affiliates, or any of the directors, officers or employees of the other Party or the other Party's Affiliates, based on any claim by any person for personal injury or death that occurs in the course or scope of employment of such person by the other Party or the other Party's Affiliate and that arises out of performance of this Agreement

21.4 Each Party's obligations under this Section 21 shall survive expiration, cancellation or termination of this Agreement.

22. Insurance

Each Party warrants to the other Party that it has and will maintain insurance in compliance with applicable state and federal law. In the event that TCA requests additional services not provided for in this Agreement, Parties agree that any amendment negotiated for such service may require additional insurance obligations.

23. Intellectual Property

23.1 This Agreement shall not be construed as granting a license with respect to any patent, copyright, trade name, trademark, service mark, trade secret or

any other intellectual property, now or hereafter owned, controlled or licensable by either Party. Except as expressly stated in this Agreement, neither Party may use any patent, copyrightable materials, trademark, trade name, trade secret or other intellectual property right, of the other Party except in accordance with the terms of a separate license agreement between the Parties granting such rights.

- 23.2 Except as stated in Section 23.4, neither Party shall have any obligation to defend, indemnify or hold harmless, or acquire any license or right for the benefit of, or owe any other obligation or have any liability to, the other Party or its Affiliates or Customers based on or arising from any Third Party Claim alleging or asserting that the provision or use of any Service, facility, arrangement, or software by either Party under this Agreement, or the performance of any Service or method, either alone or in combination with the other Party, constitutes direct, vicarious or contributory infringement or inducement to infringe, or misuse or misappropriation of any patent, copyright, trademark, trade secret, or any other proprietary or intellectual property right of any Party or third person. Each Party, however, shall offer to the other reasonable cooperation and assistance in the defense of any such claim.
- 23.3 NOTWITHSTANDING ANY OTHER PROVISION OF THIS AGREEMENT, THE PARTIES AGREE THAT NEITHER PARTY HAS MADE, AND THAT THERE DOES NOT EXIST, ANY WARRANTY, EXPRESS OR IMPLIED, THAT THE USE BY EACH PARTY OF THE OTHER'S SERVICES PROVIDED UNDER THIS AGREEMENT SHALL NOT GIVE RISE TO A CLAIM OF INFRINGEMENT, MISUSE, OR MISAPPROPRIATION OF ANY INTELLECTUAL PROPERTY RIGHT.
- 23.4 TCA agrees that the Services provided by NCTC hereunder shall be subject to the terms, conditions and restrictions contained in any applicable agreements (including, but not limited to software or other intellectual property license agreements) between NCTC and NCTC's vendors. NCTC agrees to advise TCA, directly or through a third party, of any such terms, conditions or restrictions that may limit any TCA use of a Service provided by NCTC that is otherwise permitted by this Agreement when NCTC has knowledge of any such limitations. At TCA's written request, to the extent required by Applicable Law, NCTC will use NCTC's best efforts, as commercially practicable, to obtain intellectual property rights from NCTC's vendor to allow TCA to use the Service in the same manner as NCTC that are coextensive with NCTC's intellectual property rights, on terms and conditions that are equal in quality to the terms and conditions under which NCTC has obtained NCTC's intellectual property rights. TCA shall reimburse NCTC for the cost of obtaining such rights.

24. Joint Work Product

This Agreement is the joint work product of the Parties, has been negotiated by the Parties, and shall be fairly interpreted in accordance with its terms. In the event of any ambiguities, no inferences shall be drawn against either Party.

25.2 A Party shall not have the obligation to inform the other Party or the Customers of the other Party of actions taken in cooperating with law enforcement or national security authorities, except to the extent required by Applicable Law.

25.3 Where a law enforcement or national security request relates to the establishment of lines (including, but not limited to, lines established to support interception of communications on other lines), or the installation of other Services, facilities or arrangements, a Party may act to prevent the other Party from obtaining access to information concerning such lines, Services, facilities and arrangements, through operations support system interfaces.

26. Liability

26.1 As used in this Section, "Service Failure" means a failure to comply with a direction to install, restore or terminate Services under this Agreement, a failure to provide Services under this Agreement, and failures, mistakes, omissions, interruptions, delays, errors, defects or the like, occurring in the course of the provision of any Services under this Agreement.

26.3 Except as otherwise stated in Section 26.5, a Party, a Party's Affiliates, and the directors, officers and employees of a Party and a Party's

Affiliates, shall not be liable to the other Party, the other Party's Customers, or to any other person, in connection with this Agreement (including, but not limited to, in connection with a Service Failure or any breach, delay or failure in performance, of this Agreement) for special, indirect, incidental, consequential, reliance, exemplary, punitive, or like damages, including, but not limited to, damages for lost revenues, profits or savings, or other commercial or economic loss, even if the person whose liability is excluded by this Section has been advised of the possibility of such damages.

- 26.4 The limitations and exclusions of liability stated in Sections 26.1 through 26.3 shall apply regardless of the form of a claim or action, whether statutory, in contract, warranty, strict liability, tort (including, but not limited to, negligence of a Party), or otherwise.
- 26.5 Nothing contained in Sections 26.1 through 26.4 shall exclude or limit liability:
 - 26.5.1 under Sections 21 (Indemnification) or 40 (Taxes);
 - 26.5.2 for any obligation to indemnify, defend and/or hold harmless that a Party may have under this Agreement;
 - 26.5.3 for a claim for infringement of any patent, copyright, trade name, trade mark, service mark, or other intellectual property interest;
 - 26.5.4 under any order or requirement of the FCC or Commission; or
 - 26.5.5 under the financial incentive or remedy provisions of any service quality plan required by the FCC or the Commission.
- 26.6 In the event that the liability of a Party, a Party's Affiliate, or a director, officer or employee of a Party or a Party's Affiliate, is limited and/or excluded under both this Section and a provision of an applicable Tariff, the liability of the Party or other person shall be limited to the smaller of the amounts for which such Party or other person would be liable under this Section or the Tariff provision.

In addition, the Parties will work cooperatively in a commercially reasonable manner to apply sound network management principles to alleviate or to prevent

traffic congestion and to minimize fraud associated with third number billed calls, calling card calls, and other services related to this Agreement.

27.2 Responsibility for Following Standards. Each Party recognizes a responsibility to follow the standards that may be agreed to between the Parties and to employ characteristics and methods of operation that will not interfere with or impair the service, network or facilities of the other Party or any third parties connected with or involved directly in the network or facilities of the other.

27.3 Interference or Impairment. If a Party (“Impaired Party”) reasonably determines that the services, network, facilities, or methods of operation, of the other Party (“Interfering Party”) is or is likely to interfere with or impair the Impaired Party’s provision of services or the operation of the Impaired Party’s network or facilities, the Impaired Party shall promptly notify the Interfering Party of the nature and location of the problem and that, unless promptly rectified, a temporary discontinuance of the use of any circuit, facility or equipment may be imposed by the Impaired Party, subject to the following:

27.3.1 The Interfering Party and the Impaired Party agree to work together to attempt to promptly resolve the Impairment of Service.

27.3.2 Except in emergency situations (e.g., situations involving a risk of bodily injury to persons or damage to tangible property, or an interruption in Customer service) or as otherwise provided in this Agreement, if the Interfering Party is unable to remedy the Impairment, then the Impaired Party may temporarily discontinue the use of or disconnect the affected circuit, facility or equipment with at least ten (10) days’ prior written notice to the Interfering Party of the need to correct the condition within said time period or other timeframe as the Parties may mutually agree; provided however, that the Impaired Party takes such action in a nondiscriminatory manner across all Impairing Parties.

27.3.3 Upon correction of the interference or impairment, the Impaired Party will promptly restore the interrupted or suspended Service. The Impaired Party shall not be obligated to provide an out-of-service credit allowance or other compensation to the Interfering Party in connection with the suspended Service.

27.4 Outage Repair Standard. In the event of an outage or trouble in any Service being provided by a Party hereunder, the Providing Party will follow its standard procedures for isolating and clearing the outage or trouble. NCTC will process TCA maintenance requests in a timely manner at no less than parity with respect to their own end-users.

EAS is separate and distinct from exchange service that permits End Users that obtain local exchange service in a specific Local Service Exchange Area to place calls to End Users that obtain local exchange service in the same Local Service Exchange Area. EAS is separate and distinct from toll services that permit End Users to place interexchange calls according to interexchange toll rates based on usage and/or distance-based charges. EAS calling is established to meet the public interest demand of End Users that reside and obtain local exchange service in specific communities to place calls to End Users that reside and obtain local exchange service in other specific communities without incurring specific telephone message toll charges. For purposes of this Agreement, EAS includes traffic between the specific Local Service Exchange Areas, and is consistent with the service area within which NCTC’s End User customers may make landline-to-landline calls without incurring a toll charge, as established by NCTC’s General Subscriber Service Tariff.

Subject Traffic does not include optional local calling scope traffic, i.e. optional rate packages that permit the End User to choose a local calling scope beyond their basic exchange serving area for an additional fee, referred to hereafter as "optional EAS". All other traffic will be defined as non-Subject Traffic and subject to the terminating Party's applicable access tariff rates regardless of the technology used to deliver the traffic. For the avoidance of doubt, Subject Traffic includes VoIP-originated or VoIP-terminated traffic exchanged by the Parties over local interconnection facilities.

- 2.47 Transit Service. A switching and transport function which allows one Party to send Transit Traffic to a third-party network through the other Party's Tandem and/or transport facilities.
- 2.48 Transit Traffic. Traffic between a Party's End User and a third-party Telecommunications Carrier's end user (*e.g.*, third-party CLECs, ILECs, CMRS Carriers) that is routed utilizing NCTC's Tandem or End Office Switch. ADDITIONAL SERVICES ATTACHMENT

1. Directory Listing and Directory Distribution

TCA will work directly with a third party vendor in order to make its Directory Listing available to any and all publishers. NCTC will not impede TCA in the listing of NCTC's End Users for inclusion in NCTC's directory.

2. 911

NCTC does not provide 911 services and any such services are wholly the responsibility of TCA. Should NCTC provide 911 services, NCTC will allow TCA to order such service from NCTC. Each Party will make their own ALI database updates.

3. Number Portability

The Parties shall provide Number Portability ("NP") in accordance with rules and regulations as from time to time prescribed by the FCC. The Parties will follow the LNP provisioning process recommended by the North American Numbering Council (NANC) and adopted by the FCC. The Parties shall provide LNP on a reciprocal basis.

INTERCONNECTION ATTACHMENT

1. General

Each Party (“Providing Party”) shall provide to the other Party, in accordance with this Agreement and Applicable Law, interconnection with the Providing Party’s network for the transmission and routing of Subject Traffic.

2. Methods of Interconnection; Points of Interconnection (POI) and Trunk Types

2.1 Point(s) of Interconnection (“POI”).

2.1.1 Parties shall provide interconnection of their networks at any technically feasible point on the NCTC network as specified in this Agreement or as otherwise agreed to in writing by the Parties. Parties agree that each Party is financially and operationally responsible for facilities on its side of the POI. Each Party is responsible for delivering its originating traffic to the POI for delivery to the terminating Party.

2.1.2 TCA agrees to establish at least one POI per LATA in which it seeks to exchange Subject Traffic with NCTC.

2.1.3 Parties agree that the POI will be located at any of the following locations.

2.1.3.1 An NCTC switch;

2.1.3.2 Any other location agreed to by the Parties.

2.1.4 TCA may lease facilities from NCTC, lease facilities from a third party or self-provision facilities to reach the POI(s).

2.2 Trunk Types.

2.2.1 In interconnecting their networks pursuant to this Attachment, the Parties’ will use, as appropriate, the following separate and distinct trunk groups:

2.2.1.1 Local Interconnection Trunks for the transmission and routing of Subject Traffic between their respective Telephone Exchange Service Customers, all in accordance with Section 6.1 of this Attachment;

2.2.1.2 Miscellaneous Trunk Groups for the exchange of default

routed traffic or other traffic as mutually agreed to by the Parties.

2.3 Interconnection Trunks

- 2.3.1 The Parties agree to provision Local Interconnection Trunks on a two way basis.
- 2.3.2 On an annual basis or when TCA determines that actual utilization necessitates the submission of revised forecasts, TCA shall submit a good faith forecast to NCTC of the number of Local Interconnection Trunks that TCA anticipates that NCTC will need to provide during the ensuing two (2) year period. TCA's trunk forecasts shall conform to the NCTC TCA trunk forecasting guidelines that may be in effect at that time and made available upon request by TCA.
- 2.3.3 The Parties shall meet (telephonically or in person) from time to time, as requested by either Party, to address interconnection issues including but not limited to, the need for new or initial trunk groups or to plan any necessary changes in the number of Local Interconnection Trunks.
- 2.3.4 Local Interconnection Trunks shall have SS7 Common Channel Signaling. The Parties agree to utilize B8ZS and Extended Super Frame (ESF) facilities, with a DS1, DS3 or higher interface as justified by the traffic volume exchanged between the Parties and where technically feasible and commercially available.
- 2.3.5 With respect to Local Interconnection Trunks, both Parties shall engineer to P.01 grade of service.
- 2.3.6 TCA shall provision the Local Interconnection Trunks that are required to meet the applicable design blocking objective for all traffic carried on each Local Interconnection Trunk group as reflected in TCA's forecast as provided to NCTC. TCA shall provision Local Interconnection Trunks by submitting ASRs to NCTC setting forth the number of Local Interconnection Trunks to be installed and the requested installation dates within NCTC's effective standard intervals or negotiated intervals, as appropriate. TCA shall complete ASRs in accordance with Ordering and Billing Forum Guidelines as in effect from time to time. NCTC may monitor Local Interconnection Groups using service results for the applicable design blocking objective. If NCTC observes blocking in excess of the applicable design objective on any final Local Interconnection Trunk group and TCA has not notified NCTC that it has corrected such blocking, NCTC may submit to

TCA a Trunk Group Service Request directing TCA to remedy the blocking. Upon receipt of a Trunk Group Service Request, TCA will complete an ASR to augment the Local Interconnection Group with excessive blocking and submit the ASR to NCTC within ten (10) Business Days, unless otherwise agreed by the Parties where an augment of the facility may be required.

2.3.7 TCA is solely responsible for the ordering of adequate Local Interconnection Trunks to carry traffic under this agreement, provided however that NCTC shall provision Local Interconnection Trunks ordered by TCA within NCTC's standard provisioning intervals for similarly situated carriers.

2.3.8 TCA will bear all recurring and non-recurring charges associated with Local Interconnection Trunk groups established pursuant to this Agreement. Neither Party shall have any obligation to bear any charges, expenses or other costs assessed in connection with transporting, transiting or switching traffic on the other Party's side of the POI.

3. Alternative Interconnection Arrangements

3.1 In addition to the foregoing methods of Interconnection, as described in Section 2 above, and subject to mutual agreement of the Parties, the Parties may agree to establish a Mid-Span Fiber Meet arrangement.

3.2 The establishment of any Mid-Span Fiber Meet arrangement is expressly conditioned upon the Parties' reaching prior written agreement on routing, appropriate sizing and forecasting, equipment, ordering, provisioning, maintenance, repair, testing, augment, and compensation, procedures and arrangements, reasonable distance limitations, and on any other arrangements necessary to implement the Mid-Span Fiber Meet arrangement on a commercially reasonable basis

3.3 Except as otherwise agreed by the Parties, Mid-Span Fiber Meet arrangements shall be used only for the termination of Subject Traffic and IntraLATA Toll Traffic.

4. Reserved

5. Transmission and Routing of Subject Traffic

5.1 Scope of Traffic.

Section 5 prescribes parameters for Local Interconnection Trunks used for Interconnection.

- 5.2 Trunk Group Connections and Ordering.
- 5.2.1 Both Parties shall use a DS-1 interface at the POI unless otherwise agreed to by the Parties.
- 5.2.2 TCA will identify its Carrier Identification Code, a three or four digit numeric code obtained from Telcordia, to NCTC when ordering a trunk group.
- 5.2.3 Unless mutually agreed to by both Parties, each Party will out pulse ten (10) digits to the other Party.
- 5.2.4 Each Party will use commercially reasonable efforts to monitor trunk groups under its control and to augment those groups using generally accepted trunk-engineering standards so as to not exceed blocking objectives.
- 5.2.5 Switching System Hierarchy and Trunking Requirements. For purposes of routing TCA traffic to NCTC, the subtending arrangements between NCTC Tandem Switches and NCTC End Office Switches shall be the same as the Tandem/End Office subtending arrangements NCTC maintains for the routing of its own or other carriers' traffic. For purposes of routing NCTC traffic to TCA, the subtending arrangements between TCA Tandem Switches and TCA End Office Switches shall be the same as the Tandem/End Office subtending arrangements that TCA maintains for the routing of its own or other carriers' traffic.
- 5.2.6 Grades of Service. The Parties shall initially engineer and shall monitor and augment all trunk groups consistent with the Joint Process as set forth in Section 9.1.

6. Trunk Groups and Compensation for Exchange of Traffic

- 6.1 Local Trunk Group for the Exchange of Subject Traffic
- 6.1.1 Parties agree that Local Trunk groups described herein will carry only Subject Traffic.
- 6.1.2 Parties expressly agree that traffic not provided in Section 6.1.1 including but not limited to third Party traffic (including CMRS) and toll traffic is not permitted to be carried on Local Trunk Group(s).
- 6.1.3 Subject Traffic exchanged under this Agreement is presumed to be in-balance. Traffic in excess of a 3 to 1 balance will be deemed Interexchange Access traffic and the terminating Party will bill at rates contained in its interstate and intrastate access tariffs

regardless of the technology used for the delivery of such traffic.

- 6.1.4 In the event either Party believes that traffic terminated to it via a Local Trunk Group(s) contains non-Subject Traffic (“Misrouted Traffic”), the terminating Party will notify the originating Party of the contaminated group(s) and provide results of its analysis in a written notice. The originating Party will have ten (10) days from receipt of such notice to reroute the Misrouted Traffic to a toll group to maintain treatment of traffic on the Local Trunk Group(s) as local.
- 6.1.5 Should the originating Party in Section 6.1.3 above fail to correct the traffic contamination within 10 days pursuant to Section 6.1.3 above, the terminating Party will treat that portion of Misrouted Traffic terminated over the Local Trunk Group(s) as Interexchange Access and will bill at rates contained in its interstate and intrastate access tariffs regardless of the technology used for the delivery of such traffic. Parties agree that the terminating Party may bill Misrouted Traffic by deriving a Misrouted Traffic Factor and applying that factor to all traffic delivered by the originating Party. The terminating party may also pursue remedies available to it under this Agreement, at law, in equity, or otherwise, including, but not limited to, instituting an appropriate proceeding before the Commission, the FCC, or a court of competent jurisdiction, without having to comply with the Dispute Resolution provisions of Section 15.
- 6.1.6 Upon written notice from the originating Party that such contamination has been corrected, the terminating Party will have ten (10) days to provide a written response to the correction notice. Should the terminating Party confirm the correction or not respond to the correction notice within ten (10) days, compensation starting from the date of correction will be based on the exchange of Subject Traffic; otherwise the terminating Party shall continue to treat the traffic pursuant to Section 6.1.4.
- 6.1.7 Nothing herein shall prevent either Party from seeking Dispute Resolution pursuant to Section 15 of the general terms and conditions of this Agreement.
- 6.1.8 Repeated contamination of Local Trunk groups as provided in this Section 6.1 will be considered a breach of this Agreement pursuant to Section 13 of the general terms and conditions of the Agreement.

6.2 Calling Party Number

- 6.2.1 For billing purposes, each Party shall pass accurate Calling Party Number (“CPN”) information on at least ninety-five percent (95%) of calls carried over the Trunks established pursuant to this Agreement.
 - 6.2.2 If the originating Party passes accurate CPN on ninety-five percent (95%) or more of its calls, the receiving Party shall use the traffic carrying CPN to bill the originating Party for traffic applicable to each relevant minute of traffic, as provided in the Pricing Attachment and applicable Tariffs, for which CPN is passed. For any remaining (up to 5%) calls without CPN information, the receiving Party shall bill the originating Party for such traffic at applicable compensation rates for each relevant minute of traffic, as provided in Pricing Attachment and applicable Tariffs, in direct proportion to the minutes of use of calls passed with CPN information.
 - 6.2.3 Where accurate CPN is not available on a trunk group for greater than five percent (5%) of the traffic the Party receiving the traffic will bill for each relevant minute of use that fails to carry CPN at the higher of its tariffed interstate or intrastate access rate.
- 6.3 Reciprocal Compensation. The Parties shall reciprocally compensate each other for the transport and termination of Subject Traffic delivered to the terminating Party in accordance at the rates stated in the Pricing Attachment. These rates are to be applied from the POI for termination onto either Party’s network.
- 6.4 Transport and termination of the following types of traffic shall not be subject to the Reciprocal Compensation arrangements set forth in Section 6.3 above, but instead shall be treated as described or referenced below:
- 6.4.1 Tandem Transit Traffic shall be treated as specified in Section 7 below of this Attachment.
 - 6.4.2 Non-Subject Traffic will be treated as access and compensated pursuant to Section 6.1.4.
 - 6.4.3 Intentionally left blank.
 - 6.4.4 No Reciprocal Compensation shall apply to special access, private line, or any other traffic that is not switched by the terminating Party.
- 6.5 Each Party reserves the right to audit all Traffic, up to a maximum of one audit per calendar year, to ensure that rates are being applied appropriately; provided, however, that either Party shall have the right to

conduct additional audit(s) if the preceding audit disclosed material errors or discrepancies. Each Party agrees to provide the necessary Traffic data in conjunction with any such audit in a timely manner. Nothing herein shall limit either Party from enforcing the terms of this Agreement as described in Section 6.1.

7. Tandem Transit Traffic

Notwithstanding any other terms of this Agreement, at the time of the Effective Date of this Agreement, NCTC does not offer Transit Service, as herein defined in the Glossary Attachment of this Agreement, to the other Party or any other connecting carriers. In the event that NCTC subsequently offers Transit Service to any third party connecting carrier, that Party will promptly notify the other of the availability of Transit Service. Upon such notice, the Parties agree to negotiate in good faith terms for the completion and compensation of Transit Traffic and amend this Agreement accordingly. If, within thirty (30) days of the notice of availability of Transit Service, the Parties have been unable to negotiate terms for completion and compensation of Transit Traffic, the Parties shall resolve it pursuant to the Dispute Resolution terms of the Agreement.

8. Number Resources and Rate Centers

- 8.1 Nothing in this Agreement shall be construed to limit or otherwise adversely affect in any manner either Party's right to employ or to request and be assigned any Central Office Codes ("NXX") pursuant to the Central Office Code Assignment Guidelines and any relevant FCC or Commission orders, as may be amended from time to time, or to establish, by Tariff or otherwise, Rate Centers corresponding to such NXX codes.
- 8.2 Except as otherwise provided herein, the Parties agree that Central Office codes/blocks allocated to either Party are to be utilized to provide service to an End User's premises physically located in the same rate center that the Central Office codes/blocks are assigned. Foreign Exchange ("FX") service traffic and VNXX Traffic is non-Subject Traffic under this Agreement
- 8.3 It shall be the responsibility of each Party to program and update its own switches and network systems pursuant to information provided on ASRs as well as the LERG.
- 8.4 For purposes of intercarrier compensation during the term of this Agreement, TCA shall adopt the Rate Center Area that the Commission has approved for NCTC within the LATA and Tandem serving area, in all areas where NCTC and TCA service areas overlap.
- 8.5 Notwithstanding anything to the contrary contained herein, nothing in this Agreement is intended, and nothing in this Agreement shall be construed,

to in any way constrain TCA's choices regarding the size of the local calling area(s) that TCA may establish for its End Users, which local calling areas may be larger than, smaller than, or identical to NCTC's local calling areas.

9. Joint Network Deployment and Maintenance Activities

9.1 Joint Network Implementation and Grooming Process.

Upon request of either Party, the Parties shall jointly develop an implementation and grooming process (the "Joint Grooming Process" or "Joint Process") that may define and detail, inter alia, the following:

9.1.1 standards to ensure that Local Interconnection Trunks experience a grade of service, availability and quality which is comparable to that achieved on interoffice trunks within NCTC's network and in accord with all appropriate relevant industry-accepted quality, reliability and availability standards. Except as otherwise stated in this Agreement, trunks provided by either Party for Interconnection services will be engineered using a design-blocking objective of B.01;

9.1.1.1 the respective duties and responsibilities of the Parties with respect to the administration and maintenance of the trunk groups, including, but not limited to, standards and procedures for notification and discoveries of trunk disconnects;

9.1.1.2 disaster recovery provision escalations; and

9.1.1.3 such other matters as the Parties may agree, including, e.g., End Office to End Office high usage trunks as good engineering practices may dictate.

9.2 Installation, Maintenance, Testing, and Repair

Unless otherwise agreed in writing by the Parties, to the extent required by Applicable Law, Interconnection provided by a Party shall be equal in quality to that provided by such Party to itself. If either Party is unable to fulfill its obligations under this Section 9.2, it shall notify the other Party of its inability to do so and will negotiate alternative intervals in good faith. The Parties agree that to the extent required by Applicable Law, the standards to be used by a Party for isolating and clearing any disconnections and/or other outages or troubles shall be at parity with standards used by such Party with respect to itself.

9.3 Forecasting Requirements for Trunk Provisioning

Within ninety (90) days of executing this Agreement, TCA shall provide NCTC a two (2) year traffic forecast. This initial forecast will provide the amount of traffic to be delivered to and from NCTC over each of the Local Interconnection Trunk groups over the next eight (8) quarters. The forecast shall be updated and provided to NCTC on an as-needed basis but no less frequently than annually. All forecasts shall include, at a minimum, Access Carrier Terminal Location (“ACTL”) code (identifies trunk group), A location/Z location (CLLI codes for POIs), interface type (e.g., DS1), and trunks forecasted each year (cumulative).

9.4 Initial Forecasts/Trunking Requirements

If, within ninety (90) days of installation, trunks are underutilized (define as less than 60%) NCTC may notify TCA of its intent to disconnect such trunks. TCA may choose to either confirm disconnect of the trunks or pay NCTC for the underutilized trunks at the lesser of established contractual rates or applicable intrastate tariffs until such time as the trunks cease to be under-utilized. Notwithstanding the foregoing, there shall be no minimum utilization penalty (i.e., lesser of contract rates or tariff charges) placed upon the first 24-trunks (i.e., a DS1) installed.
