Honorable Robin Morrison Chairman
Public Utility Commission
502 Deaderick Street 4th floor
Nashville, TN 37243

RE: Petition to amend Certificate of Convenience and Necessity

Dear Chairman Morrison,

Aqua Green Utility Inc. desires to expand its service area to include a portion of Maury County in Tennessee known as the Forest Trails Subdivision to be located on Ollie Chunn Road near the intersection of Will Brown Rd. The attached Petition is in support of our request. A tariff sheet of our current residential rate and other documentation is included for your consideration.

Aqua Green Utility Inc. has the financial capabilities to provide wastewater service for the Forest Trails Subdivision. Currently the financial surety provided by Aqua Green Utility Inc. is in the form of a letter of credit, rather than a bond. It should be noted that the amount is in excess of the minimum we are currently required to maintain. Also, an important consideration is that the letter of credit is fully backed by a certificate of deposit in which the utility collects interest, helping keep the rates down for our customers.

Aqua Green Utility Inc. has the technical expertise needed to operate the Forest Trails Subdivision. I have obtained a State of Tennessee Grade 1 Wastewater Collection System Operator License and a State of Tennessee Biological/Natural Operator Treatment System Operator License. Through our affiliate company, we have designed and will construct a treatment plant that is the same type of operation as our other plants.

Aqua Green Utility Inc. has the managerial capability to operate the Forest Trails Subdivision. The utility has successfully operated since July 2009 with no complaints from our customers. Our surety amounts have steadily increased. We have established a billing system in which each payment and envelope is scanned to eliminate mistakes as much as possible and verify payments if needed. Our treatment plants report problems to our technicians and report data to a central computer. If a plant does not report that information, an email is sent to our technicians. This type of management system assures that even if a plant has a total failure, we will know and take appropriate action in a timely fashion.

There is a need for our service since there is no municipal sewage available in this area. The developer of this subdivision is expecting Forest Trails to be built out within 3 years of completion. Aqua Green Utility would like to include the capitol contribution amount of \$161,000 which includes the sewer treatment plant, and the land. We have included the contracts that show the land will be titled to Aqua Green Utility before work begins.

Thank you for your consideration.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Dart Kendall', with a stylized flourish extending to the right.

Dart Kendall, President
Aqua Green Utility Inc.
