

BEFORE THE TENNESSEE PUBLIC UTILITY COMMISSION

NASHVILLE, TENNESSEE

July 9, 2023

**IN RE: PETITION OF AQUA GREEN UTILITY INC. CERTIFICATE OF
CONVENIENCE AND NECESSTIY**

DOCKET NO: 20-00026

Petition of Aqua Green Utility Inc. Certificate of Convenience and Necessity

Aqua Green Utility Inc. would like to update the Commission on progress with the Forest Trails Subdivision. We would also ask for time extension for the construction of the wastewater treatment plant.

a. The original developer/land owner has offered to sell the project to a new developer. The new developer has ask to enter into a contract with Advanced Septic Inc., an affiliate company, to build the wastewater treatment plant. Once built, the plant will be handed over to Aqua Green Utility Inc. for permanent operation.

b. All final contracts between the three parties will be filed to docket once signed.

c. The current timeline agreed on to start construction is the start of 2024.

d. The new developer information is:

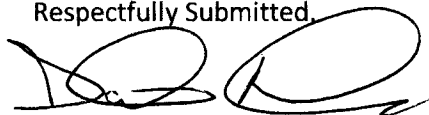

Lennar
381 Mallory Station, Suite 200
Franklin, TN 37067

e. Aqua Green Utility currently owns the wastewater dispersal land and has a current SOP for construction.

f. The new developer will provide a bond or irrevocable letter of credit for the price of the plant before construction begins.

g. Once an agreement has been reached, Aqua Green Utility will file any updated information.

Respectfully Submitted,
