II.

BACKGROUND

5. In 2013, the Tennessee General Assembly passed House Bill 191, which revised Tenn. Code Ann. § 65-5-103 to allow alternative regulatory methods and mechanisms that recover certain costs without convening a general rate case, as long as specific criteria are satisfied, including, but not limited to, the Commission making a finding, prior to approval, that such alternative methods and mechanisms are in the public interest.

6. On October 4, 2013, Tennessee American submitted a Petition (the "*October 2013 Petition*") seeking approval of four (4) proposed alternative regulatory methods and mechanisms as permitted under Tenn. Code Ann. § 65-5-103 *et seq*. More specifically, the Company sought approval for a Qualified Infrastructure Investment Program Rider ("QIIP"),[2] an Economic Development Investment Rider ("EDI"),[3] a Safety and Environmental Compliant Rider ("SEC")[4] and a Pass-Throughs mechanism for Fuel, Purchased Power, Chemicals, Purchased Water, Wheeling Water Costs, Waste Disposal and TPUC Inspection Fee ("PCOP").[5][6] One of the primary regulatory concepts underlying the then-proposed Capital Riders and PCOP was to allow, with the requisite safeguards to serve the public interest, smaller, gradual increases

---

[2] The QIIP Rider is designed, in part, to mitigate regulatory lag, to accelerate the timeframe of essential infrastructure upgrades and replacements, and to produce a safer and more reliable water distribution and production system for ratepayers. Additionally, this mechanism has many other customer benefits and protections, including the lessening of the occurrence of "rate shock" associated with Base Rate increases.

[3] The EDI Rider is designed, in part, to promote the public interest by supporting and enhancing Tennessee American's ability to serve both growing and new businesses and by permitting the Company to prudently promote economic development, growth and expansion in its service area.

[4] Generally, the SEC Rider supports the Company's ability to serve the public interest by providing safe and reliable drinking water. The current regulatory environment, coupled with aging infrastructure, will require a larger investment in safety and environmental compliance not previously recognized in the Company's rates. Hence, one of the benefits of this rider is avoiding "rate shock" by permitting smaller, more gradual rate increases over time.

[5] The PCOP is designed to streamline the recovery process by permitting Tennessee American to recovery the largest non-labor related component of the Company's operations and maintenance expenses in a more timely manner, as increases in these essential and non-discretionary expenses (such as chemicals and power) are outside the control of the Company's management.

[6] For ease of reference, the QIIP, the EDI and the SEC are referred to collectively herein as the "Capital Riders."

in rates and thereby lessen the occurrence of "rate shock." One of the many benefits of this new, more streamlined recovery approach would be the likelihood of less frequent rate case filings.

7. On January 10, 2014, the Company and the Attorney General and Reporter for the State of Tennessee, through the Consumer Advocate and Protection Division ("CAPD" or "Consumer Advocate"), submitted a Stipulation in TPUC Docket No. 13-00130 (the "*Stipulation*"), resolving the contested issues presented and offering the *Stipulation* to the Commission for its review, consideration and approval. Considering the *Stipulation* and the supporting documentation as an Amended Petition, the Commission approved the Capital Recovery Riders and the PCOP on April 14, 2014.[7]

III.

THE APPROVED CAPITAL RECOVERY RIDERS, THE PCOP AND THIS PETITION

8. Detailed explanations of the Capital Recovery Riders and the PCOP, along with underlying supporting documentation, are set forth in the Direct, Rebuttal and Supplemental Testimony of Gary M. VerDouw in TPUC Docket No. 13-00130.[8] Moreover, the Company's revised tariff sheets setting forth the Capital Recovery Riders, the PCOP, and the regulatory safeguards related thereto, were submitted in TPUC Docket No. 13-00130 on March 25, 2014 (the "*Approved Tariffs*"), and approved by the Commission as part of the Amended Petition on April 14, 2014.

9. On April 14, 2014, the Commission determined, after a review of the evidentiary record in TPUC Docket No. 13-00130, including the *Stipulation* and the *Approved Tariffs*, that the proposed Capital Recovery Riders and the PCOP were reasonable and that the *Approved*

[8] The Testimony of CAPD Witness William H. Novak in TPUC Docket No. 13-00130 likewise aided in shaping the *Stipulation* and the Amended Petition as well.

Tariffs met the requirements of Tenn. Code Ann. § 65-5-103 *et seq.*[9] As set forth in the *Approved Tariffs*, the Commission noted that the Capital Recovery Riders and the PCOP would not only accommodate a more timely recovery process for necessary costs and expenses, but also that these methods and mechanisms would further avoid the delay and expense commonly associated with full blown rate case proceedings.[10] Finally, the Commission found the Amended Petition to be in the public interest.[11]

10. As set forth in the *Approved Tariffs*, on or before December 1 of each year, Tennessee American is required to file with the Commission its QIIP, EDI and SEC Rider projections for the upcoming calendar year in the manner, and with the accompanying support, required by the *Approved Tariffs* and the Commission. As required, the Company previously submitted these projections to the Commission in TPUC Docket No. 19-00105.

11. As set forth in the *Approved Tariffs*, within forty-five (45) days of the end of the most recently authorized attrition year set forth in the most recent rate case order, and every twelve (12) months subsequent to the end of that attrition year, the Company shall submit to the Commission an annual filing calculating the PCOP percentage rate. [12] The PCOP percentage rate shall become effective thirty (30) days after the annual filing is submitted to the Commission and shall be applied as an adjustment to customers' bills for the twelve (12) month period following the effective date of the PCOP percentage rate. As required, the Company previously submitted the annual filing calculating the PCOP percentage rate to the Commission in TPUC Docket No. 20-00008.

[11] *Id. See also Order Approving Amended Petition*, TPUC Docket No. 13-00130 (Jan. 27, 2016).

[12] The PCOP differs from the Capital Riders in that it is based upon actual historical expense increases, rather than a forward-looking, projection mechanism.

12. As set forth in the *Approved Tariffs*, no later than March 1 of each year, Tennessee American is required to file with the Commission its QIIP, EDI, and SEC Rider reconciliations for the previous calendar year in the manner, and with the accompanying support, required by the *Approved Tariffs* and the Commission. Based upon Tenn. Code Ann. § 65-5-103 *et seq*., and consistent with the *Approved Tariffs*, as well as the action of the Commission in the related Capital Recovery Rider matters, including TPUC Docket Nos. 14-00121, 15-00029, 15-00111, 16-00022, 16-00126, 17-00020, 17-000124, 18-00022, 18-00120 and 19-00031, Tennessee American is submitting its reconciliation for the Capital Recovery Riders.

13. In further support of its Petition, Tennessee American has simultaneously filed the following direct testimony, which is incorporated herein by reference:

(a) **Direct Testimony of Elaine K. Chambers,** which provides underlying support for the calculation of the 2020 Capital Recovery Riders Reconciliation and sponsors certain Tennessee American Exhibits.

(b) **Direct Testimony of Kurt A. Stafford,** which provides underlying support for the calculation of the 2020 Capital Recovery Riders Reconciliation, including support for the capital investments and capital expenditures, and sponsors certain Tennessee American Exhibits.

14. As requested by Tennessee American, and as permitted under the *Approved Tariffs*, the Commission permitted the tariffs submitted in Docket No. 19-00105 to become effective on January 1, 2020. As set forth in the pre-filed testimony accompanying this Petition, the tariffs submitted with this Petition include credits back to TAWC's customers pursuant to the *Approved Tariffs*. For these reasons, and consistent with the public interest, Tennessee American respectfully requests that the tariffs submitted herein be permitted to become effective April 1,

2020. If the tariffs become effective on April 1, the typical residential customer living in the City of Chattanooga, and using an average of 4,154 gallons per month, will see a decrease in their bill of approximately $.080 per month, or $7.16 in 2020.

15. Tennessee American has filed simultaneously with this Petition the necessary tariffs.

16. In order to ensure the timely submission of relevant information in this matter, Tennessee American hereby requests the entry of a protective order similar to that approved in TPUC Docket No. 19-00031. Such a proposed protective order is attached hereto as **EXHIBIT A**.

17. Tennessee American submits that the Petition, and its accompanying support documentation, are consistent with Tenn. Code Ann. § 65-5-103 *et seq.*, consistent with the action of the Commission on the Amended Petition, and subsequent related dockets, and consistent with and serve the public interest. Therefore, this Petition and Tennessee American's associated tariffs should be approved.

WHEREFORE, Tennessee American respectfully requests:

1. That the Commission approve this Petition and issue an order pursuant to Tenn. Code Ann. § 65-5-103 *et. seq.* and consistent with the action of the Commission on the Amended Petition;

2. That the Commission approve the calculation of the 2020 Capital Recovery Riders Reconciliation as submitted herein;

3. That the Commission approve Tennessee American's tariffs, as submitted herein, with an effective date of April 1, 2020, as permitted under the *Approved Tariffs*; and

4. That the Commission grant such other and/or further relief as may be warranted.

This the 28th day of February 2020.

Explanation:
Tennessee American Water has been authorized 3 capital riders based on a 13-month average of in-service capital projects in the forecasted period. The revenue requirement for each rider is calculated similar to how total rate base is calculated by the Tennessee Public Utility Commission in a rate case. This table shows a comparison of the actual average over the reporting period to the proposed amount of each rider, and the total of the three.

*Taxes - From Docket #18-00120 which was approved on 8/12/2019.
Earnings Test - Calculation methodology from Earnings Test workpaper
