I am so sorry --- I read this all wrong –

THIS EMAIL TO INFORM YOU THAT WCTV DOES WANT A CHANNEL ON
UNITED TELEPHONE

and we also want one on Advantage Cellular – DBA DTC Communications dated
March of 2020.

The 24 months is almost up --- so is Advantage going to offer cable in our county?

please advise

Tressa Bush

Tressa,

The letter is asking if you currently have PEG channels under an existing agreement with another provider. An email to me will suffice. Under State law, United will be required to transmit the same existing programming over their facilities. They have 24 months to begin constructing a network in your area. During this time, someone from their Company will contact you and discuss payment of franchise fees, etc.

Thanks,
John Hutton

I "think" these folks sent something like this a while back –

what – if anything – do I need to do with it?

when do I need to request a channel?

where can I look to see when they will be here ?

please advise

thanks

Hi Tressa,

Please see the attachment. We received this correspondence in the Mayor's office a couple of weeks ago. I forwarded it to Mike Jennings for direction and he recommended we just file it. This morning, he looked it over again and recommended we forward it to you as it deals with PEG Channels.

Regards,
