LEGAL NOTICE

Notice is hereby given that Piedmont Natural Gas Company, Inc. ("the Company") filed with the Tennessee Public Utility Commission ("TPUC" or "the Commission") on July 2, 2020, a Petition in Docket No. 20-00086, proposing to change certain gas rates now in effect. The proposed changes will apply to all customers now being served or who might be served in the future. The rates as filed are rates proposed by the Company. The Commission may in some or all instances adopt, reject, increase or decrease said proposed rates in part or in whole. The proposed rate schedules supporting the Company's Petition are now on file with the Commission and are available for public inspection. The current rates at the time of filing and the proposed rates are as follows:

The Company has requested this change in rates in conformance with the Company's additional investment of capital to expand its natural gas system to both better serve its growing customer base and to comply with federal pipeline safety and integrity requirements, and to adjust for changes to the Company's capital structure and operating expenses. This change in rates, if granted without modification, will increase the average Residential Service customer bill by approximately \$11 per month. The average Small General Service and Medium General Service customer bills will increase by approximately \$27 and \$199 per month, respectively. Under the proposed rates, average customer bills for Residential, Small General and Medium General Service are lower than they were two years ago due to lower natural gas commodity costs and recent federal tax reform.

The TPUC has targeted the hearing for this case to begin on January 11, 2021 at the Office of the TPUC, Andrew Jackson Building, 502 Deaderick Street, First Floor Hearing Room, Nashville, Tennessee 37243. This notice is made pursuant to TPUC Rule 1220-04-01-.05.
