Kelly,

After meeting with the Consumer Advocate on March 11, 2021, Atmos Energy Corporation, Chattanooga Gas Company, Kingsport Power Company, Piedmont Natural Gas Company, and Tennessee American Water Company hereby provide the following joint statement:

Many of the participants in the Commission's informal workshop in Docket No. 21-00018, including the Consumer Advocate Unit, Commission Staff and the large public utilities, met on March 11, 2021, to discuss the modification and formalization of the Commission's Rules of Practice and Procedure. The March 11th good faith, cooperative discussions were very helpful in providing the opportunity for the participants to further share their respective thoughts, views and perspectives and in assisting the participants in gaining a better understanding of the various proposals,

suggestions and related concerns and observations. The productive March 11th discussions will likely result in better and more focused written comments in Docket No. 21-00018 at a time established by the Commission. The participants very much appreciate the time and opportunity provided by the Commission to permit such valuable discussions. In the meantime, the participants will continue to dialogue on the various issues.

Since there is not a set service list, I hope I have captured everyone; please forward as appropriate.

We will also submit a copy of this email to the docket file.

Thank you,  
Floyd
