To whom it may concern:

My name is George Gregory and I live in the Candlewood Lakes community in Hardeman County. Our Property Owners Association own our water system, known as CLPOA Water Works. In November of 2020, we voted to sell our system to a company from St Louis, MO called Central Sates Water Resources. The sale was conditioned on gaining approval from TPUC. As a side note, I believe that CSWR has opened a subsidiary in the state under the name of Limestone Resources.

I'm writing to get any information on the status of this sale.

A response will be greatly appreciated.

Regards

George Gregory
