Data Requests and Requests for the Production

THE ATTORNEY GENERAL'S OFFICE
CA Informal Set 4
To Kingsport Power Company

Data Request CA 4-01:

Source and Support. Refer to the Company's Response to Consumer Advocate DR No. 3-8, Attachment 1, regarding the Computation of the Repairs Percentages for 2018 to 2021 that produced the following results.

Year	Plant Additions	Total Repairs	Repair Percentage
2018	\$12,133,724	\$1,406,412	11.59%
2019	18,967,968	4,000,579	21.09%
2020	16,707,607	2,296,715	13.75%
2021	9,631,974	3,359,513	34.88%

Provide the source and support for the Plant Additions and Total Repairs amounts for each year cited above.

Response CA 4-01:

The Company does not have additional support for the Plant Additions and Total Repairs shown in the response to CA 3-08, Attachment 1. The source for the computation of the Repairs percentages is Power Plant, the tax fixed assets software.

Data Request CA 4-02:

Error Correction. Refer to the Company's Response to Consumer Advocate DR No. 3-8, Attachment 2. Specifically, refer to Tab "Tax ADIT," Cell J28, of that spreadsheet, which now shows an incremental \$115,121 in depreciation for 2019 that effectively doubles the depreciable base for this line item. If this entry is correct, then explain the Company's rationale for this change. If this entry is in error, then provide correcting workpapers and exhibits.

Response CA 4-02:

As shown in CA 3-08 Attachment 2, tab "TAX ADIT", Cell J28 has a \$0 value, which is correct. The \$115,121 shown in Cells H28, G28 and G27 is correct and does not double the depreciable base since it represents 50% bonus depreciation on asset additions in 2017. The \$115,121 of depreciable tax basis for 2017 has not changed from workpapers provided in previous responses in this docket.

Data Request CA 4-03:

Error Correction. Refer to the Company's Response to Consumer Advocate DR No. 3-8, Attachment 2. Specifically, refer to Tab "Tax ADIT," Cells L92 to L103, of that spreadsheet, which provide the Cumulative ADIT amounts for September 2020 through August 2021. Next, refer to the Company's Response to Consumer Advocate DR No. 3-8, Attachment 3, Column I, which also shows the Cumulative ADIT amounts for this same time period. These Cumulative ADIT amounts are presented below:

Date	Attachment 2	Attachment 3	Difference
September 2020	\$476,972	\$452,796	\$24,175
October	490,523	466,347	24,175
November	504,035	479,860	24,175
December	517,406	493,230	24,175
January 2021	563,156	538,980	24,175
February	608,730	584,554	24,175
March	654,171	629,996	24,175
April	699,418	675,242	24,175
May	744,443	720,268	24,175
June	789,219	765,043	24,175
July	833,767	809,591	24,175
August	878,069	853,893	24,175

Reconcile and explain the resulting difference between the reported amounts for Cumulative ADIT on these two different sources. If either of the amounts from these two sources are in error, then provide correcting workpapers and exhibits

Response CA 4-03:

The ADIT amounts provided in CA 3-08 Attachments 2 and 3, are identical with Attachment 3 being on a one-month lag basis compared to Attachment 2. The Company is not aware of the source for the Attachment 2 amounts referenced in the table in the Consumer Advocate's Question CA 4-03.

Data Request CA 4-04:

Source and Support. Refer to the Company's Response to Consumer Advocate DR No. 3-8, Attachment 2. Specifically, refer to Tab "Tax ADIT," Rows 104 to 113, of that spreadsheet, which now includes the monthly plant additions and depreciation from September 2021 to June 2022. Provide the source and support for the monthly plant additions and depreciation expense in the same format as Consumer Advocate DR No. 2-14.

Response CA 4-04:

The details for September 2021 plant additions and depreciation were provided in the Company's response to CA 2-14, Attachment 14. Information for months subsequent to Sept. 2021 should not have been provided in the response to CA 3-08, Attachment 2, as these months are not part of the current review period. The cost details for October 2021 through September 2022 will be provided in Kingsport's next TRP&MS docket.

Data Request CA 4-05:

Source and Support. Refer to the Company's Response to Consumer Advocate DR No. 3-8, Attachment 2. Specifically, refer to Tab "Tax ADIT," Cell E38, of that spreadsheet, which now includes \$6,432,180 as the calendar-year plant additions for 2021. Previously, the Company only included \$4,962,720 in plant additions for 2021 through the August 2021 in-service date. Explain the rationale for the Company's proposed change to this amount from the initial TRP&MS filing.

Response CA 4-05:

In CA 3-08 Attachment 2, the Company inadvertently included monthly plant additions and depreciation incurred after August 2021 in the calculation of ADIT for this docket as these months are not part of the current review period. Plant additions and depreciation incurred from September 2021 through September 2022 will be provided in Kingsport's next TRP&MS docket.

Please see CA 4-5 Attachment 1 for a revised workpaper that reflects a correction of CA 3-8 Attachment 2 that includes plant additions through August 2021 only totaling \$4,962,720 for 2021. In addition, see CA 4-5 Attachment 2 for a revised KgPCo Exhibit No. 1 (AWA) that incorporates corrected ADIT amounts for the review period as shown on CA 4-5 Attachment 1 resulting in a reduction in the pre-tax return on capital of \$15,409 and a corresponding decrease in the Company's TRP&MS under-recovery balance as of September 30, 2021.

Data Request CA 4-06:

Source and Support. Refer to the Company's Response to Consumer Advocate DR No. 3-8, Attachment 2. Specifically, refer to Tab "Tax ADIT," Cell E39, of that spreadsheet, which now includes \$2,243,544 as the Repairs Allowance for 2021. Previously the Company did not include any provision for Repairs Allowance for 2021. Please explain the rationale for the Company's proposed change to this amount from the initial TRP&MS filing.

Response CA 4-06:

The exclusion of any Repairs Allowance for 2021 in the calculation of ADIT in the Company's initial filing was inadvertent. KgPCo has a repairs deduction every year, based on the election to expense certain repairs for tax purposes.

The Repairs Allowance for 2021 shown in CA 3-08 Attachment 2 of \$2,243,544 changed in the response to CA 4-5 Attachment 1 proportionally to the change in plant additions reflected in CA 4-5 Attachment 1 to \$1,730,997.

Data Request CA 4-07:

Error Correction. Refer to the Company's Response to Consumer Advocate DR No. 3-8, Attachment 2. Specifically, refer to Tab "Tax ADIT," Column I, of that spreadsheet regarding book depreciation expense. The Company appears to have changed the beginning date for book depreciation expense from November 2017 to October 2017. For example, the Company's original filing had \$159.06 as the book depreciation for November 2017, but this amount has now been moved to October 2017 in response to CA3-8. It further appears that all depreciation expense amounts through August 2018 have been adjusted to the previous reporting month. Explain the reason for these adjustments and reconcile these changes with the Company's statement in response to Consumer Advocate DR No. 3-6 that the "Company intentionally utilizes book depreciation and the components of the pre-tax return on capital on a one-month lag basis."

Response CA 4-07:

The Company stands by its response to CA 3-6 including the statements that the "Company intentionally utilizes book depreciation and the components of the pre-tax return on capital on a one-month lag basis" and "the book depreciation used in the ADIT computation on the 'Tax ADIT' worksheet is the current month depreciation expense calculated on TRP projects but the resulting ADIT balance is utilized in the computation of the pre-tax return on capital on a one-month lag basis". The \$159.06 of book depreciation is the depreciation calculated on October 2017 plant in service additions but included as TRP depreciation expense in November 2017 as shown in KgPCo Exhibit No. 1 (AWA) in Docket No. 18-00125. All other months follow the same pattern for the calculation and utilization of book depreciation expense.

This Exhibit previously showed a net under-recovery of the TRP&MS Rider of \$6,011,424 but has now been updated to an under-recovery of \$5,993,832. Provide an updated Exhibit EKK-2 that reflects revised surcharges from the change in unrecovered TRP&MS costs.

Methodology Confirmation. Refer to the Company's Response to Consumer Advocate DR No. 3-1 regarding the Company's methodology for not charging any TRP&MS costs to Street Lighting customers. Confirm if it is the Company's intention to surcharge Street Lighting customers as a result of the Commission's decision in this Docket.

Response CA 4-10:

The Company is charging Street Lighting customers as a result of the Commission's August 8, 2022 decision in Docket No. 21-00107. The Company intends to adjust the approved Street Lighting surcharge to reflect the Commission's decision in this Docket.
