Re: Chattanooga Gas Company's Annual Reporting of Daily Balancing Orders Imposed
Due to Significant Price Volatility

Dear Chairman Hilliard,

Pursuant to the requirement of the Final Order to Docket 22-00004 issued May 8, 2023, Chattanooga Gas Company is providing reporting of dates where daily balancing orders were imposed due to Significant Price Variability, as defined in Chattanooga Gas Company's tariff. Since this is the first report to be submitted since issuance of the Final Order, the period of reporting includes December 1, 2022, which is the date Chattanooga Gas Company's tariff became effective to issue daily balancing orders based on its definition of "significant price volatility," through the end of the March 31, 2024. Going forward this report will cover a twelve-month period ending March 31.

Enclosed are an original and three copies of the report, and an electronic format of the report will also be provided.

If you or the Commission Staff have questions, please call me at avette@southernco.com.

Sincerely,

A handwritten signature in dark ink that reads "Ashley Vette". The signature is fluid and cursive, with the first name and last name clearly distinguishable.

Chattanooga Gas Company

Daily Balancing Orders - Price Volatility

Reporting as Directed in Final Order of Docket 22-00004

December 1, 2022 - March 31, 2024

Quarter	Number of Balancing Orders		Date of Occurrence	Percentage of Volatility
	Issued Due to Price Volatility			
Q4 2022	0			
Q1 2023	0			
Q2 2023	3			
			06-27-23	20.5%
			06-28-23	24.0%
			06-29-23	24.4%
Q3 2023	0			
Q4 2023	0			
Q1 2024	1			
			01-11-24	22.2%

Daily balancing orders were effective for the dates above due to significant price volatility where the daily pricing of gas exceeded the most recent first of month price as identified by *Gas Daily* at the Henry Hub by a minimum of 20%, as defined in Chattanooga Gas Company's tariff.
