**Subject:** [EXTERNAL] Late Question

Superior Wastewater Systems, LLC has filed a petition with Staff of the Tennessee's Public Utility Commission for an increase in monthly rate from \$39.35 to \$58.58.

I would ask that the commission ensure that the petition be based on the cost of maintaining the system for Kings' Chapel residence only. I was made aware that Superior Wastewater is in the process of completing the same system for a new neighborhood west of Kings' Chapel and I would not want to have those cost confused with the cost to maintain the system we use.

Thank you,

--
