I'm writing to ask you to reject the petition by Superior Wastewater Systems LLC to increase this service rate this much - some increase would be acceptable, but 55% is way to high. This company I believe is operated by the developer of the neighborhood of Kings Chapel who operates with little to no oversight. I've lived in the neighborhood for 6 years and there has been two "home owner meetings" both of which have ended with yelling and cussing and denials on behalf of the developer. Oversight is needed.

Thanks for your time and consideration
