Subject: [EXTERNAL] 55% Rate Hike
Date: Friday, September 16, 2022 9:19:28 AM

To Whom it May Concern,

I am writing in opposition to the 55% rate hike increase with Superior Wastewater Inc. I am in full opposition to this absurd rate hike.

There should be oversight to John Powell as he owns the development company, the HOA (which we have no say in) Superior Wastewater, etc. Mr Powell needs to be held in check. Mr. Powell controls everything and we the people have zero rights, zero voices when it comes to our community (Kings Chapel) and the money we are dishing out to this man. I have lived in other places all over and never seen such an absurd increase like Mr. Powell is proposing! We already have no clue what are HOA is funding as everything we have been promised has never happened! I could understand a 5%~10% max increase but 55% is ludicrous!!

I am NOT happy and I fully oppose this increase!
