Docket No. 23-00008
Atmos Energy Corporation, Tennessee Division
Consumer Advocate DR Set No. 2
Question No. 2-09
Page 1 of 1

REQUEST:

Explanation and Support. Refer to the <10) 23-XXXXX - 2023 Atmos Energy TN ARM Filing - SSU and KMD Trial Balance> spreadsheet. Therein, refer to FERC account 9020 for Division 02; specifically, subaccount 1000 – Non-Project Labor. Provide the following:

- a. A narrative response detailing why charges in this account have increased 364% over the prior reconciliation period; and
- b. The ledger detail supporting these charges.

RESPONSE:

The amounts charged to account 9020-01000 in Div 002 were recorded to cost centers that do not allocate to Tennessee. In the test year, there was \$109,608 charged to this account in Div 002, of which \$107,352 was to cost center 1231-Transmission Gas Control Ops and \$2,256 charged to cost center 1234-MDTX Gas Control Ops. Cost center 1231 allocates 100% of its cost to our Atmos Pipeline - Texas Division. Cost center 1234 allocates 100% of its cost to our Mid-Tex Division. The reason is that the gas control operations provided by these cost centers relate entirely to those specific divisions.

Please see Attachment 1 for an accounting detail of the test year expenses, which includes the cost center charged.

Docket No. 23-00008
Atmos Energy Corporation, Tennessee Division
Consumer Advocate DR Set No. 2
Question No. 2-10
Page 1 of 1

REQUEST:

Explanation and Support. Refer to the <10) 23-XXXXX - 2023 Atmos Energy TN ARM Filing - SSU and KMD Trial Balance> spreadsheet. Therein, refer to FERC account 8560 for Division 02; specifically, subaccount 6111 – Contract Labor. Provide the following:

- a. A narrative response detailing what these charges relate to.
- b. Ledger detail supporting these charges totaling \$177,462.

RESPONSE:

The amounts charged to account 8560-06111 in Div 002 for \$177,462 were recorded entirely to a cost center that does not allocate to Tennessee. The cost center 1172-Transmission Operational Technology allocates 100% of its cost to our Atmos Pipeline - Texas division as the costs relate entirely to that division.

Please see Attachment 1 for an accounting detail of the test year expenses, which includes the cost center charged.

Docket No. 23-00008
Atmos Energy Corporation, Tennessee Division
Consumer Advocate DR Set No. 2
Question No. 2-11
Page 1 of 1

REQUEST:

Explanation and Support. Refer to the <10) 23-XXXXX - 2023 Atmos Energy TN ARM Filing - SSU and KMD Trial Balance> spreadsheet. Therein, refer to FERC account 8800 for Division 02; specifically, subaccount 6111 – Contract Labor. Provide the following:

- a. A narrative response detailing what these charges relate to.
- b. Ledger detail supporting these charges totaling \$51,743.

RESPONSE:

Please see Attachment 1 for a detail of the charges totaling \$51,743.

Atmos Energy implemented the DNV DRAM Risk Model for risk ranking distribution assets as required per 49 CFR Part 192, Subpart P, Gas Distribution Pipeline Integrity Management (IM). The vendor charges from DNV GL Noble were for consulting services to configure the risk model. Sendero Business Services also provided project management support during the implementation.

Docket No. 23-00008
Atmos Energy Corporation, Tennessee Division
Consumer Advocate DR Set No. 2
Question No. 2-12
Page 1 of 1

REQUEST:

Explanation. Refer to the <10) 23-XXXXX - 2023 Atmos Energy TN ARM Filing - SSU and KMD Trial Balance> spreadsheet. Therein, refer to FERC account 9210 for Division 02; specifically, refer to subaccount 7510 – Association Dues. Provide a listing of the associations and related costs included in this account. For each association, explain how the dues are essential in the provision of natural gas service.

RESPONSE:

Please see Attachment 1.

Docket No. 23-00008
Atmos Energy Corporation, Tennessee Division
Consumer Advocate DR Set No. 2
Question No. 2-13
Page 1 of 1

REQUEST:

Identification and Explanation. Refer to the <10) 23-XXXXX - 2023 Atmos Energy TN ARM Filing - SSU and KMD Trial Balance> spreadsheet. Therein, refer to FERC account 9210 for Division 02; specifically, refer to subaccount 6111 – Contract Labor. Provide a listing of the contract labor firms hired and the task contracted to each firm. Additionally, provide a narrative response detailing the cause(s) driving the large increase in this subaccount over the prior reconciliation period.

RESPONSE:

Please see Attachment 1 for a listing of contract labor firms and the comparison between fiscal 2021 and fiscal 2022 for this account. The total year-over-year increase for this account in Div 002 was calculated as \$3,306,381. Of this amount, \$2,234,648 was due to cost center 1903, which does not allocate to the business units. \$840,817 of the increase was due to the vendor TJ Inspection. Please see Attachment 1 for a description of the services provided by this vendor and the reason for the increase.

Docket No. 23-00008
Atmos Energy Corporation, Tennessee Division
Consumer Advocate DR Set No. 2
Question No. 2-14
Page 1 of 1

REQUEST:

Identification and Explanation. Refer to the <10) 23-XXXXX - 2023 Atmos Energy TN ARM Filing - SSU and KMD Trial Balance> spreadsheet. Therein, refer to FERC account 9210 for Division 02; specifically, refer to subaccount 5415 – Membership Dues. Provide a listing of the associations and related costs included in this account. For each association, explain how the dues are essential in the provision of natural gas service.

RESPONSE:

Please see Attachment 1.

ATTACHMENT:

The North American Energy Standards Board (NAESB) is an American National Standards Institute (ANSI) accredited, non-profit 501(c)(6) corporation formed with the support of the U.S. Department of Energy (DoE) for the purpose of developing voluntary business practice standards designed to promote more competitive and efficient natural gas and electric markets. For nearly 25 years, NAESB and its predecessor organization, the Gas Industry Standards Board (GISB), have developed consensus-based standards that promote more competitive, efficient, and transparent business processes for the natural gas and electric industries in both the wholesale and retail markets. The organization's history of successful standards development has been made possible with the strong support of the DoE, the Federal Energy Regulatory Commission (FERC), the North American Electric Reliability Corporation (NERC), the National Association of Regulatory Utility Commissioners (NARUC), and state utility commissions, among many other governmental agencies at both the federal and state level.

Docket No. 23-00008
Atmos Energy Corporation, Tennessee Division
Consumer Advocate DR Set No. 2
Question No. 2-15
Page 1 of 1

REQUEST:

Explanation

. Refer to the <10) 23-XXXXX - 2023 Atmos Energy TN ARM Filing - SSU and KMD Trial Balance> spreadsheet. Therein, refer to FERC account 9210 for Division 02; specifically, refer to subaccount 5411 – Meals and Entertainment. The Consumer Advocate notes that charges to this account have increased 512% over the prior reconciliation period. Provide a narrative answer detailing the cause(s) driving the increase in this subaccount.

RESPONSE:

The variance from FY21 vs FY22 is due to the beginning of a return to office and business travel following the COVID-19 pandemic. The variance from FY19 to FY22 is still down 89%.

Division	Division Description	Account	Account Description	Sub Account	Sub Account Description	FY2019	FY 2020	FY 2021	FY 2022
002	Shared Services General Office	9210	A&G-Office supplies & expense	05411	Meals and Entertainment	1,292,282	597,390	22,200	135,758
Year Over Year Change							-54%	-96%	512%
FY19 to FY22 Change							-89%		

Docket No. 23-00008
Atmos Energy Corporation, Tennessee Division
Consumer Advocate DR Set No. 2
Question No. 2-16
Page 1 of 1

REQUEST:

Explanation Refer to the <10) 23-XXXXX - 2023 Atmos Energy TN ARM Filing - SSU and KMD Trial Balance> spreadsheet. Therein, refer to FERC account 9210 for Division 12; specifically, refer to subaccount 4130 – Bank Service Charge. Provide a narrative answer detailing what these charges relate to along with the ledger support for these charges.

RESPONSE:

These amounts relate to Account Validation Service (or AVS). It is a service that allows financial institutions and other organizations to verify the current status and/or the ownership. Effective March 19, 2021, the National Automated Clearing House Association's (NACHA) account validation rule requires ACH originators of WEB entries to use a commercially reasonable fraud detection system to verify new consumer account information on new bank accounts.

Please see Attachment 1 for the accounting detail.
