*

40.87% KMD-Tennessee rate per FY22 Composite Factor file

4.09% Tennessee CC1910 Rate

The above is an excerpt from the Relied Upon File, "FY22 Composite Factors."

In the FY22 budget process, SSU cost centers capitalized \$99.1 million of costs per a capitalized overhead study. The \$99.1 million of capital overhead was allocated via each SSU cost center's 3-factor composite allocation which resulted in \$9.9 million for the Kentucky/Mid-States Division, or 10%. The 10% is then multiplied by the Tennessee 3-factor composite of 40.87% within the Kentucky/Mid-States Division to get the 4.09%.

Docket No. 23-00008
Atmos Energy Corporation, Tennessee Division
Consumer Advocate DR Set No. 2
Question No. 2-04
Page 1 of 1

REQUEST:

Explanation. Refer to the <SSU & KMD Detail Trial Balance FY22> spreadsheet included with the Company's filing. Specifically refer to Account No. 1070.14218 for Division 93 which is a component of CWIP and labeled as "Rule 8209". Provide a narrative description of this account.

RESPONSE:

This subaccount is used to record items related to the various deferral programs within our divisions that are of like nature, such as the Texas (Rule 8209 program), Louisiana (SIIP) and the Tennessee Deferral Program. While the name of the subaccount is 8209, all state deferral programs are housed within this account.

Docket No. 23-00008
Atmos Energy Corporation, Tennessee Division
Consumer Advocate DR Set No. 2
Question No. 2-05
Page 1 of 1

REQUEST:

Explanation. Refer to the "Div 002" tab of the <P. ADIT TN ARM FY22> spreadsheet included with the Company's filing. Specifically refer to Account 2550-28001 for Deferred Investment Tax Credits on Row 158 of this spreadsheet which wasn't included in previous ARM Filings and has an opening balance of \$-1,120,717 in December 2021. Provide a narrative description of this account along with an explanation of why it is appropriate to include in this ARM filing.

RESPONSE:

Account 2550-28001 Deferred ITC represents the federal investment tax credit ("ITC") that was calculated based the cost a business invested in for the eligible property that generate renewable energy such as fuel cell.

The ADIT balance relating to this account is included in rate base on the basis that the benefit of the credit should be refunded to customer during the period when it was monetized, which is FY22 in this case.

Docket No. 23-00008
Atmos Energy Corporation, Tennessee Division
Consumer Advocate DR Set No. 2
Question No. 2-06
Page 1 of 1

REQUEST:

Source & Support. Refer to the <TN 2023 Annual Review Mechanism Schedules FY22> spreadsheet included with the Company's filing, specifically the "WP 4-4" tab regarding the "Pension Benchmark Calculation" and provide the following information:

- a. Provide the source and support for the \$8,500,000 pension contribution in Cell F19 that appears as a hard-coded number; and
- b. Provide the source and support for the "Composite Labor Capitalization Rates" of 60.33% and 50.22% in Column I that appear as hard-coded numbers.

RESPONSE:

- a. Please see Attachment 1.
- b. Please see Attachment 2.
