Telecommunications Carrier in the State of Tennessee for the Limited  
Purpose of Providing Lifeline Service to Qualifying Customers*

**DATE:** July 7, 2023

---

On March 24, 2023, GO MD USA LLC filed a petition with the Commission requesting designation as an eligible telecommunications carrier (ETC) to provide lifeline service to qualifying customers in the state of Tennessee. The docket filing fee did not accompany the petition and has not been remitted subsequently. In addition, on April 3, 2023, Commission advisory counsel sent a request for information to Apollo Arcallana, the filer and designated company contact. To-date, the Commission has neither received a response to its request for information, nor the required filing fee. See, Docket File No. 23-00022 at <http://share.tn.gov/tra/dockets/2300022.htm>.

As such, unless a response to the data request and the required filing fee is received by the Commission by the close of business on **July 24, 2023**, the docket will be administratively closed, without prejudice. After such time, should the company wish to pursue an ETC in the state of Tennessee, it will be required to file a new petition with the accompanying docket filing fee.
