The Company has requested this change in rates in conformance with the Company's additional investment of capital to expand its natural gas system to both better serve its growing customer base and to comply with federal pipeline safety and integrity requirements, and to adjust for changes to the Company's capital structure and operating expenses. This change in rates, if granted without modification, will increase the average Residential Service customer bill by approximately\$11 per month. The average Small General Service and Medium General Service customer bills will increase by approximately\$47 and\$519 per month, respectively.

The TPUC has targeted a hearing on the Settlement Agreement filed in this case to begin at 10:00 a.m. (CDT) on September 11, 2023, in Hearing Room G.201 located on the Ground Floor of the Andrew Jackson State Office Building, 500 Deaderick Street, Nashville, Tennessee. A copy of the Settlement Agreement, Petition, and related filings and notices can be found in their entirety under Docket No. 23-00035 on the Active Docket Index page of the Commission's website at tn.gov/TPUC or by navigating to the following link: <a href="https://share.tn.gov/tra/dockets/2300035.htm">http://share.tn.gov/tra/dockets/2300035.htm</a>. This notice is made pursuant to TPUC Rule 1220-04-01-.05.
