E. Terms and Conditions of Proposed Lifeline Offering

TEMPO has the ability to provide all services supported by the universal service program, as detailed in 47 C.F.R. § 54.101(a), throughout Tennessee. TEMPO commits that its Lifeline-supported voice services will meet or exceed the minimum service standards set forth in 47 C.F.R. § 54.408, including as such standards are updated going forward. TEMPO'S Lifeline-supported broadband services will also meet the minimum service standards set forth in 47 C.F.R. § 54.408 for mobile broadband internet access services, including for service speed and data usage allowance, as such standards are updated going forward. To the extent TEMPO provides devices for use with Lifeline-supported broadband service, such devices will meet the equipment requirements set forth in 47 C.F.R. § 54.408(f), and TEMPO will not impose an additional or separate tethering charge for mobile data usage below the minimum standard.

Attached hereto as Exhibit 5 is a summary table of the Company's "Lifeline Data Bundle" plan, which offers unlimited nationwide voice minutes, voicemail, unlimited nationwide text messages, and 4.5 gigabytes ("GB") of data each month (15 GB data for Tribal residents) at no charge to an eligible consumer after application of Lifeline support. In addition, TEMPO offers consumers the ability to purchase additional data at reduced rates (plus applicable taxes and fees).

In addition to wholly-supported or discounted wireless services, prepaid Lifeline customers will receive access to voicemail, caller ID and call waiting features at no additional charge. All plans will include nationwide domestic long-distance at no extra per-minute charge, and TEMPO will not assess any usage for access to its free customer services (611). Emergency (911) calls will be free, regardless of service activation or availability of minutes, and will not count against the customer's airtime. The Company's Lifeline offering will provide feature-rich mobile connectivity for qualifying subscribers without the burden of credit checks or service contracts. TEMPO's prepaid offering will be an attractive alternative for consumers who need the mobility,
