SUPERIOR WASTEWATER SYSTEMS

Providing Superior Wastewater Service to Tennessee

NOTICE TO HIGH PARK HILL CUSTOMERS

As many of you are aware, earlier this year Superior Wastewater Systems increased our monthly charges. This rate increase was the first in our 18-year history. While we continually strive to maintain low charges, our operating costs reached the point where we had no other choice but to adjust our rates in order to provide safe wastewater service to our customers.

Much of the feedback that we received from our customers on this rate change revolved around such a significant increase all at one time. In other words, even though it had been over 18 years since rates were first set in place, there was much displeasure with the need to change rates by such a large amount all at a single point in time.

Going forward, to alleviate the need for such a large change in rates at one time, on September 11th we filed a Petition with the Tennessee Public Utility Commission that would allow us to adjust our rates annually based on a measure of inflation.

In sum, Superior Wastewater is requesting the following rate change to be effective on January 1, 2024:

Current Monthly Rate*	Proposed Monthly Rate*
\$60.35	\$61.78

* **The monthly rates shown above include escrow charges, bonding charges and rate case surcharges.**

A copy of our Petition, along with related filings and notices can be found in their entirety under Docket No. 23-00069 on the Active Docket Index page of the Commission's website at **Tennessee.gov/TPUC** or by navigating to the following link:

A hearing is currently scheduled for this matter on December 11, 2023. This hearing is open to the public, including an opportunity for public comment, and will be held at 10:00 a.m. in the Hearing Room on the Ground Floor of the Andrew Jackson State Office Building, 500 Deaderick Street, Nashville, Tennessee 37243. At least ten days prior to hearing, a separate notice will be issued on the Commission's website and filed in Docket No. 23-00069 that will include information regarding electronic participation.
