Joe/David/Michelle/Cole -

As you know, in Docket No. 23-00069, Superior Wastewater received approval from the Commission to annually adjust tariff rates based on the 3rd quarter change in GDP. However, because of the government shutdown, the publication of the 3rd quarter GDP has been delayed.

On November 24th, the Bureau of Economic Analysis announced (see below) that the publication of 3rd quarter GDP would not be published until December 23rd. As a result, SWS's annual tariff filing to reflect the change in GDP will be delayed.

Because of the delay, we now expect to make a GDP tariff filing by January 1, 2026 with an effective date of February 1, 2026.

As always, please let me know if you have any questions or concerns.

Economic Release Schedule Updates
